Re: *In the Matter of: Electronic Application of Big Rivers Electric Corporation for a Certificate Of Public Convenience and Necessity to Construct a 161 KV Transmission Line in Mccracken County, Kentucky*
- Case No. 2021-00275

Dear Ms. Bridwell:

Ordering Paragraph No. 3 of the Commission's Order dated January 14, 2022, in the above referenced case, directed Big Rivers Electric Corporation ("*Big Rivers*") to "file a survey of the final location of the transmission facilities after any modifications are finalized as authorized herein and before construction begins." There were no modifications to the transmission line route, nor the location of the West Paducah substation. Pursuant to the January 14, 2022 Order, Big Rivers files electronically the following materials:

1. This cover letter, which constitutes the Read1st file required by 807 KAR 5:001 Section 8(5); and
2. Surveys depicting the final locations of the transmission line¹ and the West Paducah substation, for inclusion in the post-case correspondence file.

The Commission excused no parties to this proceeding from its electronic filing procedures.

¹ The enclosed line survey identifies adjacent property owners as well as the impacted property owners. The impacted property owners remained the same as identified in Big Rivers' Application filed in this matter.

Ms. Linda C. Bridwell
