RE: Case No. 2021-00346

This is a response to Motion for Partial Rehearing delivered by Kentucky Power Company on 3/25/2022. **In no way should Kentucky Power be granted a partial rehearing after KPSC final order.**

It is apparent Kentucky Power is not satisfied with the Kentucky Public Service Commission's ruling and final order dated March 8, 2022.

The 14th amendment to the Constitution of the United States of America states:

Amendment XIV
Section 1.

All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the state wherein they reside. No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, **liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.**

The response letter dated 3/4/2022 posted to the KPSC website was never reviewed or the issues, which were outlined, addressed prior to the final order issued on 3/8/2022. **I was never afforded the opportunity to depose witnesses by the Kentucky Power Company or the experts from the Kentucky Public Service Commission.**

In conclusion: If the Kentucky Public Service Commission grants a partial rehearing in this case it is apparent that the KPSC is a **rubber stamp** for the Kentucky Power Company. The Kentucky Public Service Commission made its final order with routes and cost of Kentucky Power.

Attachment: picture of transmission lines located at Prestonsburg Kentucky, by Kentucky Power. Along with the pictures submitted previously, clearly showing 80% of Kentucky Power's transmission lines are on slopes of ridges.

Sincerely,

Volney Brent Allen
