Kentucky Public Service Commission
P.O. Box 615 Frankfort, KY 40602-0615

Re Case No. 2021-00206

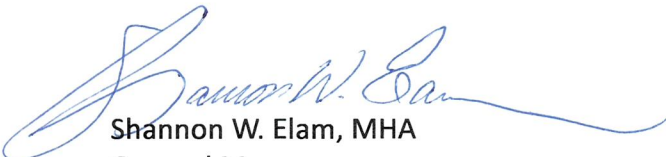

Dear Ms. Bridwell,

Pursuant to the Commission's Order of July 8, 2021 in the above-referenced matter, enclosed for filing is Morgan County Water District's letter and invoice. This letter and the enclosed invoice are true and accurate copies in paper medium of the electronic version of the documents uploaded to the Public Service Commission's electronic filing system on this day.

Summary of Work: Please see attached invoice from Kanawha Scales and Systems. This proposal will allow for the purchase of floor scales needed for the calibration of a Ford meter test bench. The test bench calibration is essential for the district as we continue to work on reducing our water loss and being able to accurately test our customer meters will help in that reduction.

In accordance with 807 KAR 5:001, Section 8, I certify that Morgan County Water District's March 9, 2024 electronic filing of this invoice is a true and accurate copy of the same document being filed in paper medium; that the electronic filing was transmitted to the Commission on March 9, 2024 by electronic means in this proceeding.

Sincerely,

Shannon W. Elam, MHA
General Manager
