Additional Known and Measurable Changes to Expenses

Bob Miller <bob.miller@straightlineky.com>

To: Barry Drury

Good afternoon.

Per our recent telephone conversation, I will be making these two additions to known and measurable changes in expenses:

1. Meter Reading Expenses: 1,700 accounts * (\$1.80-\$1.47) monthly increase *12 months = \$6,732.
2. Meter Reading System: \$3,000 per month * 12 months = \$36,000.

Via return email, please confirm that my understanding of these two items is correct.

I will add these to the rate model, the rate study report, the resolution, and the customer notification.

Bob

Subject: Re: Cover Letter and Notice for Electronic Filing

Yes sir.

Couple of questions. Our meter reading cost is going from \$1.47 to \$1.80. Hourly maintenance is going up \$100 an hour. Also going to a new customer billing system that will run \$3000 per month. Shouldn't this be accounted for in our request ?

Thanks

Barry
