NOTICE OF FILING

Please allow this filing to serve as a follow up request for decision for Case No. 2022-00126. The deadline for intervention has passed and to date there have been no interventions.

The original filing for the wholesale sewer rate increase between LUC and Wood Creek Sewer District was in April 2022. There have been no objections to the rate increase. As such, City of London Utility Commission does not believe there is a need to conduct an evidentiary hearing in this proceeding and that the matter can now be decided by the Commission. If the Commission determines an evidentiary hearing is necessary, the City of London Utility Commission will accommodate the request.

Thank you for your consideration of this matter and please contact me should you have any questions regarding this matter.

Respectfully submitted,
