Dear Mayor Wolfe,

USDA Rural Development is currently processing an application from the City of Jackson for the Highway 15 Water Improvements Project. The application is being processed on the basis of an estimated project cost of \$1,475,000. The project is to be partially funded through a \$475,000 grant from ARC. Rural Development has been requested to provide the remaining \$1,000,000. We anticipate the availability of a \$650,000 loan and a grant of \$350,000 to complete the funding.

Rural Development has reviewed the financial situation of the water and wastewater utilities for the city of Jackson and in order for Rural Development to continue processing the application an adjustment to the city's rates will be necessary to ensure repayment ability.

With a guarantee from the city of a \$.25 (25 cent) increase per one thousand gallons of water used per customer, along with a guarantee that the city will implement the previously approved 3% increase in fiscal years ~~2015~~, 2016, 2017, 2018

This letter is in no way a commitment of Rural Development funding for the project. We will however need these assurances before proceeding further with the application.

Thanks you for your interest in financing from USDA Rural Development. Please do not hesitate to contact me with any questions.

Sincerely,

Greg Pridemore
Area Specialist
