**RE: Engineering Certification and As-Built Drawings
PSC Order 2021-0087 – CPCN for Water System Improvements**

Dear Ms. Bridwell,

In accordance with PSC Order 2012-0087, please allow this letter to serve as the engineering certification that the newly constructed water system improvements for Meade County Water District have been constructed in accordance with the approved plans and specifications.

Furthermore, the newly installed pipeline and appurtenances have successfully passed the pressure and Bac-t tests, as required by the contract documents, KY Division of Water and Kentucky PSC regulations.

Attached hereto are the as-built drawings of the water system improvements.

Should additional information be needed please give me a call at 502-909-3241 or email at kevin.brian@hdrinc.com.

Sincerely,

HDR Engineering, Inc.

Kevin J. Brian, PE
Sr. Project Manager
