RE: Case No. 2021-00406
Western Fleming Water District
Filing Deficiency Remediation

Dear Ms. Bridwell:

We have received notice dated October 29, 2021 that the proposed rate adjustment does not meet regulatory requirements: *"customer notice does not include the percentage change requested for each customer class"*.

Attached is a corrected customer notice that includes the percentage change requested for each customer class.

We will re-advertise the customer notice three times in accordance with regulations for publication of legal notices for Western Fleming Water District.

We respectfully request that the deficient notice be replaced with this corrected notice and that the updated rate adjustment application be accepted.

Sincerely,

A handwritten signature in cursive script that reads "Vernon Barton".

Vernon Barton
Chairman
