The level of benefits provided by the companies is instrumental in recruiting and retaining highly qualified employees. The Confidential Information provided is proprietary information that is retained by Duke Energy Kentucky on a "need-to-know" basis. The Confidential Information is distributed within Duke Energy Kentucky only to the Chief Executive Officer, Senior Management and the Board, who must have access for business reasons, and it is generally recognized as confidential and proprietary in the energy industry and in business generally. Specifically, the Confidential Information contains compensation and benefit information for Duke Energy Kentucky employees along with surveys and studies provided by third party vendors and used by Duke Energy Kentucky to determine compensation and benefit offerings, internal presentations regarding compensation and benefit offerings, and invoices from third party vendors.

17. The Kentucky Open Records Act and applicable precedent exempts the Confidential Information from disclosure. *See* KRS 61.878(1)(a); KRS 61.878(1)(c)(1); *Zink v. Department of Workers Claims, Labor Cabinet*, 902 S.W.2d 825 (Ky. App. 1994); *Hoy v. Kentucky Industrial Revitalization Authority*, 907 S.W.2d 766, 768 (Ky. 1995). The Confidential Information includes information regarding job titles and historical compensation amounts for years other than the test year for Duke Energy Kentucky employees. Benefit information is personal and private information and should not be in the public realm. Furthermore, the surveys, studies and presentations used by Duke Energy Kentucky to determine compensation and benefit offerings are highly confidential and subject to proprietary protection of third party vendors. The Commission has previously granted confidential protection to these types of surveys, studies, etc.¹ Additionally, public disclosure of these sensitive documents would unnecessarily provide

interested parties and Duke Energy Kentucky's competitors with access to exclusive information regarding employee compensation. By knowing what Duke Energy Kentucky compensates each of its employees, it would be very easy for other utilities to attempt to poach Duke Energy Kentucky's workforce and management. Such public disclosure could unfairly harm Duke Energy Kentucky's competitive position in the marketplace for utility management and a skilled workforce, to the detriment of Duke Energy Kentucky and its customers. For these reasons, the Confidential Information satisfies both the statutory and common law standards for affording confidential treatment. Indeed, the Commission has already recognized the confidential nature of the Confidential Information and has afforded confidential treatment to similar compensation and wage documents in prior proceedings.²

18. Furthermore, some of the information for which Duke Energy Kentucky is seeking confidential treatment was either developed internally, or acquired on a proprietary basis, by Duke Energy Corporation and Duke Energy Kentucky personnel, is not on file publicly with any public agency, and is not publicly available from any commercial or other source. The aforementioned information is distributed within Duke Energy Kentucky only to those employees who must have access for business reasons, and is generally recognized as confidential and proprietary in the utility industry.

19. Duke Energy Kentucky does not object to limited disclosure of the Confidential Information described herein, pursuant to an acceptable protective agreement entered into with any intervenors with a legitimate interest in reviewing the same for the sole purpose of participating in this case. However, until such time as it is known who is authorized to intervene in this case, Duke Energy Kentucky reserves the right to object to sharing the Confidential

20. In accordance with the provisions of 807 KAR 5:001, Section 13(2)(e), the Company is filing one copy of the Confidential Information separately under seal, and the appropriate number of copies with the Confidential Information redacted.

21. Duke Energy Kentucky respectfully requests that the Confidential Information be withheld from public disclosure for a period of twenty years. This will assure that the Confidential Information – if disclosed after that time – will no longer be commercially sensitive so as to likely impair the interests of the Company if publicly disclosed.

22. To the extent the Confidential Information becomes generally available to the public, whether through filings required by other agencies or otherwise, Duke Energy Kentucky will notify the Commission and have its confidential status removed, pursuant to 807 KAR 5:001 Section 13(10)(a).

WHEREFORE, Duke Energy Kentucky, Inc., respectfully requests that the Commission classify and protect as confidential the specific information described herein.

This 17th day of June, 2021.

REQUEST:

Provide the following expense account data:

- a. Schedules, in comparative form, showing the operating expense account balance for the base period and each of the three most recent calendar years for each account or subaccount included in the utility's annual report. Show the percentage of increase or decrease of each year over the prior year.
- b. A listing, with descriptions, of all activities, initiatives or programs undertaken or continued by the utility since its last general rate case for the purpose of minimizing costs or improving the efficiency of its operations or maintenance activities. Include all quantifiable realized and projected savings.

RESPONSE:

- a. Please see STAFF-DR-01-001(a) Attachment.
- b. Since its last natural gas base rate case filed in 2018, Operation & Maintenance (O&M) costs for Duke Energy Kentucky have remained relatively flat, overcoming the cost of inflation, due to several initiatives the Company has executed on in order to minimize costs to customers.

As discussed in the direct testimony of Brian R. Weisker, Duke Energy Kentucky has aggressively investigated and, where justified, implemented new products, technologies, and work methods to increase our productivity. Duke Energy Kentucky and Ohio participate in the American Gas Association's (AGA) Gas Utility Operations Best Practices Benchmarking Program. In this program, gas distribution companies from the United States and Canada routinely benchmark three to five distribution operations topics each year. Duke Energy Kentucky has implemented process improvements and utilized new technology, materials, and equipment as a result of what it has learned through participating in this program. The Company also participates in the AGA Peer to Peer review program. This voluntary safety initiative is for local natural gas utilities throughout North America. The National AGA Peer Review Program is a peer-to-peer safety and operational practices review program that allows AGA member companies to observe their peers, share leading practices, and identify opportunities to better serve customers and communities.

In addition to the AGA efforts to drive efficiency in operations, Duke Energy Kentucky has implemented two new programs to drive reductions in 3rd party damages, as well as a 3rd new program to drive cost savings and efficiency. The Watch and Protect Program is a two-part program initiated in 2019 that aims to predict and prevent damages by utilizing data analytics of historic damages and their associated 811 tickets. Field inspectors are then tasked with visiting the excavations sites that are calculated to have the highest risk to inform the excavator of the dangers of excavating around a natural gas pipeline and reduce the probability of a damage occurring. The Untonable Program was created in 2019 with a goal to repair tonability to underground assets and confirm the location of these assets before a 3rd party excavation and potential damage occurs. The contractor awarded this work receive a notice of an untonable underground asset directly from our locate contractor and reports to the site to repair tonability as soon as possible. The Soft Close Program is a process implemented in 2020 that allows Duke Energy Kentucky to leave premises on active status when a customer moves out. A remote meter read is obtained to close out an account for final billings, and a remote read is obtained to start service when a customer moves in and calls to establish service. This new process also is valuable to mitigate the surge of seasonal turn-offs that occur during the spring months. Cost savings achieved with the Soft Close Program has helped Duke Energy Kentucky keep total O&M costs flat since the last natural gas base rate case.

PUBLIC STAFF-DR-01-011

REQUEST:

Describe the utility's lobbying activities and provide a schedule showing the name, salary, and job title of each individual whose job function involves lobbying on the local, state, or national level.

RESPONSE:

CONFIDENTIAL PROPRIETARY TRADE SECRET

Duke Energy Business Services (DEBS) employs the following lobbyists registered with the Kentucky Legislative Ethics Commission.

Title	<u>Salary</u>
Senior Government Affairs Specialist	
VP Government Affairs	

Duke Energy Kentucky's gas business is allocated labor expense for these employees based on the amount of time they devote to Duke Energy Kentucky gas-related matters. Duke Energy Kentucky has also retained third party consultants to provide lobbying activities on its behalf.

Any charge related to lobbying activities is recorded to Duke Energy Kentucky's below-the-line expense and therefore is not included in the forecasted test period in this case.

PERSON RESPONSIBLE: Jay P. Brown

STAFF-DR-01-012

REQUEST:

Provide the following information concerning the costs for the preparation of this case:

- a. A detailed schedule of expenses incurred to date for the following categories:
 - 1) Accounting;
 - 2) Engineering;
 - 3) Legal;
 - 4) Consultants; and
 - 5) Other Expenses (Identify separately).
- b. For each category identified in Item 12.a., the schedule should include the date of each transaction, check number or other document reference, the vendor, the hours worked, the rates per hour, amount, a description of the services performed, and the account number in which the expenditure was recorded. Provide copies of contracts or other documentation that support charges incurred in the preparation of this case. Identify any costs incurred for this case that occurred during the base period.
- c. An itemized estimate of the total cost to be incurred for this case. Expenses should be broken down into the same categories as identified in Item 12(a), with an estimate of the hours to be worked and the rates per hour. Include a detailed explanation of how the estimate was determined, along with all supporting workpapers and calculations.

d. Provide monthly updates of the actual costs incurred in conjunction with this rate case, reported in the manner requested in Items 12.a. and 12.b., and a cumulative total of cost incurred to date for each category. Updates will be due when the utility files its monthly financial statements with the Commission, through the month of the public hearing.

RESPONSE:

- a. Please see STAFF-DR-01-012 Attachment 1 (Section A: Expenses incurred to date) for a detailed schedule of actual expenses incurred to date in the categories prescribed in the data request.
- b. Objection to the extent this request includes information that is protected under the doctrine of attorney client privilege. Without waiving said objection, please see STAFF-DR-01-012 Attachment 1 (Section A: Expenses incurred to date) for the requested details of actual rate case expenses incurred to date; STAFF-DR-01-012 Attachment 2 Invoices contains supporting invoice documentation for non-privileged expenses incurred to date; and STAFF-DR-01-012 Attachment 3 contains supporting contracts and letters of engagement. All actual costs incurred to date have occurred during the base period.
- c. STAFF-DR-01-012 Attachment 1 also includes estimated remaining costs to be incurred (Section B: Itemized estimates of total costs to be incurred) with a total estimated cost to be incurred for this case. Estimates for the depreciation study, demolition study and rate of return were based on information received from the expert witnesses. The other expenses were estimated by reviewing the actual expenses incurred in the Company's most recent two rate cases filed with this Commission and applying professional judgement and knowledge of the issues

involved in this case. A comparison of the current case estimate with the actual and estimated expenses of the prior two cases is included in the filing on Schedule F-6.

 Monthly updates of actual costs incurred in conjunction with this rate case will be included along with the monthly financial statements filed with the Commission through the month of the public hearing.

Dear Mr. D'Ascendis:

This letter of agreement is to formalize the retention of Dylan D'Ascendis of ScottMadden, Inc. (ScottMadden), and representatives of ScottMadden (collectively, "ScottMadden") to serve as a testifying expert on behalf of Duke Energy Kentucky, Inc. (Duke Energy Kentucky or the Company) in connection with the above-referenced matter to be filed before the Kentucky Public Service Commission (Commission). The terms of this proposal are as follows:

1. Duke Energy Kentucky, through its Office of General Counsel, is retaining Scott Madden to serve as a consulting expert regarding cost of equity in this matter. The fees and other amounts charged by ScottMadden with respect to this engagement shall be the responsibility of the Company.

2. You will initially serve as a consulting expert only. You will provide us with your opinion regarding the Company's cost of equity and direct issues. We may request opinions on additional issues in the future. You will provide for our review draft written testimony regarding the Company's cost of equity proposed in the matter at any stage of the matter (direct, rebuttal, etc.). Upon the filing of any such pre-filed testimony, you will be considered a testifying expert. As a testifying expert, you will make yourself reasonably available to testify on behalf of the Company in depositions, hearings, trials, and other proceedings as we may require in connection with this matter, and you and your staff may also be required to perform other related services such as responding to data and discovery requests.

Dylan D'Ascendis November 19, 2020 Page 2 of 3

3. You agree to perform services as directed by me or another attorney within the Office of General Counsel of the Company, or by the Company's outside counsel, including, but not limited to:

- a. preparing preliminary estimates of the Company's cost of equity and analyses regarding likely recommendations of opponents under previously provided methodology;
- b. conducting an independent study of the cost of equity capital of Duke Energy Kentucky, Inc.;
- c. preparing written testimony on your cost of equity findings and return on equity recommendation;
- d. responding to data requests;
- e. defending your testimony as required;
- f. evaluating intervener testimony and preparing and defending rebuttal testimony; and,
- g. providing other assistance in connection with the matter within the scope of your area of expertise as requested by the Company's Office of General Counsel or its outside counsel.

You agree to provide services in a professional and timely manner, recognizing that Commission deadlines are involved and that time is of the essence. We will keep you apprised of deadlines and give you as much advance notice as practicable in order to facilitate scheduling and minimize conflicts.

4. The Company will pay you at the hourly rates noted in Attachment A for time spent on this engagement. In addition, the Company will reimburse the direct, out-of-pocket expenses you incur in the course of performing services in connection with this engagement, such as out-of-town travel expenses, copy charges, research costs, and long-distance telephone charges. You agree that your total billings (excluding expenses) for the development of your cost of equity study and direct testimony will not exceed \$42,500.

5. As a testifying expert, it is understood that documents you send, receive, and generate may become discoverable in litigation, including drafts and notes prepared prior to the time that your opinion, report or pre-filed testimony is finalized. You therefore agree to preserve any written materials (including e-mails) that are sent, received or generated in connection with this engagement.

Dylan D'Ascendis November 19, 2020 Page 3 of 3

6. You acknowledge and agree that all information (whether printed, electronic, oral or otherwise) that you and your staff send, generate, and receive in the course of this engagement shall be confidential, and shall not be disclosed to any third party without the express consent of the Company's Office of General Counsel or its outside counsel. You and your staff will use such confidential information solely in connection with this engagement, and for no other purpose. In addition, you and your staff will keep the fact of your retention in this engagement confidential until you are formally designated as a testifying expert or the Company's Office of General Counsel or its outside counsel otherwise authorize you to disclose the fact that you have been retained.

7. You may also be receiving certain confidential documents produced in discovery in this matter. If a protective order is entered governing the use of such documents, you agree that you and your staff will abide by its terms.

8. The Company may terminate this engagement at any time by providing you with written notice of termination, in which event you will be paid for amounts owed through the date of termination. Because of the importance of your service to the Company in relation to this matter, if you are designated as a testifying expert, you may terminate this engagement only for good cause, after giving the Company at least thirty (30) days prior written notice of such cause and the opportunity to cure any default that may exist. The confidentiality provisions of this agreement survive any termination hereof.

9. ScottMadden will act as an independent contractor. ScottMadden's compensation is not contingent in any way upon its conclusions.

To accept this proposal, please execute this letter where indicated below and email a scan to me. Please do not hesitate to contact me if you have any questions or if there are any further issues we need to discuss.

Again, I appreciate your interest in this matter and look forward to working with you.

REQUEST:

Provide the amount of excess deferred federal income taxes resulting from the reductions in the corporate tax rate in 1986 and 2018, as of the end of the most recent calendar year. Show the amounts associated with each reduction separately.

RESPONSE:

The total amount of all federal excess deferred taxes is \$31.5 million at 12/31/2020 which includes all federal tax rate changes. We maintain our protected deferred taxes in PowerTax. PowerTax maintains one record for each asset that shows the total book vs. tax timing difference and the associated deferred taxes for that one record. Each time a federal tax rate change occurs the balance of deferred taxes for that record is updated to the new balance including the total amount of the excess deferred taxes. Each individual tax rate change is not stored separately on this record. Therefore, we do not maintain a balance of excess deferred taxes distinguished by the year of the tax rate change.

REQUEST:

Concerning the utility's construction projects:

- a. For each project started during the last five calendar years, provide the information requested in the format contained in Section I1. For each project, include the amount of any cost variance and delay encountered, and explain in detail the reasons for such variances and delays.
- b. Using the data included in Schedule I1, calculate the annual "Slippage Factor" associated with those construction projects. The Slippage Factor should be calculated as shown in Schedule I2.
- c. In determining the capital additions reflected in the base period and forecasted test period, explain whether the utility recognized a Slippage Factor.

RESPONSE:

- a. Please see STAFF-DR-01-025(a) Attachment for requested data associated with projects started during the last five calendar years (*i.e.*, projects started in 2016 and forward). Please note that the Company does not maintain annual budgets at the detailed project level.
- b. Please see STAFF-DR-01-025(b) Attachment. The slippage factor is calculated by comparing actual annual capital spend to budgeted annual capital spend for the gas operations of Duke Energy Kentucky, regardless of the year the project started.

c. Duke Energy Kentucky did not recognize a Slippage Factor for capital additions in either the base period or forecasted test period. As noted in response to question
(b) in this discovery question, the Slippage Factor would have resulted in Duke Energy Kentucky increasing its forecasted plant in service included in rate base by 44%. Duke Energy Kentucky intends that the dollars budgeted for capital construction projects will be spent in the year budgeted.

PERSON RESPONSIBLE: Abby L. Motsinger – a., b. Jay P. Brown – c.

REQUEST:

Describe in detail how the base period capitalization rate was determined. If different rates were used for specific expenses (i.e., payroll, clearing accounts, depreciation, etc.), indicate the rate and how it was determined. Indicate all proposed changes to the capitalization rate and how the changes were determined.

RESPONSE:

For the actual months (September 2020 through February 2021) during the base period, labor is charged directly to expense or capital as deemed appropriate at that time. Any labor loadings (e.g., payroll taxes, clearing accounts, depreciation, etc.) on the direct labor cost is allocated to capital or expense based on the same proportion as the direct labor.

For the forecasted months (March 2021 through August 2021) of the base period, labor is budgeted directly to expense or capital as was deemed appropriate at the time the budget was developed (summer/fall 2020). Any labor loadings (e.g., payroll taxes, clearing accounts, depreciation, etc.) on the direct labor cost is allocated to capital or expense based on the same proportion as the direct labor.

The Company does not anticipate any changes to the capitalization rate.

Duke Energy Kentucky Case No. 2021-00190 STAFF First Set Data Requests Date Received: May 28, 2021

STAFF-DR-01-029

REQUEST:

Provide the utility's long-term construction planning program.

RESPONSE:

Planning for future construction projects is the end product of a process of study and analysis through which Duke Energy Kentucky assures itself that it will provide a safe, economical, and reliable system to meet its present and future delivery obligations.

As discussed in the direct testimony of company witness Brian Weisker, blanket projects consist of customer growth projects, equipment replacement projects, government mandated projects, and capital expenditures associated with capital tools and building upgrades. Customer growth projects involve new main installations related to general growth in Duke Energy Kentucky's customer load. Prior-period customer and load growth is used to estimate how much incremental infrastructure will be required in future periods. Government mandated projects consist of street improvement projects and other construction projects Duke Energy Kentucky is required to undertake by permit.

Duke Energy Kentucky develops the blanket capital expenditure budget for these projects through a qualitative and quantitative review of historical data. The Company uses historical average installation footage and determines whether any unusual factors existed during any year. The Company then prepares a five-year future look. Duke Energy Kentucky uses specific cost projections related to a particular project, to the extent that such information is available. For example, government entities notify the Company about many street improvement projects well in advance, and we prepare the capital budget for these items by incorporating the projected cost for the known parameters of these projects. Specific projects are larger projects that Duke Energy Kentucky can identify in advance which are needed to maintain the integrity of the system, strengthen infrastructure to meet design-day requirements, or are initiated by governmental entities for public improvements. Integrity projects consist of casing projects, corrosion control and general transmission, and distribution integrity projects required to maintain a safe pipeline system. These projects are driven by prior-period O&M work done to inspect the system for safety and reliability. System infrastructure projects are projected by computer modeling when areas of the distribution system have deficient minimum pressure levels. Duke Energy Kentucky budgets for specific projects based on engineering cost estimating methods for labor and material costs, based on the known scope for each project. The costs are generated by historical costing data based on past projects and adjusting to current resource and material trends.

Provide a copy of the utility's most recent depreciation study. If no such study exists, provide a copy of the utility's most recent depreciation schedule. The schedule should include a list of all facilities by account number, service life and accrual rate for each plant item, the methodology that supports the schedule, and the date the schedule was last updated.

RESPONSE:

Please see the depreciation study included as part of the testimony of John J. Spanos filed with this application. The Company is not proposing any changes to current depreciation rates approved in Case No. 2018-00261.

REQUEST:

For each of the following Accounting Standards Codification (ASC), provide the information listed concerning implementation of the utility.

- a. ASC 410-20, "Asset Retirement Obligations."
 - (1) The effect on the financial statements.
 - (2) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.
- A schedule comparing the depreciation rates utilized by the utility prior to and after the adoption of ASC 410-20. The schedule should identify the assets corresponding to the affected depreciation rates.
- c. ASC 715-20, "Defined Benefit Plans General."
 - (1) The effect on the financial statements.
 - (2) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.

RESPONSE:

- a. ASC 410-20:
 - (1) ASC 410-20 addresses accounting for Asset Retirement Obligations (AROs). In accordance with this accounting guidance, upon identification and valuation of an ARO, a liability and associated capitalized asset retirement cost are recorded. The liability is accreted over the periods remaining until expected

settlement of the obligation, and the asset retirement cost is depreciated over the expected remaining life of the related plant assets. Depreciation and accretion are deferred in accordance with ASC 980-10. At March 31, 2021, Duke Energy Kentucky has recorded \$9,033,213 in asset retirement obligations and \$2,230,461 of asset retirement costs, net of accumulated depreciation (balances do not include electric utility). As ARO liabilities are settled, the spend is also deferred in accordance with ASC 980-10.

- (2) The base period and forecasted test period do not include the ARO Asset balances as these amounts are removed as "adjustments" as shown on Schedule B-2.2 and Schedule B 3.1 which rolls into the total "adjustments" as shown on Schedule B-2 and Schedule B-3. There is no income statement impact in the base period or forecasted test period resulting from Duke Energy Kentucky's accounting per ASC 410-20 Asset Retirement Obligations.
- b. Depreciation of the assets associated with the recording of Asset Retirement Obligations is straight-line based on the expected remaining life of the related plant assets. Prior to implementation of ASC 410-20 there would not have been depreciation rates established for such assets as these are specifically identified with the Asset Retirement Obligation and the plant asset(s) associated with the ARO. The following summarizes the assets resulting from the AROs recorded at the gas utility (does not include electric utility) in compliance with ASC 410-20 and includes the gross asset balances at March 31, 2021 and the current annual depreciation rates:
 - Gas Mains: \$4,139,652; 1.91%

• Telecommunication tower lease (common obligation to remove Dukeowned assets at conclusion of lease): \$226,897; -3.37%

Depreciation expense for these AROs has been deferred as addressed in response a.2 above.

- c. ASC 715-20:
 - ASC 715-20 (Defined Benefit Plans General) addresses the content and organization of annual disclosures about defined benefit pension plans and other post-retirement benefits as well as disclosures required for interim-period financial reports.
 - (2) ASC 715-20 (Defined Benefit Plans General) does not impact amounts recorded in either the base or forecasted test periods.

PERSON RESPONSIBLE: Jake J. Stewart

STAFF-DR-01-033

REQUEST:

Provide a complete description of the financial reporting and ratemaking treatment of the utility's pension costs.

RESPONSE:

Duke Energy Kentucky participates in qualified and non-qualified defined benefit retirement plans (Pension) and other post-retirement benefit plans (OPEB) sponsored by Duke Energy Corporation (Duke Energy). The following primary authoritative accounting guidance for Pensions and OPEB is codified as part of the Accounting Standards Codification (ASC) that relates to Compensation – Retirement Benefits (ASC Topic 715):

ASC Subtopic Name	ASC Topic-Subtopic
Retirement Benefits – Defined Benefit Plans - General	715-20
Retirement Benefits – Defined Benefit Plans – Pension	715-30
Retirement Benefits – Defined Benefit Plans – Other	715-60
Postretirement	

Duke Energy's Pension and OPEB costs are calculated by the company's third-party actuary, Willis Towers Watson (WTW). Duke Energy determines the assumptions to be used by WTW to calculate Pension/OPEB plan obligations and costs based upon a range of assumptions presented by WTW. Upon consummation of the merger with Duke Energy in 2006, Cinergy's benefit plan obligations were re-measured. However, push-down accounting did not apply to Duke Energy Kentucky. As a result, Pension and OPEB costs are calculated on a pre-purchase accounting basis. Duke Energy Kentucky Pension and OPEB costs and obligations are allocated to Duke Energy Kentucky by Duke Energy. A

portion of Duke Energy Kentucky's Pension and OPEB service cost is capitalized as a component of property, plant and equipment. All other components of Pension and OPEB cost are expensed. Additionally, Duke Energy Kentucky is allocated its proportionate share of Pension and OPEB costs for employees of Duke Energy's shared services affiliate that provides support to Duke Energy Kentucky.

In applying the provisions of ASC 715, Duke Energy is required to recognize the funded status of a benefit plan, measured as the difference between the fair value of plan assets and the benefit obligation, in its statement of financial position. Duke Energy remeasures its Pension and OPEB plan assets and obligations annually on December 31. For a pension plan, the benefit obligation is the projected benefit obligation (PBO). For an OPEB plan, the benefit obligation is the accumulated post-retirement benefit obligation (APBO). Actuarial gains or losses (represent the effect of differences between actuarial assumptions and actual experience) and prior service costs or credits (effect of plan amendments) that arise during the period as a result of re-measurement, represent costs that are probable of future recovery, and are reflected in regulatory assets and/or regulatory liabilities in the statement of financial position. Regulatory assets and/or regulatory liabilities are recognized in the following three categories: qualified pension plans, nonqualified pension plans and OPEB plans. Duke Energy elects to amortize actuarial gains or losses in excess of the corridor of 10 percent of the greater of the market-related value of plan assets or plan projected benefit obligation into Pension and OPEB cost over the average remaining service period of active covered employees. If all or almost all of a plan's participants are inactive, the average remaining life expectancy of the plan's participants is used instead of their average remaining service period. Prior service cost or credit is amortized over the average remaining service period of active covered employees.

If all or almost all of a plan's participants are inactive, the average remaining life expectancy of the plan's participants is used instead of their average remaining service period.

Provide detailed descriptions of all early retirement plans or other staff reduction programs the utility has offered or intends to offer its employees during either the base period of the forecasted test period. Include all cost-benefit analyses associated with these programs.

RESPONSE:

While the Company seeks continuous improvement to address evolving business needs, the Company does not anticipate early retirement or staff reduction programs at this time for the forecasted test year. As businesses need to meet O&M targets, there are some tools under which employees have left or are leaving under during the base period, however none of those employees leaving were in the Duke Energy Kentucky payroll company. I. INTRODUCTION

The purpose of the Duke Energy Severance Plan (the "DESP") is to provide severance benefits to Eligible Employees of Duke Energy Corporation and its participating affiliates, including Piedmont Natural Gas Company, Inc. ("Piedmont Natural Gas") (individually and collectively, the "Company"). The DESP provides a lump sum severance payment, certain continued health benefits and outplacement assistance (collectively, "DESP Benefits") to Eligible Employees who separate under the DESP.

This document is a Summary Plan Description for the DESP as in effect on November 1, 2016 that describes the eligibility criteria and DESP Benefits available to Eligible Employees who are separated from employment with the Company and its affiliates under circumstances in which the provision of severance benefits is appropriate, as determined by the Company, in its sole discretion. The eligibility criteria for any voluntary window offered under the DESP, as well as the DESP Benefits available to Eligible Employees who request and are approved for separation under any such voluntary window, will be described in a separate Summary Plan Description.

You must read each provision of this Summary Plan Description as a part of the whole summary. A single statement, read out of context, may be misleading. The DESP is intended to be a "welfare plan" subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is effective as of November 1, 2016.

II. ELIGIBILITY

A. Eligibility Criteria

You are an Eligible Employee for purposes of the DESP only if you are an active employee of the Company and the Company, in its sole discretion, designates you as an Eligible Employee. The Company may designate you as an Eligible Employee in such circumstances as the Company, in its sole discretion, determines make the provision of severance benefits appropriate.

You will <u>not</u> be an Eligible Employee if any of the following applies to you: (i) you are employed in a position governed by a collective bargaining agreement; (ii) you are in temporary, seasonal or fixed-term employment status; (iii) you are an executive officer of the Company; (iv) you are eligible for severance protection under another active severance plan or agreement sponsored by Duke Energy Corporation ("Duke Energy") or a Duke Energy affiliate including, but not limited to, the Piedmont Natural Gas Company, Inc. Severance Plan; (v) you are not designated as an Eligible Employee by the Company or (vi) you are selected for and accept a position with the Company after being designated as an Eligible Employee, but prior to your Release Date, as determined by the Company, in its sole discretion.

B. Requirements for Receiving DESP Benefits

If you are designated as an Eligible Employee you will be eligible to receive DESP Benefits only if each of the following applies to you:

- you separate from employment in accordance with the terms of the DESP on the Release Date (as defined below) established by the Company for you;
- you sign and do not revoke a waiver of claims against the Company and certain others which becomes effective and irrevocable no later than 53 days following the date you receive such waiver; and
- you meet all other requirements of the DESP.

You will not be eligible to receive DESP Benefits if (i) you voluntarily separate from employment prior to your Release Date, as determined by the Company, in its sole discretion; (ii) your employment is terminated for cause, as determined by the Company, in its sole discretion, prior to your Release Date;

(iii) you are removed from service prior to your Release Date and subsequently terminated for cause, as determined by the Company, in its sole discretion; (iv) you separate and become entitled to severance benefits pursuant to another severance plan or agreement sponsored by Duke Energy or its affiliates, as determined by the Company, in its sole discretion; or (v) you are selected for and accept a position with the Company after being designated as an Eligible Employee, but prior to your Release Date, as determined by the Company, in its sole discretion.

C. Release Date

Your "Release Date" is the date on which you must separate from employment with Duke Energy and its affiliates in order to receive DESP Benefits. Release Dates will be designated by the Company, in its sole discretion, and generally will be no later than 12 months following the date of the notification informing you that you have been designated as an Eligible Employee under the Plan.

III. DESP BENEFITS

As described in more detail below, DESP Benefits include a lump sum severance payment, certain continued health benefits and outplacement assistance.

A. Severance Payment

If you are designated as an Eligible Employee and separate under the DESP in accordance with the terms of the DESP, you will receive a Severance Payment ("Severance Payment") as described below.

1. Formula

The Severance Payment is calculated as of your Release Date in accordance with the following formula:

• two weeks of your Annual Base Pay for each Year of Service (including partial Years of Service).

Your Severance Payment will not be less than 12 weeks of your Annual Base Pay and will not be more than 52 weeks of your Annual Base Pay.

2. Payment

If you separate under the DESP in accordance with the terms of the DESP, you will receive the Severance Payment in the form of a lump sum via check following your Release Date as follows:

- if your Release Date occurs on or before October 31 of a calendar year, you will receive the lump sum payment within 21 calendar days after your waiver becomes effective and irrevocable; and
- if your Release Date occurs after October 31 of a calendar year, you will receive the lump sum payment within 21 calendar days after the later of (i) January 1 of the immediately following calendar year, or (ii) the date that your waiver becomes effective and irrevocable (but no later than 53 days following the date you receive such waiver).

Your Severance Payment is subject to all applicable state and Federal tax withholdings, as well as any other deductions required by law, such as those made in order to comply with any court or administratively ordered wage garnishments.

3. Definitions

For purposes of calculating the amount of the Severance Payment,

"Annual Base Pay" means the following:

- if you are an Eligible Employee paid on a salaried basis, your annual base pay as in effect on your Release Date, excluding any allowances, premiums, bonuses, overtime, benefits or other forms or types of compensation; and
- if you are an Eligible Employee paid on an hourly basis, your hourly base rate of pay as in effect on your Release Date, excluding any allowances, premiums, bonuses, overtime, benefits or other forms of types of compensation, multiplied by (A) 2080 if you are a fulltime employee as of your Release Date, as determined by the Company, in its sole discretion or (B) if you are a part-time employee as of your Release Date, as determined by the Company, in its sole discretion, the number of hours you were scheduled to work during the 12-month period ending on your Release Date (which number of hours will be annualized if such period of employment is less than 12 months).

"Year of Service" means the following:

- if you were employed by Duke Energy and its affiliates immediately prior to the merger of Duke Energy and Piedmont Natural Gas contemplated by the Agreement and Plan of Merger dated as of October 24, 2015 (the "Merger"), or you were hired following the Merger by a Company that was affiliated with Duke Energy immediately prior to the Merger, your period of employment with Duke Energy and its affiliates (including the Company) beginning on your most recent date of hire with the Company, or adjusted service date, if earlier, and ending on your Release Date, calculated to the nearest number of full months, divided by 12 and rounded up to the nearest full year (i.e., partial Years of Service are recognized for purposes of the DESP), all as determined in accordance with uniform procedures prescribed by the Company, in its sole discretion, which procedures will be interpreted to avoid duplicative counting of service and will exclude any service with Piedmont Natural Gas and its affiliates before the Merger; and
- if you were employed by Piedmont Natural Gas and its affiliates immediately prior to the Merger, or you were hired following the Merger by a Company that was affiliated with Piedmont Natural Gas immediately prior to the Merger, your period of employment with Piedmont Natural Gas and its affiliates prior to the Merger and with Duke Energy and its affiliates (including the Company) on and after the Merger, beginning on your most recent date of hire with Piedmont Natural Gas and its affiliates, or adjusted service date, if earlier, and ending on your Release Date, calculated to the nearest number of full months, divided by 12 and rounded up to the nearest full year (i.e., partial Years of Service are recognized for purposes of the DESP), all as determined in accordance with uniform procedures prescribed by the Company, in its sole discretion, which procedures will be interpreted to avoid duplicative counting of service and will exclude any service with Duke Energy and its affiliates before the Merger.

If you previously received severance benefits under another severance benefits plan of Duke Energy or any of its affiliates, you will have your "Years of Service" determined beginning with your most recent date of rehire with the Company.

4. An Example – Severance Payment

Here is a closer look at how the Severance Payment will be calculated. Assume you are an Eligible Employee, your Annual Base Pay is \$70,000 and you have 22 Years of Service.

5.	Final Severance Payment (greater of lines 3 or 4, but not higher than 52 weeks of Annual Base Pay)	\$59,230.60
4.	Minimum Severance Payment (\$1,346.15 x 12)	\$16,153.80
3.	Formula benefit for Years of Service 22 x 2 = 44 weeks x \$1,346.15	\$59,230.60
2.	One week of Annual Base Pay (\$70,000/52 weeks)	\$1,346.15
1.	Annual Base Pay	\$70,000

In this example, your Severance Payment is \$59,230.60. You would receive a lump sum payment equal to \$59,230.60 (less taxes and other withholdings) following your Release Date as described above.

B. Medical, Dental and Vision Benefits

If you are designated as an Eligible Employee and you separate under the DESP in accordance with the terms of the DESP, continued medical, dental and/or vision coverage under the Company-sponsored medical, dental and/or vision plan in which you are enrolled on your Release Date, as applicable, will be provided during the 6-month period following the termination of your active coverage (the "COBRA Subsidy Period") pursuant to the Federal law known as COBRA for you and your eligible dependents covered on your Release Date at no premium cost to you if you satisfy the following requirements:

you are enrolled in the medical, dental and/or vision plan coverage, as applicable, on your Release Date; and

you elect to continue such coverage following the termination of your active coverage in accordance with COBRA.

For these purposes, your eligible dependents are determined in accordance with the terms and provisions of the medical, dental and/or vision plan in which you are enrolled, as applicable. You and your eligible dependents are eligible for COBRA coverage only under the health care plans in which you and your eligible dependents are enrolled on your Release Date.

If you make any changes to your COBRA coverage during the COBRA Subsidy Period during annual enrollment or as a result of a work/life event for which changes are permitted, modified COBRA coverage will be provided at no premium cost to you for the remainder of the COBRA Subsidy Period.

If you are designated as an Eligible Employee and you die before your Release Date, and your eligible dependents enrolled in Company-sponsored medical dental and/or vision coverage at the time of your death elect to continue such coverage following your death under COBRA, COBRA coverage will be provided at no premium cost to your eligible dependents for the COBRA Subsidy Period. If you are receiving Company-provided COBRA coverage under the DESP and you die prior to the expiration of the COBRA Subsidy Period, COBRA coverage will be provided to your eligible dependents covered at the time of your death at no premium cost for the remainder of the COBRA Subsidy Period. You or your eligible dependents will be responsible for paying the applicable premium or portion thereof for any COBRA coverage continued after the expiration of the COBRA Subsidy Period, as the Company will not pay any portion of the premium cost for such period.

C. Outplacement Assistance

If you are designated as an Eligible Employee and you separate under the DESP in accordance with the terms of the DESP, the Company will provide you with up to 6 months of outplacement assistance through a vendor selected by Duke Energy, in accordance with its policies in effect from time to time.

D. Special Rehire Severance Payment

If you previously separated and received severance benefits under a severance plan or agreement sponsored by Duke Energy, Piedmont Natural Gas or their affiliates, but you were later rehired by Duke Energy, Piedmont Natural Gas or their affiliates and repaid all or a portion of those severance benefits, and you separate under the DESP in accordance with the terms of the DESP, you may be eligible to receive an additional rehire severance payment (the "Rehire Severance Payment"). The Rehire Severance Payment is in addition to the Severance Payment provided for under the DESP. If you believe that you are eligible for a Rehire Severance Payment, you may contact the Plan Administrator for additional information, including details regarding the amount and payment of the Rehire Severance Payment.

E. Maximums

The sum of your Severance Payment and any Rehire Severance Payment will not be more than 2 times the amount set forth in Box 5 of your Form W-2 for the year immediately preceding the year in which your Release Date occurs (which amount will be annualized if you did not work a full year in the prior year).

IV. OTHER CONSIDERATIONS

A. Other Plans

If you separate under the DESP in accordance with the terms of the DESP, you will be treated as having been involuntarily terminated without cause solely for purposes of determining your rights to a payment under any annual incentive plan sponsored by the Company or its affiliates in which you are participating during the year in which your Release Date occurs.

B. Reemployment and Contingent Worker Assignments

Separation from employment and receipt of benefits under the DESP does not preclude your subsequent rehire. However, Duke Energy, the Company and their affiliates generally will not rehire anyone who separates under the DESP for 12 months after their Release Date. You do not have any right to reemployment or any preferential rights for rehire. Employees who separate under a Company-sponsored severance program, including the DESP, generally are not eligible for staff augmentation contingent worker assignments to the Company for 12 months following their separation from employment.

C. Tax Information

Your Severance Payment and any Rehire Severance Payment are taxable to you as ordinary income. This document is only a summary. It is not intended to be a complete description of the tax consequences of the DESP. You are urged to consult with your personal tax advisor before making any decisions. The Company will withhold from any payment of DESP Benefits such Federal and state tax withholdings and other deductions reasonably determined to be required by law, such as those made in order to comply with any court or administratively ordered garnishments from certain DESP Benefits. A limited number of executives could be subject to a 6-month delay in the payment of their Severance Payment and any Rehire Severance Payment to comply with the Internal Revenue Code.

D. Employment Issues

The DESP does not constitute inducement or consideration for the employment of any employee, nor is it a contract between any employee and Duke Energy, the Company or their affiliates. The DESP does not give any employee the right to continued employment. Duke Energy, the Company and their affiliates have the right to hire and terminate any employee at any time, with or without cause, as if the DESP had never been established. The DESP does not provide Eligible Employees with any right not expressly granted by its provisions, and does not provide any benefit without the execution of the waiver and release(s) required in Section II(B).

Situations That Can Affect Your DESP Benefits

Some situations could cause a loss or delay of your DESP Benefits.

The DESP is designed to provide DESP Benefits to Eligible Employees. Some situations could affect DESP Benefits. These situations include the following:

- Eligibility for the Rehire Severance Payment described in Section III(D) is conditioned on your satisfying the eligibility requirements for the Rehire Severance Payment described in that Section. If you do not satisfy the eligibility requirements, you will not be eligible for the Rehire Severance Payment.
- Eligibility for DESP Benefits is subject to strict deadlines. If you do not meet the deadlines, you will not be eligible for DESP Benefits.

- If you voluntarily separate from employment prior to your Release Date, you will not be eligible for DESP Benefits.

- If you are designated as an Eligible Employee under the DESP but are removed from service prior to your Release Date and subsequently terminated for cause, as determined by the Company in its sole discretion, you will not be eligible for DESP Benefits.
- If you separate and become entitled to severance benefits pursuant to another severance plan or agreement sponsored or agreed to by the Company or its affiliates, as determined by the Company, in its sole discretion, you will not be eligible to receive DESP Benefits.
- If you are selected for and accept a position with the Company after being designated as an Eligible Employee, but prior to your Release Date, as determined by the Company, in its sole discretion, you will not be eligible to receive DESP Benefits.

Claim Review Process

The DESP has a claim review process that is followed whenever you submit a claim for DESP Benefits.

Initial Decision

When you file a claim, Duke Energy Human Resources reviews the claim and makes a decision to either approve or deny the claim (in whole or in part). You will receive a written notice of the claim decision within a reasonable period of time - generally not later than 90 days after receipt of your claim. In some situations, Duke Energy Human Resources may need an extension of time to make a decision (for example, if it needs additional information). If special circumstances require an extension, the period to make a decision may be extended for an additional 90 days. You'll be notified of the extension within the initial 90-day period following receipt of your claim.

If Your Claim is Denied

If your request or claim is denied, in whole or in part, you will receive a written notice that explains:

- the specific reasons for the denial;
- the DESP provisions on which the denial is based;
- a description of any additional material or information needed and an explanation of why it is necessary; and
- an explanation of the DESP's claim review procedures, applicable time limits and your rights to bring a civil action under Section 502(a) of ERISA following a denial on review.

Request for Review if Your Claim is Denied

After receiving the notice, you, your beneficiary, or your legal representative may ask for a full and fair review of the decision by writing to the Claims Committee. You must make this request within 60 days of the date you receive notice of the denied claim. During the 60-day period, you or your authorized representative will be given reasonable access to all documents and information related to the claim, and you may request copies free of charge. You also can submit written comments, documents, records, and other information to the Claims Committee.

Final Decision

The Claims Committee or its delegate then will review the claim and make a decision based on all comments, documents, records, and other information you've submitted. You'll receive the Claims Committee's final decision within a reasonable period of time - generally not later than 60 days after the Claims Committee receives your request for review. If necessary, the period may be extended for an additional 60 days.

If your request on review is denied, in whole or in part, you will receive a written notice that explains:

- the specific reasons for the denial;
- the DESP provisions on which the denial is based;
- a statement that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of, documents, records, and other information relating to your claim; and
- a statement of your right to bring a civil action under Section 502(a) of ERISA.

Legal Action

You have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the outcome of the claims review process. You may not initiate a legal action against the DESP, Duke Energy, the Company, affiliates of Duke Energy or the Company, the Benefits Committee or the Claims Committee until you have completed the claims review process. No legal action may be brought more than 1 year following a denial of an appeal brought in accordance with the DESP's claims procedures. If a civil action is not filed within this period, your claim will be deemed permanently waived and abandoned, and you will be precluded from reasserting it.

Discretionary Authority

Authority to decide initial claims under the DESP and denied claims on review under the DESP includes the full power and discretion to interpret DESP provisions and to make factual determinations, with the decisions, interpretations and factual determinations made by the Claims Committee controlling. Requests for information regarding individual claims, or review of a denied claim, are to be directed in writing and properly addressed to the particular entity identified as having the authority to decide the initial claim or to decide the denied claim on review, as applicable.

Your Rights Under ERISA

As a participant in the DESP, you are entitled to certain rights and protections under ERISA, which are listed below:

Receive Information About Your Plan and Benefits

As a participant in the DESP, you have the right to:

- Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites, all documents governing the DESP and a copy of the latest annual report (Form 5500 Series) filed by the DESP with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the Plan Administrator, copies of documents governing the DESP and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for DESP participants, ERISA imposes duties upon the people who are responsible for the operation of the DESP. The people who operate the DESP, called "fiduciaries" of the DESP, have a duty to do so prudently and in the interest of you and other DESP participants and beneficiaries. No one, including Duke Energy, the Company or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a benefit or exercising your rights under ERISA.

Claim Review

If your claim for DESP Benefits is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial -- all within certain time schedules. For more information on claim review, see the "Claim Review Process" section above.

Enforce Your Rights

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of DESP documents or the latest annual report from the DESP and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for DESP Benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court once you have completed the claims review process.

If you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court.

The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees -- for example, if it finds your claim is frivolous.

Assistance With Your Questions

If you have any questions about the DESP, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, 200 Constitution Avenue N.W., Washington, D.C. 20210.

You also may obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Legal Documents as Final Authority

Although this summary plan description describes the principal features of the DESP that are generally applicable, it is only a summary. The complete provisions of the DESP are set forth in the legal plan document, which is available upon request by contacting the Duke HR Control Center during regular office hours. Descriptions of DESP Benefits should not be taken out of context. Inquiries about specific situations should be directed in writing to Duke Energy Human Resources. In the event of a conflict between this summary plan description or any other communication regarding the DESP and the plan document, the plan document controls. Remember, the DESP may be amended only by proper corporate action and not by oral or written communications about benefits under the DESP.

Performance Transition Program (PTP) Overview

As part of our workforce planning and performance management efforts, the Company is now offering a program designed to address poor performers and provide an option to exit a poorly performing employee in lieu of placing the employee on a formal Performance Improvement Plan (PIP).

This Management Toolkit provides an overview of the process to help facilitate the potential application of the PTP, understand the appropriate use of the PTP and determine employee eligibility.

With approval by the responsible Executive Leadership Team member and the business unit HR Business Partner Director, management may offer a choice to an employee with documented poor performance to either exit the Company under the PTP or to pursue a PIP, under the following conditions:

- 1. The employee has documented poor performance, including but not limited to: an overall rating of Partially Meets Expectations/Needs Improvement or lower on his or her most recent mid-year or annual performance appraisal; or
- 2. The employee has not yet had a performance appraisal and has demonstrated serious performance deficiencies; or
- 3. The employee has met expectations on his or her most recent performance appraisal but whose performance has deteoriated rapidly, or successfully completed a PIP in the past but demonstrated a subsequent decline in performance; AND
- 4. Management has concerns that the employee may not be successful on a Performance Improvement Plan or has identified other factors supporting a decision to offer the employee an alternative to a PIP.

Employees generally will not be offered a choice when they are subject to termination for misconduct, including but not limited to, theft, harassment, violations of Company policy, or other similar misconduct, or when they have failed to successfully complete a PIP within the previous twelve months.

Employees who choose to separate under the PTP in lieu of a PIP will be eligible for a transition payment, health care supplement, and outplacement services as described below, if they meet certain requirements, including separating from employment when designated by management, and signing and not revoking a waiver and release of claims acceptable to the Company. Those benefits are:

- 1. Transition payment provided as a lump sum payment equivalent to the amount of 12 weeks of the employee's regular base pay, and
- 2. Health care supplement provided as a lump sum payment equivalent to the premium cost of three months of COBRA continuation coverage under the Duke Energy sponsored medical, dental and/or vision coverage, if any, in which the employee and his or her eligible dependents are enrolled as of the last day of the Transition Period, plus a tax gross up based on applicable rates as determined by the Company in its sole discretion.
- 3. Six (6) months of outplacement services through a vendor selected by the Company in accordance with the Company's policies in effect from time to time as of his or her separation from Duke Energy.

When management has obtained appropriate approvals to offer this alternative, the employee should be provided with the "PIP With PTP Option" template included in this Toolkit instead of the PIP standard template.

PTP Process

The following describes the process to pursue this option:

Steps	Description	Objectives
1	Gather Information	 Identify employees that are not performing in accordance with previously communicated expectations Gather and review documentation relating to the employee's poor performance, including prior performance appraisals.
2	Decide whether to offer PIP with PTP Option and seek approvals.	 Determine (i) the likelihood of success on a PIP and (ii) risk to the Company if the PTP is not offered. Decide whether to seek approval to offer the PTP Option. Obtain required approvals.
3	Meet with employee to offer the Performance Transition Program	Offer the PTP Option to the employee using the standard script provided below.
4	Implement the PIP (if chosen by employee) or separate under PTP	 Employee selects between PIP or PTP Option If PIP selected, employee continues under terms of the PIP If a PTP is selected, the employee terminates under the PTP provisions

Manager Script for 1-on-1 Meeting w/ Employee to Offer Proposed PIP with PTP Option

This script should be used to offer poor performers the choice between continuing their employment under the terms of a PIP, or separating from employment under the PTP Option. The completed form should be returned to your HR Business Partner.

- Thank you for taking the time to meet with me today.
- Over the past several months, there has been a decline in your performance and I'd like to discuss with you how we can address this. (Add specific examples of poor performance here.)
- When there are performance concerns, the Company typically offers the employee a Performance Improvement plan or PIP. The PIP is a tool to assist an employee with improving and sustaining personal performance to a satisfactory level in areas that are critical to meeting the demands of his/her position.
- A PIP is a joint effort involving a written understanding between an employee and a supervisor/manager regarding specific ways to improve less than satisfactory performance in a specific time period.
- In this case, we would place you on a PIP for 90 days.
- The PIP is not corrective action; however, your failure to adhere to the expectations outlined in the PIP may result in corrective action up to and including discharge.
- Upon successful completion of a PIP, you are expected to sustain a level of satisfactory performance for 12 months or you could be removed from your position pending an investigation.
- At times, the Company also may offer a second option to consider if you do not feel that you will be successful in the PIP program. The second option would involve your separation from the Company under a Performance Transition Program in lieu of a PIP.
- The PTP Program offers an opportunity for a transition payment, health care supplement, and outplacement services if all program requirements are met.
 - The Transition payment would be provided as a lump sum payment equivalent to the amount of 12 weeks of your regular base pay, and
 - The health care supplement would be a second payment equivalent to (ii) three (3) months of the cost of medical/dental/vision coverage under COBRA for you and your covered dependents, based on your existing coverage as of your release date which amount will be grossed up for taxes based on applicable rates as determined by the Company in its sole discretion.
 - The PTP Program also offers six (6) months of outplacement services through a vendor selected by the Company in accordance with the Company's policies in effect from time to time.

- To participate in the PTP Program in lieu of a PIP, you would be required to separate from your employment when released, and sign and not revoke a Waiver and Release of Claims against the Company.
- (Provide the employee with a copy of the completed PIP document and PTP Program Overview here).
- This is an important decision, and I understand if you need more time to think it over. Let's plan to reconvene in a few days so that we can agree on a decision and discuss next steps.
- Manager/Supervisor to take the action item to schedule the follow up discussion.

RETIREMENT TRANSITION PROGRAM (RTP)

Purpose and Overview

As part of our workforce planning efforts, the Company is seeking to identify employees with critical skills or knowledge who are eligible to retire (i.e., more than 55 years old with at least 10 years of service) to address the potential risk of losing their critical skills or knowledge. In many instances, knowledge transfer plan(s) are incomplete or clear successors may not be identified or known for those employees.

The Retirement Transition Program (RTP) is an optional retention program designed to retain, for a specified period of time, certain employees with critical skills to ensure knowledge transfer in an orderly manner before retirement. It also provides the Company with the ability to have clarity around an employee's retirement date for planning purposes. The RTP is not a severance program, but is designed to be management-initiated, although participation in the RTP is based on mutual agreement between management and the employee.

This Management Toolkit provides an overview of the process to help facilitate the identification and review of employees with critical skills or knowledge and also help managers with planning for the future. "Retirement-eligible" refers to an employee who is at least 55 years old with 10 years of service. "Critical skills" generally refers to those skills essential for continued operations and not replaceable without significant notice or transition time. Additional detail is provided on the "Definitions" page of this Toolkit.

Phase	Description	Objective
1	Identify risk of losing retirement-eligible employees with critical skills via manager script for a 1-on-1 meeting or through use of a survey.	Determine critical skilled employees' intent and timing for retirement. The same information is designed to be obtained regardless of whether the employee takes the survey or the manager meets with them one-on-one.
2	Gather additional information from employees identified in Phase 1 performing a critical role using a manager script.	Gather more specific information from employees performing critical roles who have shared an intent to retire, and begin discussing a knowledge transfer plan. Determine if knowledge transfer plan can be implemented through business-as-usual or if employee's retirement plans creates a business risk.
3	Obtain approvals and conduct a follow- up meeting with the employee to present options if knowledge transfer plan is not yet developed and/or no clear successor is identified (<i>e.g.</i> ,	Obtain approvals (by the business unit Senior Management Committee member and HRBP Director), and meet with employee to present options for retaining the employee.

Program Phases

	cannot	transition business-as-usual).		
--	--------	--------------------------------	--	--

It is important to note that although there are three potential phases in the RTP process, situations may vary and it may not be necessary to go through all three phases. For example, if the business decides not to do the survey in Phase 1, and they have already identified their retirement eligible employees performing critical roles, then they may go straight to Phase 2 to gather more detailed information before determining whether to utilize the RTP for certain employees.

Phase 1 and 2 are only for gathering information to help in management discussion with the HR Business Partner to determine next steps. This will ensure consistent administration of the RTP and allow time for necessary approvals prior to presenting any RTP options as described in Phase 3.

Prior to embarking on Phase 3 of the RTP process, managers should work with their HR Business Partner to determine if their employee would be eligible for possible transition benefits or reduced schedule with premium pay. Eligibility for the RTP must be approved by the business unit Senior Management Committee member and HRBP Director.

In situations where the RTP option is presented to a designated employee, the HRBP should provide the relevant information to the ER Control Center (Cathy Edwards or her designee) for purposes of tracking and administration. Updated information should be provided to the ER Control Center once the employee declines or accepts the RTP option. This will permit us to track and report RTP letter agreements and signed waivers, and ensure timely administration of payments and other benefits.

Program Options

There are two options within the RTP. Eligible employees who meet all program requirements have the opportunity to either receive transition benefits upon retirement, or to participate in a reduced work schedule with premium pay and a separation bonus, as described below.

Option 1: Transition Benefits

- 1. <u>Transition Payments</u>. The Transition Payments will consist of the following:
 - a. <u>Transition Bonus</u>. The amount of the Transition Bonus depends on the length of time the employee remains employed with the Company (called the "Transition Period") under the terms of the RTP Program. The Transition Bonus will be (i) equal the sum of two weeks of regular base pay for each full month of the Transition Period, but never less than 6 weeks, or more than 48 weeks, of the employee's final rate of regular base pay, and (ii) provided as a lump sum payment.
 - b. <u>Health Care Supplement</u>. The Health Care Supplement will be (i) equal to the premium cost of six months of COBRA continuation coverage under the Duke Energy sponsored medical, dental and/or vision coverage, if any, in which the employee and his or her eligible dependents are enrolled as of the last day of the Transition Period, plus a tax gross up based on applicable rates, as determined by the Company, in its sole discretion, and (ii) provided as a lump sum payment.

2. <u>Outplacement</u>. The Company will make outplacement services available to eligible employees for a period of up to six months through a vendor selected by the Company, in accordance with our policies in effect from time to time (including the Duke Energy Corporation Section 409A Payment Policy).

3. <u>Conditions to Payment.</u> To earn the RTP Program benefits, eligible employees must remain employed and in good standing with us through the end of the Transition Period, and sign and not revoke a valid Waiver and Release of Claims as required by the Company.

Option 2: Reduced Work Schedule

1. <u>Premium Pay</u>: During the time an eligible employee remains employed in a reduced work schedule under the RTP, the employee will receive his or her regular base wages/ salary reduced proportionately based on their reduced hours, plus a "Salary Premium" equivalent to 50% of their newly calculated regular base wages/ salary.

The work schedule will be determined by mutual agreement between the eligible employee and his or her manager. Hours worked on a weekly basis will be tracked by the employee and monitored by the manager to ensure the work schedule is consistent with the reduced schedule. For example, the employee and manager may agree that in certain weeks the employee may work more hours than the schedule provides, as long as the employee reduces hours worked in a subsequent week.

- 2. <u>Separation Bonus</u>. In addition, eligible employees on a reduced work schedule who meet all program requirements will receive a Separation Bonus, in the form of a lump cash payment equal to the premium cost of six months of COBRA continuation coverage under the Duke Energy sponsored medical, dental and/or vision coverage, if any, in which the employee and his or her eligible dependents are enrolled as of the last day of the Transition Period, plus a tax gross up based on applicable rates, as determined by the Company, in its sole discretion, provided as a lump sum payment
- 3. <u>Outplacement</u>. In addition to the opportunity to earn the Separation Bonus, the Company will make outplacement services available to eligible employees for a period of up to six months through a vendor selected by the Company, in accordance with our policies in effect as from time to time (including the Duke Energy Corporation Section 409A Payment Policy).
- 4. <u>Conditions to Payment</u>. To earn the RTP Program benefits, eligible employees must remain employed and in good standing with us through the end of the Transition Period, and sign and not revoke a valid Waiver and Release of Claims as required by the Company.

General Provisions

1. <u>Approvals Required.</u> Eligibility must be approved by the Senior Management Committee member and business unit HRBP Director. The RTP is management initiated, but based on mutual agreement regarding the employee's participation in the program, the transition period and the retirement date.

2. <u>Relationship to other Benefits</u>. The benefits of RTP participants will be determined based on their compensation and work schedule as in effect from time to time under the terms of the applicable plans. For example, employees participating in the reduced schedule option under the RTP will be treated as part-time employees. The annual base salary of an employee on a reduced work schedule will be his or her regular base wages/salary in effect immediately prior to the commencement of the reduced work schedule, reduced proportionately based on his or her reduced hours (i.e., if his or her hours are reduced by 50%, his or her regular base wages/salary will be reduced by 50%) for purposes of determining his or her benefits under the Company's benefit plans and programs, including, but not limited to, the Company's life, accidental death & dismemberment, business travel accident and long-term disability insurance plans. Any unused, accrued vacation provided to a RTP participant who participated in the reduced schedule option under the RTP upon separation in accordance with the RTP will be based on the RTP participant's annual base salary in effect immediately prior to the commencement of the Transition Period.

The 401(k) and pension benefits of RTP participants will be determined pursuant to the applicable plan documents based on the amount of compensation the RTP participants actually receive, and neither the Transition Payments, Salary Premium nor Separation Bonus, as applicable, will be considered eligible or credited compensation, and, therefore, these items will not be taken into consideration when determining benefits under the 401(k) and pension plans. Solely for purposes determining their rights under the annual incentive plan and/or any outstanding equity awards, upon separation in accordance with the RTP, RTP participants will be treated as having been separated without cause.

- 3. Changes in Employment.
 - (i) If Employment Ends During the Transition Period. If the employment of an eligible employee with the Company ends before the end of the Transition Period due to voluntary resignation or involuntary termination by the Company with cause, RTP Program benefits will not be provided. If, however, the Company terminates the employee involuntarily without cause or due to changing business conditions, the employee will be eligible to receive severance benefits under the Company's applicable severance plan in lieu of any RTP benefits.
 - (ii) If an Authorized Leave is Taken During the Transition Period. Eligible employees remain eligible to earn the RTP Program benefits in case of an authorized FMLA leave or authorized short term disability leave during the Transition Period. In case of a non-FMLA short-term disability leave, however, the Company may determine that the Transition Period should either be ended early or extended upon return to work. In case of any other leave of absence, except as may otherwise be required by law, RTP Program benefits will not be provided.
 - (iii) <u>If an RTP Participant Obtains Another Internal Position.</u> If a RTP participant accepts another internal position with the Company before separating in accordance with the RTP, Program benefits will not be provided.
- 4. <u>Timing of Payment; No Severance Benefits Available</u>. If eligible employees meet the conditions for earning the Transition Payments or the Separation Bonus, as described above, the applicable payment(s) (less applicable taxes) will be provided in a cash

payment(s) as soon as administratively practicable (not more than 60 days) after termination of employment. Please note that if payment of the Transition Payments or Separation Bonus are/is received, the employee will not be considered eligible for any benefits under any applicable severance plan that otherwise covers the employee.

PHASE 2: Management Script for Meeting to Gather Information from Retirement Eligible Employees with Critical Skills

This script is used to gather specific information from retirement-eligible employees who have been identified as having critical skills and knowledge for purposes of workforce planning and to evaluate potential eligibility for the RTP.

Background

As part of our workforce planning efforts, the Company is seeking to identify employees with critical skills or knowledge who are eligible to retire. Some of these employees do not have clear successors, and also may not have plans in place to ensure knowledge transfer in an orderly manner before they leave.

This script should be used to meet with retirement eligible employees who have been identified as having critical skills and knowledge (e.g., essential for continued operations and not replaceable without significant notice). The objectives of the meeting are to:

- (1) Help facilitate discussion in order to allow efficient knowledge transfer and/or the advancement of highly engaged employees;
- (2) Gain a better understanding of an employee's retirement intentions
- (3) Assist in determining potential eligibility for the Retirement Transition Program (RTP)

Introduction

Use the information below as talking points during the meeting with your employee.

- As part of our workforce planning efforts, the Company is seeking to identify employees with critical skills or unique knowledge who are eligible to retire. Some of these employees don't have a clear successor and we're concerned about the impact of ineffective knowledge transfer if we have to endure a sudden retirement.
- You have been identified as having critical skills and being eligible to retire.

(Manager can add more details here about the nature of those critical skills as appropriate.)

- I value your contributions and would like your input in our workforce planning process. The goal here is to identify options for effective knowledge transfer for certain employees like yourself that may be planning to leave the Company.
- I was hoping you could share with me what your current thinking is around your future here at Duke.
 - Let's talk about your critical skills and how you think we may need to approach knowledge transfer.
 - Can you provide me with additional details on your employment status within the next two years? (If the employee has critical knowledge but not likely to retire within next 2

years, no Retirement Transition Program (RTP) is offered, consider the development of a knowledge transfer plan)

 If you do not anticipate changes in your employment status at this time, would you be willing to provide us with notice if you do decide to make a change and, if so, how much?

Based on the answers to the questions above, consider whether there is time to capture knowledge and transfer skills with a business as usual approach, or whether eligibility might be appropriate for the Retirement Transition Program (e.g. transition payment, reduced work schedule, etc.). Refer to table below.

Potential additional talking points may include:

- If retirement likely in the next six months
 - □ Would you consider staying longer to complete knowledge transfer?
 - Would you want to consider a reduced work schedule to transition into retirement?
 - □ Let's discuss developing a knowledge transfer plan.
- Retirement likely in the next 12 months
 - □ Would you want to consider a reduced work schedule to transition into retirement?
 - □ Let's discuss developing a knowledge transfer plan.
- Retirement likely in the next 24 months
 - □ Would you want to consider a reduced work schedule to transition into retirement?
 - □ Let's discuss developing a knowledge transfer plan

Do you think there is anything else I need to know in planning for the future of this work that you perform?

I would like to thank you for being candid with me about your career intentions. This has been very helpful as we continue to work on our workforce planning.

RTP FORMS

PHASE 3: Management Script for Meeting with Employees Eligible for the RTP

Background

Prior to any offers or discussions with the Employee, approval of eligibility for the RTP should be obtained from the Senior Management Committee (SMC) member or designee and HRBP Director.

Use this script to discuss the Retirement Transition Program if you have an employee identified as having critical skills or knowledge who is planning to leave relatively shortly and needs to be retained for purposes of knowledge transfer, which cannot be handled in a business-as-usual manner.

During this conversation, be prepared to present the employee with the following documents:

- 1. Retirement Transition Program (RTP) Overview
- 2. RTP Letter Agreement- for either a Transition Benefits or Reduced Schedule Option
- 3. Sample of the Waiver and Release Form

The employee **must** voluntarily agree to sign and return the Letter Agreement in order to enter the RTP Program. The Waiver and Release form should not be signed until after the employee's release date if the employee wants to participate.

Introduction

Use the information below as talking points during the meeting with your employee.

- As you know from our prior discussions, you have been identified as having critical skills and knowledge and you have indicated an intent to retire in the relatively near future. (Manager can add more details here about the nature of those critical skills as appropriate.)
- I'd like for you to consider whether you are willing to work with me on an agreement to transfer your knowledge before you retire.
- Toward that end, I would like to discuss the Retirement Transition Program options with you
 and offer you the opportunity to participate in this program. This is a voluntary program that
 offers two options to choose from: (1) Transition Benefits at the end of employment; or (2)
 Reduced Work Schedule with Premium Pay and Separation Bonus. Under both options,
 we would agree on a firm retirement date so we will have certainty around the timing of your
 transition.
- I'm giving you an **RTP Letter Agreement** for you to review and consider. If you are interested in participating in the RTP, please sign and return the Letter Agreement to me. I'm sure you will need time to read and think about this, so let's plan to meet again in a few days to continue this discussion.

- Let me emphasize that participation in the RTP is voluntary, and based on mutual agreement.
- I appreciate your consideration of the RTP option, and I look forward to working through these issues with you.
- If you have any questions, please let me know or feel free to contact our HR Business Partner.

Retirement Transition Program (RTP) Overview

The Retirement Transition Program (RTP) is a voluntary program designed to facilitate business continuity and work transition when employees designated by management as having critical skills plan to leave the Company without a clear successor or existing knowledge transfer plan.

Eligible employees who decide to voluntarily participate and meet all program requirements have the opportunity to either receive transition benefits, or to participate in a reduced work schedule with premium pay and a separation bonus, as described below.

Option 1: Transition Benefits

- 1. <u>Transition Payments</u>. The Transition Payments will include of the following:
 - a. <u>Transition Bonus</u>. The amount of the Transition Bonus depends on the length of time the employee remains employed with the Company (called the "Transition Period") under the terms of the RTP Program. The Transition Bonus will be (i) equal the sum of two weeks of regular base pay for each full month of the Transition Period, but never less than 6 weeks, or more than 48 weeks, of the employee's final rate of regular base pay, and (ii) provided as a lump sum payment.
 - b. <u>Health Care Supplement</u>. The Health Care Supplement will be (i) equal to the premium cost of six months of COBRA continuation coverage under the Duke Energy sponsored medical, dental and/or vision coverage, if any, in which the employee and his or her eligible dependents are enrolled as of the last day of the Transition Period, plus a tax gross up based on applicable rates, as determined by the Company, in its sole discretion, and (ii) provided as a lump sum payment.
- 2. <u>Outplacement</u>. The Company will make outplacement services available to eligible employees for a period of up to six months through a vendor selected by the Company, in accordance with our policies in effect from time to time (including the Duke Energy Corporation Section 409A Payment Policy).
- 3. <u>Conditions to Payment.</u> To earn the RTP Program benefits, eligible employees must remain employed and in good standing with us through the end of the Transition Period, and sign and not revoke a valid Waiver and Release of Claims as required by the Company.

Option 2: Reduced Work Schedule

1. <u>Premium Pay</u>. During the time an eligible employee remains employed in a reduced work schedule under the RTP, the employee will receive his or her regular base wages/ salary reduced proportionately based on their reduced hours, plus a "Salary Premium" equivalent to 50% of their newly calculated regular base wages/ salary.

The work schedule will be determined by mutual agreement between the eligible employee and his or her manager. Hours worked on a weekly basis will be tracked and monitored to ensure the work schedule is consistent with the reduced schedule. For example, the employee and manager may agree that in certain weeks the employee may work more hours than the schedule provides, as long as the employee reduces hours worked in a subsequent week.

- 2. <u>Separation Bonus</u>. In addition, eligible employees on a reduced work schedule who meet all program requirements will receive a Separation Bonus, in the form of a lump cash payment equal to the premium cost of six months of COBRA continuation coverage under the Duke Energy sponsored medical, dental and/or vision coverage, if any, in which the employee and his or her eligible dependents are enrolled as of the last day of the Transition Period, plus a tax gross up based on applicable rates, as determined by the Company, in its sole discretion.
- 3. <u>Outplacement</u>. In addition to the opportunity to earn the Separation Bonus, the Company will make outplacement services available to eligible employees for a period of up to six months through a vendor selected by the Company, in accordance with our policies as in effect from time to time (including the Duke Energy Corporation Section 409A Payment Policy).
- 4. <u>Conditions to Payment</u>. To earn the RTP Program benefits, eligible employees must remain employed and in good standing with us through the end of the Transition Period, and sign and not revoke a valid Waiver and Release of Claims as required by the Company.

General Provisions

1. <u>Relationship to other Benefits</u>. The benefits of RTP participants will be determined based on their compensation and work schedule as in effect from time to time under the terms of the Company's applicable plans. For example, employees participating in the reduced schedule option under the RTP will be treated as part-time employees. The annual base salary of an employee on a reduced work schedule will be his or her regular base wages/salary in effect immediately prior to the commencement of the reduced work schedule, reduced proportionately based on his or her reduced hours (i.e., if his or her hours are reduced by 50%, his or her regular base wages/salary will be reduced by 50%) for purposes of determining his or her benefits under the Company's benefit plans and programs, including, but not limited to, the Company's life, accidental death & dismemberment, business travel accident and long-term disability insurance plans. Any unused, accrued vacation provided to a RTP participant who participated in the reduced schedule option under the RTP upon separation in accordance with the RTP will be based on the RTP participant's annual base salary in effect immediately prior to the commencement of the reduced schedule option under the RTP upon separation in accordance with the RTP will be based on the RTP participant's annual base salary in effect immediately prior to the commencement of the Transition Period.

The 401(k) and pension benefits of RTP participants will be determined pursuant to the applicable plan documents based on the amount of compensation the RTP participants actually receive, and neither the Transition Payments, Salary Premium nor Separation Bonus, as applicable, will be considered eligible or credited compensation, and, therefore, these items will not be taken into consideration when determining benefits under the 401(k) and pension plans. Solely for purposes determining their rights under the annual incentive plan and/or any outstanding equity awards, upon separation in accordance with the RTP, RTP participants will be treated as having been separated without cause.

- 2. <u>Changes in Employment.</u> If the employment of an eligible employee with the Company ends before the end of the Transition Period due to voluntary resignation or involuntary termination by the Company with cause, RTP Program benefits will not be provided. Similarly, if a RTP participant accepts another position with the Company before separating in accordance with the RTP, RTP Program benefits will not be provided. If, however, the Company terminates the employee involuntarily without cause or due to changing business conditions, the employee will be eligible to receive severance benefits under the Company's applicable severance plan in lieu of RTP benefits. Eligible employees remain eligible to earn the RTP Program benefits in case of an authorized FMLA leave or authorized short term disability leave during the Transition Period. In case of a non-FMLA short-term disability leave, however, the Company may determine that the Transition Period should either be ended early or extended upon return to work. In case of any other leave of absence, except as may otherwise be required by law, RTP Program benefits will not be provided.
- 3. <u>Timing of Payment; No Severance Benefits</u>. If eligible employees meet the conditions for earning the Transition Payments or Separation Bonus, as described above, the applicable payment(s) (less applicable taxes) will be provided in a cash payment(s) as soon as administratively practicable (not more than 60 days) after termination of employment. Please note that payment of the Transition Benefits or Separation Bonus will be in lieu of and, the employee will not be considered eligible for any benefits under any applicable severance plan that otherwise covers the employee.

EXHIBIT B: OTHER TERMS AND CONDITIONS

1. <u>General</u>. The contingent rights set forth in this letter agreement (the "Agreement") are not transferable otherwise than by will or the laws of descent and distribution. Nothing in this Agreement shall restrict our right to terminate your employment at any time with or without cause. The terms of this Agreement shall be binding upon and inure to the benefit of us and our successors and assigns, and to you and your beneficiaries, executors, administrators, heirs and successors. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions of this Agreement.

2. <u>Choice of Law.</u> Except to the extent pre-empted by federal law, this Agreement and your rights under it shall be construed and determined in accordance with the laws of the State of North Carolina.

3. <u>Entire Agreement.</u> This Agreement contains the entire agreement and understanding of the parties with respect to the subject matter contained in this Agreement, and supersedes all prior communications, representations and negotiations in respect thereto. This Agreement may be executed in counterparts. We shall have final authority to interpret and construe this Agreement and to make any and all determinations under it, and our decision shall be binding and conclusive upon you and your legal representative in respect of any questions arising under this Agreement. No change, modification or waiver of any provision of this Agreement shall be valid unless the same is in writing and signed by the parties.

If any payments or other benefits due to you under the Agreement would cause the application of an accelerated or additional tax under Section 409A, the payments or other benefits will be deferred if deferral will make such payment or other benefits compliant under Section 409A, or otherwise such payment or other benefits will be restructured, to the extent possible, in a manner that does not cause such an accelerated or additional tax and result in a material additional cost to us. Notwithstanding anything to the contrary in the Agreement, to the extent required to avoid accelerated taxation and additional taxes under Section 409A, amounts that would otherwise be payable and benefits that would otherwise be provided under this Agreement that (i) are subject to the requirements of Section 409A, (ii) are payable due to your "separation from service" with us within the meaning of Section 409A and (iii) are otherwise payable during the six (6) month period immediately following your separation from service shall instead be paid (without interest) on the first payroll date that is at least six months after your separation from service (or your death, if earlier). We make no representations or warranties that the payments provided under the Agreement comply with, or are exempt from, Section 409A, and in no event shall we be liable for any portion of any taxes, penalties, interest, or other expenses that may be incurred by you on account of non-compliance with Section 409A.

AGREEMENT

Between the

Utility Workers Union of America, AFL-CIO, Local 600

and

Duke Energy Ohio, Inc. Duke Energy Kentucky, Inc.

THIS AGREEMENT is entered into between the Utility Workers Union of America, AFL-CIO, Local 600, formerly the Independent Utilities Union, hereinafter referred to as the "Union," and Duke Energy Ohio, Inc., Duke Energy Kentucky, Inc., hereinafter referred to as the "Company," through and by their duly authorized representatives.

WITNESSETH: Whereas, the parties to the Agreement as are mentioned above are desirous of maintaining collective bargaining between the Employer and its Employees, as are represented by the Union as bargaining agent, and are desirous of stabilizing employment, eliminating strikes, lockouts, curtailment of employment, and the peaceful settlement of all employer and employee disputes, and of making an honest effort to improve the conditions of both the employer and the employees.

WHEREAS, it is deemed desirable and necessary that definite operations and practices between the Company and the employees of the Company represented by the Union be formally set forth and described, with a desire that uniformity of working conditions exist between the aforementioned Companies and such employees.

WHEREAS, the Company and the Union recognize that in order for the parties to meet the challenge of competition, the need for long term prosperity and growth, and establish employment security, each must be committed to a cooperative labor management relationship that extends from the bargaining unit members to the executive employees. The Company and the Union agree that employees at all levels of the Company must be involved in the decision making process and provide their input, commitment, and cooperation to improving productivity and helping the Company become the lowest cost producer and highest quality provider of energy service.

NOW, THEREFORE, the Company and the Union do hereby agree to the following terms and conditions, to-wit:

ARTICLE I

<u>Section 1</u>. (a) The Company hereby recognizes the Union during the term of this A-14 Agreement as the sole and exclusive representative of all regular full-time and part-time employees of the occupational classifications in the units defined as "The Office, Clerical and Technical Unit" and "The Residual Unit," as described in the Order issued by the National Labor Relations Board dated August 12, 1944 and amended by the National Labor Relations Board Order dated February 24, 1967. The units so defined shall retain jurisdiction over such work as was normally performed by them prior to this Agreement but such jurisdiction shall not be expanded except by mutual agreement of the parties hereto or through due processes under the National Labor Relations Act.

(b) The Company recognizes the Union as the sole bargaining agent of the units contained in the preceding paragraph for the purpose of collective bargaining with respect to rates of pay, wages, hours of employment, or other conditions of employment, and the Company agrees to attempt to adjust any and all disputes, and any other matters, arising out of or pursuant to this Agreement, with the Union.

(c) This Agreement shall be final and binding upon the successors, assignees or transferees of the Union and the corporate entity of the Company.

<u>Section 2</u>. (a) The Company agrees not to interfere, restrain, coerce, or discriminate against any of the members of the Union, because of their membership in the Union, or because of their activity as a member or officer of the Union. Should reasonable proof of any such interference, restraining, coercion or discrimination by any person in a supervisory capacity against a member of the Union be shown to the Company by the Union, the Company agrees to take immediate corrective action in connection with such complaint. It is further agreed that no member shall be discharged because of his or her service, or lawful activity as a member of the Union, nor will the Company at any time attempt to discourage membership in the Union.

(b) There shall be no discrimination, interference, restraint or coercion by the Company or the Union or their agents against any employee because of race, color, religion, sex, disability, national origin or ancestry or for any other reason. References to the masculine gender are intended to be construed to also include the feminine gender wherever they appear throughout the Agreement.

(c) The Union recognizes that the management of the Company, the direction of <u>A-9</u> the working forces, the determination of the number of people it will employ or retain in each classification, and the right to hire, suspend, discharge, discipline, promote, demote or transfer, and to release employees because of lack of work or for other proper and legitimate reasons are vested in and reserved to the Company.

(d) The above rights of Management are not all-inclusive, but indicate the type of matters or rights which belong to and are inherent to Management. Any of the rights, powers, and authority the Company had prior to entering this Agreement are retained by the Company, except as expressly and specifically abridged, delegated, granted or

modified by this Agreement.

(e) The foregoing two paragraphs do not alter the employee's right of adjusting grievances as provided for in Article VII, Section 1 of this Agreement.

Section 3. Respecting the subject of "Union Security," the parties mutually agree as follows:

(a) All regular employees in the bargaining unit represented by the Union shall be required as a condition of their continued employment to maintain their membership in the Union in good standing on and after the thirty-first (31st) day following the employee's date of hire. The Union shall notify the Company's Labor Relations Department of any members who are not in good standing as determined by the Union. For the purposes of this provision, "membership in good standing" shall mean being a full member or a core fee payer of the Union.

(b) The Union agrees that neither it nor any of its officers or members will intimidate or coerce any of the employees of the Company to join or become members of the Union, nor will said Union or any of its officers or members unfairly deprive any employee within the bargaining unit represented by the Union of union membership or of any opportunity to obtain union membership if said employee so desires. In this connection the Company agrees that it will not discriminate against any employee on account of activities or decisions in connection with the Union, except as the same may become necessary on the part of the Company to carry out its obligations to the Union under this Agreement.

(c) If a dispute arises as to the actual union status of any employee, at any time, as to whether or not the employee has been unfairly deprived of or denied union membership, the dispute shall be subject to arbitration, in accordance with the arbitration provisions of Article VII of this Agreement.

(d) The Company shall provide the Union with time to discuss with new employees the Union and the existence of the collective bargaining agreement. The Company will provide new employees with electronic and/or paper access to the collective bargaining agreement, along with the Union's "Membership Application" and the "Payroll Deduction Authorization" cards for Union dues or core fees, so that enrollment will be effective 31 days after being hired.

(e) Except for those employees mentioned in subsection (d) of this section and subject to all state and federal laws, all employees who are not members of the Union shall be required, as a condition of their continued employment, to pay to the Union the applicable core fees representing the percentage of the Union's expenses that are for representational and other legally chargeable activities.

(f) The Union agrees that any present or future employee who is now or may become a member of the Union may withdraw from membership in the Union by giving notice in writing to the Labor Relations Department of the Company and to the Union. However, the Union will not impose restrictions, which are prohibited by law, on employees who wish to withdraw from Union membership. After such withdrawal, an employee shall not be required to rejoin the Union as a condition of continued employment. Any such employee will remain obliged to pay the applicable core fees.

(g) The Company agrees to dismiss any employee represented by the Union, at the written request of the Union, for nonpayment of union dues or core fees or to discipline employees represented by the Union in the manner herein provided for violation of this Agreement, if requested to do so, in writing, by the Union. Nothing in this clause, however, shall be construed so as to require the Company to dismiss or discipline any employee in violation of any state or federal law.

(h) The Company agrees, after receiving proper individual authorizations by means of written individual assignments in a form mutually agreeable to both parties, to deduct Union dues or core fees and initiation fees from employees' pay. This deduction shall be made a mutually agreed upon number of times each year and shall be forwarded to the Treasurer of the Union.

(i) The Union agrees that in the event of any strike, work stoppage, slowdown, picketing or any other interference to the work or the operations of the Company by any individual employee or group of employees in the bargaining unit represented by the Union this section of the Agreement is then and there and by reason thereof automatically canceled and of no further force and effect; provided, however, that the Company shall upon the presentation of proof satisfactory to the Company, within ten days thereafter, that the Union did not directly or indirectly authorize, permit, endorse, aid or abet said strike, work stoppage, slowdown, picketing or interference referred to, reinstate this section of the Agreement, which section, if reinstated will, from and after the date of reinstatement, be of the same validity, force and effect as if it had not been canceled. In this connection, it is the expressed intention of the parties that for the purpose of making this cancellation provision effective without affecting the other sections of the Agreement, this Agreement is to be considered a severable agreement. Should the automatic cancellation of this section occur, it is the intention and agreement of the parties that all other sections and provisions of the Agreement remain in full force and effect as therein The Company agrees that it will not deliberately arrange or incite such provided. interference to the work or operations of the Company as are referred to in this section.

<u>Section 4</u>. The Company agrees that it will not attempt to hold the Union financially responsible or institute legal proceedings against the Union because of a strike, slowdown or work stoppage not authorized, abetted or condoned by the Union. The Union agrees that, in the event of an unauthorized work stoppage, it will in good faith and without delay exert itself to bring the work stoppage to a quick termination and insist that the employee(s) involved cease their unauthorized activities. To that end, the Union will promptly take whatever affirmative action is necessary. Furthermore, the Union agrees that any employee or employees who agitate, encourage, abet, lead or engage in such a strike, work stoppage, slowdown or other interference with the operations of the Company shall be subject to such disciplinary action as the Company may deem suitable, including discharge, without recourse to any other provision or provisions of the

Agreement now in effect.

ARTICLE II

<u>Section 1</u>. The Company agrees to designate and authorize a representative or representatives to meet with The General Board of the Union. It is agreed that these meetings shall be held quarterly, at a time mutually agreed upon, and at any other time upon the written request of either party to this Agreement. These meetings will be held within seven days after such request is made.

<u>Section 2</u>. The Company agrees to meet and confer with any special committee of the Union, duly appointed by the President to administer any activity relating to the welfare of the members of the Union.

ARTICLE III

<u>Section 1</u>. (a) This Agreement and the provisions thereof, shall become effective April 15, 2015 and shall continue in full force and effect until April 1, 2019, and from year-to-year thereafter unless changed by the parties.

(b) Either of the parties hereto desiring to change any section or sections of this Agreement and/or to terminate this Agreement shall notify the other party in writing of the desired changes at least 60 days prior to April 1, 2019 or any subsequent anniversary date. During this 60-day period, conferences shall be held by and between the parties hereto, with a view to arriving at a further Agreement, and in all events this Agreement shall remain in full force and effect during the period of negotiations.

(c) In the event agreement is reached on or before April 1, the 2015 – 2019 Agreement will be extended for a mutually agreed number of calendar days. The Union shall have one-half of the mutually agreed number of calendar days immediately following the date an agreement is reached in which to submit the Agreement to its membership for ratification and in case of failure to ratify, in order that the Company shall have the remaining one-half of the mutually agreed number of calendar days as notice before a strike or work stoppage commences. Providing the mutually satisfactory Agreement is ratified by the membership within the first one-half of the mutually agreed number of days following the date an agreement is reached, such Agreement will be made retroactive to the 1st day of April and any agreed upon wage adjustments will be made retroactive to the 1st day of April.

<u>Section 2</u>. It is agreed that this Agreement may be amended or added to at any time by the written consent of both parties hereto.

ARTICLE IV

<u>Section 1</u>. The Company agrees to do nothing to encourage an employee to bargain individually.

<u>Section 2</u>. The Company agrees that if a matter rightfully termed a Union activity is referred by an employee to his or her representative or delegate, and this is taken up with the supervisor or any one qualified or authorized to act for the Company, such Company representative shall not initiate, negotiate, or discuss this question with the employee without affording the representative or delegate of the division an opportunity to be present.

Section 3. Departmental supervisory personnel will notify the departmental union delegate when a significant change or condition affecting that department or a work group within that department is contemplated by the management of the particular department. Upon written request by the departmental union delegate or the President of the Union, a meeting shall be arranged between the Company and the Union to discuss such changes. When major organizational changes affecting personnel in various departments are contemplated, the Company agrees to notify the Union President, in writing, at least 14 calendar days in advance of the change, and, upon written request by the President of the Union, a meeting shall be arranged between the Company and the Union to discuss such changes.

<u>Section 4</u>. Copies of bulletins issued by the Company concerning working conditions for any division or department represented by the Union, shall be forwarded to the General Board of the Union.

ARTICLE V

Section 1. The principle of seniority is recognized by the Company. There shall be two types of seniority defined as follows:

- 1. System service shall be based upon the length of time an employee has been continuously employed by the Company, and shall be the governing factor in establishing vacation dates.
- 2. Classified seniority shall be the length of time worked by an employee on a specific classified job.

It shall be considered a break in system service and seniority when an employee has been off the Company payroll, except when an employee has:

(1) Been laid off because of lack of work and has not, at any time during the period of layoff or during a period not to exceed three years from the date of layoff, refused to return to work for the Company in a capacity formerly held or comparable to the capacity formerly held, by the employee. However, actual time away will be deducted from the employee's system service.

- (2) Been granted a leave of absence for good cause by consent of the Company, without loss of system service and seniority rights, providing the employees are available whenever necessary for the Company's medical examinations during the leave of absence. However, the employees will receive vacation in accordance with the second paragraph of Article IX, Section 5. Requests for leave of absence and consent hereto shall be in writing.
- (3) Entered the military service of the United States or has been conscripted by the United States Government. No deductions for time away shall be made from the employee's system service and seniority record.
- (4) Resigned voluntarily and subsequently been re-hired. Actual time away will be deducted from the employee's system service and seniority record, and, while previous system service shall be maintained, no classified seniority shall be retained.

Existing system service and seniority records shall not be rearranged to meet the above requirements in exceptions (1), (2) and (3), but they shall be met in all cases beginning March 21, 1983.

<u>Section 2</u>. (a) Job available postings for job classifications covered by this Agreement shall be provided by the Company and posted for a period of seven calendar days on the appropriate bulletin boards and/or on the Duke Energy Job Opportunities Portal page.

(b) If after the initial posting the job opening has not been filled by a qualified applicant from the department or division, the job available notice will then be reposted for a period of seven calendar days on all bulletin boards throughout the Company where there are employees covered by this Agreement. In certain cases where it is known that there are no qualified applicants within a division or a department, the initial posting may be waived and the job posting will then be initially posted throughout the Company where there are employees covered by this Agreement. However, if applications are received from employees within the department requesting the job opening, these applications will be given consideration before those received from employees in other departments. Furthermore, anytime employees are accepted for a job opening on a lateral or cross bid, they shall not be eligible to laterally or cross bid again for a period of six months from the date of acceptance. The only exception to this six month waiting period is that employees may cross bid to another headquarters within the same bidding area at any time.

(c) In those departments where the multiple posting system is in use, employees are permitted to submit their applications for promotions, lateral bids or cross bids in advance of an opening according to the multiple posting administrative procedures of the applicable department.

<u>A-65</u> <u>A-82</u> (d) It is agreed that classified seniority will be considered within a department, district or departmental section concerning available advancements, although other qualifications for the particular position will of necessity be considered. All other factors being sufficient, the employee oldest in the point of classified seniority shall be given a reasonable opportunity to qualify for the position. $\frac{A-20}{A-21}$

(e) Should the classified seniority of any two or more employees be equal, the respective seniority position of such employees shall be determined by the Union randomly drawing the names of the affected employees. The Company will be notified of the results, in writing.

In the event no fully qualified individual has bid on a Union wide job opening, the previous experience requirement only will be waived, with the exception of positions within the General Clerical sequence, and an employee will not be disqualified for promotion on the basis of not having passed through a lower job in the promotional sequence if otherwise qualified. Employees who have at least one half of the required previous experience and are in the direct promotional sequence of a job opening, posted Union wide, where previous experience has been waived, will be considered for the job before all other non-qualified employees. Any claim of discrimination in this connection may be taken up by the Union as a grievance.

(f) An employee may waive his right to promotion, providing such waiver is presented to the Company in writing and does not prevent other employees from acquiring experience in the job held by the employee. When an employee waives his right to promotion, the employee next in seniority, other qualifications being sufficient, shall be entitled to such promotion. When it is necessary to fill an open position, and no employees are willing to promote, the Company may assign the junior qualified employee to promote to the job classification.

(g) If no qualified regular full-time employee has been accepted following the posting procedure and consideration of requests for demotion, second consideration for non-technical job openings shall be given to part-time employees within the bargaining unit based on qualifications as determined by the Company. For technical job openings, the Company will give second consideration to part-time employees with a technical degree and/or technical expertise based on qualifications as determined by the Company. As a result of these determinations, if the top two or more part-time applicants have equal assessments, then the non-technical or technical job opening will be offered to the applicant with the greatest system seniority.

(h) Should the job opening not be filled after the posting procedure above, at the discretion of management, consideration may be given to requests for transfer which have been received from employees outside the bargaining unit or may be filled from outside the Company.

(i) If the particular job opening is not filled within 60 days from the expiration date of the bargaining unit-wide posting, the job opening will be reposted in accordance with

the job posting procedure outlined above.

(j) The job posting procedure outlined above does not restrict the Company's right to cancel a job posting at any time.

(k) An employee shall not have seniority rights to bid on a demotion but may, in writing by letter or by submitting a bid for a posted job opening, request consideration for a demotion. However, if an employee's request for demotion is granted by the Company, any accumulated classified seniority will be forfeited in job classifications above the job to which he demotes.

(I) The Company and the Union agree that the job posting procedure will be waived for the employment of Co-ops, as probationary employees in job classifications represented by the bargaining unit, providing that the next opening in the same job classification and bidding area is posted and made available to employees within the bargaining unit. If such opening is not filled by a bargaining unit employee, openings in the same job classification and bidding areas will continue to be posted and made available to employees within the bargaining unit until such time that a bargaining unit employee fills one of the openings.

Section 3. (a) In the event of any layoffs or curtailments of employment, the Company will attempt to place the employee in a temporary assignment. Prior to making an assignment, the Company will discuss such assignment with the Union. If a temporary assignment is not available, rollbacks and layoffs shall be made in accordance with system seniority rights. When the Company reduces the number of employees in a job classification, the Company will use the following process to determine rollbacks and layoffs. Employees with the least amount of System Service seniority within the job classification that is targeted for a reduction will be assigned to vacant positions and/or replace full-time employees in the bidding area with the least amount of System Service seniority. Displaced employees must be gualified for the job classification to which they are assigned and the job classification must be within the same bidding area and below their former job classification. Displaced employees will be reclassified into the next lower job classification within their bidding area for which they are qualified, if there are employees in that job classification and they have less system seniority than the displaced employees. Displaced employees will have their wage rates red-circled for a period of 18 months. At the end of 18 months, their wage rates will be reduced to the maximum wage rate of the job classification to which they were reclassified. Displaced employees who are assigned to perform work in lower level job classifications, if qualified, will be reassigned to higher job classifications as they become available within the bidding area, until the displaced employees return to assignments within their former job classification; obtain a job within the bidding area at the same or higher wage level as their former job classification; or, obtain a job in another bidding area. Displaced employees will not be assigned to or be required to perform the duties of job classifications at levels higher than their former job classification. Any employees unable to be assigned to vacant positions and/or replace full-time employees in the bidding area will be subject to layoff.

Part-time Meter Readers will be laid off before any full-time Meter Readers are rolled back or laid off. The same holds true for part-time and full-time call-takers in the Call Center.

Where multiple part-time employees in a job classification at the same location are scheduled to work a total of 40 or more hours per week, a qualified displaced full-time employee in the same bidding area may replace the part-time employees by accepting a full-time job at that location, if the department can still schedule straight-time coverage for the required hours.

For those full-time displaced employees with at least 15 years of service and subject to layoff, including employees who have been placed in a temporary position in accordance with this subsection, an effort will be made by the Company to find another job at the same or lower wage level for which the employee is gualified. The Company will discuss the employee's reclassification with the Union prior to it going into effect. If there are multiple displaced employees, vacant positions will be offered by system seniority; an employee has the right to turn down one offered position. An employee who turns down a position and who is not currently in a temporary assignment, could be subject to immediate rollback or layoff in accordance with this Section or to rollback or layoff at the end of the temporary assignment if no job is available. If the Company identifies such a vacant position for which the employee is qualified, the Company may reassign and reclassify the employee without posting the position. If no positions are identified by the Company the displaced employee, if qualified, will be allowed to displace the employee with the least amount of system seniority outside of the displaced employee's bidding area. Those employees with 15 or more years of service will have their wage rates red-circled for 18 months. After 18 months, the employee's rate of pay will be reduced to the maximum rate of pay for the classification to which they are assigned.

An employee unable to be reassigned and subject to being rolled back to the Call <u>A-70</u> Center or Meter Reading Departments, will have the option of accepting the assignment in the Call Center or Meter Reading, being laid off, or being offered a severance as outlined in Sidebar Letter A-70.

Displaced employees unable to displace full-time employees and subject to layoff, if qualified, will be allowed to replace employees in part-time positions within their bidding area, by accepting the wage rate, benefits, work hours and other terms and conditions of employment of the part-time employee. The two exceptions are Meter Reading and Call Center, where these employees may retain their full-time status and accept the wage rate applicable to new full-time employees in these departments. Full-time employees within the Customer Relations bidding area, but outside the Call Center and Meter Reading Departments, may displace a maximum of four part-time employees in each department (i.e., Call Center and Meter Reading) within a 12-month period.

Employees who were rolled back prior to April 1, 2012 and whose wage rates are redcircled will continue to have their wage rates red-circled.

A-2

An employee will not have the right to recede to a position within his bidding area that he did not pass through before reaching his present position. For purposes of this section, if an employee is unable to exercise system seniority rights in lower job classifications within his department because he did not pass through those job classifications before reaching his present position, he will be credited with system seniority in all job classifications lower than his initial job within the bidding area which are in the same direct promotional sequence. Under no circumstances may an employee exercise seniority rights outside his own bidding area or in the selection of a specific job within a classification.

(b) In a department where there have been layoffs and a subsequent increase in employment exists within three years, the Company agrees to recall those employees in the department who have suffered a layoff because of lack of employment, in the reverse order of the dates of their layoffs. It is further agreed that the Company will notify the employee or employees, in writing by registered or certified mail, to report back to work. The Company agrees to send a copy of these letters to the Union at the time of the mailing of the original. If they do not report back to work within a 15-day period, the Company shall have the right to recall the next employee in line.

(c) It shall be the duty of all employees, including those on layoff status, to have their proper post office address and telephone number on file with their individual departments and the Human Resources Department of the Company.

(d) The Union may designate a witness to tests given in a departmental section, <u>A-4</u> and shall have the right to review the results of these departmental tests upon request. This does not apply to standard tests given by the Staffing Services Division or by outside consultants.

(e) The Company will make an effort to find another job classification for which an employee is qualified if his job is abolished. An employee who, because of this job abolishment, is assigned to a classification having a lower rate of pay, will maintain his existing level of pay until the maximum wage rate of the job classification to which he is assigned is equal to his existing wage rate. This provision does not affect the right of an employee to bid on a future posted job opening for which he may be qualified.

<u>Section 4</u>. (a) Temporary transfers from one department, district, or departmental section to another will not affect an employee's system service or seniority rank and his record will remain posted in the department, district, or departmental section from which he was transferred.

(b) Permanent transfers from one department, district, or departmental section to another will not affect an employee's system service or classified seniority, which will be used to determine his system service and seniority rank in his new department, district, or departmental section.

(c) When an employee has successfully bid on a posted job and his move to the posted job is delayed, consideration shall be given to the proper adjustment of the

employee's seniority rank so that the employee will not be penalized with respect to future promotions. The employee will receive a seniority date and the wage rate of the job on which he has been accepted no later than the beginning of the third week after the employee is notified that he has been accepted for the new job.

<u>Section 5</u>. All new employees shall be classed as probationary for a period of one year and shall have no system service or seniority rights. After one year's service as a probationary employee, they shall be reclassified and their system service and seniority record shall include their previous employment as a probationary employee.

Effective January 1, 2016, the probationary period of any employee on an approved leave of absence lasting more than thirty days, will be extended by the duration of the leave of absence.

<u>Section 6</u>. Temporary employees shall be those hired for a specific job of a limited duration, not to exceed six months unless agreed upon by both parties, and shall not acquire system service or classified seniority rights. The Union shall be notified of the hiring of such employees.

Section 7. (a) Part-time employees shall be those hired to perform a continuing specific work requirement that is temporary in nature or less than 40 hours per week. Part-time employees will only be used for part-time applications in order to supplement the regular full-time workforce, unless otherwise agreed. While the intention is for part-time employees, who are non-temporary in nature, to be regularly scheduled to work less than 32 hours per week, the actual hours worked may be greater due to temporary operational needs or trading of hours with other employees. The departments utilizing part-time employees will develop schedules to be worked by such personnel. However, schedules for part-time employees may at times vary according to work needs. These employees will work in bargaining unit positions and will be paid the minimum wage rate for the job classification or at a specially negotiated rate. They shall not acquire classified seniority rights. Part-time employees may be laid off for any reason without recall rights. Such layoffs shall not be subject to the grievance procedure. Benefits for part-time employees shall be on a prorated basis as agreed to by the parties.

(b) Part-time employees may request consideration for other part-time openings and may submit applications for openings in regular full-time positions. When part-time employees become full-time employees, they shall be credited with system service for the length of time they were employed by the Company as a part-time employee on or after January 1, 1996. For part-time employees who become full-time employees after April 1, 2008 and who have been employed as part-time for at least 12 consecutive months prior to becoming full-time, the probationary period shall be reduced from one year to nine months.

(c) The overtime provisions of this Agreement, including meal compensation, will only apply to part-time employees when they work in excess of their regular scheduled hours per day or eight hours per day, whichever is greater. Part-time employees will not be called out for overtime assignments unless all full-time available employees have <u>A-48</u> A-61 been called. The total number of part-time employees, excluding those in the Call Center and Meter Reading work groups and those hired to perform a continuing specific work requirement that is temporary in nature, will not exceed 5% of the total number of full-time employees performing work represented by the Union.

<u>ARTICLE VI</u>

<u>Section 1</u>. The parties hereto recognizing the importance of safety projects and regulations for the protection of the health, life and limb of all employees, agree to make all reasonable efforts to maintain such rules and regulations conducive to the health and safety of all concerned. The Company will notify the Union leadership of any work related accident resulting in the hospital admission or death of any employee in the bargaining unit.

ARTICLE VII

Section 1. Any dispute or disagreement arising between an employee and the Company or the Union and the Company involving wages, hours or work, conditions of employment, or otherwise of any nature arising out of this Agreement may become the subject of a grievance. However, with respect to any claim or dispute involving the application or interpretation of an employee welfare or pension (includes defined benefit and 401(k) plans) plan, the claim or dispute shall not be resolved under the grievance procedure outlined herein, but instead, shall be resolved in accordance with the terms and procedures set forth in the relevant plan document. Additionally, should the content of any communication relating to employee benefits conflict with the terms of the relevant plan document, the terms of the plan document shall govern. Recognizing the importance of resolving disputes or disagreements in a peaceful and timely manner and at the earliest stage possible, grievances shall be processed in accordance with the following procedure:

<u>1st Step</u>

An employee must take up any grievance initially with the supervisor involved, within 20 days of its occurrence or 20 days from the time the employee or the Union became aware of the occurrence. The initial meeting shall be held between the supervisor(s), the employee involved and the elected union representative or delegate. Grievances in this step shall be answered verbally at the meeting or within 5 days of the conclusion of the meeting. The supervisor will also inform the Union of the appropriate management person to notify in the event that the Union wishes to pursue the grievance to the second step.

2nd Step

If the parties are unable to resolve the grievance following the first step, within 10 workdays of the first step response, the Union may submit a written grievance to the management of the department designated in the first step. Department management will schedule a meeting with a small committee representing the Union within 20

workdays after receipt of the written grievance. A written decision will be sent by email and/or US Mail to the President of the Local Union within 20 workdays of the Step 2 meeting.

<u>3rd Step</u>

If the parties are unable to resolve the grievance following the second step, within 20 workdays of the second step response, the Union may notify the Labor Relations Department in writing of its desire to advance the grievance to the third step of the grievance procedure. The Labor Relations Department will schedule a meeting with the appropriate management representatives and a small committee representing the Union within 20 workdays after receipt of the written request. The Labor Relations Department will render a written decision within 20 workdays of the date of the third-step meeting. The written response will be sent by email or US Mail to the President of the Local Union.

In the case of a discharge, the Union may bypass the first step of the grievance procedure and submit a written grievance requesting a second step grievance meeting, within 10 days following the date of discharge.

Arbitration

<u>Section 2</u>. (a) If the parties are unable to resolve the grievance following the third-step, the Union, within 30 workdays of receipt of the third step response, may notify the General Manager, Labor Relations in writing of its desire to advance the grievance to arbitration.

(b) Upon receipt of the Union's notification, the parties within ten workdays will petition the Federal Mediation and Conciliation Service (FMCS) for a panel of seven arbitrators and will cooperate to select promptly an arbitrator from that list. In the event that no acceptable arbitrator appears on the panel of arbitrators submitted by FMCS, either party may request an additional panel from FMCS.

(c) The arbitrator so selected shall hold a hearing as promptly as possible on a date satisfactory to the parties. If a stenographic record of the hearing is requested by either party, the initial copy of this record shall be made available for the sole use of the arbitrator. The cost of this initial copy and its own copy shall be borne by the requesting party, unless both parties desire a copy. If both parties desire a copy, they shall equally share the cost of the arbitrator's copy, and shall each bear the cost of any copies of the record they desire.

(d) After completion of the hearing and the submission of the post-hearing briefs, the arbitrator shall render a decision and submit to the parties written findings that will be binding on both parties to the Agreement.

(e) The arbitrators' and other joint expenses mutually agreed upon shall be borne equally by both parties.

(f) Any grievance that is not taken to the next step within the time limits specified will be deemed to have been withdrawn. If at any step in the grievance procedure, the Company does not answer within the designated time frame, the Union may notify the Company of its desire to advance the grievance to the next step of the grievance procedure. Any time limits may be extended by written agreement between the parties.

(g) The arbitrator shall have no authority to add to, detract from, alter, amend, or modify any provision of this Agreement. It is also mutually agreed that there shall be no work stoppage or lockouts pending the decision of the arbitrator or subsequent thereto.

ARTICLE VIII

<u>Section 1</u>. (a) The parties hereto agree that the wage rate schedules in effect immediately prior to the execution of this Agreement shall be amended as follows:

(b) These wage rate increases shall not apply to the minimum wage rates of starting job classifications.

(c) The wage increases mentioned above shall not apply to any employee whose present wage rate is on or above the new maximum wage rate of his job classification, except employees who are on physical retrogressions, who shall receive the increase applicable to their individual wage rate as of the indicated dates of increase.

(d) Manual employees shall be provided the higher of a \$10.00 promotional increase above the maximum wage rate of the job classification from which they promote, or the minimum wage rate of the job classification to which they promote. Clerical and Technical employees shall be provided the higher of a \$10.00 promotional increase or the minimum wage rate of the job classification to which they promote. This provision will not apply when the maximum wage rate of a job classification is not at least \$10.00 above the maximum wage rate of the job classification from which it promotes.

(e) Whenever the difference between the minimum and maximum wage rates of a job classification is not divisible by \$0.25, the intermediate wage rates will be by \$0.25 steps, with the exception of the last step to the maximum wage rate of the job. In such case the increase to the maximum wage rate will include the \$0.25 increment plus the odd amount necessary to equal the maximum wage rate, provided, however, that the total amount of this increase is less than \$0.50.

(f) Any employee in the Union who was on or below the maximum wage rate of his job classification as of the indicated dates of increase shall receive the increase applicable to the maximum wage rate of his job classification.

(g) The shift differentials and Sunday premium paid to employees on scheduled shifts on classified jobs will be as follows:

Name	Definition	Shift Differential Cents Per Hour
of Shift	of Shift	May 11, 2015 – March 31, 2019
Day Shift	Where the majority of the scheduled hours worked are between 8:00 a.m. and 4:00 p.m.	\$0.00
Afternoon Shift	Where the majority of the scheduled hours worked are between 4:00 p.m. and 12:00 Midnight	\$1.75
Night Shift	Where the majority of the scheduled hours worked are between 12:00 Midnight and 8:00 a.m.	\$1.80

When the majority of the hours in a shift are on a Sunday, a Sunday premium will be paid to an employee for all scheduled straight time hours worked on that shift.

	As of May 11, 2015	As of April 1, 2016	As of April 1, 2017
Sunday Premium	\$1.90	\$1.95	\$2.00

(h) The nature of the work involved under each payroll classification shall be defined, as nearly as possible, by the Company and occupational classifications and job descriptions shall be prepared by the Company and be subject to review by the Union. A-40

(i) The Job Evaluation Committee of the Company will be responsible for evaluating all new or revised job classifications. The evaluation established by this Committee will be used to determine the maximum wage rate for each new or revised job classification. Results of the evaluation will be communicated to the Union at least two weeks before the effective date of the new or revised job classification.

(i) The Union shall appoint a Classification Committee consisting of not more than five members who may review the evaluation and wage rate of any new or revised The Union's Committee may, by request, meet with the Company's classification. Committee as soon as possible at a mutually agreeable time, but within 30 days after the Union has been notified by the Company of the proposed new or revised classification, for the purpose of presenting any information relative to the evaluation of a new or revised classification. The Union will be notified after the Company's Committee has reviewed the information presented by the Union. All wage rates so established shall be final and binding and not subject to the grievance and arbitration procedure. However, if any revised wage rates are reduced as a result of the evaluation(s), they will not be placed into effect until the Company and the Union have had an opportunity to negotiate them during full contract negotiations, even though the revised job classification will be in effect. Employees, presently in, or promoting to, such job classifications will continue to receive wage adjustments in accordance with the other provisions of the Agreement just as if the wage rate had remained at the same level until a new Agreement is reached.

(k) When the Union believes that a new or revised job description does not adequately describe the principal duties and minimum qualifications necessary to provide a sufficient basis for evaluating that job description, a letter outlining the Union's suggested changes may be sent to the management of the appropriate department for consideration. However, there will be no recourse to the grievance and arbitration procedure because of the language of a job description or the evaluation of a job classification.

(I) Where the Union deems an employee to be improperly classified, it will be considered as a grievance and shall be handled under the grievance procedure described elsewhere in this Agreement.

<u>Section 2</u>. (a) With the exception of shift differential premium, and a holiday occurring during an employee's vacation, it is agreed that under no circumstances shall any section of this Agreement be interpreted to provide the pyramiding of a benefit or premium payment to employees covered by this Agreement. For example, no employee may claim sick pay while receiving vacation pay or holiday pay while receiving sick pay.

(b) It is further agreed that there shall be no interruption in the payment of one benefit in order that employees may receive payment for another benefit. For example, employees may not interrupt vacation to begin sick leave or interrupt sick leave to include a holiday. The only exceptions to this provision are that an employee's sick pay may be interrupted to include vacation pay and that vacation pay may be interrupted to include death in family pay as set forth in the Agreement.

ARTICLE IX

<u>Section 1</u>. ABSENCE DUE TO SICKNESS OR ACCIDENT: (a) Regular employees who are actively working on January 1, regular employees who return to work from an authorized extended absence on or after January 1, probationary employees who become regular employees on or after January 1, shall be paid as gross wages, for absent time due to bona fide illness or injury, a maximum annual amount equal to 40 hours at their regular Straight Time Pay. Such payment shall be made by the Company on the nearest practicable regular pay day following the date such employee becomes eligible.

(b) After a part-time employee with 12 months of service or a full-time employee has been continuously disabled, subject to medical determination, and unable to return to work for more than seven consecutive calendar days, the employee will receive Short-Term Disability pay consisting of up to 26 weeks of pay per incident with payment based on the schedule below or until the employee is able to return to work, whichever occurs first.

Years of Service	Maximum Weeks at 100% Pay	Weeks at 66 2/3% Pay
0-1	None	All
1-5	10	Balance
6-10	15	Balance
11-14	20	Balance
15-20	26	Balance
21 or more	ALL	N/A

(c) After an employee has been continuously disabled, subject to medical determination, and is unable to return to work for more than 27 consecutive weeks, and has exhausted Short-Term Disability benefits, the employee will receive Long-Term Disability benefits as described in the Company's Long-Term Disability Plan Description.

<u>Section 2</u>. Compensation will not be provided for illnesses resulting from such causes as: illegal use of drugs or alcohol, willful intention to injure oneself, the commission of a crime, elective or cosmetic procedures not covered by the medical plan, the employee's refusal to adopt such remedial measures as may be commensurate with the employee's disability or permit reasonable examinations by the Company.

<u>Section 3</u>. It is also mutually understood and agreed that the Company shall have the right to investigate and determine for its own satisfaction the bona fide nature of any

illness for which pay is requested as well as the duration thereof. In order to facilitate the scheduling of the work forces, employees who will be absent from work are expected to notify the Company as soon as possible, but not later than one hour after their regular starting times and in the case of shift workers, one hour before the start of their shifts. Unless an employee submits a legitimate excuse for not reporting the cause of absence before the end of the first hour of such absence, the employee's claim for sick leave pay shall not begin until such notice is received.

<u>Section 4</u>. When employees have received all of the disability pay to which they are entitled under this Agreement they shall be granted, upon written request on a form provided by the Company, a "leave of absence" and shall not be eligible for further disability pay benefits until they have returned to steady employment.

<u>Section 5</u>. (a) An employee accrues entitlement of 1/12 of their current year's vacation for each full month the employee is employed during the current calendar year or is on STD, or leave of absence. Any employee leaving the Company's service during any calendar year shall receive payment for any unused portion of accrued vacation for that current year. However, in the event of an employee's death, the estate of the employee will be paid the unused portion of the employee's total vacation allotment for the current year.

Employees returning from military service will receive vacations with pay in the calendar

After September	None

(b) In order for an employee to qualify for a vacation, the employee must have been ready, willing and able to work as a full-time regular or probationary employee during the calendar year the vacation is taken.

(c) The anniversary of employment shall determine the employee's vacation status. Every effort will be made to grant vacations at a time suitable to the employee, but should the vacation of an employee handicap the operations of the Company in any way, the Company reserves the right to require the vacation be taken at another time. Normally, preference shall be granted in the selection of vacation dates on the basis of system service.

<u>A-1</u> <u>A-8</u>

(d) Employees with less than one year of service with the Company shall be entitled to one day of vacation for each month worked, with a maximum of 10 total days.

(e) Employees with one year of service with the Company shall be entitled to a vacation of two weeks.

(f) Employees with seven or more years of service with the Company shall be entitled to a vacation of three weeks. Should the amount of work or other working conditions be such that the operations of the Company would be handicapped by granting of the third week of an employee's vacation, the Company reserves the right to require an employee to take his third week of vacation at such time that does not interfere with the operations of the Company.

(g) Employees with 15 or more years of service with the Company shall be entitled to a fourth week of vacation or payment of one week's wages (40 hours) at straight time in lieu thereof. The Company may also require such employees to take the fourth week of their vacation at such time as does not interfere with the operations of the Company.

(h) Employees with 21 or more years of service with the Company shall be entitled to a fifth week of vacation or payment of one week's wages (40 hours) at straight time in lieu thereof. The Company may also require such employees to take the fifth week of their vacation at such time as does not interfere with the operations of the Company.

(i) Employees with 32 or more years of service with the Company shall be entitled to a sixth week of vacation or, if required to work by the Company, payment of one week's wages (40 hours) at straight time in lieu thereof. The Company may also require such employees to take the sixth week of their vacation at such time as does not interfere with the operations of the Company.

ARTICLE X

<u>Section 1</u>. Regular employees entering the armed services of the United States or employees who are conscripted by the United States Government during a period of national emergency shall continue to accumulate full system service and full seniority and may return to their former position or one of equal pay and rank, provided they report for work with a certificate of satisfactory completion of military or governmental service within 90 days after their release from active service.

<u>Section 2</u>. (a) All Company sponsored life and AD&D insurance coverage for employees starting an approved military leave of absence will be continued for a period of at least 90 days after the employee's leave of absence begins with the same cost sharing as before the leave began.

(b) Company Group Life Insurance of employees returning to Company service within 90 days after their release from active service will be reinstated without physical examination or waiting period.

<u>Section 3</u>. None of the foregoing provisions in this Article shall apply to those employees who are not eligible for statutory re-employment rights.

ARTICLE XI

<u>Section 1</u>. (a) The following days are observed as regular holidays which will be recognized on the indicated dates. The Company may change the date for recognizing a holiday if the date indicated is changed by a legislative enactment or if the prevailing community practice is not consistent with the indicated date.

HOLIDAY	DATE RECOGNIZED	
New Year's Day	January 1	
Memorial Day	Last Monday – May	
Independence Day	July 4	
Labor Day	First Monday – September	
Thanksgiving Day	Fourth Thursday – November	
Day after Thanksgiving	Friday after Thanksgiving	
Christmas Eve	December 24	
Christmas Day	December 25	

(b) If the recognized date of a holiday occurs on a Saturday or Sunday, the Company will have the option of either celebrating that holiday on another date which is consistent with community practice or paying eight hours of regular straight time holiday pay in lieu thereof for the holiday.

(c) Regular employees whose duties do not require them to work on holidays will be paid straight time. Regular employees who are scheduled to work on a recognized holiday will be paid at time and one-half for the first eight hours worked in addition to their straight time holiday pay. However, those employees who work less than the eight hours scheduled will have their straight time holiday pay correspondingly reduced.

(d) Regular employees who are called out to work on a recognized holiday for a period of four hours or less not contiguous with hours worked into or out of the holiday will be paid for four hours at time and one-half in addition to their straight time holiday pay. Employees who are called out to work on a recognized holiday for more than four hours not contiguous with hours worked into or out of the holiday but less than eight hours will be paid for eight hours at time and one-half in addition to their regular straight time holiday pay. Employees who are required to work more than eight hours on a recognized holiday will be paid at the rate of double time for all such work in excess of eight hours. An employee must work either his full scheduled day before, or his full scheduled day after a holiday to be entitled to receive holiday pay. An employee will not be compensated for travel time on a call-out which occurs on a regular holiday.

(e) When a holiday falls within an employee's vacation, the employee shall, at the discretion of the Company, either be allowed an additional vacation day at such time in the same year as shall be mutually agreed upon between the employee and his supervisor or shall receive eight hours additional pay to compensate for the loss of such holiday pay.

(f) An employee beginning a leave of absence will not receive holiday pay for holidays occurring after the last day worked except when the employee works the full calendar day immediately before a recognized holiday which is in the same pay period.

Section 2. (a) An employee who has completed six months of service with the Company shall be entitled to four compensated Personal days off and one compensated Diversity day off each calendar year. Requests for Personal/Diversity days should be made at least seven calendar days prior to the date requested and must be approved by management. However, because of extenuating circumstances, a day off with less than a seven calendar-day notification may be approved by an employee's supervisor; such approval will not be unreasonably denied. The Company reserves the right to limit the number of employees who can be off on a specific day. Individual departments will attempt to accommodate as many requests as possible to take a Personal/Diversity day or vacation day on Martin Luther King, Jr. Day, Presidents' Day, and/or Good Friday.

(b) If a Personal/Diversity day is not used during a year, it shall be lost and no additional compensation shall be granted. Any employee who resigns, retires or is discharged from the Company for any reason shall not receive compensation for any remaining Personal/Diversity days.

(c) Personal/Diversity days must be taken in full day increments. Paid Personal/Diversity days will not be considered as absences for purposes of an individual's attendance record.

<u>ARTICLE XII</u>

<u>Section 1</u>. (a) It is agreed that the present establishment of 40 hours per week of the Company will remain in effect, except in those divisions where longer or shorter hours are now being worked, and the Company guarantees employment of not less than 40 hours per week for 52 weeks of each year to all employees represented by the Union as bargaining agent, who are available and ready to work, and who are regular full-time employees of the Company, except those on a less than 40 hour basis now. No such employees shall be required to work more than 40 hours in any one week, consisting of seven days, nor more than eight hours in any one day except as hereinafter provided.

(b) Nothing in this section will affect in any manner the right of the Company to make temporary or permanent reductions in forces when considered necessary by the Company.

(c) Nothing in this Agreement shall be deemed to require the Company or the Union to commit an unfair labor practice or other act which is forbidden by, or is an offense under, existing or future laws affecting the relations of the Company with the employees bargained for by the Union.

<u>Section 2</u>. (a) The work week of an employee for payroll purposes and for determining off-days shall consist of seven consecutive days with a minimum of two scheduled off days and be from midnight Sunday to midnight the following Sunday. Employees working on a shift beginning two hours or less before midnight will be considered as having worked their hours following midnight.

(b) Regular scheduled hours of work per day will be at straight time for regular scheduled work days, time and one-half for the employee's first scheduled off-day in the work week, double time for the employee's second scheduled off-day in the work week and time and one-half for any additional scheduled off-days in the work week. Any time in excess of the employee's regular scheduled hours per day will be paid at the rate of time and one-half except the employee's second scheduled off-day worked which will be paid at double time.

(c) Employees required to work more than 16 consecutive hours will be paid double time for all time worked in excess of, and contiguous with, the 16 consecutive hours.

(d) Schedules for all employees will be based on the time prevailing in the City of Cincinnati.

(e) In no case will an employee be forced to take time off in lieu of overtime pay. The Company shall be the sole judge as to the necessity for overtime work, and the employee shall be obligated to work overtime when requested to do so. When overtime occurs in a group or department, where more employees are qualified and available to work than are necessary at the moment, the Company agrees to establish a system of selecting the employees who are to work, in a sincere effort to equalize overtime work. The employees will be notified in advance, whenever possible, when they are required to work overtime.

<u>Section 3</u>. (a) The Union recognizes the need for shift work and weekend work in order to provide for continuous operation, and overtime rates will apply as set forth in Article XII, Section 2.

(b) An employee who is transferred from his regular shift to another shift shall be A-13 notified of said transfer at least 24 hours prior thereto.

<u>Section 4</u>. (a) Employees called out for other than planned overtime shall be paid a minimum of four hours at the appropriate overtime rate. Travel time of one-half hour each way will be allowed on a call-out when such call-out exceeds four hours of continuous work that is not contiguous with a regular scheduled shift. Employees will not be compensated for any travel time for planned overtime; or on a call-out when the employee is not released from work before his regularly scheduled shift; nor will travel time be allowed when overtime is worked continuously at the end of a regularly scheduled shift. (b) Planned overtime shall be defined as time worked upon notice to an employee given before leaving his headquarters or place of reporting, or in case of an off-day, during or before what would have been his scheduled hours on that day, that he is to report outside of his regular schedule on any succeeding day. Such time worked shall be paid for at the appropriate overtime rate but not for less than four hours unless such planned overtime extends into or directly follows the employee's regularly scheduled work day, when it shall be paid for at the appropriate overtime rate for the actual hours worked.

<u>Section 5</u>. (a) Employees working two hours or more in excess of their normal work day, shall receive a meal, or compensation in lieu thereof, and an additional meal, or compensation in lieu thereof, after each additional five hours of continuous overtime work over and above the original two hours mentioned above.

(b) Employees called out on either their scheduled off day, or four or more hours before his regularly scheduled starting time, shall be furnished a meal, or compensation in lieu thereof, for each contiguous five hour interval worked even though he works into his regularly scheduled work day.

(c) The meal compensation allowance referred to above shall be as follows:

Effective May 11, 2015 – March 31, 2019		
\$11.25		

<u>Section 6</u>. It is further agreed by the Company that any manual employee temporarily advanced to a higher classification shall receive the minimum rate of pay applicable to that classification if such work is for four hours or more. If such work is for more than four hours the employee shall receive the minimum rate of pay applicable to that classification for the remainder of the normal day worked. In the administration of this section of the Agreement, a temporary assignment shall be construed to mean any job assignment which is not expected to continue for more than 90 consecutive days.

<u>Section 7</u>. (a) Employees in this bargaining unit temporarily assigned to a supervisory position outside the bargaining unit for four hours or more, shall receive \$1.50 per hour above the maximum rate of pay of either their job classification, or the highest rated job classification they supervise, whichever is greater. It is expressly understood that employees temporarily assigned to a supervisory position shall direct the flow of work and oversee the assignment and completion of work in accordance with applicable policies and procedures in the department. However, they shall not have any responsibility for making hiring decisions, issuing evaluations or discipline, or moving work currently performed by other bargaining unit members into or out of any department.

(b) Employees promoted to a job outside the bargaining unit and who return to the bargaining unit within six months, shall retain all classified seniority accumulated up to the date of their promotion. If employees who were in a job outside the bargaining unit for more than six months, return to the bargaining unit, they will be placed in a starting job classification and receive a classified seniority date behind all employees. No employee may return to a bargaining unit job classification if, as a result, an employee represented

by the Union would be laid off.

ARTICLE XIII

<u>Section 1</u>. (a) The Company agrees that upon his or her return to work from illness or disability, consideration will be given to the employee's physical condition, and, if possible, a less vigorous type of work will be granted at no reduction in the employee's regular pay for a temporary period to be determined by the employee's and the Company's physicians.

(b) If an employee with 15 or more years of service becomes physically unable to satisfactorily and safely perform the regular duties of his classification, an effort will be made by the Company to find work of a less strenuous nature for which he is qualified and to which the employee will be retrogressed. The employee's wage rate will be reduced by an amount equal to the semi-annual merit increase for the employee's job classification at the time of the assignment to a job of a lower classification and at six months' periods will be reduced by an amount equal to the semi-annual merit increase for the employee's job classification until the employee's wage rate is equal to the maximum wage rate of the job classification to which he has been retrogressed.

(c) If an employee with 10 to 14 years of service becomes physically unable to satisfactorily and safely perform the regular duties of his job classification, he may request a demotion to a lower classification requiring work of a less strenuous nature for which he is qualified to perform. If such a demotion is granted by the Company, the employee will be assigned to a lower classification and will have his wage rate red-circled until it is equal to the maximum wage rate of the job classification to which he has been demoted. Employees whose wages have been red-circled and who subsequently achieve 15 years of service will become retrogressed in accordance with paragraph (b) above.

(d) If an employee with less than 10 years of service becomes physically unable to satisfactorily and safely perform the regular duties of his job classification, he may request a demotion to a lower classification requiring work of a less strenuous nature for which he is qualified to perform. If such a demotion is granted by the Company, the employee will be assigned to a lower classification and will have his wage rate established at the maximum wage rate of the job classification to which he has been demoted.

<u>Section 2</u>. Injured employees who are unable to work because of an industrial accident will be paid a supplement in an amount equal to one half of the difference between what he/she would have received at regular work and the amount received as compensation for such injury, for a period not to exceed 26 weeks. This supplemental industrial accident compensation will begin after the initial seven calendar day waiting period and will continue for not more than 26 weeks of continuous disability. If, however, an industrial accident disability continues for two or more weeks, the employee will receive this supplemental industrial accident compensation for the initial seven day waiting period.

<u>Section 3</u>. Upon the death of the designated relatives of an employee, the employee, upon request, may be entitled to the stipulated maximum number of calendar days off for which the employee is entitled to receive regular pay for not more than the indicated number of consecutive working days, including the day of the funeral. No pay will be granted for regular scheduled off days.

<u>Section 1</u>. The Company agrees to erect bulletin boards at locations to be selected by the Union and the Company. The use of these boards is restricted to the following: notices of Union meetings, notices of Union elections, notices of changes within the Union affecting its membership, and any other notices issued on the letterhead of the Union and signed by the President and Secretary of the General Board. There shall be no other general distribution or posting by the members of the Union of pamphlets, or political literature of any kind, except as herein provided.

ARTICLE XV

<u>Section 1</u>. Any member or members not to exceed three members elected or employed by the Union whose duties for the Union require their full time shall be granted a leave of absence by the Company for six months and additional six months' periods thereafter, provided that each member is from a different promotional sequence or that the Company has granted permission for two members to be from the same promotional sequence. On return to the employ of the Company, such employees shall be employed at their previous classification or other higher classification within this unit for which they may be qualified.

ARTICLE XVI

<u>Section 1</u>. (a) The Company agrees to notify the Union of the contemplated hiring of any outside contractors to do work normally performed by regular employees covered by this Agreement. Such notification will be given if it is contemplated that the work will be in excess of 2,000 man-hours.

(b) It is the sense of this provision that the Company will not contract/outsource any work which is ordinarily done by its regular employees if as a result thereof, it would become necessary to lay off any such employees.

<u>Section 2</u>. (a) Each employee shall have a specific headquarters for reporting for work. However, the right of the Company to effect transfers and reassignments to properly run its business is recognized.

(b) When it is necessary to temporarily assign employees to a headquarters <u>A-15</u> other than their own or to a job site reporting location that is further from their home than their regular headquarters, these employees will be paid mileage at the prevailing rate based on the additional round-trip mileage employees are required to drive. No mileage compensation will be paid for the temporary assignment if the other reporting location is closer to the employee's home. Employees reassigned (non-temporary assignment) to a different headquarters will be paid mileage compensation during the first fourteen calendar days of the reassignment.

(d) Job site reporting and other temporary assignments will be offered on a voluntary basis. If there is an insufficient number of volunteers, assignments will be made on a junior qualified basis. When assigning the junior qualified, unusual or extenuating circumstances will be taken into consideration.

(e) Employees may be assigned to drive Company vehicles from and to the job site from home or sites close to home. If Company vehicles are used in such a manner, the mileage provisions for job site reporting are not applicable. An option to the mileage provision is that employees may, during a job site reporting assignment, pick up and return a Company vehicle to their regular headquarters, provided travel is on their own time.

KyPSC Case No. 2021-00190 STAFF-DR-01-036 Attachment Page 4 of 10

Duke Energy Kentucky - Gas Case No. 2021-00190 Monthly Payroll Variance Analysis

Note: Payroll dollars are provided as all labor charged to Kentucky Gas, regardless of account (Capital and O&M) or payroll company. Does not include loaders (benefits, incentives, taxes)

Variances to budget are primarily driven by labor charged to capital projects vs the amount assumed in the budget. In 2018 and 2019, Kentucky gas labor underspent the budget in capital, but that was offset by contract resources.

REQUEST:

For each employee group, state the amount, percentage increase, and effective dates for general wage increases and, separately, for merit increase granted or to be granted in the past two calendar years, the base period, and the forecasted test period.

RESPONSE:

On page 13 of Jake J. Stewart's direct testimony, a chart was provided showing the merit increases provided to the various employee groups for the calendar years 2017 through 2021. Each year, these increases are effective in the pay period that contains March 1. As stated in the testimony, employees' individual increases may vary relative to the budget to allow for individual differentiators based on performance and current pay levels relative to the market. The increase awarded to each employee, if any, is based on a combination of factors, including his/her individual performance rating, his/her performance relative to his/her peers, the position of his/her salary within the salary range for his/her job and the size of the merit budget. The merit budget has not yet been determined for the forecasted test period. The Company generally waits until the fourth quarter of each year to make that determination, so the most up-to-date economic and market-based factors may be taken into consideration. However, the Company has included a placeholder of 3 percent in its budgeting plans for merit increases based on recent historical trends. On pages 14 and 15 of the testimony, the general wage increases awarded to union employees have been articulated and may also be referenced in the labor union contracts in Attachments JJS-3(a) and (b) and in STAFF-DR-01-035 Attachment 2.
