APPLICATION OF T-MOBILE CENTRAL LLC)
AND POWERTEL/MEMPHIS, INC. FOR)
CONVERSION OF ITS HIGH-COST ELIGIBLE)
TELECOMMUNICATIONS CARRIER)
DESIGNATION AND FOR RELINQUISHMENT) Case No. 2020-00415
OF ITS MOBILITY FUND I ELIGIBLE)
TELECOMMUNICATIONS CARRIER)
DESIGNATION PURSUANT TO 47 U.S.C.)
§ 214(E)(4))

**T-MOBILE CENTRAL LLC’S AND POWERTEL/MEMPHIS, INC.’S APPLICATION
FOR CONVERSION OF ITS HIGH-COST ELIGIBLE TELECOMMUNICATIONS
CARRIER DESIGNATION AND FOR RELINQUISHMENT OF ITS
MOBILITY FUND I ELIGIBLE TELECOMMUNICATIONS CARRIER
DESIGNATION PURSUANT TO 47 U.S.C. § 254(e)(4)**

Pursuant to 47 U.S.C. § 214(e)(4) and 47 C.F.R. § 54.205, T-Mobile Central LLC and PowerTel/Memphis, Inc. (collectively “T-Mobile” or the “Company”) apply for conversion of its high-cost eligible telecommunications carrier (“ETC”) designation to a Lifeline-only ETC designation and for relinquishment of its Mobility Fund I (“MF I”) ETC designation in the State of Kentucky, effective December 31, 2020.

I. INTRODUCTION

The full name and post office address of T-Mobile Central LLC is: 12920 SE 38th Street Bellevue, Washington 98006. Its e-mail address is William.Haas@T-Mobile.com. T-Mobile Central LLC is a limited liability company organized in the state of Delaware on April 5, 1999. It is currently in good standing in the state of Delaware and is authorized to transact business in the Commonwealth of Kentucky.

The full name and post office address of PowerTel/Memphis, Inc. is: 12920 SE 38th Street Bellevue, Washington 98006. Its e-mail address is William.Haas@T-Mobile.com. PowerTel/Memphis, Inc. is a Delaware corporation organized in the state of Delaware on April 5, 1999. It is currently in good standing in the state of Delaware and was authorized to transact business in the Commonwealth of Kentucky.¹

II. BACKGROUND

On July 14, 2010, the Kentucky Public Service Commission (“Commission”) entered an Order in Case No. 2010-00050² (“*High-Cost Designation Order*”), designating T-Mobile as an ETC for purposes of receiving federal high-cost support and low income (“Lifeline”) universal service support. The list of local exchange carrier wire centers that comprise T-Mobile’s High-Cost ETC designated service area (“High-Cost ETC Service Area”), adopted by the Commission

¹ PowerTel/Memphis, Inc. filed an application for a certificate of withdrawal with the Kentucky Secretary of State.

² *Petition of T-Mobile Central and Powertel/Memphis, Inc. for Designation as Eligible Telecommunications Carriers Pursuant to Section 214(e)(2) of the Communications Act of 1934*, Case No. 2010-00050 (Ky. PSC July 14, 2010).

in the *High-Cost Designation Order*, is attached as Attachment A. The Universal Service Administrative Company (“USAC”) has assigned study area code (“SAC”) 269024 to T-Mobile to represent its High-Cost Service Area in Kentucky.

On May 18, 2012, the Commission issued an Order in Case No. 2012-00135³ (“*MF I Designation Order*”), granting T-Mobile conditional designation as an ETC for purposes of participating in the Mobility Fund Phase I auction. T-Mobile’s MF I ETC designation covered all blocks and census tracts not previously designated by the Commission,⁴ conditioned on the results of the Mobility Fund Phase I auction.⁵ A list of the names of the associated incumbent local exchange carriers’ wire centers corresponding to those census blocks and census tracts where T-Mobile was awarded support is attached as Attachment B. USAC assigned SACs 268020 and 268021 to T-Mobile to represent its MF I ETC Service Area in Kentucky.

III. T-MOBILE’S PROPOSED RELINQUISHMENT OF ITS ETC DESIGNATIONS

As an ETC in Kentucky, T-Mobile has utilized high-cost universal service support (including MF I) to expand its coverage and improve its network and has made Lifeline discounted services available to eligible consumers. This build-out of T-Mobile’s network, supported by MF I, also spurred additional competition in these census blocks. However, T-Mobile has determined it will seek to convert its high-cost ETC designation to Lifeline-only and relinquish its MF I ETC designation in Kentucky, effective December 31, 2020. T-Mobile has made this determination based on several considerations, including: (1) the expiration of its MF I-related

³ *Application of T-Mobile Central LLC and Powertel/Memphis, Inc. For Conditional Designation as Eligible Telecommunication Carriers for the Purpose of Establishing Eligibility To Participate In the Mobility Fund Phase I Auction on September 27, 2012 at The Federal Communications Commission*, Case No. 2012-00135 (Ky. PSC May 18, 2012).

⁴ *Id.* at 6.

⁵ *Mobility Fund Phase I Auction Closes, Winning Bidders Announced for Auction 901*, Public Notice, 27 FCC Rcd 12031, DA 12-1566 (WTB 2012); *Mobility Fund Phase I Support Authorized for 42 Winning Bids*, Public Notice, 28 FCC Rcd 9001, 9003, Attachment A, DA 13-1429 (WTB 2013).

funding and obligations in Kentucky; (2) the new 5G high-cost support requirements contained in the Federal Communications Commission's ("FCC") recently issued *5G Rural Fund Order*;⁶ and (3) its business plans and requirements. T-Mobile has already met its MF I deployment obligations and will continue to meet the remaining obligations, such as the requirement to retain MF I-related documents for ten years after the date of its final MF I support disbursement.⁷

Though T-Mobile will no longer receive federal high-cost universal service support in Kentucky after the effective date of the conversion of its high-cost ETC designation to a Lifeline-only ETC designation, it will continue to provide wireless service in Kentucky as a Lifeline-only ETC outside of the MF I Service Area. Thus, going forward, existing and future subscribers of T-Mobile in the state will be able to enjoy T-Mobile's high-quality wireless service offerings and existing and future qualified customers will receive Lifeline service from T-Mobile in its Lifeline-only ETC designated service area. T-Mobile plans to expand its coverage and improve its network in Kentucky, including a significant expansion of its 5G network in Kentucky's urban and rural areas. T-Mobile plans to invest nearly \$40 billion over the next three years to bring the Company and its nationwide wireless network into the 5G era. It has committed to bring 5G coverage to at least 85% of the U.S. rural population by 2023 and at least 90% of the U.S. rural population by 2026.⁸

While T-Mobile will no longer provide Lifeline service in its MF I ETC Service Area after the effective date of its relinquishment, there are a number of other ETCs that provide Lifeline service throughout T-Mobile's MF I ETC Service Area, including incumbent local exchange

⁶ *Establishing a 5G Fund for Rural America*, Report and Order, GN Docket No. 20-31, FCC 20-150, 2020 WL 6381425 (rel. Oct. 29, 2020).

⁷ 47 C.F.R. § 54.1010.

⁸ *Applications of T-Mobile, US, Inc., and Sprint Corporation, For Consent to Transfer Control of Licenses and Authorizations*, Memorandum Opinion and Order, Declaratory Ruling, and Order of Proposed Modification, 34 FCC Rcd 10578 (2020).

carriers (“ILECs”). The ILECs providing Lifeline service in T-Mobile’s MF I ETC Service Area are included in Attachment B to this Application. Additionally, T-Mobile’s affiliate, Assurance Wireless, is a Lifeline provider in Kentucky under its own ETC designation. T-Mobile will also continue to offer a variety of low-cost service plans to consumers in Kentucky, including T-Mobile Connect, Project 10 Million, and Connecting Heroes. The T-Mobile Connect plans include (1) unlimited voice and text and 2 GB of data for \$15.00 per month, or (2) unlimited voice and text and 5 GB of data for \$25.00;⁹ Project 10 Million represents a \$10.7 billion investment that offers school districts free internet access of 100 GB of data per year and mobile hotspots for 10 million eligible households;¹⁰ and Connecting Heroes represents a \$7 billion investment over ten years that will provide first responder agencies with free unlimited talk, text and data.¹¹

IV. T-MOBILE’S RELINQUISHMENT OF ETC DESIGNATION COMPLIES WITH FEDERAL LAW

47 U.S.C. Section 214(e)(4) requires a state regulatory commission to “permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier” under specific conditions. The conditions for relinquishing ETC designation are: (1) there must be more than one ETC serving in the area of the ETC seeking relinquishment; (2) the ETC seeking relinquishment must provide advance notice to the relevant state commission; (3) the customers served by the relinquishing ETC must continue to be served by an ETC; and (4) to the extent that additional facilities are required to serve any of the relinquishing ETC's customers, sufficient notice must be provided to ensure that the

⁹ Press Release, T-Mobile, *T-Mobile Launches Early to Help the Most Vulnerable in America Get and Stay Connected* (Mar. 23, 2020), <https://www.t-mobile.com/news/offers/tmobile-connect-launch>.

¹⁰ Project 10 Million Launch Page, T-MOBILE.COM, <https://www.t-mobile.com/business/education/project-10-million>.

¹¹ Press Release, T-Mobile, *T-Mobile Launches ‘Connecting Heroes’ – Free 5G for First Responder Agencies Is Here* (May 21, 2020), <https://www.t-mobile.com/news/un-carrier/connecting-heroes>.

construction or purchase of any additional facilities necessary to serve the relinquishing ETC's customers can be timely completed.¹²

T-Mobile's application for relinquishment of its ETC designations meets these conditions: (1) T-Mobile will continue to provide Lifeline service in its current High-Cost ETC Service Area under its Lifeline-only ETC designation after converting its high-cost ETC designation; (2) More than one ETC is currently serving the MF I ETC Service Area; (3) T-Mobile is providing advance notice to the Commission of its proposed relinquishment; (4) T-Mobile will continue serving its customers and the remaining ETCs in the market should be able to serve the universal service needs of consumers within their respective designated service areas, which cover the High-Cost ETC Service Area and MF I ETC Service Area; and (5) The proposed relinquishment will not require the construction or purchase of additional facilities by the remaining ETCs.

A. T-Mobile Will Continue to Serve the High-Cost ETC Service Area.

After conversion of its high-cost ETC designation, T-Mobile will continue to provide wireless service and Lifeline service throughout its converted ETC Service Area under a Lifeline-only designation. T-Mobile will serve the areas of the same local exchange carriers listed in Attachment A. These same wire centers currently in T-Mobile's High-Cost ETC Service Area are also served by the incumbent local exchange carriers listed in Attachment A, in their respective service areas. Therefore, even after conversion of its high-cost ETC designation, T-Mobile, as well as at least one other ETC, will serve the converted ETC Service Area as required by 47 U.S.C. § 214(e).

¹² 47 U.S.C. §214(e)(4).

B. More Than One ETC Currently Serves the MF I ETC Service Area

T-Mobile's MF I ETC Service Area is also currently served by more than one ETC. T-Mobile's MF I ETC Service Area is served by the incumbent local exchange carriers listed in Attachment B, in their respective service areas, including in T-Mobile's MF I ETC Service Area. Therefore, more than one ETC will serve the MF I ETC Service Area as required by 47 U.S.C. § 214(e).

C. T-Mobile Is Providing Advance Notice to the Commission

Consistent with 47 U.S.C. § 214(e), T-Mobile is filing this petition in advance of its requested effective date of relinquishment of federal high-cost universal service support, meeting the requirement to provide advance notice to the Commission of its intent to relinquish such support.

D. T-Mobile and the Remaining ETCs Will Serve Consumers Within the ETC Service Area

T-Mobile is designated as an ETC in the Incumbent Local Exchange Carrier ("ILEC") wire centers set forth in Attachment A. As T-Mobile has indicated above, T-Mobile will continue to serve both Lifeline customers and non-Lifeline customers throughout the converted ETC Service Area. To the best of T-Mobile's knowledge, ILECs listed in Attachment A and Attachment B will also continue to serve customers in the High-Cost and MF I ETC Service Areas, respectively. Individually, and collectively, consumers within the High-Cost ETC Service Area and the MF I ETC Service Area will continue to be served consistent with 47 U.S.C. § 214(e). Likewise, there is no need to provide notice to other carriers in accordance with 47 U.S.C. § 214(e)(4) following relinquishment of its ETC designation, effective December 31, 2020.

E. No Additional Facilities Will Need to Be Purchased or Constructed by the Remaining Eligible Telecommunications Carriers

To the best of T-Mobile's knowledge, none of the remaining ETCs will be required to purchase or construct additional facilities to continue to serve consumers within either the High-Cost ETC Service Area or the MF I ETC Service Area. Because the ILECs listed in Attachment A and Attachment B collectively currently serve the entire area in Kentucky in which T-Mobile is designated as a high-cost ETC and a MF I ETC, notice to these carriers to permit their purchase or construction of facilities to ensure continued service to T-Mobile's customers is not necessary.

IV. CONCLUSION

T-Mobile has met the conditions set forth in 47 U.S.C. § 214(e)(4) for relinquishment of its designation as a MF I ETC in Kentucky and the conversion of its designation as a high-cost ETC to a Lifeline-only ETC. Upon its relinquishment of these designations, it will continue to provide service in Kentucky as a Lifeline-only ETC.¹³

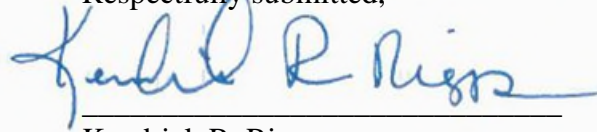

WHEREFORE, T-Mobile requests that the Commission:

1. Enter an Order approving T-Mobile's application for conversion and relinquishment of, respectively, its high-cost and Mobility Fund I ETC designations, effective December 31, 2020.
2. Place this application at the head of its docket and enter a final decision on the application within 30 days of the filing of this application.

¹³ Because T-Mobile will not be seeking certification as an ETC for the purposes of receiving federal high-cost universal service support going forward, including for the 2021 calendar year, T-Mobile will not be filing further annual ETC Certification Requirements reports for federal high-cost support with the Commission, including the annual ETC Certification Requirements report due on July 1, 2021.

Dated: December 22, 2020
