Russellville Solar, LLC gives notice that the Kentucky State Board on Electric Generation and Transmission Siting shall convene a public meeting on June 15, 2022 at 5:00 p.m. Central Daylight Time, at the Logan County Public Library, 225 Armory Drive in Russellville, Kentucky 42276 for the purpose of receiving public comment on the Application of Russellville Solar, LLC for a Certificate of Construction for an Approximately 173 Megawatt Merchant Electric Solar Generating Facility in Logan County, Kentucky, Case No. 2021-00235.

FROM PAGE A1

Leon Smith, and former Principal of RHS, Mrs. Kim McDaniel, both had high hopes of getting this accomplished during their tenure, but big changes like this take time.

After 3 years of persistence, thanks are extended to Mrs. Kathy Thweatt, health educator with the Barren River District Health Department, to the Logan County Health Coalition, to House Representative Jason Petrie, and to the concerned DOT Engineers, RHS students and surrounding community members as much safer now as they cross busy 9th Street to the shopping center.

"This project was definitely a community effort," said Thweatt, "to improve safety for our students & those who walk to the grocery from their homes."

Several years ago, Mrs. McDaniel and Mr. Smith met with engineers to discuss the possibility of a crosswalk being established. At that time, engineers felt that a crosswalk was not warranted. It took the advocacy of Thweatt on behalf of the Logan County Health Coalition and further pushes from school administrators to get the

crosswalk construction underway.

Thweatt met with Brad Hall, an engineer for the Department of Transportation, last year. Hall submitted the request for approval while Thweatt, the Russellville School Board, and the Logan County Health Coalition reached out to Rep. Jason Petrie to back the project. With Petrie's support, the project was approved. After months of planning and construction, the crosswalk is finally complete and ready for use.

"This has been the most exciting project ever," said Thweatt.

Danny Perry, Director of Facilities at Russellville Independent Schools, said that he is "so glad we could come together and make this happen for the safety of our students and the community."

"I am ecstatic that this project has been able to move forward after several years," said Mrs. McDaniel. "I am thrilled that the students of RHS have this safety feature available to them."

Russellville Independent Schools Superintendent Mr. Larry Begley also expressed his gratitude to everyone involved in this development. "This project is proof of their genuine care about our students and community. We couldn't be more grateful."

# Man sentenced for possessing methamphetamine

BY FOR NDL

A Bowling Green man was sentenced recently, in the United States District Court for the Western District of Kentucky, to 11 years in prison for possessing, with the intent to distribute, 50 grams or more of methamphetamine and possession of a firearm by a convicted felon. There is no parole in the federal system.

According to court documents, on December 8, 2020, Robert Thomason, 41, possessed, with the intent to distribute, 54.13 grams of methamphetamine. Thomason also possessed a handgun after having been previously convicted of the felony offenses of first-degree trafficking in a controlled substance and bail jumping.

"Outstanding work by ATF, the Bowling Green/Warren County Drug Task Force, and KSP," said U.S. Attorney Michael A. Bennett of the Western District of Kentucky, "Drug distribution and the illegal possession of firearms remain top law enforcement priorities in the Western District as we continue the fight against violent crime." "Illegal drug traffick-

ROBERT THOMASON

ing is a threat to our community, frequently bringing with it the criminal use of firearms, violence, overdoses, and other criminal activity," said ATF Special Agent in Charge Shawn Morrow of the Louisville Division. "ATF's Louisville Division will continue to work with our part-

ners, like the Bowling Green/Warren County Drug Task Force and Kentucky State Police, to target armed drug dealers and remove them from our communities. This investigation is an example of our commitment to protect the public and making Kentucky safer."

Assistant U.S. Attorney Mark J. Yurchisin II prosecuted the case.

The Bureau of Alcohol, Tobacco, Firearms and Explosives, the Bowling Green/Warren County Drug Task Force, and the Kentucky State Police investigated the case.

This case is part of Project Safe Neighbor-

hoods (PSN), the centerpiece of the Department of Justice's violent crime reduction efforts. PSN is an evidence-based program proven to be effective at reducing violent crime. Through PSN, a broad spectrum of stakeholders work together to identify the most pressing violent crime problems in the community and develop comprehensive solutions to address them. As part of this strategy, PSN focuses enforcement efforts on the most violent offenders and partners with locally-based prevention and reentry programs for lasting reductions in crime.
