Section 3. Authorization of Loan; Place of Payment; Manner of Execution. That pursuant to the Constitution and laws of Kentucky, and particularly Chapter 273 of the Kentucky Revised Statutes, the Borrower hereby authorizes the borrowing of \$2,250,000 from the Program, to provide funds for the Refunding Program.

The Loan is payable on the Interest Payment Date in such principal and interest amounts as set forth in **Exhibit A** attached hereto.

The principal of, redemption price, if any, and interest on the Loan shall be payable in lawful money of the United States of America on the Interest Payment Date to the Trustee for the Program. Such payment shall be made by the Borrower from funds on deposit in the Sinking Fund pursuant to the ACH Debit Direct Payment Method (the “ACH Debit Direct Payment Method”) as described and detailed in the ACH Debit Direct Payment Authorization Form (the “ACH Authorization Form”) in a form as provided by the Trustee to the Borrower. The ACH Authorization Form shall be completed, signed and forwarded to the Trustee prior to the Borrower receiving any of the proceeds of the Loan.

Pursuant to the ACH Debit Direct Payment Method, there shall be transferred to the Trustee on or before each Interest Payment Date, from the Sinking Fund, the amounts set forth as sinking fund payments on Exhibit A attached hereto.

In addition, in the event the Issuer is required to withdraw moneys from the Program Reserve Fund established pursuant to the Indenture to pay the principal of and interest on the Loan and any other payments due under this Assistance Agreement on behalf of the Borrower (the “Reserve Withdrawal”), the Borrower shall pay to the Trustee, each amount set forth as

sinking fund payments on Exhibit A attached hereto, pursuant to the ACH Debit Direct Payment Method an amount equal to at least 1/12 of the Reserve Withdrawal, plus accrued interest thereon at the rate equal to the highest rate of interest paid by the investments making up the Program Reserve Fund until such Reserve Withdrawal has been replenished.

Section 4. Redemption.

(a) *Optional Redemption.* Subject to the prior written approval of the Compliance Group, the Loan payments due on or after July 1, 2030 are subject to optional redemption, in whole or in part, by the Borrower prior to their stated maturity, at any time falling on or after July 1, 2029 at a redemption price equal to 100% of the principal amount of the Loan called for redemption, plus unpaid interest accrued to the date of redemption.

In the event that the Borrower desires to optionally redeem a portion of the principal due under the Loan, such redemption shall be in a denomination equal to \$5,000 or any integral multiple thereof.

(b) *Notice of Redemption.* The Borrower shall give the Issuer and the Trustee notice of any redemption by sending at least one such notice by first class United States mail not less than 45 and not more than 90 days prior to the date fixed for redemption.

All of said Loan payments as to which the Borrower reserves and exercises the right of redemption and as to which notice as aforesaid shall have been given, and for the retirement of which, upon the terms aforesaid, funds are duly provided, will cease to bear interest on the redemption date.

Section 5. Recognition of Prior Loans. The Borrower hereby expressly recognizes and acknowledges that the Borrower has previously created for the benefit and protection of the owners of the Prior Loans, a certain lien and pledge and certain security rights relating to the System, all as set forth in the Prior Loans.

Section 6. Loan Payable Out of Gross Revenues on a Parity with Prior Loans. The Loan and Prior Loans, together with the interest thereon and such additional loans ranking on a parity therewith heretofore issued and outstanding and that may be hereafter issued and outstanding from time to time under the conditions and restrictions hereinafter set forth, shall be payable out of the Sinking Fund and as hereinafter more specifically provided and shall be a valid claim of the holder thereof only against said fund and the fixed portion or amount of the income and gross revenues of the System of said Borrower pledged to said fund.

Section 7. Parity Coverage Requirements of the Prior Loans. It is hereby declared that prior to the issuance of the Loan hereby authorized, there will be procured and filed with the Secretary of the Borrower any and all statements or certifications for the purpose of having both principal and interest on the Prior Loans and the Loan hereby authorized payable on a parity from the income and revenues of said System with said outstanding Prior Loans.

Section 8. Flow of Funds. The income and revenues of the System shall be collected, segregated, accounted for and distributed as follows:

A. Revenue Fund. The Borrower covenants and agrees that it will deposit in the Revenue Fund, promptly as received from time to time, all revenues of the System, as same may be extended and improved from time to time. The moneys in the Revenue Fund shall be used, disbursed and applied by the Borrower only for the purpose and in the manner and order of priorities specified by this Assistance Agreement, all as permitted by the Act, and in accordance with previous contractual commitments.

B. Sinking Fund. There shall be transferred from the Revenue Fund and deposited into the Sinking Fund on or before the 20th day of each month, for payment of interest on and principal of the Loan and the Prior Loans, a sum equal to the total of the following:

- (1) A sum equal to one-sixth (1/6) of the next succeeding interest payment to become due on the Loan and the Prior Loans, plus
- (2) A sum equal to one-twelfth (1/12) of the principal of the Loan and the Prior Loans maturing on the next succeeding payment date.

Said Sinking Fund shall be used solely and only and is hereby pledged for the purpose of paying the principal of and interest on the Loan and the Prior Loans.

If the Borrower for any reason shall fail to make any monthly deposit as required, then an amount equal to the deficiency shall be set apart and deposited into the Sinking Fund out of the first available revenues in the ensuing months, which amount shall be in addition to the monthly deposit otherwise required during such succeeding months. Whenever there shall accumulate in the Sinking Fund amounts in excess of the requirements during the next twelve months for paying the principal of and interest due on the Loan, as same fall due, such excess may be used for redemption or prepayment of any Loan, subject to the terms and conditions set forth therein, prior to maturity.

C. Operation and Maintenance Fund. There shall next be transferred monthly from the Revenue Fund and deposited into said Operation and Maintenance Fund, sums sufficient to meet the current expenses of operating and maintaining the System. The balance maintained in said Operation and Maintenance Fund shall not be in excess of the amount required to cover anticipated System expenditures for a two-month period pursuant to the Borrower's annual budget.

D. Surplus Funds. Subject to the provisions for the disposition of the income and revenues of the System as set forth hereinabove, which provisions are cumulative, and after paying or providing for the payment of debt service on any subordinate obligations, there shall be transferred, within sixty days after the end of each Fiscal Year, the balance of excess funds in the Revenue Fund on such date, to the Depreciation Fund for application in accordance with the terms of this Assistance Agreement or to the Sinking Fund to be applied to the maximum extent feasible, to the prompt purchase or redemption of Outstanding Loans.

Provided, however, the Borrower shall be allowed a credit to the extent of moneys on deposit in the Program Reserve Fund for the purpose of meeting any parity requirements; subject however, to the limitation that moneys in the Program Reserve Fund may only be used to make payments of the Government Agency due under this Assistance Agreement, if necessary, and; provided further, that the Trustee may not seek payment for any reserve funds held by the Borrower under any Prior Loans for payment of any amounts due from the Borrower under this Assistance Agreement.

Section 9. Disposition of Proceeds of the Loan; Governmental Agency Account.

Upon (i) the execution of this Assistance Agreement, (ii) the delivery of this Assistance Agreement to the Trustee, (iii) certification of the Compliance Group that the Loan is to be accepted in the Program, and (iv) upon receipt by the Borrower of the proceeds of the Loan, the proceeds shall be applied as follows:

(a) *Disposition of the Proceeds.* There shall first be deducted and paid from the proceeds of the Loan the fees and costs incurred by the Borrower and any other pertinent expenses incident to the issuance, sale and delivery of the Loan and such other appropriate expenses as may be approved by the President, including but not limited to the Borrower's pro rata share of the Program's fees and expenses.

The balance shall be deposited to the Governmental Agency Account to be used for the Refunding Program.

(b) *Governmental Agency Account.* It is hereby acknowledged that a fund entitled "Lake Village Water Association, Inc. Governmental Agency Account" (the "Governmental Agency Account") has been created and maintained by the Trustee pursuant to the Indenture; and such amount on deposit in said Governmental Agency Account shall be transferred to the Rural Development (the "RD") of the Department of Agriculture of the United States of America, the holder of the Refunded Loans, as may be required:

(1) To pay the interest on the Refunded Loans to and including July 23, 2021; and

(2) To redeem on July 23, 2021 at a price equal to 100% of principal amount the Refunded Loans that as of that date have not been redeemed, retired or otherwise paid, thereby defeasing the pledge of revenues and the property securing the Refunded Loans.

Investment income derived from investment of the Governmental Agency Account, which shall be invested in Permitted Investments in accordance with this Assistance Agreement, shall, as received, be deposited in the Governmental Agency Account.

The Trustee shall be obligated to send written notice to the Borrower of the need for investment directions if and whenever funds in excess of \$50,000 shall remain uninvested for a period of more than five days. In the absence of written direction from the Borrower with respect

to investment of moneys held in the Governmental Agency Account, the Trustee is hereby directed to invest funds in money market mutual funds of the Trustee or its affiliates that qualify as Permitted Investments under this Assistance Agreement.

No expenditure shall be made from the Governmental Agency Account except for proper and authorized expenses relating to the Refunding Program as approved by the Borrower.

After completion of the Refunding Program, any balance then remaining on deposit in the Governmental Agency Account shall, subject to any and all applicable legal provisions and applicable arbitrage regulations necessary to assure the exemption of interest on the Loan from Federal income taxation, upon orders of the Governing Body, be transferred to the Sinking Fund, to be used for the purposes thereof.

Section 10. Parity Loans. The Loan shall not be entitled to priority one over the other in the application of the income and revenues of the System, regardless of the time or times of their issuance, it being the intention that there shall be no priority among the Loan, regardless of the fact they may be actually issued and delivered at different times, and provided further that the lien and security of and for any loans or obligations hereafter issued that are payable from the income and revenues of the System, shall, except as set out herein, be subject to the priority of the Prior Loans and the Loan as may from time to time be outstanding; provided the Borrower has reserved the right and privilege, and does hereby reserve the right and privilege, of issuing additional loans from time to time payable from the income and revenues of the System ranking on a parity with the Loan, but only under the conditions specified hereinafter, taking into account the issuance of the Loan.

The Borrower reserves the right to finance future extensions, additions, and/or improvements to the System by the issuance of one or more additional series of loans to be secured by a parity lien on and ratably payable from, the revenues of the System pledged to the Prior Loans and the Loan, provided;

(a) The facilities to be constructed from the proceeds of the additional Parity Loans are made a part of the System and their revenues are pledged as additional security for the additional Parity Loans and for the Outstanding Loans.

(b) The Borrower is in compliance with all covenants and undertakings in connection with all of the Outstanding Loans.

(c) The annual net revenues (defined as gross revenues less operating expenses), of the then existing System for the Fiscal Year preceding the year in which such Parity Loans are to be issued, adjusted as hereinafter provided, shall be certified by an independent Certified Public Accountant to be equal at least one hundred twenty percent (120%) of the average annual debt service requirements for principal and interest on all Outstanding Loans payable from the revenues of the System, plus the anticipated debt service requirements of any Parity Loans then proposed to be issued. The calculation of average annual debt service requirements of principal and interest on the additional Parity Loans to be issued shall, regardless of whether such

additional Parity Loans are to be serial or term notes, be determined on the basis of the principal of and interest on such Parity Loans being payable in approximately equal annual installments.

(d) The annual net revenues referred to above may be adjusted for the purpose of the foregoing computations to reflect:

(1) any revisions in the System's schedule of rates or charges being imposed on or before the issuance of any such additional Parity Loans, and

(2) any increase in the annual net revenues to be realized from the proposed extensions, additions and improvements being financed (in whole or in part) by such additional Parity Loans;

provided all such adjustments shall be based upon and included in a certification of an Independent Consulting Engineer.

(e) The Borrower hereby covenants and agrees that in the event any additional Parity Loans are issued, the Borrower shall:

(1) Adjust the monthly amount to be deposited into the Sinking Fund on the same basis as that prescribed in the provisions establishing such Sinking Fund, to reflect the annual debt service requirements of the additional Parity Loans; and

(2) Adjust the minimum annual amount to be deposited monthly into any depreciation fund on the same basis as that prescribed in the provisions establishing such depreciation fund, taking into account the future debt service requirements of all loans that will then be outstanding against the System.

(f) The Borrower reserves the right to issue Parity Loans to refund or refinance any part or all of the Prior Loans and the Loan, provided that prior to the issuance of such Parity Loans for that purpose, there shall have been procured and filed with the Secretary of the Borrower a statement by a Certified Public Accountant, as defined herein, reciting the opinion based upon necessary investigation that:

(1) after the issuance of the Parity Loans, the annual net revenues, as adjusted and defined above, of the then existing system for the Fiscal Year preceding the date of issuance of the Parity Loans, after taking into account the revised debt service requirements resulting from the issuance of the Parity Loans and from the elimination of the Outstanding Loans being refunded or refinanced thereby, are equal to not less than 120% of the average annual debt service requirements then scheduled to fall due in any Fiscal Year thereafter for principal of and interest on all of the Outstanding Loans payable from the revenues of the System, calculated in the manner specified above; or

(2) in the alternative, that the average annual debt service requirements for the Prior Loans, the Loan, any previously issued Parity Loans and the proposed Parity Loans, in any year of maturities thereof after the redemption of the Outstanding Loans scheduled

to be refunded through the issuance of the proposed Parity Loans, shall not exceed the average annual debt service requirements applicable to the then outstanding Prior Loans, the Loan and any previously issued Parity Loans for any year prior to the issuance of the proposed Parity Loans and the redemption of the Outstanding Loans to be refunded.

Section 11. Rates and Charges for Services of the System. While the Loan remains outstanding and unpaid, the rates for all services of the System rendered by the Borrower to its citizens, corporations, or others requiring the same, shall be reasonable and just, taking into account and consideration the cost and value of said System, the cost of maintaining and operating the same, the proper and necessary allowances for depreciation thereof, and the amounts necessary for the retirement of the Outstanding Loans and the accruing interest on all Outstanding Loans as may be outstanding under the provisions of this Assistance Agreement, and there shall be charged such rates and amounts as shall be adequate to meet all requirements of the provisions of this Assistance Agreement. Prior to the issuance of the Loan a schedule of rates and charges for the services rendered by the System to all users adequate to meet all requirements of this Assistance Agreement has been established and adopted.

The Borrower covenants that it will not reduce the rates and charges for the services rendered by the System without first filing with the Secretary a certification of an Independent Consulting Engineer or a Certified Public Accountant that the annual net revenues (as defined in Section 10 hereof) of the then existing System for the Fiscal Year preceding the year in which such reduction is proposed, as such annual net revenues are adjusted, after taking into account the projected reduction in annual net revenues anticipated to result from any such proposed rate decrease, are equal to not less than 120% of the average annual debt service requirements for principal and interest on all of the then Outstanding Loans payable from the revenues of the System, calculated in the manner specified in Section 10 hereof.

The Borrower also covenants to cause a report to be filed with the Governing Body within four months after the end of each Fiscal Year by a Certified Public Accountant, setting forth the precise debt service coverage percentage of the average annual debt service requirements falling due in any Fiscal Year thereafter for principal of and interest on all of the then Outstanding Loans payable from the revenues of the System, produced or provided by the net revenues of the System in that Fiscal Year, calculated in the manner specified in Section 10 hereof; and the Borrower covenants that if and whenever such report so filed shall establish that such coverage of net revenues for such year was less than 120% of the average annual debt service requirements, the Borrower shall increase the rates by an amount sufficient, in the opinion of such Certified Public Accountant, to establish the existence of or immediate projection of, such minimum 120% coverage.

Section 13. Defeasance and/or Refunding of Loan. The Borrower reserves the right, at any time, to cause the pledge of the revenues securing the Loan to be defeased and released by paying an amount into an escrow fund sufficient, when invested (or sufficient without such investment, as the case may be) in cash and/or U.S. Obligations, to assure the availability in such escrow fund of an adequate amount (a) to call for redemption and to redeem and retire all of such outstanding Loan obligations, both as to principal and as to interest, on the next or any optional redemption date, including all costs and expenses in connection therewith, and to pay all

principal and interest falling due on the Loan to and on said date, or (b) to pay all principal and interest requirements on the Loan as same mature, without redemption in advance of maturity, the determination of whether to defease under (a) or (b) or both to be made by the Governing Body. Such U.S. Obligations shall have such maturities as to assure that there will be sufficient funds for such purpose. If such defeasance is to be accomplished pursuant to (a), the Borrower shall take all steps necessary to publish the required notice of the redemption of the Loan and the applicable redemption date. Upon the proper amount of such investments being placed in escrow and so secured, such revenue pledge shall be automatically fully defeased and released without any further action being necessary.

Section 14. Contractual Nature of Assistance Agreement. The provisions of this Assistance Agreement shall constitute a contract between the Borrower and the Issuer; and after the issuance of the Loan, no change, variation or alteration of any kind in the provisions of this Assistance Agreement shall be made in any manner except as herein or therein provided until such time as the Loan has been paid or provided for in full, or as otherwise provided herein; provided that the Governing Body may enact legislation for any other purpose not inconsistent with the terms of this Assistance Agreement, and which shall not impair the security of the Issuer and/or for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective or inconsistent provisions contained herein or in any ordinance or other proceedings pertaining hereto.

Section 15. Appointment and Duties of Trustee. The Trustee is hereby designated as the bond registrar and paying agent with respect to the Loan.

Its duties as Trustee shall be as follows:

- (a) To register the Loan in the name of the Issuer;
- (b) To maintain adequate records relevant to the Loan;
- (c) To remit, but only to the extent that all required funds are made available to the Trustee by the Borrower, semiannual interest payments directly to the Issuer's accounts for the Program;
- (d) To notify the Issuer of any Loan obligations to be redeemed and to redeem the Loan prior to its stated maturity upon receiving sufficient funds; and
- (e) To supply the Borrower with a written accounting evidencing the payment of interest on and principal of the Loan within thirty (30) days following each respective due date.

The Trustee shall be entitled to the advice of counsel and shall be protected for any acts taken by it in good faith in reliance upon such advice. The Trustee shall not be liable for any actions taken in good faith and believed by it to be within its discretion or the power conferred upon it by this Assistance Agreement, or the responsibility for the consequences of any oversight or error in judgment.

The Trustee may at any time resign from its duties set forth in this Assistance Agreement by filing its resignation with the Secretary and notifying the Issuer. Thereupon, the Issuer shall notify the Borrower of a successor Trustee which shall be an incorporated bank or trust company authorized to transact business in the United States of America. Notwithstanding the foregoing, in the event of the resignation of the Trustee, provision shall be made for the orderly transition of the books, records and accounts relating to the Loan to the successor Trustee in order that there will be no delinquencies in the payment of interest or principal due on the Loan.

Section 16. Provisions in Conflict Repealed. All ordinances, resolutions and orders, or parts thereof, in conflict herewith are, to the extent of such conflict, hereby repealed; and it is hereby specifically ordered and provided that any proceedings heretofore taken for the issuance of other loans payable or secured in any manner by all or any part of the income and revenues of the System, or any part thereof, and which have not heretofore been issued and delivered, are hereby revoked and rescinded, and none of such other loans shall be issued and delivered.

Section 17. Insurance.

(a) *Fire and Extended Coverage.* If and to the extent that the System includes structures above ground level, the Borrower shall, upon receipt of the proceeds of the sale of the Loan, if such insurance is not already in force, procure fire and extended coverage insurance on the insurable portion of all of the facilities of the System, of a kind and in such amounts as would ordinarily be carried by private companies or public bodies engaged in operating a similar utility.

The foregoing fire and extended coverage insurance shall be maintained so long as any of the Loan is outstanding and shall be in amounts sufficient to provide for not less than full recovery whenever a loss from perils insured against does not exceed eighty percent (80%) of the full insurable value of the damaged facility.

In the event of any damage to or destruction of any part of the System the Borrower shall promptly arrange for the application of the insurance proceeds for the repair or reconstruction of the damaged or destroyed portion thereof.

(b) *Liability Insurance on Facilities.* So long as the Loan is outstanding, the Borrower shall, procure and maintain, public liability insurance relating to the operation of the facilities of the System, with limits of not less than \$200,000 for one person and \$1,000,000 for more than one person involved in one accident, to protect the Borrower from claims for bodily injury and/or death; and not less than \$200,000 from claims for damage to property of others which may arise from the Borrower's operations of the System and any other facilities constituting a portion of the System.

(c) *Vehicle Liability Insurance.* If and to the extent that the Borrower owns or operates vehicles in the operation of the System, upon receipt of the proceeds of the Loan, the Borrower shall, if such insurance is not already in force, procure and maintain, so long as the Loan is outstanding, vehicular public liability insurance with limits of not less than \$200,000 for one person and \$1,000,000 for more than one person involved in one accident, to protect the Borrower from claims for bodily injury and/or death, and not less than \$200,000 against claims

for damage to property of others which may arise from the operation of such vehicles by the Borrower.

Section 18. Changes in Use or User of System. The Borrower represents that (a) no part of the System will be sold, or otherwise disposed of without the prior written consent of the Issuer; (b) it will not permit any use of its System by any person or entity other than itself without the prior written consent of the Issuer; (c) any portion of the System consisting of personal property may be sold in the ordinary course of an established governmental program if (i) the weighted average maturity of the portion of the Loan financing the personal property was not greater than one hundred twenty percent (120%) of the reasonably expected actual use of such personal property by the Borrower, (ii) the Borrower expected at the date of this Agreement that the fair market value of the personal property at the time of disposition would not be greater than twenty-five percent (25%) of its cost and (iii) at the time of disposition, the personal property is no longer suitable for the governmental purpose for which it was acquired.

Section 19. Security Instruments. In order to secure the payment of the principal and interest of the Loan, the President and Secretary of the Borrower are hereby authorized and directed to execute and deliver good and sufficient lien instruments, where necessary, encumbering the properties and assets both real and personal constituting the System, as completed or as the same may be thereafter extended, including an assignment and pledge of revenues and such other instruments as may be prescribed by the Issuer.

Upon the occurrence of an Event of Default, the Issuer or the Trustee on its behalf, as owner of the Loan, may enforce and compel the performance of all duties and obligations of the Borrower as set forth herein. Upon the occurrence of an Event of Default, then, upon the filing of suit by the Trustee or the Issuer, any court having jurisdiction of the action may appoint a receiver to administer the System on behalf of the Borrower, with power to charge and collect rates sufficient to provide for the payment of the principal of and interest on the Loan, and for the payment of operation and maintenance expenses of the System, and to provide and apply the

Section 23. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Issuer is intended to be exclusive, and every such remedy will be cumulative and will be in addition to every other remedy given hereunder and every remedy now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default will impair any such right or power and any such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 24. Waivers. In the event that any agreement contained herein should be breached by either party and thereafter waived by the other party, such waiver will be limited to the particular breach so waived and will not be deemed to waive any other breach hereunder.
