IN THE MATTER OF:

ELECTRONIC PURCHASED WATER	)	
ADJUSTMENT FILING OF SHARPSBURG	)	**CASE NO. 2021-00189**
WATER DISTRICT	)	

MOTION OF SHARPSBURG WATER DISTRICT FOR EXTENSION OF TIME TO FILE A TRADITIONAL RATE ADJUSTMENT APPLICATION

Comes now Sharpsburg Water District, by and through counsel and moves the Commission for an extension of time to file an application for a traditional rate adjustment or an alternative rate adjustment as Ordered by the Commission herein on May 27th, 2021. In support of this Motion Sharpsburg Water District would note the following:

On April 30th, 2021 Sharpsburg Water District filed an Application for Purchased Water Adjustment.

On May 27th, 2021 the Commission entered an Order approving rates for Sharpsburg Water District. Additionally, the Commission ordered Sharpsburg Water District to "file an application for a traditional adjustment in rates or an alternative rate adjustment within one year of the date of this Order." The Commission's basis for requiring an application for rate adjustment is that Sharpsburg Water District's last rate case was in 2010, and Sharpsburg Water District's annual reports for the last five years consistently reflect water loss over 15%.

Sharpsburg Water District requests an extension of time of six months to file the application for rate adjustment. Sharpsburg Water District intends to rely upon its 2021 audit in making the application. As of the filing of this Motion the 2021 audit is not complete. Sharpsburg Water District contacted Kentucky Rural Water Association for assistance in filing the application the week of April 11th, 2022 and Kentucky Rural Water Association estimates that they will need the additional six months.

WHEREFORE, Sharpsburg Water District respectfully requests an extension of time to file the traditional Application for Rate Adjustment of six months from May 27th, 2022.

Dated this 20th day of April, 2022.

Respectfully submitted,
