RE: Case # 2022-0035 - Surcharge

Dear Executive Director Bridwell:

We apologize for the delay in responding to your request for clarification on our letter dated April 11, 2023. The South Woodford Water District is not currently charging the \$3.87 per meter per month water loss reduction surcharge.

The letter we sent to you dated April 11, 2023 was intended to request permission to begin assessing the surcharge to our water customers. However, we went on to explain how the collected surcharge money would be used. We apologize for any confusion the additional information may have caused.

Therefore, we are requesting permission from the Public Service Commission to start applying the surcharge to our customers.

Thank you for your kind consideration in this matter.

Sincerely,

Dale Gatewood, Manager
