RE: Case No. 2021-00454  
Barkley Lake Water District  
Alternative Rate Filing Adjustment

Dear Ms. Bridwell:

Barkley Lake Water District (Barkley Lake) was in the process of filing its new tariff sheets as a result of its recently completed Alternative Rate Filing (ARF) case that was before the Commission. In the process of doing so, Barkley Lake noticed that on page 2 of Appendix B (Nonrecurring Charges) in the Final Order issued on September 13, 2022, there were two "Meter Test Charges" listed. One of the meter test charges listed was for \$25 while the other was for \$37.

Barkley Lake is requesting clarification on what should be included in their tariff filing for nonrecurring charges, in regard to the meter test charges, and is also requesting affirmation that the other charges included in the Appendix B of the Order are accurate.

Sincerely,

A handwritten signature in black ink that reads "John Herring".
