Re: In the Matter of: Electronic Application of Big Rivers Electric Corporation for a Certificate of Public Convenience and Necessity to Construct a 161 kV Transmission Line in Henderson County, Kentucky, Case No. 2022-00012

Dear Ms. Bridwell:

Subsequent to filing Big Rivers Electric Corporation's ("*Big Rivers*") Responses to the Commission Staff's First Request for Information on March 21, 2022, we discovered that the response to Item No. 13 requires clarification.

With this letter Big Rivers is electronically filing its Revised Response to Item No. 13 of the Commission Staff's Request for Information, dated February 28, 2022, in which language beginning at line eight (8) of page two (2) of the original response has been revised. The revised language is both italicized and underlined.

Big Rivers files this revision pursuant to the Commission Staff's First Request for Information, dated February 28, 2022, which requires timely amendment of any response if Big Rivers obtains information that the response was incorrect when made.

The Commission has excused no parties to this proceeding from its electronic filing procedures.
