In Re: Decommissioning Bonds

Dear Stefan:

Please let this letter memorialize the discussion and vote we had at the Fiscal Court meeting yesterday regarding the decommissioning bonds for your Solar Farm project here in Logan County. Per the vote of the Court, Logan County is agreeable to allow Everest Reinsurance Company to serve as the bond holder for the decommissioning bonds of that project per the terms of the final order by the Public Service Commission entered last year. Please make sure that once the bond is in place, the bond is filed with Logan County Treasurer Amanda Stratton in Judge Baker's office.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joseph E. Ross".

Joseph E. Ross
