FAILURE OF KENTUCKY UTILITIES TO PROPERLY NOTIFY LANDOWNERS

The Dobson and Hagan Families, joint owners in Parcel ID 207-00-00-030 would like to call the Kentucky Public Service Commission's attention to the fact that Kentucky Utilities has failed to properly notify all landowners of the aforementioned property. As such, Kentucky Utilities has not properly complied with statutory requirements for notifying property owners regarding its application for a certificate of public convenience. Specifically, Kentucky Utilities is in violation of Kentucky Administrative Regulations, Section 807 KAR 5:120 section 2.3 as stated below.

(3) A verified statement that, according to county property valuation administrator records, each property owner over whose property the transmission line right-of-way is proposed to cross has been sent by first-class mail, addressed to the property owner at the owner's address as indicated by the county property valuation administrator records, or hand delivered:

(a) Notice of the proposed construction;

(b) The commission docket number under which the application will be processed and a map showing the proposed route of the line;

€ The address and telephone number of the executive director of the commission;

(d) A description of his or her rights to request a local public hearing and to request to intervene in the case; and

€ A description of the project;

Kentucky Utilities falsely claimed that Delberta Hagan was not a legal owner of the property which is in error. Delberta Hagan is listed on the deed to the property which can be accessed via the Hardin County Clerk of Courts website. Delberta Hagan is the spouse of James S. Hagan (deceased in 2021) and is a resident of Oklahoma. She has received no notification from Kentucky Utilities regarding their intent to construct a 345 kV line on her property.

Kentucky Utilities has not properly notified William Robert Hagan, also an owner of the aforementioned property, and a resident of the state of New York. William Robert Hagan is also listed on the deed to the property which can be found on file with the Hardin County Clerk of Court.

We respectfully request that the hearing scheduled for June 1, 2022 be delayed for thirty (30) days while all owners can be properly notified and granted the same time and opportunities as other property owners to prepare responses to the application for certificate of public convenience and necessity.

Sincerely,

Stephen L. Dobson
