Property Acquisition Update

Kentucky Power files with the Commission its March 2023 property acquisition update. The filing is being made in accordance with paragraph 49 of the Company's application. This update details the status of Kentucky Power's property acquisition efforts as of March 1, 2023.

Opposition was expressed by Volney Brent Allen and Western Pocahontas Properties.

The Company has surveyed the parcels affected by the Garrett Area Improvements 138kV Transmission Project, and as a result, has obtained more accurate parcel information than that provided by the PVA. **Exhibit 1** provides further information regarding the status of the 82 parcels. The Company has acquired none of the 82 parcels affected by the transmission line or its right-of-way.

Respectfully submitted,
