Re: Case No. 2021-00326 – Response to Deficiency Letter

Dear Ms. Bridwell:

Delta Natural Gas Company, Inc. submitted an Application for Issuance of Indebtedness on August 27, 2021 requesting authority to issue indebtedness through long-term intercompany notes issued on or before December 31, 2021 and December 31, 2023. By correspondence dated August 30, 2021, the Commission rejected the filing because Delta did not provide the interest rate for the \$40 million note to be issued on or before December 31, 2023.

By this letter, Delta respectfully withdraws its request for authority to issue the \$40 million note on or before December 31, 2023 and will re-file the request at a later date. Delta maintains its request to issue long-term debt in an amount up to \$26 million on or before December 31, 2021. In the event that withdrawing this request by correspondence is insufficient, Delta is also tendering herewith a copy of the Application with the request for the 2023 issuance removed. There are no additional changes to the Application from the version filed on August 27, 2021, except for an updated verification from Delta's Controller.

In accordance with the Commission's Order of July 22, 2021 in Case No. 2020-00085 (Electronic Emergency Docket Related to the Novel Coronavirus COVID-19), this is to certify that the electronic filing has been transmitted to the Commission on August 30, 2021; and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means.

Please let me know if you have any questions or concerns.

Sincerely,

Monica H. Braun
