RESPONSE

Kentucky Power and Wheeling Power currently are implementing plans to ensure the construction of the CCR project to allow the operation of the Mitchell Generating Station through December 31, 2028.

Kentucky Power Company and Wheeling Power Company are reviewing their alternatives regarding the Mitchell Generating Station in light of the July 15, 2021 decision of this Commission, and the August 4, 2021 decision of the Public Service Commission of West Virginia. No decision regarding a plan for the Mitchell Generating Station beyond that described above has been reached by either Company.

Kentucky Power will file updated status reports every ten days during the pendency of this proceeding.

September 13, 2021 Update

Wheeling Power Company and Appalachian Power Company on September 8, 2021 filed with the Public Service Commission of West Virginia their "Petition to Reopen Case and to Take Further Action" in Case No. 20-1040-E-CN. The petition requests the West Virginia Commission to provide certain confirmations, acknowledgements, and commitments regarding, *inter alia*, the Mitchell Generating Station, in light of the inconsistent orders of the Kentucky and West Virginia commissions regarding the proposed ELG work at the Mitchell Generating Station. The petition further requests that the West Virginia Commission provide the confirmations, acknowledgements, and commitments prior to the October 13, 2021 deadline under the ELG Rule for notifying the West Virginia Department of Environmental Protection concerning the ELG modifications at the Mitchell Generating Station. Finally, Wheeling Power and Appalachian Power Company indicated in the petition that there were matters in need of resolution should West Virginia decide to fully fund the ELG investment and maintain the plant in order to preserve an option to run the Mitchell Generating Station past 2028.

A copy of the petition is attached as KPCO_SR_KPSC_RH_1_1_Attachment1.

**OBJECTIONS OF APPALACHIAN POWER COMPANY AND
WHEELING POWER COMPANY TO THE CONSUMER ADVOCATE DIVISION'S
FIRST REQUEST FOR INFORMATION**

COME NOW Appalachian Power Company ("APCo") and Wheeling Power Company ("WPCo") (together, the "Companies") and respectfully file the following objections to certain questions in the first request for information filed by the Consumer Advocate Division ("CAD") in this proceeding.

1. On November 19, 2021, the Companies filed a Petition initiating this proceeding.
2. On January 6, 2022, CAD filed its first request for information directed to the Companies.
3. The Companies object to two of CAD's questions, specifically Question Nos. 1-4 and 1-5.
4. CAD Question No. 1-4 reads as follows:

Please produce the Confidential Information Memorandum or its equivalent put forward by Barclays, Goldman Sachs Co., and/or others who served as AEP's financial and strategic advisors related to the sale of Kentucky Power.

5. The Companies object to Question No. 1-4 on grounds of relevance. The Companies' Petition in this matter seeks the Commission's approval of new Ownership and Operating Agreements whereby WPCo would replace Kentucky Power Company ("KPCo") as operator of the Mitchell Plant. As explained in that Petition, and regardless of the proposed sale of KPCo to Liberty Utilities Co. ("Liberty"), it is necessary for WPCo to become operator of the Mitchell Plant due to the conflicting decisions of this Commission and the Kentucky Public Service Commission ("KPSC") as to CCR/ELG upgrades at the plant. CAD Question No. 1-4 seeks only information related to the proposed sale of KPCo, which is the subject of a proceeding pending not before this Commission, but before the KPSC (*see* Case No. 2021-00481). Accordingly, this question is not reasonably calculated to lead to the discovery of relevant, admissible evidence in this proceeding. The Companies further object to the extent Question No. 1-4 seeks information that is confidential and privileged.

6. CAD Question No. 1-5 reads as follows:

Please produce all information provided to AEP by Algonquin Power & Utilities Corporation subsidiary Liberty Utilities Company or others related to Liberty's plans for Kentucky Power and Mitchell if it were successful in the acquisition, including any conditions related to Mitchell included in its offer.

7. The Companies object to Question No. 1-5 on the grounds that the term "all information" is vague, ambiguous, and overbroad and, further, to the extent the question seeks information that is confidential, privileged, and/or not likely to lead to the discovery of relevant, admissible evidence in this proceeding. As the Companies noted in their objection to Question No. 1-4, the proposed sale of KPCo to Liberty is the subject of a separate proceeding before a different commission (*see* KPSC Case No. 2021-00481).

WHEREFORE, the Companies respectfully request that their objections to Question Nos.

1-4 and 1-5 of CAD's first request for information be sustained.
