Rules and Regulations

full. No reduction in sewer service charges shall be permitted because of the fact that certain waste discharges into the System contained pollutants in fewer concentrations than duly adopted maximum limitations or otherwise found in normal residential sanitary sewage. In those cases where the delinquent customer is not connected to a municipal water system, the District will disconnect the sewer service and reconnect only by payment of the actual cost of the disconnection at the time of application for re-connection and the re-connection expense paid within thirty days of the re-connection.

Section 3.

The District shall collect a fee of \$25.00 for any returned checks. The District shall not be required to present a check for payment more than once.

Section 4.

Application Fee: The actual cost of material and installation with payment of \$400.00 with application and balance due within fifteen (15) days from the date of billing by the District. All taps and connections shall be made by the District or its contractors.

Section 5.

Excessive strength surcharges shall be reviewed every two years. Such surcharge rate shall be revised when necessary to reflect then current treatment and monitoring costs.

Section 6.

In so far as they are not inconsistent with the above provisions, the Rules and Regulations of the District as relate to its water service shall apply.
