

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF MADISON)	CASE NO.
COUNTY UTILITIES DISTRICT FOR AN)	2021-00218
ALTERNATE RATE ADJUSTMENT)	

MADISON COUNTY UTILITIES DISTRICT RESPONSE
TO SECOND REQUEST FOR INFORMATION

Comes now, Madison County Utilities District, through counsel, and for its response to the Commission's second request for information and states as follows:

1. A-C see attached exhibit provided by Madison County Utilities Staff.
2. A-H see attached exhibits provided by Madison County Information and Technology Director Chris Israel.
3. See attached exhibit from the Division of Water as provided by Madison County.
4. A-C see attached exhibit provided by Madison County Utilities Staff.
5. A. Madison County Utilities charges one rate for all classes of customers. Because there are no rate differences to consider and an across-the-board increase is fairly shared by all customers of the District, it was decided that was the most just method to employ. Additionally, the District forecasted the revenue required to offset increases in operating costs and maintain financial stability. Upon that review, and considering it has been almost 10 years since the last rate increase, it was determined that a rate increase of 10% was the least burdensome and most reasonable rate to request.
6. A-B see attached exhibit provided by Madison County Utilities Staff.

All information provided in response to the Commissions' request are true and accurate to the best information and belief of all Madison County Staff, Madison County Utilities Staff and counsel who provided responses.

Respectfully submitted,

Jud Patterson
