**Supplemental Information Filing**

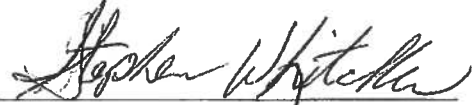

McCreary County Water District ("McCreary District"), by Counsel, hereby files this Supplemental Information Filing as follows:

McCreary District's current filed tariff, eighth revised, sheet 1A includes a customer classification for Riverwoods and rates. McCreary District's current Application in this Case makes no reference to the Riverwoods customer classification and the Notice of Proposed Rate Change does not include rates for Riverwoods.

Water service to the Riverwoods Environmental Center was supposed to be included in a 2008 USDA project completed by McCreary District (designated the Cumberland Falls Project - please see **Case No. 2008-00138**). The Riverwoods portion of the project was to be funded by the proceeds of a \$500,000 Appalachian Regional Commission ("ARC") grant. Accordingly, McCreary District filed an application pursuant to KRS 278.023 (Case No. 2008-00138) and said application included rates for the Riverwoods customer classification. Subsequent to the issuance of the approving Order, the ARC grant was withdrawn. McCreary District filed a Notice of Changes in Project Scope and Financing informing the Commission of the withdrawal of the ARC grant. Accordingly, McCreary District does not currently provide water service to the Riverwoods Environmental Center. McCreary District shall revise its current tariff to delete the Riverwoods customer classification.

**Certification of Supplemental Information Filing**

The undersigned hereby certifies that I have supervised the preparation of the Supplemental Information Filing. This information provided in the Supplemental Information Filing is true and accurate to the best of my knowledge, information, and belief formed after a reasonable inquiry.
