## NOTICE

Please take notice that Duke Energy Kentucky, Inc. has applied to the Kentucky Public Service Commission for approval to revise its Demand Side Management (DSM) rate electric service for residential and commercial customers. Duke Energy Kentucky's current monthly DSM rate for residential electric customers is \$0.002175 per kilowatt-hour and for non-residential customers is (\$0.000868) per kilowatt-hour for distribution service and \$0.000218 per kilowatt-hour for transmission service.

Duke Energy Kentucky seeks approval to revise these rates as follows: Duke Energy Kentucky's monthly DSM rate for residential electric customers would increase to \$0.002309 per kilowatt-hour and for non-residential customers would remain at (\$0.000868) per kilowatt-hour for distribution service and would remain at \$0.000218 per kilowatt-hour for transmission service.

The rate contained in this notice is the rate proposed by Duke Energy Kentucky. However, the Public Service Commission may order a rate to be charged that differs from this proposed rate. Such action may result in a rate for consumers other than the rate in this notice. The foregoing rates reflect a proposed increase in electric revenues of approximately \$0.2 million or 0.06% over current total electric revenues.

A typical residential electric customer using 1000 kWh in a month will see an increase of \$0.14 or 0.14%. Nonresidential customers will see no changes in their bills from this application.

Any corporation, association, body politic or person may by motion within thirty (30) days after publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. The intervention may be granted beyond the thirty (30) day period for good cause shown. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's website. A copy of this application filed with the Public Service Commission is available for public inspection at Duke Energy Kentucky's office at 1262 Cox Road, Erlanger, Kentucky 41018 and on its website at http://www.duke-energy.com. This filing and any other related documents can be found on the Public Service Commission's website at http://psc.ky.gov.

The intervention may be granted beyond the thirty (30) day period for good cause shown. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission by mail or through the Public Service Commission is available for public inspection at Duke Energy Kentucky's office at 1262 Cox Road, Erlanger, Kentucky 41018 and on its website at http://www.dukeenergy.com. This filing and any other related documents can be found on the Public Service Commission's website at http://psc.ky.gov.

CAMPBELL RECORDER | THURSDAY, AUGUST 12, 2021 |

The furnishing and delivering of selected heavy equipment from the following list within the number of days specified in the Bid Form upon issuance of a Purchase Order by the Owner.

TAX Up to 2 Triaxle Dump EVE- Trucks

> All prospective bidders should understand that Owner is exempt from state sales tax.

All Bids must be in accordance with the Instructions to Bidders and the Contract Documents on file from: Northern Kentucky Water District, 2835 Crescent Springs Road, Erlanger, Kentucky 41018. Copies of the Bidding Documents may be obtained from the office at the address indicated herein by contacting Robert Gearding at rgearding@nkywater.org. There is no charge for these documents.

Bids will be received on a unit price basis as described in the Bidding Documents. Bids may be submitted on any one item, multiple items, or all of the items listed in the Bid Form.

Evaluation of Bids and the awarding of a final contract are subject to the reciprocal preference for Kentucky resident bidders pursuant to KRS 45A.490 to 45A.494 and (KAR 200 5:400). Each Bid must contain evidence of Bidder's qualifications to transact business in the State of Kentucky or covenant to obtain such quali-

generally described as follows:

Removing of residual solids and sediment from the Fort Thomas Treatment Plant's North Reservoir, which involves dewatering, removing, hauling, and off-site disposal. The Contractor may propose any legal disposal method as long as fully described in its Bid, and it is compliant with federal, state, and local laws. The Owner reserves the right to stop the solids removal work at any time.

Although subject to Owner review and approval, it shall be at the Contractor's discretion to determine the means methods for the dewatering, removal, hauling, and off-site disposal of the solids provided it is done in accordance with the Contract Documents and applicable laws, codes, standards, regulations, and agency require-ments, e.g., permit applications / registrations, etc. The Contractor must certify compliance with the above and agree to be solely responsible for the solids once removed, including any claims, lawsuits, or actions from a regulatory agency.

Owner reserves the right to request any clarifying information it deems necessary from Bidders and any chosen Contractor related to the solids removal strategy (including information related to permitting, sampling, etc.).

All prospective bidders should understand that Owner is ex-

## NOTICE

Please take notice that Duke Energy Kentucky, Inc. has applied to the Kentucky Public Service Commission for approval to revise its Demand Side Management (DSM) rate electric service for residential and commercial customers. Duke Energy Kentucky's current monthly DSM rate for residential electric customers is \$0.002175 per kilowatt-hour and for nonresidential customers is (\$0.000868) per kilowatt-hour for distribution service and \$0.000218 per kilowatt- hour for transmission service.

Duke Energy Kentucky seeks approval to revise these rates as follows: Duke Energy Kentucky's monthly DSM rate for residential electric customers would increase to \$0.002309 per kilowatt-hour and for non-residential customers would remain at (\$0.000868) per kilowatt-hour for distribution service and would remain at \$0.000218 per kilowatt-hour for transmission service.

The rate contained in this notice is the rate proposed by Duke Energy Kentucky. However, the Public Service Commission may order a rate to be charged that differs from this proposed rate. Such action may result in a rate for consumers other than the rate in this notice. The foregoing rates reflect a proposed increase in electric revenues of approximately \$0.2 million or 0.06% over current total electric revenues.

A typical residential electric customer using 1000 kWh in a month will see an increase of \$0.14 or 0.14%. Nonresidential customers will see no changes in their bills from this application.

Any corporation, association, body politic or person may by motion within thirty (30) days after publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. The intervention may be granted beyond the thirty (30) day period for good cause shown. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's website. A copy of this application filed with the Public Service Commission is available for public inspection at Duke Energy Kentucky's office at 1262 Cox Road, Erlanger, Kentucky 41018 and on its website at http://w ww.dukeenergy, com. This filing and any other related documents can be found on the Public Service Commission's website at http://psc.ky.gov. CAM, Aug 12, 19, 26, '21# 4857730

ever the soil is thawed and dry.

Gardeners lacking outdoor growing space or in areas with cold winters can also grow this herb indoors. Grow mint in a quality well-drained potting mix. Place in a sunny window or under artificial lights and keep the soil evenly moist.

Harvest the mint leaves as needed. Cut leafy stems off the plant just above a healthy leaf or bud so the wound closes faster and the remaining plant will look better. Rinse off the clippings and remove tough stems and bad leaves before adding mint to your favorite beverage or dish.

You'll enjoy the most intense flavor when harvesting mint just before the plants begin to flower. This is the best time to make larger harvests

## NOTICE

Please take notice that Duke Energy Kentucky, Inc. has applied to the Kentucky Public Service Commission for approval to revise its Demand Side Management (DSM) rate electric service for residential and commercial customers. Duke Energy Kentucky's current monthly DSM rate for residential electric customers is \$0.002175 per kilowatt-hour and for non-residential customers is (\$0.000868) per kilowatt-hour for distribution service and \$0.000218 per kilowatt-hour for transmission service.

Duke Energy Kentucky seeks approval to revise these rates as follows: Duke Energy Kentucky's monthly DSM rate for residential electric customers would increase to \$0.002309 per kilowatt-hour and for non-residential customers would remain at (\$0.000868) per kilowatt-hour for distribution service and would remain at \$0.000218 per kilowatt-hour for transmission service.

The rate contained in this notice is the rate proposed by Duke Energy Kentucky. However, the Public Service Commission may order a rate to be charged that differs from this proposed rate. Such action may result in a rate for consumers other than the rate in this notice. The foregoing rates reflect a proposed increase in electric revenues of approximately \$0.2 million or 0.06% over current total electric revenues.

A typical residential electric customer using 1000 kWh in a month will see an increase of \$0.14 or 0.14%. Non-residential customers will see no changes in their bills from this application.

Any corporation, association, body politic or person may by motion within thirty (30) days after publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. The intervention may be granted beyond the thirty (30) day period for good cause shown. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's website. A copy of this application filed with the Public Service Commission is available for public inspection at Dute Energy Kentucky's office at 1262 Cox Road, Erlanger, Kentucky 41018 and on its website at http://www.duke-energy.com. This filing and any other related documents can be found on the Public Service Commission's website at http://psc.ky.gov.
