Re: Case No. 2021-00206

Dear Ms. Bridwell

Pursuant to the Commission's Order of July 8, 2021 in the above-referenced matter, enclosed for filing is Morgan County Water District's letter and invoice. This letter and the enclosed invoice are true and accurate copies in paper medium of the electronic version of the documents uploaded to the Public Service Commission's Electronic Filing System this day.

Summary of work: We are installing (12) 2inch master meters at each of our automatic water flusher. This will eliminate trying to guess how much water we are flushing each month. We will meter the water and this will help provide a more accurate water loss report.

In accordance with 807 KAR 5:001, Section 8, I certify that Morgan County Water District's March 27, 2023 electronic filing of this Report is a true and accurate copy of the same document being filed in paper medium; that the electronic filing was transmitted to the Commission on March 27, 2023 by electronic means in this proceeding.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shannon W. Elam".
