RE: Merger of West McCracken Water District with Paducah Water Works

Dear Mr. Barker,

Please accept this letter supporting the above transactions. In my opinion this is a step which will benefit not only the District's existing customer's but also all citizens of McCracken County, and serve as a stimulus for economic development in the county.

The terms and conditions of the Transfer Agreement are generally well known by the County and City elected officials. Likewise, because of media publicity, the general public has been adequately informed. This office has not received a single objection from any source.

Please submit this letter of support to the Kentucky Public Service Commission.

Let me add that we all appreciate the exemplary leadership demonstrated by the West McCracken County Water District and PWW.

Sincerely,

Craig Z. Clymer  
McCracken County Judge Executive
