RE: Case No. 2022-00035
South Woodford Water District
Inconsistent Application of Returned Check Charges

Dear Ms. Bridwell:

In the response provided by South Woodford Water District to Question #1b in Kentucky Public Service Commission staff's third Request for Information, the District stated that there were 12 occurrences of Returned Check Charges for a total charged of \$200.00 during the test year. Given that the District's tariff specifies that the Returned Check Charge is \$20.00 per occurrence, the total charged should have been \$240.00; however, the Returned Check Charge was apparently applied on an inconsistent basis by the previous Manager employed by the District during the test year.

Sincerely,

A handwritten signature in black ink that reads "Matthew Coyle". The signature is written in a cursive, flowing style.
