

Request for disbursement of Water Loss Surcharge funds

Garrison-Quincy-KY-O-Heights (Garrison Water) would like to request the use of Water Loss Surcharge funds in the amount of \$8,500.00 for the replacement of 300 feet of repeatedly troublesome 3" water line. This is one of the major items that was mentioned in our Infrastructure Improvement Plan.

The attached quote includes all parts and labor, for the purchase and installation of the pipe and all components. It will include 2 fittings at each end, 300 feet of SDR 21 3" PVC pipe and 1-3" Gate Valve. This price is current and accurate. Currently, Garrison Quincy KY O Heights Water District has \$34,473.25 in the water loss surcharge account.

This section of pipe is in a constant state of repair and has many clamps as well as new couplings installed throughout its entirety. It would secure one more area that is prone to repetitive problems and eliminate water loss in this section of our system.
