WATER UTILITY REVISING THE)
WHOLESALE WATER RATES)**

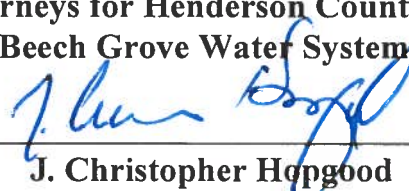

**PETITION FOR REHEARING OF HENDERSON COUNTY WATER DISTRICT
and
BEECH GROVE WATER SYSTEM**

Intervenors, **HENDERSON COUNTY WATER DISTRICT** (“HCWD”) and **BEECH GROVE WATER SYSTEM** (“BGWS”), petition the Commission for rehearing pursuant to KRS 278.400.

Intervenors request clarification on the applicable date for the increased wholesale rate. By order of February 23, 2021, the Commission suspended the rate increase until August 1, 2021. By subsequent order of July 30, 2021, the Commission ordered that the rates not be put into effect until the final order. Intervenors seek clarification as to the effective date of the rate increase. If the effective date is August 1, 2021, then intervenors will need a one-time line item on their next monthly bill to recover the rate increase that accrued from August 1, 2021.
