Confidential versions of the lease and purchase agreements are being filed separately under seal pursuant to a Motion for Confidential Treatment.

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 1st day of August, 2020 ("**Effective Date**"), by and between Cecilia King Abbott and Larry D. Abbott, wife and husband; Carole King Stevenson, Trustee of the Carole King Stevenson Revocable Trust, UTA dated 11/16/2015; Claudia King Green, an unmarried widow; and Cathryn King Manion, single person ("**Owner**") and Sebree Solar, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** and depicted on **Exhibit B-1** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of five (5) years, commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property. If Operator damages Owner's Property due to such tests and studies, then Operator will restore the Owner's Property to its original condition prior to such use. In the event that the Project is built, Operator agrees to share any boundary survey documents with Owner.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1 and the portion of the Owner's Property that Operator elects to lease hereunder. Operator shall be required to make Annual Installments Payments on all of the acreage included in Section 1 and/or Section 2, as depicted on Exhibit B-1 attached hereto, if any part of such area(s) are selected. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property.

4.5 **Substation Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Owner's Property.

4.6 **Telecommunication Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Owner's Property.

4.7 **Weather Instrument Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement

Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

Except for Operator's obligation to make Annual Installment Payments as set forth in **Exhibit D** and payments of Taxes as set forth herein, the Parties shall be excused from performing

their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a

preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B-2** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** To the best of Owner's knowledge, the Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements. Operator acknowledges that there may be an oil and gas lease and pipeline right of way burdening the Owner's Property as disclosed by Owner.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, to the best of Owner's knowledge, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days

after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property. To the best of Owner's knowledge and belief, other than the existing farm lease which expires on December 31, 2020, an oil and gas lease, and a pipeline easement, there are no other leases or encumbrances to which Owner is a party which would affect Operator's use of the Owner's Property. Owner may enter into future farm leases without Operator's consent provided that they are terminable by Owner upon Operator's exercise of the Option.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the

Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

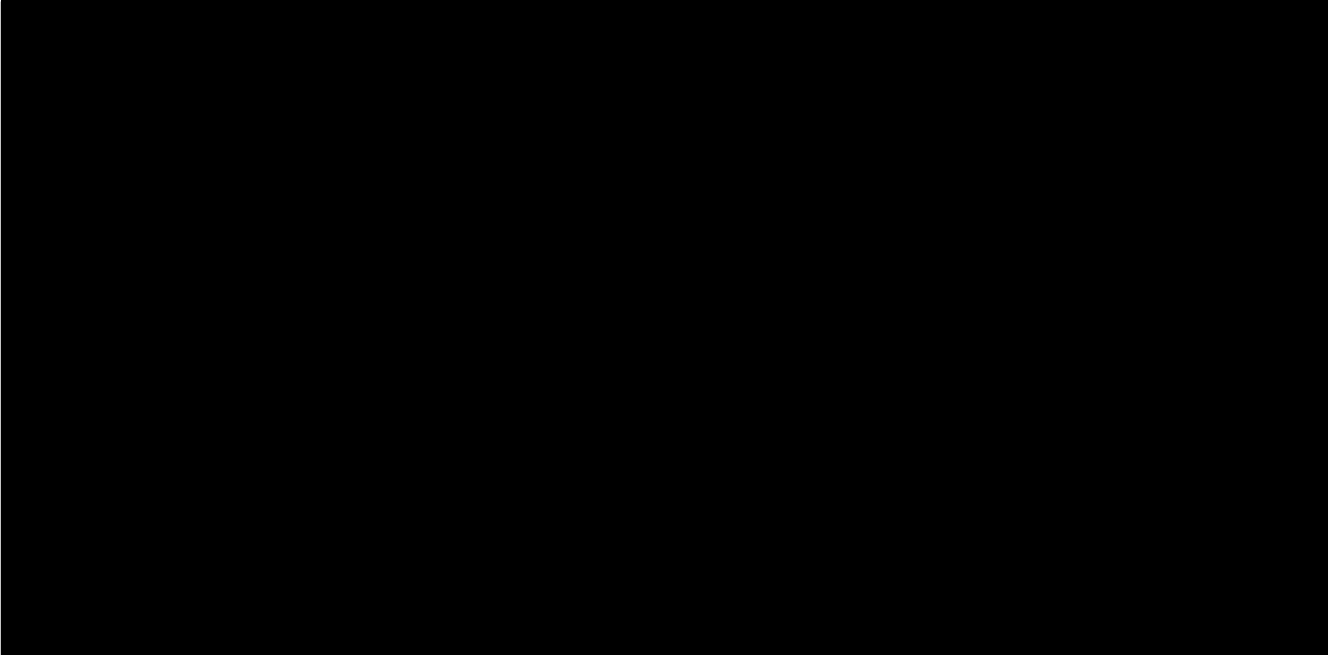

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Tax Billing.** Owner and Operator shall exert all due diligence to cause the taxing authority to bill Owner separately for Owner's portion of the Taxes and bill Operator separately for Operator's portion of the Taxes. Owner and Operator shall exert all due diligence to cause the taxing authority to further separate and bill separately: 1) That portion of Owner's Property which is ultimately subject to this Agreement; and 2) That portion of Owner's Property which is not subject to this Agreement – that portion of Owner's Property for which Operator pays no Annual Installment Payment.

12.2 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed by governmental authorities against the Owner's Property and all improvements thereon installed by Owner, other than Operator's Taxes referenced in Section 12.3. Any other provision of this Agreement notwithstanding, only the following shall be included in "**Owner's Taxes**": 1) Taxes on only an amount equal to the Assessed Fair Cash Value of that portion of the of Owner's Property ultimately subject to this Agreement, as of the year immediately preceding filing of the Memorandum by Operator; 2) Any increase in the tax rate, from time to time, on only such amount which is equal to the Assessed Fair Cash Value of that portion of Owner's Property ultimately subject to this Agreement, for the year immediately preceding Operator's filing of the Memorandum, and only then where such increase in tax rate is unrelated to Operator's use of the Property; 3) Any Taxes on improvements Owner makes to that portion of Owner's Property which is ultimately subject to this Agreement, after Operator files the Memorandum; and, 4) All Taxes on that portion of Owner's Property which is not subject to this Agreement.

12.3 **Operator's Taxes.** [REDACTED]

12.4 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.5 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided

that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or non-judicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as

any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$2 Million Dollars per occurrence and \$4 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$10 Million Dollars per occurrence and \$10 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee (including the existing tenant farmer and/or the farm management agent, Field and Main Trust Services), or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any

party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

18.1.2 **Terminate Agreement.**

18.2 **Other Operator Default.**

18.3 **Owner Default.**

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the

remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;
- (b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;
- (c) Any portion of the award by the court for Owner's lost revenues, to Owner;
- (d) All remaining amounts of the award, to Owner or Operator consistent with applicable Kentucky law.

20.2 **Delivery.** Notice is considered given either (i) when delivered in person to the recipient named below, (ii) upon receipt after deposit in the United States mail in a sealed envelope or container, postage and postal charges prepaid, return receipt requested or certified mail, addressed by name and address to the party or person intended, or (iii) twenty-four (24) hours from proper and timely delivery to an overnight courier service addressed by name and address to the party or person intended as follows:

Notices given before actual receipt or notice of change shall not be invalidated by the change.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. In accordance with this Agreement, Operator in its discretion may authorize other persons or entities to use the Operator Property for the purposes stated in this Agreement

21.2 **Memorandum**. Simultaneously with the execution of this Agreement, the Parties agree to execute and acknowledge a memorandum of this Agreement ("**Memorandum**"). Operator may record the executed memorandum in the public records of Henderson County, Kentucky.

21.6 **Severability**. If any term or provision of this Agreement, or the application thereof to any person or circumstance shall, to any extent, be determined by judicial order or decision to be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held to be invalid, shall be enforced to the fullest extent permitted by law.

21.7 **Tax Credits**. If under applicable law Operator becomes ineligible for any currently existing tax credit, benefit or incentive for alternative energy expenditure established by any local, state or federal government, then, at Operator's option and at Operator's sole expense, the Parties shall negotiate in good faith to amend this Agreement or replace it with a different instrument so as to convert Operator's interest in the Operator Property to a substantially similar interest that makes Operator eligible for such tax credit, benefit or incentive. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement, nor shall any such change result in any decrease in payments made to Owner hereunder.

21.8 **Approvals**. Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

21.9 **Authority**. The signatories hereto warrant that each has the authority to execute this Agreement on behalf of any entities which are Parties to this Agreement and that each such

entity has executed this Agreement pursuant to its organizational documents or a resolution or consent of their Board of Directors or other governing body.

21.10 **Time of Essence**. Time is of the essence of each provision of this Agreement.

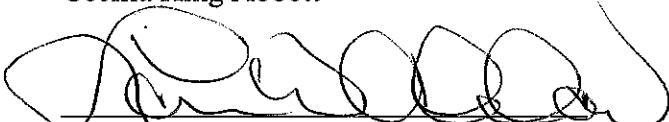

21.11 **Counterparts**. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute a single instrument.

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 9 day of March, 2023 ("**Effective Date**"), by and between William R. Caton, Jr. and Brenda F. Caton, husband and wife ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree II Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The initial period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Initial Option Term**"). Operator shall have a single election to extend the Initial Option Term for an additional one (1) year ("**Extended Option Term**") by written notice to Owner no later than thirty (30) days prior to the expiration of the Initial Option Term, which notice shall be accompanied by the Option Payment (as defined in **Exhibit D**). References herein to the Option Term shall mean the Initial Option Term and, to the extent exercised by Operator, the Extended Option Term, unless the context otherwise expressly requires.

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property.

4.5 **Substation Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Owner's Property.

4.6 **Telecommunication Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Owner's Property.

4.7 **Weather Instrument Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

Extended Lease and Easement Term. Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.2 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses

good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement.

Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related

to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for

temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

governmental agency of the relevant

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator

removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing

or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that

portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in

violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i)

Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals**. Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 3 day of March, 2021 ("**Effective Date**"), by and between Chris Daniel and Laveta R. Daniel, husband and wife ("**Owner**") and Sebree Solar, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A**, and depicted on the attached Exhibit B-1 to this Agreement hereto. ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property. All topsoil disturbed by the work on the project prior to installation will be segregated and restored as topsoil upon completion of the pre-installation work. Topsoil removed during installation shall be placed elsewhere on Owner's property at Owner's direction. Operator shall give Owner ninety (90) days' notice prior to commencement of installation. If, after giving notice, Operator fails to commence timely, then Operator will be responsible to Owner for the loss of crop rent for the crop season if the subject property lies fallow.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. In the event that Operator builds roads outside of the fenced area of the project, Operator shall make reasonable efforts to plan and construct any such roads along the boundary of Owner's property unless it is impractical to do so, in Operator's determination. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals. The Operator has the obligation, including cost, for any maintenance of natural existing vegetation outside of the fence line that it requires in order to preserve its rights under this Section 5.1, for example, trimming existing trees outside of the fence line as they grow if Operator determines that such trees are or may cause interference.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such

Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 **"Solar Panels"** shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 **"Collection Facilities"** shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system,

including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 "**Ownership of Improvements**". Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 "**Construction Liens**". Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 "**Location of Improvements**". The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined

until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Operator shall not install any Improvements in the excluded areas of Owner's Property depicted in Exhibit B-1 without obtaining the prior consent of Owner. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, and depicting any areas outside the perimeter fence that will be used as vegetative buffer which shall be considered a part of the Owner's Property that is subject to the Lease and Easements, and, at Operator's discretion, any additional setback or similar areas required for permitting that may be included as part of the Owner's Property subject to the Lease and Easement, and identifying any such areas that are to be considered a part of the Owner's Property that is subject to the Lease and Easements, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence and any additional areas identified by Operator as required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner. Operator will continue to make all Annual Installments Payments on a prorated basis until the Removal Obligations are substantially completed. If a governmental authority does not require a performance bond or security for removal of the Improvements, then upon the earlier to occur of: (i) the termination of this Agreement; or (ii) on the twentieth (20th) anniversary of the commercial operations date of the Project, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "**Removal Bond**"). The Removal Bond shall be equal to the estimated amount, if any (the "**Net Removal Costs**"), by which the cost of removing the Improvements on Owner's Property exceeds the salvage value less any outstanding debt on such Improvements, which Net Removal Costs shall be determined as set forth below. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the

next thirty (30) days, then by an independent engineer appointed by a Circuit Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee that provides substantially equivalent security as the Removal Bond.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, or as may be shown in the public records, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("**SNDA**") in the form prepared

and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner**. Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition**. Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions**. Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation**. No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival**. The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance**.

11.1 **Exclusive Use by Operator**. Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and

operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid

pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

[REDACTED]

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or

unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day

period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this

Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or non-exclusive basis, or to grant, subleases, co-leases, easements, licenses or similar rights with respect to the Operator Property (collectively, "Assignment") to one or more persons or entities (collectively "Assignee"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. Operator may make a complete assignment of this Agreement and be released from liability hereunder in such event from obligations subject thereof accruing after the date the liability for such obligations is assumed by Assignee only in connection with the assignment of all, or substantially all, of the assets of the Operator. Operator may assign this Agreement to any "Affiliate" of Operator unconditionally, including assignment without transferring any other assets of Operator. For purposes hereof, the term "Affiliate" shall mean any entity under common or shared ownership or control with Operator. In the event of a partial assignment of Operator's rights hereunder, Operator shall not be released from liability hereunder without Owner's written consent. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and the address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

(a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 28 day of January, 2020 ("**Effective Date**"), by and between James A. Clary, II, and Mary Clary, husband and wife ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of five (5) years, commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees. Any such areas being used temporarily by Operator shall be located immediately adjacent to the portion of the Property leased by Operator hereunder.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use. Any roads inside of the fenced area of the project will be maintained by Operator at Operator's sole cost and expense.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "Easements".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "Interference"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30)

years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a

result of the occurrence, each Party shall give prompt written notification thereof to the other Party. Notwithstanding the foregoing, Operator shall pay Owner 50% of the Annual Installment Payments during any period of Force Majeure.

6.2 Termination by Operator. [REDACTED]

[REDACTED]

7. Payments. If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. Improvements. Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "Solar Panels" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "Collection Facilities" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "Substations" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 "**Ownership of Improvements**". Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 "**Construction Liens**". Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 "**Location of Improvements**". The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this

Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements**. Upon full or partial termination of any of the Lease Rights or Easements, Operator shall within one (1) year of such full or partial termination remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner. Annual Installments Payments shall continue to be made, on a prorated basis, until the Removal Obligations are substantially completed.

8.12 If a governmental authority does not require a performance bond or security for removal of the Improvements, then Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "Removal Bond"). prior to the date that the Project first delivers energy in commercial quantities onto the grid. The Removal Bond shall be equal to the estimated amount, if any (the "Net Removal Costs"), of removing the Improvements from Owner's Property, less the salvage value of the Improvements. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a District Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee reasonably acceptable to Owner that provides substantially equivalent security as the Removal Bond. Operator shall redetermine the amount of the Removal Security beginning immediately prior to the tenth (10th) year of the Lease and Easement Term and every five (5) years after the initial posting of the Removal Bond.

9. **Ownership and Title Matters**. Except as otherwise set forth herein, Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions except for Henderson County Zoning and land use ordinances and restrictions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner

shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

[REDACTED]

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator

Property but not in Owner's interest therein. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter

to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 Operator Mortgagee's Consent to Amendment, Termination or Surrender. Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. Assignment and Sublease. Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subleases, co-leases, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. Hazardous Materials.

15.1 Owner's Covenants Regarding Hazardous Materials. Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 Operator's Covenants Regarding Hazardous Materials. Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard

to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "Claims") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions

hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. Condemnation.

19.1 Complete Taking. If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall

continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;
- (b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;
- (c) Any portion of the award by the court for Owner's lost revenues, to Owner;
- (d) All remaining amounts of the award, to Owner or Operator consistent with applicable Kentucky law.

20.1 **Writing.** All notices given or permitted to be given hereunder shall be in writing.

20.2 **Delivery.** Notice is considered given either (i) when delivered in person to the recipient named below, (ii) upon receipt after deposit in the United States mail in a sealed envelope or container, postage and postal charges prepaid, return receipt requested or certified mail, addressed by name and address to the party or person intended, or (iii) twenty-four (24) hours from proper and timely delivery to an overnight courier service addressed by name and address to the party or person intended as follows:

Notices given before actual receipt or notice of change shall not be invalidated by the change.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. In accordance with this Agreement, Operator in its discretion may authorize other persons or entities to use the Operator Property for the purposes stated in this Agreement

21.2 **Memorandum.** Simultaneously with the execution of this Agreement, the Parties agree to execute and acknowledge a memorandum of this Agreement. Operator may record the executed memorandum in the public records of Henderson County, Kentucky.

21.3 **Entire Agreement.** This Agreement and the attached Exhibits shall constitute the entire agreement between the Parties and supersedes all other prior writings and understandings.

21.5 **Legal Matters.** This Agreement shall be governed by and interpreted in accordance with the then existing laws of the Commonwealth of Kentucky and the County where the Owner's Property is located shall be considered the proper forum or jurisdiction for any disputes arising in connection with this Agreement. The Parties agree to first attempt to settle any dispute arising out of or in connection with this Agreement by good-faith negotiation. If the Parties are unable to resolve amicably any dispute arising out of or in connection with this Agreement, each shall have all remedies available at law or in equity and as provided by this

Agreement. **Each Party waives all right to trial by jury and specifically agrees that trial of suits or causes of action arising out of this Agreement shall be to the court of competent jurisdiction.**

21.6 **Severability.** If any term or provision of this Agreement, or the application thereof to any person or circumstance shall, to any extent, be determined by judicial order or decision to be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held to be invalid, shall be enforced to the fullest extent permitted by law.

21.7 **Tax Credits.** If under applicable law Operator becomes ineligible for any currently existing tax credit, benefit or incentive for alternative energy expenditure established by any local, state or federal government, then, at Operator's option, the Parties shall negotiate in good faith to amend this Agreement or replace it with a different instrument so as to convert Operator's interest in the Operator Property to a substantially similar interest that makes Operator eligible for such tax credit, benefit or incentive. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals.** Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

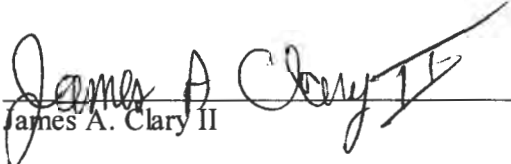

21.9 **Authority.** The signatories hereto warrant that each has the authority to execute this Agreement on behalf of any entities which are Parties to this Agreement and that each such entity has executed this Agreement pursuant to its organizational documents or a resolution or consent of their Board of Directors or other governing body.

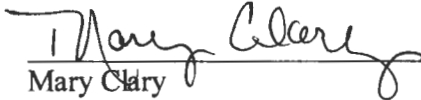

21.10 **Time of Essence.** Time is of the essence of each provision of this Agreement.

21.11 **Counterparts.** This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute a single instrument.

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 2 day of December, 2019 ("**Effective Date**"), by and between Scott T. Clary a/k/a Scott Thomas Clary and Jennifer Clary, husband and wife; and James A. Clary II a/k/a James Arvel Clary and Mary Clary, husband and wife ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to

purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner. Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees. Any such areas being used temporarily by Operator shall be located immediately adjacent to the portion of the Property leased by Operator hereunder.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use. Any roads inside of the fenced area of the project will be maintained by Operator at Operator's sole cost and expense.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property.

4.5 **Substation Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Owner's Property.

4.6 **Telecommunication Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Owner's Property.

4.7 **Weather Instrument Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no

longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party. Notwithstanding the foregoing, Operator shall pay Owner 50% of the Annual Installment Payments during any period of Force Majeure.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase

the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 "**Ownership of Improvements**". Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 "**Construction Liens**". Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 "**Location of Improvements**". The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended.

Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements**. Upon full or partial termination of any of the Lease Rights or Easements, Operator shall, within one (1) year of such full or partial termination, remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner. Annual Installments Payments shall continue to be made, on a prorated basis, until the Removal Obligations are substantially completed.

8.12 If a governmental authority does not require a performance bond or security for removal of the Improvements, then, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "Removal Bond") prior to the date that the Project first delivers energy in commercial quantities onto the grid. The Removal Bond shall be equal to the estimated amount, if any (the "Net Removal Costs"), of removing the Improvements from Owner's Property less the salvage value of the Improvements. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a District Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee reasonably acceptable to Owner that provides substantially equivalent security as the Removal Bond. Operator shall redetermine the amount of the Removal Security beginning immediately prior to the tenth (10th) year of the Lease and Easement Term and every five (5) years after the initial posting of the Removal Bond.

9. **Ownership and Title Matters.** Except as otherwise set forth herein, Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts

expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions except for Henderson County Zoning and land use ordinances and restrictions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be

constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or

perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("Taxes") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property, but not in Owner's interest therein. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgage shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the

Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator

Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgage whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any

federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "Claims") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or

disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

18. Default and Remedies.

18.1 Operator Payment Default.

18.1.1 Collection of Payments.

18.1.2 Terminate Agreement.

18.2 **Other Operator Default.**

18.3 **Owner Default.**

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of

Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;
- (b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;
- (c) Any portion of the award by the court for Owner's lost revenues, to Owner;
- (d) All remaining amounts of the award, to Owner or Operator consistent with applicable Kentucky law.

20.2 **Delivery.** Notice is considered given either (i) when delivered in person to the recipient named below, (ii) upon receipt after deposit in the United States mail in a sealed envelope or container, postage and postal charges prepaid, return receipt requested or certified mail, addressed by name and address to the party or person intended, or (iii) twenty-four (24) hours from proper and timely delivery to an overnight courier service addressed by name and address to the party or person intended as follows:

Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals.** Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 31 day of May, 2023 ("**Effective Date**"), by and between Wade D. Denton and Madison N. Denton, husband and wife ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree II Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The initial period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Initial Option Term**"). Operator shall have a single election to extend the Initial Option Term for an additional one (1) year ("**Extended Option Term**") by written notice to Owner no later than thirty (30) days prior to the expiration of the Initial Option Term, which notice shall be accompanied by the Option Payment (as defined in **Exhibit D**). References herein to the Option Term shall mean the Initial Option Term and, to the extent exercised by Operator, the Extended Option Term, unless the context otherwise expressly requires.

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

Extended Lease and Easement Term. Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.2 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses

good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement.

Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, to the best of Owner's knowledge and belief, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related

to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator, any fences, gates and cattle guards installed by Operator shall be removed and Operator shall restore the area formerly occupied by the any fences,

gates and cattle guards to substantially the same physical condition that existed immediately before installation of the same. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's

Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee

is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgage Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser

at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or

other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

18. **Default and Remedies.**

18.1 **Operator Payment Default.**

18.1.1 **Collection of Payments.**

18.1.2 **Terminate Agreement.**

termination. Owner's right to terminate this Agreement pursuant to this Section 18.1.2 is subject to and conditioned upon Owner giving any Operator Mortgagee written notice and opportunity to cure the Operator Payment Default as provided in Section 13.2.

18.2 **Other Operator Default.**

18.3 **Owner Default.**

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i)

the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;
- (b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;
- (c) Any portion of the award by the court for Owner's lost revenues, to Owner;
- (d) All remaining amounts of the award, to Owner or Operator consistent with applicable Kentucky law.

20. **Notice.**

20.1 **Writing.** All notices given or permitted to be given hereunder shall be in writing.

20.2 **Delivery.** Notice is considered given either (i) when delivered in person to the recipient named below, (ii) upon receipt after deposit in the United States mail in a sealed envelope or container, postage and postal charges prepaid, return receipt requested or certified mail, addressed by name and address to the party or person intended, or (iii) twenty-four (24) hours from

proper and timely delivery to an overnight courier service addressed by name and address to the party or person intended as follows:

20.3 **Change of Recipient or Address.** Either Party may, by notice given at any time or from time to time, require subsequent notices to be given to another individual person, whether a party or an officer or representative, or to a different address, or both. Notices given before actual receipt or notice of change shall not be invalidated by the change.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. In accordance with this Agreement, Operator in its discretion may authorize other persons or entities to use the Operator Property for the purposes stated in this Agreement

21.2 **Memorandum.** Simultaneously with the execution of this Agreement, the Parties agree to execute and acknowledge a memorandum of this Agreement. Operator may record the executed memorandum in the public records of Henderson County, Kentucky.

21.3 **Entire Agreement.** This Agreement and the attached Exhibits shall constitute the entire agreement between the Parties and supersedes all other prior writings and understandings.

If under applicable law Operator becomes ineligible for any currently existing tax credit, benefit or incentive for alternative energy expenditure established by any local, state or federal government, then, at Operator's option, the Parties shall negotiate in good faith to amend this Agreement or replace it with a different instrument so as to convert Operator's interest in the Operator Property to a substantially similar interest that makes Operator eligible for such tax credit, benefit or incentive. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals**. Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

21.9 **Authority**. 1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 28 day of April, 2023 ("**Effective Date**"), by and between William David Denton, joined by consenting spouse, Sarah M. Denton ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree II Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The initial period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Initial Option Term**"). Operator shall have a single election to extend the Initial Option Term for an additional one (1) year ("**Extended Option Term**") by written notice to Owner no later than thirty (30) days prior to the expiration of the Initial Option Term, which notice shall be accompanied by the Option Payment (as defined in **Exhibit D**). References herein to the Option Term shall mean the Initial Option Term and, to the extent exercised by Operator, the Extended Option Term, unless the context otherwise expressly requires.

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "Easements".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "Interference"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("Term") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "Lease and Easement Term").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

Extended Lease and Easement Term. Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.2 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses

good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 **"Solar Panels"** shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 **"Collection Facilities"** shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 **"Substations"** shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 "**Ownership of Improvements**". Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 "**Construction Liens**". Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 "**Location of Improvements**". The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement.

Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements**. Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters**. Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority**. Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements**. The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals**. Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, to the best of Owner's knowledge and belief, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage**. Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure**. If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related

to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall be removed by Operator. To minimize the need for temporary fencing,

Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator

removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing

or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that

portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subleases, co-leases, easements, licenses or similar rights with respect to the Operator Property (collectively, "Assignment"), to one or more persons or entities (collectively "Assignee"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in

violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials**. Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials**. Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity**.

16.1 **Insurance**. At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator**. Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner**. Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival**. The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

18.1.2 **Terminate Agreement.**

18.2 **Other Operator Default.**

18.3 **Owner Default.**

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i)

the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking**. If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award**. On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;
- (b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;
- (c) Any portion of the award by the court for Owner's lost revenues, to Owner;
- (d) All remaining amounts of the award, to Owner or Operator consistent with applicable Kentucky law.

20. **Notice**.

20.1 **Writing**. All notices given or permitted to be given hereunder shall be in writing.

20.2 **Delivery**. Notice is considered given either (i) when delivered in person to the recipient named below, (ii) upon receipt after deposit in the United States mail in a sealed envelope or container, postage and postal charges prepaid, return receipt requested or certified mail, addressed by name and address to the party or person intended, or (iii) twenty-four (24) hours from

Notices given before actual receipt or notice of change shall not be invalidated by the change.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. In accordance with this Agreement, Operator in its discretion may authorize other persons or entities to use the Operator Property for the purposes stated in this Agreement

21.2 **Memorandum.** Simultaneously with the execution of this Agreement, the Parties agree to execute and acknowledge a memorandum of this Agreement. Operator may record the executed memorandum in the public records of Henderson County, Kentucky.

21.7 **Tax Credits.** If under applicable law Operator becomes ineligible for any currently existing tax credit, benefit or incentive for alternative energy expenditure established by any local, state or federal government, then, at Operator's option, the Parties shall negotiate in good faith to amend this Agreement or replace it with a different instrument so as to convert Operator's interest in the Operator Property to a substantially similar interest that makes Operator eligible for such tax credit, benefit or incentive. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals.** Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

21.9 **Authority.** The signatories hereto warrant that each has the authority to execute this Agreement on behalf of any entities which are Parties to this Agreement and that each such entity has executed this Agreement pursuant to its organizational documents or a resolution or consent of their Board of Directors or other governing body.

SOLAR LEASE AND EASEMENT AGREEMENT

Parties. This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 19 day of October, 2021 ("**Effective Date**"), by and between Jon Barton Eblen and Marie Eblen, a/k/a Marie Annette Eblen, husband and wife ("**Owner**") and Sebree Solar, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

1. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement, excluding those areas depicted as the "Exclusion Area" on composite Exhibit A-1 attached hereto ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

2. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

2.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of five (5) years, commencing on the Effective Date ("**Option Term**").

2.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

2.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

All topsoil disturbed by the work on the project prior to installation will be segregated and restored as topsoil upon completion of the pre-installation work. Topsoil removed during installation shall be placed elsewhere on Owner's property at Owner's direction. Operator shall give Owner ninety (90) days' notice prior to commencement of installation. If, after giving notice, Operator fails to

commence timely, then Operator will be responsible to Owner for the loss of crop rent for the crop season if the subject property lies fallow.

2.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

2.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

2.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

3. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

3.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

3.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

3.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

3.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property. Notwithstanding anything else contained herein to the contrary, the Operator shall have easement rights over the Exclusion Areas depicted on Exhibit A-1 attached hereto, for the purposes of installing and maintaining Collection Facilities thereon, including the right to access such areas.

3.5 **Substation Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Owner's Property.

3.6 **Telecommunication Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Owner's Property.

3.7 **Weather Instrument Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Owner's Property.

3.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

3.9 **Agreed set back & Exclusion Area.** Regardless of the foregoing paragraphs in this Section 3, Operator agrees to a forty foot (40') setback from Owner's existing Morton Building located on the Property as depicted on Exhibit A-1 attached hereto. For the avoidance of doubt, the two exclusion areas are connected by a 25' wide strip exclusion area along the eastern boundary to provide access to the rear exclusion area.

4. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

4.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce

Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

4.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

5. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

5.1 **Lease and Easement Term.**

5.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

5.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

5.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

5.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

6. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

7. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations,

Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

7.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

7.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

7.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

7.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

7.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

7.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

7.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

7.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

7.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

7.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Operator shall not install any Improvements in the excluded areas of Owner's Property depicted in **Exhibit B-1** without obtaining the prior consent of Owner. Owner will consent to underground Collection lines only in the excluded area located on the eastern boundary line of Parcel 3 between the adjoining parcels. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B-2** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner. Owner's property may be a portion of the project that encompasses other properties. In the event that the project fence includes any portion of the Owner's property boundary that is not a straight line, corners of Owner's boundaries within the project perimeter fence will be marked by Operator with a pin or similar survey marker. Additionally, Operator will place a fence on both sides of the road that leads to the cemetery on PVA Map Number 71-38 for Owner's family's access. Operator will install a natural screen barrier at a location selected by Owner so as to visually obstruct the project from the Owner's residence. The natural screen barrier will be that required by the Henderson County solar ordinance and the approved conditional use permit for the Operator's Solar Project.

7.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

8. Intentionally omitted.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("**SNDA**") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner

shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every

description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.** [REDACTED]

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the

uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably

requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.**

Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. Operator may make a complete assignment of this Agreement only in connection with the assignment of all, or substantially all, of the assets of Operator and be released from liability hereunder in such event from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee. In the event of any partial assignment of Operator's rights hereunder, Operator shall not be released from liability hereunder without Owner's written consent. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. 1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 3 day of March, 2021 ("**Effective Date**"), by and between Laveta Daniel, as Executrix of the Estate of Carolyn G. Whitmore and Laveta Daniel, a married person, joined by consenting spouse, Chris Daniel (collectively "**Owner**") and Sebree Solar, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A**, and depicted on the attached **Exhibit B-1** to this Agreement hereto ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property. All topsoil disturbed by the work on the project prior to installation will be segregated and restored as topsoil upon completion of the pre-installation work. Topsoil removed during installation shall be placed elsewhere on Owner's property at Owner's direction. Operator shall give Owner ninety (90) days' notice prior to commencement of installation. If, after giving notice, Operator fails to commence timely, then

Operator will be responsible to Owner for the loss of crop rent for the crop season if the subject property lies fallow.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. In the event that Operator builds roads outside of the fenced area of the project, Operator shall make reasonable efforts to plan and construct any such roads along the boundary of Owner's property unless it is impractical to do so, in Operator's determination. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals. The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction

by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Operator shall not install any Improvements in the excluded areas of Owner's Property depicted in Exhibit B-1 without obtaining the prior consent of Owner. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, and depicting any areas outside the perimeter fence that will be used as vegetative buffer which shall be considered a part of the Owner's Property that is subject to the Lease and Easements, and, at Operator's discretion, any additional setback or similar areas required for permitting that may be included as part of the Owner's Property subject to the Lease and Easement, and identifying any such areas that are to be considered a part of the Owner's Property that is subject to the Lease and Easements, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence and any additional areas identified by Operator as required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner. Operator will continue to make all Annual Installments Payments on a prorated basis until the Removal Obligations are substantially completed. If a governmental authority does not require a performance bond or security for removal of the Improvements, then upon the earlier to occur of: (i) the termination of this Agreement; or (ii) on the twentieth (20th) anniversary of the commercial operations date of the Project, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "**Removal Bond**"). The Removal Bond shall be equal to the estimated amount, if any (the "**Net Removal Costs**"), by which the cost of removing the Improvements on Owner's Property exceeds the salvage value less any outstanding debt on such Improvements, which Net Removal Costs shall be determined as set forth below. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the

Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a Circuit Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee that provides substantially equivalent security as the Removal Bond.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, or as may be shown in the public records, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("**SNDA**") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee

agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.** [REDACTED]

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for

its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under

this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator

Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.**

Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. Operator may make a complete assignment of this Agreement and be released from liability hereunder in such event from obligations subject thereof accruing after the date the liability for such obligations is assumed by Assignee only in connection with the assignment of all, or substantially all, of the assets of the Operator. Operator may assign this Agreement to any "Affiliate" of Operator unconditionally, including assignment without transferring any other assets of Operator. For purposes hereof, the term "Affiliate" shall mean any entity under common or shared ownership or control with Operator. In the event of a partial assignment of Operator's rights hereunder, Operator shall not be released from liability hereunder without Owner's written consent. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and the address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or

other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i)

the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. Property hereunder ("**Settlement**") will occur on a date mutually agreed to by Purchaser and Seller, but no later than sixty (60) days after the date of such written notice of exercise ("**Settlement Date**"). Purchaser shall have the right to terminate the Agreement at any time during the Option Term in Purchaser's sole discretion for any reason by giving Seller written notice, and in such event Seller shall retain any Option Fee delivered by Purchaser as of the termination date.

5. Purchase Price [REDACTED]

6. Title and Escrow.

A. Escrow. On or before the date Purchaser exercises the Option, Purchaser shall open an escrow ("**Escrow**") with an escrow company acceptable to Purchaser (the "**Escrow Agent**"). This Agreement constitutes escrow instructions to Escrow Agent. Any supplemental instructions shall not conflict with, amend or supersede any portion of this Agreement. If there is any inconsistency between such supplemental instructions and this Agreement, this Agreement shall control, unless otherwise agreed in writing by Purchaser and Seller.

B. State of Title. Seller's title to the Property is, as of the Effective Date, and shall be, at the time of Settlement, marketable, fee simple, indefeasible, and fully insurable at standard rates by a reputable title insurance company selected by Purchaser ("**Title Insurer**"), subject only to those exceptions acceptable to Purchaser, in its sole discretion. Seller shall cause title to the Property to be conveyed to Purchaser by special warranty deed subject only to current taxes and assessments and matters approved by Purchaser in accordance with Section 6(C) (the "**Permitted Exceptions**"). At Settlement, Seller must satisfy all reasonable requirements imposed by the Title Insurer to issue its ALTA standard owner's policy of title insurance, insuring title to the Property in the name of the Purchaser with liability in the amount of the Purchase Price or such higher amount as may be specified by Purchaser (the "**Owner's Policy**"). The Owner's Policy shall list as exceptions to coverage only the foregoing taxes and assessments and the Permitted Exceptions.

C. Title Examination. Within 90 days of the Effective Date, Purchaser, at its expense, may cause a Title Insurer to issue a title insurance commitment ("**Commitment**") to issue an Owner's Policy to Purchaser and within 30 days thereafter (120 days from the Effective Date, Purchaser shall advise Seller in writing ("**Title Objection Notice**") of those exceptions to title in the Commitment, which may include any unrecorded leases disclosed by the Seller in accordance with this Agreement, and those matters shown on the Survey, including zoning, contemplated by this Agreement that are unacceptable to Purchaser ("**Title Defects**"). Any exceptions to title insurance shown on the Commitment and matters shown on the Survey that are not contained in the Title Objection Notice shall be deemed Permitted Exceptions. All exceptions to title, zoning and survey not disclosed within 120 days after the Effective Date shall be Permitted Exceptions, excepting only title matters affecting the Property and arising after the Effective Date shall not be considered Permitted Exceptions without Purchaser's prior written consent in accordance with Section 6(D). Seller shall use its good faith efforts to cure all Title Defects promptly and at its

expense. In the event that Seller is unable to cure any Title Defects (excluding any Monetary Liens) within the thirty (30) day period following the date of the Title Objection Notice or by the Settlement Date, whichever first occurs ("**Title Cure Period**") after good faith efforts to do so, Seller shall notify Purchaser in writing as to which Title Defects remain uncured on or before the end of the Title Cure Period and Purchaser shall have twenty (20) days following such notice to either: (i) elect to accept title to the Property subject to the uncured Title Defects, in which event such Title Defects shall be deemed Permitted Exceptions; (ii) terminate this Agreement by written notice thereof to Seller, whereupon this Agreement shall be terminated, and both parties shall thereafter be released from all further obligations hereunder, except for those obligations specifically stated herein to survive termination of this Agreement; or (iii) elect to extend the Title Cure Period or Settlement Date, if the Option has been exercised, for a reasonable period of time designated by Purchaser (not to exceed thirty (30) days) and, if upon the expiration of such period Seller shall not have cured the Title Defects, Purchaser shall have the options set forth in (i) or (ii) above. Notwithstanding the above, Seller shall be obligated to cure any Title Defects created by Seller and any judgment, lien or encumbrance that can be cured by the payment at Settlement of a liquidated amount ("**Monetary Liens**"). At Settlement, Seller shall provide Purchaser and Title Insurer with all affidavits in form reasonably acceptable to the Title Insurer to permit the Title Insurer to insure against adverse matters caused by Seller and first appearing in the Office of the Clerk of the County on a date subsequent to the effective date of the Commitment and prior to the recording of the deed required by the terms of this Agreement, and to permit Title Insurer to delete the standard exceptions, including parties in possession, mechanics' or materialmen's liens and unrecorded easements

D. Future Title Matters. Seller shall not, after the Effective Date, subject the Property, or consent, to any liens, encumbrances, covenants, conditions, restrictions, easements, or rights-of-way, or seek any zoning changes or take any other action that might affect or modify the status of title to the Property (other than curing or removing title exceptions as contemplated by Section 6(C)) without Purchaser's prior written consent. If Seller violates the provisions of the preceding sentence, Seller shall, prior to Settlement, and at its expense, effect the release of any such liens, encumbrances, covenants, conditions, restrictions, easements and rights-of-way, and take such steps as are necessary to return the zoning and title of the Property to the condition that existed as of the Effective Date or as agreed to by Purchaser. The foregoing shall not apply to actions by a political subdivision for purposes of eminent domain, except as otherwise set forth.

7. Due Diligence.

A. Purchaser's Tests and Inspections. Purchaser shall have the right during the Option Term, to use all existing easements and roads providing access to the Property, including any easements described on **Exhibit A**, and to enter upon the Property and to perform, at its expense, boring tests and economic, engineering, topographic, environmental, survey and marketing tests or any other studies, tests and due diligence as Purchaser elects in its sole discretion. Said tests shall include but not be limited to the installation on the Property of any weather related instruments and fencing of said instruments reasonably required by Purchaser and access to said instruments. Purchaser shall not interfere with Seller's current operations on the Property while conducting any studies, tests and due diligence on the Property but in the event that Purchaser does interfere with Seller's current operations, Purchaser shall use all reasonable efforts

to minimize any impact on Seller's operations. During the Option Term, Seller agrees to make available to Purchaser for inspection, and, at Settlement, to assign to Purchaser without cost, any and all architectural and engineering studies, surveys, and other related materials or information relating to the Property that are in, or come into, Seller's possession or control as more particularly set forth herein. (As of the Effective Date there are no such materials known to Seller.) Within the Option Term, Purchaser may elect, at its option and expense, to cause a survey of the Property ("**Survey**") to be prepared by a reputable surveyor, certifying the acreage of the Property and containing such other information as the Purchaser may direct. Provided Purchaser elects to cause a survey to be prepared, Purchaser may arrange for the preparation of the Survey during the Option Term or at any time prior to Settlement. Purchaser agrees to indemnify against and hold Seller harmless from any claims, damages, costs, or expenses arising from entry upon the Property by Purchaser, or any agents, contractors, or employees of Purchaser with the exception of: (i) any loss, liability, cost or expense to the extent arising from or related to acts of Seller or any tenants, (ii) any diminution in value of the Property arising from or related to matters discovered by Purchaser during its investigation of the Property, (iii) any latent defects in the Property discovered by Purchaser, (iv) liability which results from the release of preexisting toxic or Hazardous Materials on or about the Property resulting from normal environmental testing procedures, and (v) liability which arises from the results or findings of such tests. The provisions of this Section shall survive the Settlement Date or earlier termination of this Agreement. If Settlement does not occur, Purchaser, at its own expense, shall repair any damage to the Property caused by Purchaser's tests and studies. In the event Purchaser does not exercise the Option, Purchaser shall provide to Seller a copy of the Survey it receives in accordance with this Agreement.

D. [REDACTED]

10. **Seller's Representations and Warranties.** To induce Purchaser to enter into this Agreement and to purchase the Property, and limited to the best of Seller's knowledge, Seller hereby makes the following representations and warranties as to the Property as of the date hereof (upon each of which Seller acknowledges and agrees that Purchaser is entitled to rely and has relied) each and all of which shall be true, correct and complete as of the Settlement Date:

A. **Authority.** Seller has the power and authority to enter into this Agreement and to consummate the transactions contemplated hereby. Seller, and any specific individual parties signing this Agreement on behalf of Seller represent and warrant that the parties signing this Agreement on behalf of the Seller have the full legal power, authority and right to execute and deliver this Agreement. Neither the entering into this Agreement nor the performance of any of Seller's obligations under this Agreement will violate the terms of any contract, agreement or instrument to which Seller is a party.

B. **Accuracy of Documents.** To the best of Seller's knowledge, all documents and papers delivered by Seller to Purchaser pursuant to this Agreement are true, correct and complete as of the dates thereof, and there have been no material changes from the information set forth in any of them.

C. **Special Assessment.** No portion of the Property is subject to or is affected by any special assessment for improvements completed prior to the date hereof, whether or not presently a lien thereon.

D. **Taxes.** No portion of the Property is subject to or affected by any outstanding or delinquent taxes or related financial liabilities.

E. **Litigation.** Seller has not been served (by means of formal, legal service of process as required by law) with any litigation, and no arbitration proceedings have been commenced, which do or will affect any aspect of the Property or Seller's ability to perform its obligations under this Agreement. In addition, within the last two (2) years, Seller has not been threatened with any litigation (or arbitration) by a third party which would affect any aspect of the Property or Seller's ability to perform its obligations under this Agreement.

F. Compliance. Seller has not received any notice of any presently uncured violation of any law, ordinance, rule or regulation (including, but not limited to, those relating to zoning, building, fire, environment, health and safety) of any governmental, quasi-governmental authority bearing on the construction, operation, ownership or use of the Property.

G. Condemnation Proceedings. Neither all nor any portion of the Property has been condemned or conveyed by deed in lieu of condemnation, nor is there now pending or, to the best of Seller's knowledge, threatened any condemnation or similar proceeding affecting the Property or any portion thereof. Seller has no knowledge that any such proceeding is contemplated. Seller has no knowledge of any change or proposed change in the route, grade or width of, or otherwise affecting, any street or road abutting the Property, which change might have a material adverse impact on the Property.

H. Condition of Property. To the best of Seller's knowledge, and without the benefit of a survey or title examination or title insurance commitment, Seller represents that there are no areas within the Property which are subject to any statutes, rules, regulations, conservation easements (or like encumbrances) or ordinances that would adversely affect the Property or Purchaser's ownership and intended use thereof.

I. Subdivision. The Property is not a separate tax lot under applicable laws, ordinances and regulations, and subdivision may be required for the conveyance of the Property to Purchaser. The Property will, on or before the Settlement Date and at Purchaser's expense, be subdivided from the larger tract of land owned by Seller in order to convey the Property to Purchaser. If applicable, Seller, at Purchaser's expense, shall, on or before the Settlement Date, obtain all necessary governmental approvals for a Minor Subdivision Plat delineating the Property as a separate and legal lot of approximately 170 acres in a location and having the size and configuration designated by Purchaser upon the exercise of the Option, or as may be otherwise mutually agreed upon by Purchaser and Seller.

J. Zoning and Dedication. Purchaser intends to use the property to construct and operate a solar power plant. Upon exercise of the option by Purchaser, Seller shall cooperate fully with Purchaser and execute all documents required by Purchaser or governmental or quasi-governmental authority, if any, for the purpose of securing any land use change, re-zoning, zoning variance or special use, if necessary, in order for the Property to be used for Purchaser's intended purpose. Seller has not received any notice of any pending change in zoning from any governmental or quasi-governmental authority, which change would materially affect the present zoning of the Property. Seller has not made any commitment to any governmental or quasi-governmental authority having jurisdiction, or to any third party, to dedicate or grant any portion of the Property for roads, easements, rights of way, park lands or for any restrictions or to incur any other expense or obligation relating to the Property.

K. Flood Plain; Stormwater. To the best of Seller's knowledge, the Property is not the subject or location of any stormwater detention or surface drainage facilities serving any property other than the Property, and the Property is not located in a flood zone which designates the property as being subject to periodic flooding.

L. Property Use. Seller has no knowledge of any actual, pending or threatened designation of any portion of the Property, or the area in which the Property is located, as a historic landmark or archeological district site or structure. Seller has no actual knowledge of any landfill or graveyard lying within the Property. Seller has not received any notice that any of the easements, covenants, conditions, restrictions or agreements to which the Property is subject interferes with or is breached by the use or operation of the Property as presently used.

M. Environmental Laws; Hazardous Materials.

1. To the best of Seller's actual knowledge, the Property is not now, and has not been during the period of Seller's ownership;

(a) in violation of any past or present federal, state, or local statute, regulation, ordinance, administrative order, judicial order or any similar requirement having the force and effect of law, relating to the protection of human health or the environment (an "**Environmental Law**") including, but not limited to, any federal, state or local regulation relating to industrial hygiene or soil or ground water conditions; or

(b) used to generate, manufacture, store, refine, dispose of, or in any manner deal with, any flammable, explosive or radioactive material, hazardous waste, toxic substance or related material, oil, waste oil, or other petroleum based materials, or any other substance or material defined or designated as a hazardous or toxic substance, material or waste by any federal, state or local law or environmental statute, regulation or ordinance presently in effect or as amended or promulgated in the future (a "**Hazardous Material**");

2. Neither Seller nor, to Seller's knowledge, any prior owners or occupants of the Property have received any notice or advice from a governmental agency with regard to Hazardous Materials on, from or affecting the Property that could give rise to any liability under any Environmental Law, and, to Sellers' knowledge, there has been no investigation, notice of violation, request for information or claim of any kind asserted or threatened by any person, including any federal, state or local governmental agency, relating to the storage, disposal, discharge or release of any Hazardous Material in a manner that would give rise to any liability under any Environmental Law.

N. That as of the Effective Date, there are no leases or other agreements for occupancy in effect with respect to the Property other than agricultural leases for a period not exceeding the current crop year, extended through the time at which Seller's option may be exercised. Seller shall deliver exclusive possession of the Property to Purchaser at Settlement free and clear of all claims of tenants and others claiming possessory rights except for any crop lease for the current crop year.

O. With the exception of this Agreement, no person or entity has a right of first refusal, option to purchase, or other right to purchase the Property pursuant to an agreement to which Seller is a party.

P. Seller has not filed for bankruptcy or other proceeding for the protection of debtors under state or federal law and that no similar involuntary proceeding has been filed or threatened against it.

Q. No part of the Property is subject to a special appraisal method that allows for the appraisal of the Property at less than its market value.

11. **Conditions Precedent.**

A. **Conditions for the Protection of Purchaser.** It shall be a condition precedent to Purchaser's obligation to purchase the Property and to perform its other obligations hereunder that each and every one of the conditions set forth under this Section 11(A) shall have been satisfied at or before Settlement, as hereafter provided, except for any such condition waived in writing by Purchaser, in whole or in part.

1. Between the Effective Date and the Settlement Date, the condition of the Property shall not have changed from the condition thereof as of the date of this Agreement, normal wear and tear excepted. Seller shall deliver vacant possession of the Property at Settlement. Prior to the Settlement Date (subject to the current crop lease), Seller shall remove all personal property, equipment from the Property.

2. Seller shall have delivered to Purchaser, on or before the Settlement Date, all of the documents and other information required of it pursuant to the provisions of this Agreement.

3. All of the covenants, representations, warranties, and agreements of Seller set forth in this Agreement shall be true, correct and complete as of the Effective Date and as of the Settlement Date. Notwithstanding that certain of Seller's representations and warranties may be limited to the extent of Seller's knowledge, the conditions precedent to Purchaser's obligation to consummate Settlement set forth in this Subparagraph shall not be so limited, and the satisfaction of such conditions shall depend upon the actual correctness on the Settlement Date of the matters stated in all such representations and warranties.

4. On or prior to the Settlement Date, Seller shall have performed, satisfied, or complied with all of the terms, provisions, covenants, conditions, and agreements of this Agreement.

5. Seller's title to the Property shall be as required by Section 6(B).

6. [REDACTED]

B. **Purchaser's Right to Extend Settlement Date.** In the event that any of the conditions of Settlement set forth in this Agreement is not satisfied as of the Settlement Date,

Purchaser shall have the option to extend the time for Settlement by a period not in excess of thirty (30) days upon written notice to Seller to allow Seller additional time to fully satisfy any unsatisfied condition.

12. **Condemnation and Risk of Loss.**

A. **Condemnation.** In the event of condemnation or receipt of notice of condemnation of all of the Property, or any portion thereof, prior to the Settlement Date, Seller shall give written notice to Purchaser promptly after Seller receives such notice or otherwise learn of such condemnation or conveyance in lieu thereof. If all of the Property is, or is to be, condemned, this Agreement shall terminate. If less than all of the Property is, or is to be, condemned or taken, Purchaser, at its option, may elect either (a) to terminate this Agreement effective upon written notice to Seller not later than thirty (30) days after receipt of notice from Seller or (b) not to terminate this Agreement and proceed to Settlement. If Purchaser elects not to terminate this Agreement, Purchaser shall be entitled to receive, and Seller shall assign to Purchaser all of Seller's interest in, all of the condemnation proceeds and all interest thereon.

B. **Risk of Loss.** The risk of loss or damage to the Property prior to the Settlement, by casualty, act of God or any other event, shall be upon Seller.

13. **Covenants.**

A. **Condition of the Property.** Subject to the provisions of Section 12 hereof concerning condemnation, Seller, at Seller's expense, shall maintain the Property in at least as good condition as on the date hereof. Seller shall not diminish the quality or quantity of maintenance and upkeep services heretofore provided to the Property.

B. **Operation Until Settlement.** Between the Effective Date and the Settlement Date, Seller shall:

1. Not enter into any leases or other agreements for occupancy of the Property, or any part thereof, without Purchaser's prior written consent, which may be withheld in Purchaser's sole discretion.

2. Not transfer, convey, hypothecate, create a security interest in or lien upon, or otherwise dispose of any of the Property;

3. Comply with all federal, state and municipal laws, ordinances, and regulations relating to the Property;

4. Comply with all the terms, conditions and provisions of all agreements and other contractual arrangements referred to herein, or any other documents, agreements or instruments affecting the Property, make all payments required to be paid thereunder and suffer no default therein;

5. Promptly give written notice to Purchaser of the occurrence of any event materially affecting the Property, the Agreement, or the substance of the representations and warranties made hereunder; and

6. Operate and maintain the Property only in the ordinary course of business as currently conducted by Seller on the Property, if any; provided that the Seller shall not bring or store, or permit others to bring or store, any soil or fill material onto the Property that did not exist on the Property as of the Effective Date. Seller shall have the continued right to use the Property for this purpose between the Effective Date and the Settlement Date; provided that:

(a) Purchaser and its employees, representatives, and consultants shall have access to the Property after giving twenty-four (24) hour verbal or written notice to the Seller prior to entry and,

(b) Seller's use shall terminate upon the Settlement Date.

C. Other Acts or Omissions. Except as otherwise permitted herein, from the Effective Date until the Settlement Date, Seller shall not take any action or fail to take any action that would have a material adverse effect on the Property or Purchaser's ability to develop the Property after the Settlement Date, or that would cause any of the representations and warranties contained in Section 10 hereof to be untrue as of Settlement.

Except as set forth in the foregoing sentence each party represents to the other that it has not made any agreement or taken any action which may cause any broker, agent or other person to become entitled to a brokerage or other fee or commission as a result of the transactions contemplated by this Agreement. Each party does hereby agree to indemnify and hold harmless the other from and against any and all costs, debts, damages, and claims, including, costs and reasonable attorneys' fees for pre-trial, trial or appellate matters in defending against any claims for brokerage commission or finder's fees arising through it relative to this transaction. 16. **Seller's Environmental Indemnification:**

After the Settlement, no environmental warranties or representations shall survive closing and Purchaser shall exclusively rely upon its environmental audits, if any, performed prior to closing.

17. **General Provisions.**

B. **Assignments.** Purchaser may not assign its rights hereunder without the prior written consent of Seller, which consent shall not unreasonably be withheld, delayed or conditioned; provided, however, that Purchaser, without the consent of Seller, may assign, in

whole or in part, its rights hereunder to any entity controlling, controlled by, or under common control with Purchaser.

C. Survival. All of Seller's representations, warranties, covenants, agreements and indemnifications made in, or pursuant to, this Agreement shall survive Settlement and delivery and recordation of the Deed.

D. Governing Law. This Agreement shall be governed by and interpreted in accordance with the laws of the Commonwealth of Kentucky. If the parties are unable to resolve amicably any dispute arising out of or in connection with this Agreement, they agree that such dispute shall be resolved in the circuit court located in Henderson County, Kentucky. The parties agree that any rule of construction to the effect that ambiguities are to be resolved in favor of either party shall not be employed in the interpretation of this Agreement and is hereby waived. Notwithstanding anything to the contrary in this Agreement, neither party shall be entitled to recover punitive or exemplary damages, however arising, whether in contract, in tort, or otherwise, under or with respect to any action taken in connection with this Agreement.

E. Severability. If any term, covenant or condition of this Agreement, or the application thereof to any person or circumstance, shall to any extent be invalid or unenforceable, the remainder of this Agreement, or the application of such term, covenant or condition to other persons or circumstances, shall not be affected thereby, and each term, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

G. Notices. Any notice expressly provided for or permitted under this Agreement shall be in writing, shall be given either manually or by mail, overnight delivery service, such as UPS, FedEx, or Purolator, and shall be deemed sufficiently given when received by the party to be notified at its address set forth below, or three (3) business days after being mailed by registered or certified mail, postage prepaid, return receipt requested, or one (1) business day after being sent by such overnight delivery service, addressed to such party at such address, whichever shall first occur. Any party and any representative designated below, by notice to the other party, may change its address for receiving such notices.

Seller shall not disclose the fact or substance of this Agreement to any other persons or entities, other than Seller's counsel, tax advisor, or other consultants regarding this matter, unless and until Purchaser shall exercise its rights hereunder. O. Effective Date. The term "**Effective Date**" or such other similar term, shall be the last date on which a duplicate original of this Agreement has been executed by both Purchaser and Seller.

P. Time is of the Essence. The parties hereby agree that time is of the essence with respect to performance of each of the parties' obligations under this Agreement.

Q. Exclusivity of Option. or act shall be deemed an extension of time for performance of any other obligation or act except those of the waiving party, which shall be extended by a period of time equal to the period of the delay.

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 24 day of March, 2023 ("**Effective Date**"), by and between Victoria Hust, a married woman dealing in her sole and separate property, and Bill Barber, as consenting spouse ("**Owner**") and Sebree Solar, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Leased property legally described on the attached **Exhibit A** and depicted on **Exhibit A-1** to this Agreement, but excluding the "Exclusion Area(s)" as depicted thereon ("**Leased Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Leased Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Leased Property, and (iii) the Improvements referenced in Section 8 to be constructed on Leased Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date, as defined in the introductory paragraph to this Agreement ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Leased Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Leased Property and the right of ingress and egress over and across the Leased Property for the purposes of (i) surveying the Leased Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Leased Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Leased Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Leased title to the Leased Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase,

leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1 which shall not be more than ninety (90) days after the date of the Option Notice. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate and Operator shall record in the Office of the Henderson County Clerk a full and complete Release of this Agreement.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Leased Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Leased Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Leased Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Leased Property. Operator may exercise its right to use all or any part of the Leased Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Leased Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Leased Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Leased Property. Operator shall consult with owner in advance as to the location, width, and type of any road or roadway; however, the ultimate location of such roadway shall be at Operator's sole discretion. Notwithstanding the foregoing, Operator shall not construct an access road at the northern edge of the exclusion area of Parcel 61-29 bordering State Road 416, as depicted in Exhibit A-1. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Leased Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Leased Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Leased Property.

4.4 **Collection Facilities Right.** Operator leases Leased Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Leased Property.

4.5 **Substation Right.** Operator leases Leased Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Leased Property.

4.6 **Telecommunication Right.** Operator leases Leased Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Leased Property.

4.7 **Weather Instrument Right.** Operator leases Leased Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Leased Property.

4.8 **Battery Facilities Right.** Operator leases Leased Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Leased Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Leased Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Leased Property and are collectively referred to as the "Easements".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Leased Property. Owner shall not engage in any activity on Leased Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Leased Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "Interference"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Leased Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Leased Property.

6. **Term.** The term of this Agreement ("Term") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "Lease and Easement Term").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no

longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

Notwithstanding the foregoing, Operator shall be required to make the payments described in Exhibit D in the event of a suspension contemplated by this section.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination. In the event of any such partial termination shall be designed by Operator to minimize leaving any portions of the land which would be left inaccessible for farming purposes. Operator shall make such determination using industry best practices in its reasonable discretion.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Leased Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Leased Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices,

and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Leased Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Leased Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Leased Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Leased Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Leased Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Leased Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following

construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Leased Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Leased Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

Upon the start of construction, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "Removal Bond"). The Removal Bond shall be equal to the estimated amount, if any (the "Net Removal Costs"), of removing the Improvements from Owner's Property. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a District Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Operator shall pay all of the costs associated with the independent engineer's determination of the Net Removal Cost. If an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee reasonably acceptable to Owner that provides substantially equivalent security as the Removal Bond.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the surface of the Leased Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms. Owner makes no representation or warranty as to ownership of any coal, oil, gas, or other minerals in and underlying the leased property.

9.2 **Other Agreements.** The Leased Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Leased Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Intentionally deleted.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Leased Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Leased Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Leased Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Leased Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Leased Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Leased Property which would prevent, significantly restrict or make more expensive Operator's development of the Leased Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Leased Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which

Owner is a party or which affects the Leased Property. To the best of Owner's knowledge, the Leased Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Leased Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Leased Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Leased Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Leased Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Leased Property; and (iv) to undertake such other activities on the Leased Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Leased Property, or to operate the Project on the Leased Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Leased Property, and if and when to commence the operation of the Project on the Leased Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Leased Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Leased Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Leased Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Leased Property and shall keep the Leased Property clean and free of debris created by Operator, its contractors, or others brought on to the Leased Property by Operator. Operator shall not use the Leased Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Leased Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Leased Property. Fences removed from the Leased Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Leased Property. Any gates opened for access to Leased Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Leased permission, other than Operator.

12. **Taxes.**

12.1 **Leased Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Leased Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Leased Taxes**").

12.2 **Operator's Taxes.**

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Leased Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Leased Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the

Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Leased Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. In the event Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice

purposes) to Owner.. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations, provided only that all such obligations are assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Leased Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Leased Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Leased Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Leased Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Leased Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, reasonable attorney's fees and litigation costs (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due

to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner**. Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival**. The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality**. This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. Condemnation.

19.1 Complete Taking. If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid in accordance with Kentucky law. Nothing herein shall impair the Operator's right to seek compensation or damages from the applicable condemning authority.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 5 day of August, 2020 ("**Effective Date**"), by and between Jarrod Griffin Crowder and Lauren Jennifer Crowder, husband and wife ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of three (3) years, commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to

purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property.

4.5 **Substation Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Owner's Property.

4.6 **Telecommunication Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Owner's Property.

4.7 **Weather Instrument Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30)

years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a

result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar

powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 "**Ownership of Improvements**." Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 "**Construction Liens**." Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 "**Location of Improvements**." The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this

Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain

a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and

equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner.

To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.** 

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it

contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency

laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator

Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subleases, co-leases, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in

violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful

misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals.** Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

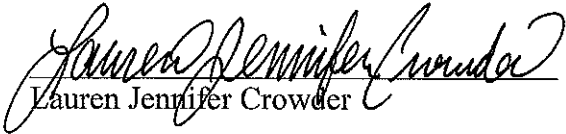

21.9 **Authority.** The signatories hereto warrant that each has the authority to execute this Agreement on behalf of any entities which are Parties to this Agreement and that each such entity has executed this Agreement pursuant to its organizational documents or a resolution or consent of their Board of Directors or other governing body.

The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. 6.1.2 **Extended Lease and Easement Term**. Operator shall have the right to extend the Term of this Agreement for two consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a

result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator**. Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination. Any such partial termination shall not decrease the Annual Installment Payments below the minimum of such payments set forth in Exhibit D attached hereto.

7. **Payments**. If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements**. Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this

Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.**

8.11.1 Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). Such Removal Obligations shall be completed by Operator to Owner's reasonable satisfaction within no more than nine (9) months after such termination, during which time Operator shall continue making payments to Owner in accordance with Exhibit D until such time as removal Obligations are substantially complete. At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

8.11.2 If a governmental authority does not require a performance bond or security for removal of the Improvements, then upon the earlier to occur of: (i) the termination of this Agreement; or (ii) on the twentieth (20th) anniversary of the commercial operations date of the Project, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "Removal Bond"). The Removal Bond shall be equal to the estimated amount, if any (the "Net Removal Costs"), of removing the Improvements from Owner's Property. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a District Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee reasonably acceptable to Owner that provides substantially equivalent security as the Removal Bond.

9. **Ownership and Title Matters.** Owner represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** To the extent of Owner's actual knowledge and belief, Owner represents that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. To the extent of Owner's actual knowledge and belief, when signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** To the extent of Owner's actual knowledge and belief, the Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements. Notwithstanding the above, Operator acknowledges that Owner has provided Operator a copy of the current Farm Lease between Owner and L. Hust Farms relating to the Owner's Property (the "Farm Lease").

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, to the extent of Owner's actual knowledge and belief Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property. Nothing herein shall prohibit the extraction of minerals from the Owner's Property provided that no such extraction shall cause any disturbance to the surface of the Owner's Property or the support of any structures thereon.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("**SNDA**") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems

reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

9.7 **Amendment to Farm Lease.** Owner shall obtain an amendment to the Farm Lease which provides that it is unilaterally terminable by Owner upon thirty (30) days' notice to the tenant thereunder and is otherwise reasonably acceptable to Operator. Owner further agrees to terminate such Farm Lease and to provide thirty (30) days' notice of such termination to the tenant thereunder upon receipt of the Option Notice, with the termination date of such Farm Lease to be no later than 45 days from the date of receipt of such Option Notice. Any failure by Owner to obtain an amendment shall be governed by the provisions of Exhibit D hereto, i.e., payments will be adjusted accordingly.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

10.5 **No Warranty of Title.** Notwithstanding the foregoing provisions of Section 9 or Section 10 hereof, it is hereby definitely and expressly covenanted, agreed and understood by and between the Parties that: Operator is being provided, pursuant to this Agreement, sufficient time and opportunity to conduct its own examination and investigation of the Owner's Property for determining the suitable and feasibility of the same for the Project and title to said Owner's Property; (ii) Operator will have, pursuant to this Agreement, full, complete and uncontrolled access to all of said Owner's Property and ample and sufficient time within which to satisfy itself as to the suitability thereof for its purposes. Owner's representations and warranties contained

above are being relied upon by Operator only as inducement to enter into the Option and Operator may exercise or not exercise the Option as Operator determines in its sole discretion as Operator determines without reliance on any representation or warranty of Owner contained herein as to the status of Owner's title or the character of the Property. In the event that a representation of Owner contained in Sections 9 or 10 is breached (in that Owner made a representation that was untrue to the best of Owner's knowledge at such time), then Operator shall be limited to recovery of amounts paid hereunder as its measure of damages due to such breach or misrepresentation.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition at Operator's sole cost and expense. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project. Operator shall be responsible for obtaining and for payment of all charges for all utility services as may be required for the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.** [REDACTED]

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner

shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by

foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This

provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Except as expressly provided herein, Operator will not assign any of its rights, duties or obligations under this Agreement without the prior written consent of the Owner, which consent shall not be unreasonably withheld. Despite the foregoing, Operator may, without securing Owner's consent, assign any of its rights, duties and obligations under this Agreement, provided that any such assignee agrees in writing to be bound by the terms and conditions of this Agreement and such assignment is: (i) to one or more entity that controls, is controlled by, or is under common control with the Operator; (ii) to any present or future purchaser or lessee of the Project and/or power generated by the Project; (iii) to any person or entity succeeding to all or substantially all of the assets of the Operator; (iv) to a successor entity in a merger or acquisition transactions; (v) to an Operator Mortgagee; or (vi) to any successor in interest to an Operator Mortgagee acquiring title through foreclosure or a transfer or deed in lieu of foreclosure. Following any such assignment in subsections i – vi, the assigned Operator shall be released from any obligations arising under this Agreement from and after the date of such assignment. Any person or entity to which Owner assigns all its rights, title and interest under this Agreement or in the Project is referred to herein as, and is included within the definition of, "Operator". The rights contained in this Agreement shall inure to the benefit of Operator and its affiliates, sublessees, successors, assignees, permittees, licensees, lessees, employees and agents. Owner may, at any time, and from time to time, without securing Owner's consent, sublease or grant sub-easements with respect to all or any of Operator's right, title and interest in this Agreement to any person or entity. With respect to any such sublease or sub-easement: (i) the term thereof shall not extend beyond the term of this Agreement; (ii) such sublease or sub-easement shall be expressly made subject to all of the terms and conditions of this Agreement; (iii) no such sublease or sub-easement shall be effective unless in writing; and (iv) no such sublease or sub-easement shall serve to relieve Operator of or from any obligation, duty or liability provided by the terms and conditions of this Agreement.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement. By way of example, conversion of this instrument to an easement interest would not result in a permanent easement, but only an easement for a term of years equal to the term of this agreement, with any applicable extensions as set forth herein.

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The initial period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Initial Option Term**"). Operator shall have a single election to extend the Initial Option Term for an additional one (1) year ("**Extended Option Term**") by written notice to Owner no later than thirty (30) days prior to the expiration of the Initial Option Term, which notice shall be accompanied by the Option Payment (as defined in **Exhibit D**). References herein to the Option Term shall mean the Initial Option Term and, to the extent exercised by Operator, the Extended Option Term, unless the context otherwise expressly requires.

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

2/20

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

Extended Lease and Easement Term. Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.2 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses

good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement.

Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner. Operator shall not install any Improvements in the Exclusion Area depicted in Exhibit B-1 without obtaining the consent of Owner. Operator shall not construct access roads in the Exclusion Area depicted in Exhibit B-1. After construction of Improvements, Owner shall retain access, subject to Operator's review and approval, to unused areas outside of Project perimeter fence, for the purpose of farming and crop maintenance.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make

such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the

Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation**. Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals**. Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws**. Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance**. Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates**. At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences,

gates and cattle guards shall be owned and maintained by Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator. Upon abandonment or termination of the rights granted to Operator, any fences, gates and cattle guards installed by Operator shall be removed and Operator shall restore the area formerly occupied by the any fences, gates and cattle guards to substantially the same physical condition that existed immediately before installation of the same.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.** 

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

2020

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession

Set 11

of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new

agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful

misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

18. **Default and Remedies.**

18.1 **Operator Payment Default.** [REDACTED]

18.1.1 **Collection of Payments.** [REDACTED]

18.1.2 **Terminate Agreement.** [REDACTED]

18.2 **Other Operator Default.**

18.3 **Owner Default.**

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;
- (b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;

21. **Miscellaneous Provisions**.

21.1 **Successors and Assigns**. The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. In accordance with this Agreement, Operator in its discretion may authorize other persons or entities to use the Operator Property for the purposes stated in this Agreement

21.7 **Tax Credits.** If under applicable law Operator becomes ineligible for any currently existing tax credit, benefit or incentive for alternative energy expenditure established by any local, state or federal government, then, at Operator's option, the Parties shall negotiate in good faith to amend this Agreement or replace it with a different instrument so as to convert Operator's interest in the Operator Property to a substantially similar interest that makes Operator eligible for such tax credit, benefit or incentive. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals.** Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

21.9 **Authority.** The signatories hereto warrant that each has the authority to execute this Agreement on behalf of any entities which are Parties to this Agreement and that each such entity has executed this Agreement pursuant to its organizational documents or a resolution or consent of their Board of Directors or other governing body.

Logsdon a/k/a Herman D. Logsdon ("**Owner**") and Sebree Solar II, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar II Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The initial period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Initial Option Term**"). Operator shall have a single election to extend the Initial Option Term for an additional one (1) year ("**Extended Option Term**") by written notice to Owner no later than thirty (30) days prior to the expiration of the Initial Option Term, which notice shall be accompanied by the Option Payment (as defined in **Exhibit D**). References herein to the Option Term shall mean the Initial Option Term and, to the extent exercised by Operator, the Extended Option Term, unless the context otherwise expressly requires.

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

200

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

Extended Lease and Easement Term. Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.2 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses

good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 **"Solar Panels"** shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 **"Collection Facilities"** shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 **"Substations"** shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 **"Telecommunication Facilities"** shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 **"Weather Instrument"** shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 **"Roadway Improvements"** shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 **"Battery Facilities"** shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement.

Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner. After construction of Improvements, Owner shall retain access to unused areas outside of areas bounded by Project perimeter fence, for the purpose of farming and crop maintenance, provided that no such farming or crop maintenance activities unreasonably interfere with Operator's use of Operator Property.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make

such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the

Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences,

gates and cattle guards shall be owned and maintained by Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator. Upon abandonment or termination of the rights granted to Operator, any fences, gates and cattle guards installed by Operator shall be removed and Operator shall restore the area formerly occupied by the any fences, gates and cattle guards to substantially the same physical condition that existed immediately before installation of the same.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession

of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new

agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful

misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

18. **Default and Remedies.**

18.1 **Operator Payment Default.** [REDACTED]

18.1.1 **Collection of Payments.** [REDACTED]

18.1.2 **Terminate Agreement.** Owner may not terminate this Agreement because [REDACTED]

18.2 Other Operator Default.

18.3 Owner Default.

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

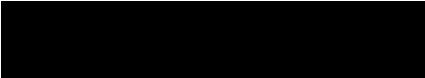

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;

Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".
 3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.
 - 3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of five (5) years, commencing on the Effective Date ("**Option Term**").
 - 3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.
 - 3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.
 - 3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to

purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30)

years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a

result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination. If Operator elects to terminate the Agreement so that the term is terminated prior to the end of the 20th year of the Lease Term, then Operator shall pay to Owner One (1) year of Annual Installment Payments, due prior to the termination date of the Lease Term. The payment set forth above shall be referred to herein as the (the "Termination Payment"). Operator shall not be obligated to pay to Owner a Termination Payment if it terminates the Agreement due to a default under the applicable power purchase agreement for the purchase of electricity from the Solar Project.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase

the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended.

Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements**. Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

8.12 If a governmental authority does not require a performance bond or security for removal of the Improvements, then upon the earlier to occur of: (i) the termination of this Agreement; or (ii) on the twentieth (20th) anniversary of the commercial operations date of the Project, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "Removal Bond"). The Removal Bond shall be equal to the estimated amount, if any (the "Net Removal Costs"), of removing the Improvements from Owner's Property. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a District Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee reasonably acceptable to Owner that provides substantially equivalent security as the Removal Bond.

9. **Ownership and Title Matters**. Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority**. Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this

Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("**SNDA**") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more

expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that

Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("**Taxes**") levied or assessed against the Owner's Property and all

improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "Owner's Taxes").

12.2 **Operator's Taxes.** [REDACTED]

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "Operator Mortgage" and holder of such security interest, an "Operator Mortgagee". Any Operator Mortgagee shall use the Operator Property

only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be

reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under

Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subleases, co-leases, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy

immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

- (a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;
- (b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;
- (c) Any portion of the award by the court for Owner's lost revenues, to Owner;
- (d) All remaining amounts of the award, to Owner or Operator consistent with applicable Kentucky law.

20.1 **Writing.** All notices given or permitted to be given hereunder shall be in writing.

20.2 **Delivery.** Notice is considered given either (i) when delivered in person to the recipient named below, (ii) upon receipt after deposit in the United States mail in a sealed envelope or container, postage and postal charges prepaid, return receipt requested or certified mail, addressed by name and address to the party or person intended, or (iii) twenty-four (24) hours from proper and timely delivery to an overnight courier service addressed by name and address to the party or person intended as follows:

20.3 **Change of Recipient or Address.** Either Party may, by notice given at any time or from time to time, require subsequent notices to be given to another individual person, whether a party or an officer or representative, or to a different address, or both. Notices given before actual receipt or notice of change shall not be invalidated by the change.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. In accordance with this Agreement, Operator in its discretion may authorize other persons or entities to use the Operator Property for the purposes stated in this Agreement

21.2 **Memorandum.** Simultaneously with the execution of this Agreement, the Parties agree to execute and acknowledge a memorandum of this Agreement. Operator may record the executed memorandum in the public records of Henderson County, Kentucky.

21.7 **Tax Credits.** If under applicable law Operator becomes ineligible for any currently existing tax credit, benefit or incentive for alternative energy expenditure established by any local, state or federal government, then, at Operator's option, the Parties shall negotiate in good faith to amend this Agreement or replace it with a different instrument so as to convert Operator's interest in the Operator Property to a substantially similar interest that makes Operator eligible for such tax credit, benefit or incentive. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals.** Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

21.9 **Authority.** The signatories hereto warrant that each has the authority to execute this Agreement on behalf of any entities which are Parties to this Agreement and that each such entity has executed this Agreement pursuant to its organizational documents or a resolution or consent of their Board of Directors or other governing body.

SOLAR LEASE AND EASEMENT AGREEMENT

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 2 day of December 2019 ("**Effective Date**"), by and between Rebecca A. Brown, Trustee of the Nunn Family Irrevocable Trust ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".

2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".

3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of four (4) years commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to

purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1, which date shall be no later than the expiration of the Option Term. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property.

4.5 **Substation Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Owner's Property.

4.6 **Telecommunication Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Owner's Property.

4.7 **Weather Instrument Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30)

years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a

result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 "**Solar Panels**" shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 "**Collection Facilities**" shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 "**Substations**" shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar

powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 "**Ownership of Improvements**." Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 "**Construction Liens**." Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 "**Location of Improvements**." The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this

Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

8.12 If a governmental authority does not require a performance bond or security for removal of the Improvements, then upon the earlier to occur of: (i) the termination of this Agreement; or (ii) on the twentieth (20th) anniversary of the commercial operations date of the Project, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "Removal Bond"). The Removal Bond shall be equal to the estimated amount, if any (the "Net Removal Costs"), of removing the Improvements from Owner's Property. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a District Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee reasonably acceptable to Owner that provides substantially equivalent security as the Removal Bond.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude

or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals**. Intentionally omitted.

9.4 **Owner Mortgage**. Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure**. If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement**. If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("**SNDA**") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner**. Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition**. Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions**. Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's

knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every

reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("Taxes") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "Owner's Taxes").

12.2 **Operator's Taxes.**

[REDACTED]

[REDACTED]

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "Operator Mortgage" and holder of such security interest, an "Operator Mortgagee". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner

shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by

foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This

provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. Condemnation.

19.1 Complete Taking. If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 Partial Taking. If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the

remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

(a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;

(b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;

(c) Any portion of the award by the court for Owner's lost revenues, to Owner;

(d) All remaining amounts of the award, to Owner or Operator consistent with applicable Kentucky law.

whether a party or an officer or representative, or to a different address, or both. Notices given before actual receipt or notice of change shall not be invalidated by the change.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. In accordance with this Agreement, Operator in its discretion may authorize other persons or entities to use the Operator Property for the purposes stated in this Agreement

21.2 **Memorandum.** Simultaneously with the execution of this Agreement, the Parties agree to execute and acknowledge a memorandum of this Agreement. Operator may record the executed memorandum in the public records of Henderson County, Kentucky.

21.6 **Severability.** If any term or provision of this Agreement, or the application thereof to any person or circumstance shall, to any extent, be determined by judicial order or decision to be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held to be invalid, shall be enforced to the fullest extent permitted by law.

21.7 **Tax Credits.** If under applicable law Operator becomes ineligible for any currently existing tax credit, benefit or incentive for alternative energy expenditure established by any local, state or federal government, then, at Operator's option, the Parties shall negotiate in good faith to amend this Agreement or replace it with a different instrument so as to convert Operator's interest in the Operator Property to a substantially similar interest that makes Operator eligible for such tax credit, benefit or incentive. Such amendment or instrument shall

not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals**. Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

21.9 **Authority**. The signatories hereto warrant that each has the authority to execute this Agreement on behalf of any entities which are Parties to this Agreement and that each such entity has executed this Agreement pursuant to its organizational documents or a resolution or consent of their Board of Directors or other governing body.

4. **Exercise of Option, Non-Exercise of Option.** Purchaser may elect to exercise the Option at any time during the Option Term by giving written notice of exercise to Seller. 6. Title.

A.

State of Title. Seller's title to the Property is, as of the Effective Date, and shall be, at the time of Settlement, marketable, fee simple, indefeasible, and fully insurable at standard rates by a reputable title insurance company selected by Purchaser ("**Title Insurer**"), subject only to those exceptions acceptable to Purchaser, in its sole discretion. Seller shall cause title to the Property to be conveyed to Purchaser by special warranty deed subject only to current taxes and assessments and matters approved by Purchaser in accordance with Section 6(B) (the "**Permitted Exceptions**"). At Settlement, Seller must satisfy all reasonable requirements imposed by the Title Insurer to issue its ALTA standard owner's policy of title insurance, insuring title to the Property in the name of the Purchaser with liability in the amount of the Purchase Price or such higher amount as may be specified by Purchaser (the "**Owner's Policy**"). The Owner's Policy shall list as exceptions to coverage only the foregoing taxes and assessments and the Permitted Exceptions.

B. Title Examination.

Within the Option Term, Purchaser, at its expense, may cause a Title Insurer to issue a title insurance commitment ("**Commitment**") to issue an Owner's Policy to Purchaser. At least thirty (30) days prior to the earlier of (a) the exercise of the Option or (b) the expiration of the Option Term, Purchaser shall advise Seller in writing ("**Title Objection Notice**") of those exceptions to title in the Commitment, which may include any unrecorded leases disclosed by the Seller in accordance with this Agreement, and those matters shown on the Survey contemplated by this Agreement that are unacceptable to Purchaser ("**Title Defects**"). Any exceptions to title insurance shown on the Commitment and matters shown on the Survey that are not contained in the Title Objection Notice shall be deemed Permitted Exceptions. Any title matters affecting the Property and arising after the Effective Date shall not be considered Permitted Exceptions without Purchaser's prior written consent in accordance with Section 6(C). Seller shall use its good faith efforts to cure all Title Defects promptly and at its expense. In the event that Seller is unable to cure any Title Defects (excluding any Monetary Liens) within the thirty (30) day period following the date of the Title Objection Notice or by the Settlement Date, whichever first occurs ("**Title Cure Period**") after good faith efforts to do so, Seller shall notify Purchaser in writing as to which Title Defects remain uncured on or before the end of the Title Cure Period and Purchaser shall have twenty (20) days following such notice to either: (i) elect to accept title to the Property subject to the uncured Title Defects, in which event such Title Defects shall be deemed Permitted Exceptions; (ii) terminate this Agreement by written notice thereof to Seller, whereupon this Agreement shall be terminated, the Option Fee shall be returned to Purchaser by Seller and both parties shall thereafter be released from all further obligations hereunder, except for those obligations specifically stated herein to survive termination of this Agreement; or (iii) elect to extend the Title Cure Period or Settlement Date, if the Option has been exercised, for a reasonable period of time designated by Purchaser (not to exceed thirty (30) days) and, if upon the expiration of such period Seller shall not have cured the Title Defects, Purchaser shall have the

options set forth in (i) or (ii) above. Notwithstanding the above, Seller shall be obligated to cure any Title Defects created by Seller and any judgment, lien or encumbrance that can be cured by the payment at Settlement of a liquidated amount ("**Monetary Liens**"). At Settlement, Seller shall provide Purchaser and Title Insurer with all affidavits in form reasonably acceptable to the Title Insurer to permit the Title Insurer to insure against adverse matters caused by Seller and first appearing in the Office of the Clerk of the County on a date subsequent to the effective date of the Commitment and prior to the recording of the deed required by the terms of this Agreement, and to permit Title Insurer to delete the standard exceptions, including parties in possession, mechanics' or materialmen's liens and unrecorded easements

C. Future Title Matters. Seller shall not, after the Effective Date, subject the Property, or consent, to any liens, encumbrances, covenants, conditions, restrictions, easements, or rights-of-way, or seek any zoning changes or take any other action that might affect or modify the status of title to the Property (other than curing or removing title exceptions as contemplated by Section 6(B)) without Purchaser's prior written consent. If Seller violates the provisions of the preceding sentence, Seller shall, prior to Settlement, and at its expense, effect the release of any such liens, encumbrances, covenants, conditions, restrictions, easements and rights-of-way, and take such steps as are necessary to return the zoning and title of the Property to the condition that existed as of the Effective Date or as agreed to by Purchaser.

7. Due Diligence.

A. Purchaser's Tests and Inspections. Purchaser shall have the right during the Option Term, to use all existing easements and roads providing access to the Property, including any easements described on **Exhibit A**, and to enter upon the Property and to perform, at its expense, boring tests and economic, engineering, topographic, environmental, survey and marketing tests or any other studies, tests and due diligence as Purchaser elects in its sole discretion. Said tests shall include but not be limited to the installation on the Property of any weather related instruments and fencing of said instruments reasonably required by Purchaser and access to said instruments. Purchaser shall not interfere with Seller's current operations on the Property while conducting any studies, tests and due diligence on the Property but in the event that Purchaser does interfere with Seller's current operations, Purchaser shall use all reasonable efforts to minimize any impact on Seller's operations. During the Option Term, Seller agrees to make available to Purchaser for inspection, and, at Settlement, to assign to Purchaser without cost, any and all architectural and engineering studies, surveys, and other related materials or information relating to the Property that are in, or come into, Seller's possession or control as more particularly set forth herein. Within the Option Term, Purchaser may elect, at its option and expense, to cause a survey of the Property ("**Survey**") to be prepared by a reputable surveyor, certifying the acreage of the Property and containing such other information as the Purchaser may direct. Provided Purchaser elects to cause a survey to be prepared, Purchaser may arrange for the preparation of the Survey during the Option Term or at any time prior to Settlement. Purchaser agrees to indemnify against and hold Seller harmless from any claims, damages, costs, or expenses arising from entry upon the Property by Purchaser, or any agents, contractors, or employees of Purchaser with the exception of: (i) any loss, liability, cost or expense to the extent arising from or related to acts of Seller or any tenants, (ii) any diminution in value of the Property arising from or related to matters discovered by Purchaser during its investigation of the Property, (iii) any latent defects in the

Property discovered by Purchaser, (iv) liability which results from the release of preexisting toxic or Hazardous Materials on or about the Property resulting from normal environmental testing procedures, and (v) liability which arises from the results or findings of such tests. The provisions of this Section shall survive the Settlement Date or earlier termination of this Agreement. If Settlement does not occur, Purchaser, at its own expense, shall repair any damage to the Property caused by Purchaser's tests and studies. 2. Neither Seller nor, to Seller's knowledge, any prior owners or occupants of the Property have received any notice or advice from a governmental agency with regard to Hazardous Materials on, from or affecting the Property that could give rise to any liability under any Environmental Law, and, to Sellers' knowledge, there has been no investigation, notice of violation, request for information or claim of any kind asserted or threatened by any person, including any federal, state or local governmental agency, relating to the storage, disposal, discharge or release of any Hazardous Material in a manner that would give rise to any liability under any Environmental Law.

N. That as of the Effective Date, there are no leases or other agreements for occupancy in effect with respect to the Property other than agricultural leases which Seller has the right to terminate. Seller shall deliver exclusive possession of the Property to Purchaser at Settlement free and clear of all claims of tenants and others claiming possessory rights.

O. With the exception of this Agreement, no person or entity has a right of first refusal, option to purchase, or other right to purchase the Property pursuant to an agreement to which Seller is a party.

P. Seller has not filed for bankruptcy or other proceeding for the protection of debtors under state or federal law and that no similar involuntary proceeding has been filed or threatened against it.

Q. No part of the Property is subject to a special appraisal method that allows for the appraisal of the Property at less than its market value.

3. All of the covenants, representations, warranties, and agreements of Seller set forth in this Agreement shall be true, correct and complete as of the Effective Date and as of the Settlement Date. Notwithstanding that certain of Seller's representations and warranties may be limited to the extent of Seller's knowledge, the conditions precedent to Purchaser's obligation to consummate Settlement set forth in this Subparagraph shall not be so limited, and the satisfaction of such conditions shall depend upon the actual correctness on the Settlement Date of the matters stated in all such representations and warranties.

4. On or prior to the Settlement Date, Seller shall have performed, satisfied, or complied with all of the terms, provisions, covenants, conditions, and agreements of this Agreement.

5. Seller's title to the Property shall be as required by Section 6(B).

6. Seller [Purchaser] shall have created and subdivided the Property into a separate and legal lot of a minimum of 90 acres and maximum of 95 acres in a location and configuration designated by Purchaser upon the exercise of the Option, or as may be otherwise mutually agreed upon by Purchaser and Seller.

B. **Purchaser's Right to Extend Settlement Date.** In the event that any of the conditions of Settlement set forth in this Agreement is not satisfied as of the Settlement Date, Purchaser shall have the option to extend the time for Settlement by a period not in excess of thirty (30) days upon written notice to Seller to allow Seller additional time to fully satisfy any unsatisfied condition.

12. **Condemnation and Risk of Loss.**

A. **Condemnation.** In the event of condemnation or receipt of notice of condemnation of all of the Property, or any portion thereof, prior to the Settlement Date, Seller shall give written notice to Purchaser promptly after Seller receives such notice or otherwise learn of such condemnation or conveyance in lieu thereof. If all of the Property is, or is to be, condemned, this Agreement shall terminate immediately, and Seller shall immediately return the Option Fee to the Purchaser. If less than all of the Property is, or is to be, condemned or taken, Purchaser, at its option, may elect either (a) to terminate this Agreement effective upon written notice to Seller not later than thirty (30) days after receipt of notice from Seller and Seller shall immediately return amount of the Option Fee to the Purchaser minus the amount of the Initial Option Fee, which shall be retained by Seller, or (b) not to terminate this Agreement and proceed to Settlement. If Purchaser elects not to terminate this Agreement, Purchaser shall be entitled to receive, and Seller shall assign to Purchaser all of Seller's interest in, all of the condemnation proceeds and all interest thereon.

B. **Risk of Loss.** The risk of loss or damage to the Property prior to the Settlement, by casualty, act of God or any other event, shall be upon Seller.

13. **Covenants.**

A. **Condition of the Property.** Subject to the provisions of Section 12 hereof concerning condemnation, Seller, at Seller's expense, shall maintain the Property in at least as good condition as on the date hereof. B. **Operation Until Settlement.** Between the Effective Date and the Settlement Date, Seller shall:

Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.

3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of five (5), commencing on the Effective Date ("**Option Term**").

3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.

3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.

3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to

purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use.

4.3 **Solar Panels Right.** Operator leases Owner's Property for Operator to construct, operate, replace, relocate, remove, and maintain Solar Panels and the appurtenant Collection Facilities, together with associated roads and parking areas on Owner's Property.

4.4 **Collection Facilities Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Collection Facilities on and under the Owner's Property.

4.5 **Substation Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove one or more Substations on Owner's Property.

4.6 **Telecommunication Right.** Operator leases Owner's Property for Operator to construct, operate, maintain, replace, relocate or remove Telecommunication Facilities on and under the Owner's Property.

4.7 **Weather Instrument Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain a Weather Instrument and the appurtenant Collection Facilities on Owner's Property.

4.8 **Battery Facilities Right.** Operator leases Owner's Property in order to construct, operate, replace, relocate, remove, and maintain one or more Battery Facilities on Owner's Property.

5. **Grant of Easements.** Upon the exercise of the Option by Operator, Owner grants to Operator, and Operator accepts from Owner, for the Lease and Easement Term referenced in Section 6.1, the following easements over and across the Owner's Property in accordance with the terms and conditions of this Agreement. The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

6. **Term.** The term of this Agreement ("**Term**") includes the Option Term referenced in Section 3.1, the Initial Lease and Easement Term as described in Section 6.1.1 and the Extended Lease and Easement Term as described in Section 6.1.2 (together, the Initial Lease and Easement Term and the Extended Lease and Easement Term, if applicable, is defined as the "**Lease and Easement Term**").

6.1 **Lease and Easement Term.**

6.1.1 **Initial Lease and Easement Term.** The initial term of the Lease and Easements shall commence on the date specified by Operator in the Option Notice ("**Commencement Date**"). The initial term of the Lease and Easements shall end thirty (30)

years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a

result of the occurrence, each Party shall give prompt written notification thereof to the other Party.

6.2 **Termination by Operator.** Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments.** If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements.** Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 **"Solar Panels"** shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 **"Collection Facilities"** shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 **"Substations"** shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 **"Telecommunication Facilities"** shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar

powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 "**Ownership of Improvements**. Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 "**Construction Liens**. Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 "**Location of Improvements**. The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended. Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this

Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 **Removal of Improvements.** Upon full or partial termination of any of the Lease Rights or Easements, Operator shall remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner.

9. **Ownership and Title Matters.** Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain

a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and

equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner.

To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("Taxes") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it

contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency

laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator

Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 **Operator Mortgagee's Consent to Amendment, Termination or Surrender.** Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. **Assignment and Sublease.** Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "Assignment"), to one or more persons or entities (collectively "Assignee"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. **Hazardous Materials.**

15.1 **Owner's Covenants Regarding Hazardous Materials.** Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance,

rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Upon a written request by Owner, Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

18. **Default and Remedies.**

18.1 **Operator Payment Default.**

18.1.1 **Collection of Payments.**

18.1.2 **Terminate Agreement.**

18.2 Other Operator Default

18.3 Owner Default.

19. **Condemnation.**

19.1 **Complete Taking.** If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

Notices given before actual receipt or notice of change shall not be invalidated by the change.

21. **Miscellaneous Provisions.**

21.1 **Successors and Assigns.** The terms and provisions of this Agreement shall run with the land and be binding on and inure to the benefit of the heirs, successors, assigns and personal representatives of the Parties. Such amendment or instrument shall not impair any of Owner's rights or increase the burdens or obligations of Owner under this Agreement.

21.8 **Approvals.** Whenever in this Agreement the approval or consent of either Party is required or contemplated, unless otherwise specified, such approval or consent shall not be unreasonably withheld or delayed.

1. **Parties.** This Solar Lease and Easement Agreement ("**Agreement**") is made and entered as of the 20 day of December 2019 ("**Effective Date**"), by and between Milton E. Crowder and Diane G. Crowder, husband and wife ("**Owner**") and Boulevard Associates, LLC, a Delaware limited liability company ("**Operator**"), which are sometimes individually referred to as a "**Party**" and collectively as the "**Parties**".
2. **Project.** This Agreement relates to the solar-powered electrical power generation and transmission project known as the "Sebree Solar Energy Center" to be located in Henderson County, Kentucky ("**Project**"), which may be wholly or partially located on the Owner's property legally described on the attached **Exhibit A** to this Agreement ("**Owner's Property**"). Upon Operator's exercise of the Option (as defined below), the Project shall include (i) the Lease of Owner's Property described in Section 4, (ii) the Easements referenced in Section 5 that are located on the Owner's Property, and (iii) the Improvements referenced in Section 8 to be constructed on Owner's Property. The Lease, Easements and Improvements are sometimes collectively referred to as the "**Operator Property**".
3. **Option.** Owner grants to Operator an exclusive option ("**Option**") to acquire the Lease and Easements referenced in Sections 4 and 5 in accordance with the following terms and conditions. Operator shall be entitled to acquire the Lease and the Easements in their entirety or in part, as Operator deems appropriate.
 - 3.1 **Option Term.** The period during which Operator may exercise the Option shall be for a term of four (4) years, commencing on the Effective Date ("**Option Term**").
 - 3.2 **Option Payment.** As consideration for the granting of the Option, Operator agrees to pay Owner the Option Payment set forth in **Exhibit D**.
 - 3.3 **Use of Owner's Property.** During the Option Term, Operator and its employees, agents and contractors shall have a right to enter upon the Owner's Property and the right of ingress and egress over and across the Owner's Property for the purposes of (i) surveying the Owner's Property; (ii) performing such other tests and studies as Operator may desire in connection with the Option, including, without limitation, environmental, avian and cultural resource assessments, and geotechnical, foundation and soil tests, provided that such activities do not unreasonably interfere with Owner's use of the Owner's Property; and (iii) installing, maintaining, operating, inspecting and removing one or more weather related instruments ("**Weather Instrument**") and fencing of said Weather Instrument and including the performance of all tests and studies associated therewith. Owner shall not permit any other individual or entity except Operator or its affiliates to install a Weather Instrument on Owner's Property.
 - 3.4 **Right to Grant Option.** Owner warrants and represents to Operator that (i) the statements in Section 9 concerning Owner's title to the Owner's Property are true and correct; (ii) Owner has the authority to grant this Option to Operator without the consent or approval of any other party; and (iii) there are no other existing options, rights of first refusal, contracts to

purchase, leases or mortgages that would prevent Operator from exercising its rights with respect to the Option.

3.5 **Exercise of Option.** Operator may exercise the Option by giving written notice to Owner ("**Option Notice**") at any time during the Option Term. Operator shall specify in the Option Notice the Commencement Date referenced in Section 6.1.1. On the Commencement Date, the Lease and Easements referenced in Sections 4 and 5 shall automatically become effective, and the Parties shall be subject to all of the terms and conditions of this Agreement with respect to such Lease and Easements and all rights and obligations relating thereto.

3.6 **Termination of Option.** If Operator fails to exercise the Option within the Option Term, the Option and the rights of Operator as the optionee shall automatically terminate.

4. **Lease.** Upon exercise of the Option by Operator, Owner leases to Operator, and Operator leases from Owner, Owner's Property for the Lease and Easement Term (defined in Section 6.1) in accordance with the terms and conditions of this Agreement ("**Lease**"), which Lease grants Operator and its agents, contractors, and employees the right to use the Owner's Property for the following permitted uses:

4.1 **Construction Right.** Operator leases Owner's Property for the purpose of constructing, operating, maintaining, repairing, replacing, and removing all or any part or component of the Improvements whether located on Owner's Property. Operator may exercise its right to use all or any part of the Owner's Property as and when Operator deems it necessary or advisable to do so to perform the activities for which this right is granted, including, without limitation, staging areas and parking for Operator's employees. Any such areas being used temporarily by Operator shall be located immediately adjacent to the portion of the Property leased by Operator hereunder.

4.2 **Access Right.** Operator leases Owner's Property for unobstructed vehicular and pedestrian access and ingress to and egress from the Improvements, Owner's Property and any public roadways, and to construct, maintain, and utilize Roadway Improvements on the Owner's Property. Owner shall not permit others to obstruct or damage the roads or Roadway Improvements located on the Owner's Property or in any other way interfere with Operator's rights under this right. Operator shall repair any damage done to Roadway Improvements which result from use by Operator, its agents, servants or employees. Such roads shall be maintained in the condition necessary for use by Operator's equipment, and with regard to existing roads, shall be maintained in at least the condition that existed prior to Operator's use. Any roads inside of the fenced area of the project will be maintained by Operator at Operator's sole cost and expense.

The following easements are for the benefit of Operator and Operator's agents, contractors and employees and located on the Owner's Property and are collectively referred to as the "**Easements**".

5.1 **Sun Non-Obstruction Easement.** Owner grants Operator an irrevocable, exclusive easement for the right and privilege to use, maintain and capture the free and unobstructed sunlight over and across the Owner's Property. Owner shall not engage in any activity on Owner's Property or any other neighboring property owned by Owner that might interfere with the sunlight direction over any portion of Owner's Property; cause a decrease in the output or efficiency of any Solar Panel or Weather Instrument; or otherwise interfere with Operator's operation of the Project or exercise of any rights granted in this Agreement (collectively "**Interference**"). This grant of the easement expressly includes the right of Operator to enforce Operator's rights, including the physical removal of trees or structures (except existing trees and structures) causing Interference to the Project contemplated by Operator. Operator shall notify Owner before making any such removals.

5.2 **Effects Easement.** Owner grants to Operator an easement over Owner's Property for visual, view, light, flicker, noise, shadow, vibration, electromagnetic, electrical and radio frequency interference, and any other effects attributable to the Project located on the Owner's Property.

The initial term of the Lease and Easements shall end thirty (30) years after the Commencement Date (the "**Initial Lease and Easement Term**"), subject to the rights of renewal and termination as provided in this Agreement.

6.1.2 **Extended Lease and Easement Term.** Operator shall have the right to extend the Term of this Agreement for two (2) consecutive terms of five (5) years each in accordance with the terms and provisions of this Agreement (collectively "**Extended Lease and Easement Term**") by providing written notice to Owner of Operator's intent to extend the Term within one hundred eighty (180) days of the end of the existing Term. Each Extended Lease and Easement Term shall begin on the expiration date of the Initial Lease and Easement Term or previous Extended Lease and Easement Term, as the case may be. During the Extended Lease and Easement Term, Operator shall pay Owner the amounts set forth in **Exhibit D** as the consideration for the Lease and Easements.

6.1.3 **Delays During Lease and Easement Term.** At Operator's option, the Term may be extended for a period of time equal to the period of time during which operation of the Project is delayed or suspended because of the occurrence of a Regulatory Suspension or Force Majeure, which are defined as follows:

(i) "**Regulatory Suspension**" shall mean the enactment or application of any law, order, rule, or regulation of the Kentucky Public Service Commission, Federal Energy Regulatory Commission, or other local, state, or federal government authority having jurisdiction over the Project or Operator, or the failure of any such governmental authority to issue an approval or permit pursuant to any such law, order, rule, or regulation, which results in the delay, interruption, or suspension of the production, sale or transmission of electricity from the Solar Panels; and

(ii) "**Force Majeure**" shall mean causes beyond the reasonable control of and without the fault or negligence of the Party claiming Force Majeure, including but not limited to acts of God, labor unrest (including, but not limited to, slowdowns, picketing, boycotts or strikes), flood, earthquake, storm, fire, lightning, explosion, power failure or power surge, vandalism, theft, the cutting of power, transmission or other lines, wires or cables to the Project by persons other than Operator's employees or contractors, epidemic, war, revolution, riot, civil disturbance, sabotage, change in law or applicable regulation subsequent to the Commencement Date and action or inaction by any federal, state or local legislative, executive, administrative judicial agency or body which in any of the foregoing cases, by exercise of due foresight such Party could not reasonably have expected to avoid, and which, by the exercise of due diligence, it is unable to overcome.

The Parties shall be excused from performing their respective obligations under this Agreement and shall not be liable in damages or otherwise if and to the extent that they are unable to so perform or are prevented from performing by a Force Majeure, provided that: (i) the non-performing Party, as promptly as practicable after the occurrence of the Force Majeure, but in no event later than thirty (30) days thereafter, gives the other Party written notice describing the particulars of the occurrence; (ii) the suspension of performance is of no greater scope and of no

longer duration than is reasonably required by the Force Majeure; (iii) the non-performing Party uses good faith and commercially reasonable efforts to remedy its inability to perform; and (iv) as soon as the non-performing Party is able to resume performance of its obligations excused as a result of the occurrence, each Party shall give prompt written notification thereof to the other Party. Notwithstanding the foregoing, Operator shall pay Owner 50% of the Annual Installment Payments during any period of Force Majeure.

6.2 **Termination by Operator**. Provided Operator is not in default under any term of this Agreement, Operator, at its option, shall have the right to terminate this Agreement at any time during the Term of the Agreement, as to all or any part of the Operator Property. Termination shall be effective thirty (30) days after written notice of such termination to Owner. If Operator's notice is a full termination of the Operator Property, the Parties shall be relieved of all further duties and obligations under this Agreement, other than (i) the payment of any accrued and unpaid obligations owed by either Party as of the date of termination; (ii) the removal of the Improvements by Operator pursuant to Section 8.11; and (iii) any other obligations and liabilities that are expressly stated in this Agreement to survive such termination. Upon any such partial termination by Operator, the Parties shall be relieved of all further duties and obligations under this Agreement with respect to the portion thereof terminated by Operator, subject to the obligations and liabilities referenced in items (i) through (iii) above that shall continue to be applicable to the terminated portion of this Agreement. The Parties agree to execute an amendment to this Agreement evidencing such partial termination.

7. **Payments**. If Operator exercises the Option referenced in Section 3, Operator agrees to pay Owner the amounts set forth in **Exhibit D** as consideration for the Lease, Easements and Operator's other rights and interests in the Owner's Property.

8. **Improvements**. Operator shall have the right, at its sole cost and expense, to construct, install, maintain, use, operate, repair, replace, relocate and remove all facilities, structures, equipment, machinery, wires, conduit, cables, poles, materials and property of every kind and character required for the construction and operation of portions of the Project on the Owner's Property, including, but not limited to, the Solar Panels, Collection Facilities, Substations, Telecommunication Facilities, Weather Instruments, Roadway Improvements and Battery Facilities referenced in Sections 8.1 through 8.7 (collectively, the "**Improvements**").

8.1 **"Solar Panels"** shall mean any photovoltaic energy system designed for the generation of electrical power from the collection of sunlight, including without limitation, the photovoltaic panels, foundations, support structures, braces and related equipment.

8.2 **"Collection Facilities"** shall mean all Improvements whose purpose is to deliver electrical power generated by the Solar Panels to an electrical power grid or other system, including without limitation transformers, overhead and underground electrical collection lines, telecommunication lines, splice boxes and interconnection facilities.

8.3 **"Substations"** shall mean electrical lines, meters, monitoring and control equipment, switches, transformers, all structures, equipment, enclosures, fencing, security devices, and other electrical and communications equipment necessary to condition and increase

the voltage of electricity generated by the Project to make it suitable for transmission on, and to deliver it to, Collection Facilities connected to an electric power grid or other system.

8.4 "**Telecommunication Facilities**" shall mean all Improvements whose purpose is to provide telecommunication services solely relating to the Project or any of Operator's solar powered projects, including telephone, closed-circuit television, microwave, internet, computer data and other telecommunication services.

8.5 "**Weather Instrument**" shall mean instruments used primarily to gather and transmit sunlight and meteorological data relating to the Project, and includes the instrument's foundations, guy wires, sunlight and meteorological data acquisition equipment, power source, and any required data and electrical transmission lines.

8.6 "**Roadway Improvements**" shall mean all improvements that may be necessary to construct, maintain and repair any new and existing roadways and other means of ingress and egress over, across and along the Owner's Property, including paving or surfacing of the roadways with asphalt, gravel or other roadway materials, installation of road signs and the construction and installation of culverts, bridges, drainage ditches, gates, cattle guards and similar structures and facilities.

8.7 "**Battery Facilities**" shall mean a type of equipment that can be given a new charge by passing an electric current through it designed for the storage of electrical power including without limitation, batteries and other devices for storage of electrical energy, foundations, support structures, braces and related equipment.

8.8 **Ownership of Improvements.** Except as otherwise provided in Section 11.7, all Improvements shall at all times remain the property of Operator, and Owner shall have no right, title or interest therein. All Improvements constructed or placed on the Owner's Property by Operator during the Term of this Agreement may be repaired, replaced, relocated, removed, added to or expanded upon by Operator at any time during the Term of this Agreement. Owner expressly waives any statutory lien or common law liens on the Improvements to which Owner might be entitled.

8.9 **Construction Liens.** Operator shall not permit any liens arising out of Operator's use of the Operator Property under this Agreement to be filed against the Owner's Property. Operator shall, within sixty (60) days after it receives notice of the lien, provide a bond or other security that Owner may reasonably request, or remove such lien from the Owner's Property in the manner provided by applicable law.

8.10 **Location of Improvements.** The acreage required from the Owner's Property for the Improvements for which the Lease and Easements are being granted cannot be determined until the completion of Operator's inspection, testing, study and surveying of the Owner's Property during the Option Term. Along with the Option Notice, Operator shall deliver to Owner a proposed plan of development showing the contemplated locations of the Improvements and a preliminary calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as the **Exhibit B** to this Agreement. During the final development and construction of the Project, such locations may need to be amended.

Following construction of the Project, Operator shall provide Owner an "as-built" survey of all Improvements on Owner's Property and the final calculation of the acreage as determined by the area bounded by a perimeter fence required for the Project, which shall serve as **Exhibit C** to this Agreement. Further, following construction, the Improvements may need to be relocated or rerouted by Operator, which Operator may perform, at any time during the Term of this Agreement, so long as the nature and extent of any such relocated or rerouted Improvements are not materially different and impose no materially greater burden on the Owner's Property than the original locations or routes, and so long as Operator takes commercially reasonable efforts to minimize disruption or inconvenience to Owner.

8.11 Removal of Improvements. Upon full or partial termination of any of the Lease Rights or Easements, Operator shall, within one (1) year of such full or partial termination, remove all Improvements and restore the area formerly occupied by the Improvements to substantially the same physical condition that existed immediately before the construction of the Improvements (the "**Removal Obligations**"). At Owner's request, all or any part of the Roadway Improvements may be left for use by Owner. Annual Installments Payments shall continue to be made, on a prorated basis, until the Removal Obligations are substantially completed.

8.12 If a governmental authority does not require a performance bond or security for removal of the Improvements, then, Operator shall obtain and deliver to Owner a bond in form and substance reasonably satisfactory to Owner securing Operator's Removal Obligations (the "Removal Bond") prior to the date that the Project first delivers energy in commercial quantities onto the grid. The Removal Bond shall be equal to the estimated amount, if any (the "Net Removal Costs"), of removing the Improvements from Owner's Property less the salvage value of the Improvements. Operator shall not be required to deliver such Removal Bond to Owner if Operator has delivered such a bond in connection with the permitting of Owner's Property or any other portion of the Improvements for the Project. Once in place, Operator shall keep such bond, or a like replacement, in force throughout the remainder of the Term. The Net Removal Costs shall be determined by the Parties hereto acting in good faith. If the Parties cannot agree upon the Net Removal Costs within sixty (60) days of their first attempt to do so, then the Net Removal Costs shall be determined by an independent engineer mutually selected by the Parties. If the Parties cannot agree upon such independent engineer within the next thirty (30) days, then by an independent engineer appointed by a District Judge of Henderson County, Kentucky; and the decision of such an independent engineer (however selected) as to the Net Removal Costs shall be conclusive as between and binding upon, the Parties. If an independent engineer is selected, then the Parties hereto shall equally share all of the costs associated with the independent engineer's determination of the Net Removal Cost. If the Removal Bond is unavailable or an alternate form of security is more economical or desirable, then Operator may substitute an alternate form of security, such as a letter of credit, other form of bond, or guarantee reasonably acceptable to Owner that provides substantially equivalent security as the Removal Bond. Operator shall redetermine the amount of the Removal Security beginning immediately prior to the tenth (10th) year of the Lease and Easement Term and every five (5) years after the initial posting of the Removal Bond.

9. **Ownership and Title Matters.** Except as otherwise set forth herein, Owner warrants and represents to Operator, both as of the Effective Date, and as of the Commencement Date as follows:

9.1 **Authority.** Owner represents and warrants that it is the holder of fee simple title and is the sole owner of the Owner's Property and has the unrestricted right and authority to sign this Agreement and to grant Operator the Lease and Easements and other rights granted in this Agreement. When signed by both Parties, this Agreement constitutes a valid and binding agreement enforceable against Owner in accordance with its terms.

9.2 **Other Agreements.** The Owner's Property is not subject to any other agreements, options, rights of first refusal or other prior right of any party to purchase, lease or acquire easements in the Owner's Property, or create any prior claim or right that would preclude or interfere with Operator's rights and interests under this Agreement and the Lease and Easements.

9.3 **Minerals.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, Owner owns all of the oil, gas and other minerals, and all rights thereto as on or under the Owner's Property.

9.4 **Owner Mortgage.** Except as disclosed by Owner to Operator at the time of the execution of this Agreement by Owner, there are no mortgages encumbering the Owner's Property ("**Owner Mortgage**").

9.5 **Notice and Opportunity to Cure.** If there is an Owner Mortgage encumbering Owner's Property and Owner receives from the holder thereof any notice that payments are overdue, Owner shall notify Operator and each Operator Mortgagee (as defined at Section 13.1) by sending a copy of such overdue payment notice to Operator by the earlier of (i) five (5) days after receipt, or (ii) three (3) business days prior to the date by which a default under or in respect of such Owner Mortgage could occur. If Operator or any Operator Mortgagee determines that it would be in Operator's interest to make such payments to Owner Mortgagee on Owner's behalf, whether as a result of receiving such notice or otherwise, Operator shall have the right to make such payments and to credit the payments so made against the Annual Installment Payment next due under the Agreement.

9.6 **Subordination, Non-Disturbance & Attornment Agreement.** If there is an Owner Mortgage encumbering Owner's Property, Owner shall cooperate with Operator to obtain a Subordination, Non-Disturbance and Attornment Agreement ("**SNDA**") in the form prepared and provided by Operator, from each Owner Mortgagee, pursuant to which such Owner Mortgagee agrees, among other things, not to disturb Operator's possession and use of the Owner's Property. Owner shall not incur any loss in income, expense, obligation or liability with regard to the SNDA. Operator shall, at its sole cost and expense, record each such SNDA in the Office of the County Clerk in which Owner's Property is located. If Owner fails to deliver a SNDA from each Owner Mortgagee, Operator may, at its sole option, either (i) terminate this Agreement immediately upon written notice to Owner, or (ii) take such action as Operator deems reasonably necessary to effect the rights granted to Operator hereunder, and off-set all amounts

expended in such efforts against the Annual Installment Payments and any other amounts due hereunder or in respect hereof.

10. **Representations and Warranties of Owner.** Owner hereby makes the following further representations and warranties both as of the Effective Date, and as of the Commencement Date:

10.1 **Physical Condition.** Owner has no knowledge of any existing physical conditions except for Henderson County Zoning and land use ordinances and restrictions of the Owner's Property which would prevent, significantly restrict or make more expensive Operator's development of the Owner's Property for the purposes specified in this Agreement, or which could, with the passage of time, or the giving of notice, constitute a violation of any currently applicable governmental law, ordinance, order, rule or regulation.

10.2 **Legal Restrictions.** Owner has no knowledge of any law, regulation, ordinance or order of any local, state or federal governmental authority which would prohibit or significantly restrict Operator's development of the Owner's Property pursuant to this Agreement. This Agreement does not violate any contract, agreement, instrument, judgment or order to which Owner is a party or which affects the Owner's Property. To the best of Owner's knowledge, the Owner's Property is currently in full and complete compliance with all governmental laws, ordinances, orders, rules and regulations applicable to the Owner's Property.

10.3 **No Litigation.** No litigation is pending and, to the best of Owner's knowledge, no litigation or administrative actions are proposed, threatened or anticipated with respect to any matter affecting the Owner's Property. If Owner learns of any litigation or administrative action proposed, threatened or instituted with respect to the Owner's Property, Owner shall give Operator notice within thirty (30) days thereof.

10.4 **Survival.** The representations and warranties set forth in this Section 10 shall survive the execution and delivery hereof.

11. **Use, Operation and Maintenance.**

11.1 **Exclusive Use by Operator.** Operator shall have the exclusive right (i) to use and possess the Owner Property in connection with the Project and other similar solar-powered electrical power generation projects; (ii) to investigate, inspect, survey, and conduct tests of the Owner's Property, including, but not limited to, meteorological, environmental, archeological and geotechnical tests and studies; (iii) to use and convert all of the sunlight resources on the Owner's Property; and (iv) to undertake such other activities on the Owner's Property that may be related to the Project, including, without limitation, the storage of Solar Panels, materials and equipment during the installation and construction of the Improvements; development and operation of communications systems; and site tours of the Project for visitors and other interested parties.

11.2 **No Required Installation or Operation.** Nothing in this Agreement shall be interpreted as imposing on Operator any obligation to install Solar Panels or other Improvements on the Owner's Property, or to operate the Project on the Owner's Property. Operator shall have the sole discretion to determine if and when any Solar Panels and other Improvements may be

constructed on Owner's Property, and if and when to commence the operation of the Project on the Owner's Property.

11.3 **Permits and Approvals.** Operator shall be responsible, at its sole cost and expense, for obtaining any governmental permits and approvals necessary for the construction and operation of the Project and the construction and operation of the Improvements. Owner shall cooperate with Operator as necessary to obtain any governmental or utility approvals or permits, including, without limitation, signing any applications for such approvals, provided that Owner shall not incur any loss in income, expense, obligation or liability with respect to Operator obtaining such permits or approvals.

11.4 **Compliance with Laws.** Operator shall comply in all material respects with valid laws applicable to the Owner's Property and the Operator Property. Operator shall have the right, in its sole discretion and at its sole expense, in Operator's name to contest the validity or applicability to the Owner's Property and the Operator Property of any law, ordinance, statute, order, regulation, property assessment or the like made by any governmental agency or entity. Operator shall control any such contest and Owner shall cooperate with Operator in every reasonable way in such contest, provided that Owner shall incur no expense, obligation or liability with regard to such contest.

11.5 **Care and Appearance.** Operator, in its exercise of the lease, easement and other rights granted hereunder shall, at all times, maintain the Owner's Property and the Improvements in a reasonably neat, clean and presentable condition. Operator shall not willfully or negligently damage or destroy the Owner's Property and shall keep the Owner's Property clean and free of debris created by Operator, its contractors, or others brought on to the Owner's Property by Operator. Operator shall not use the Owner's Property for storage, except for materials, construction equipment and vehicles directly associated with construction or maintenance of the Improvements on the Owner's Property or adjacent properties that are part of the Project.

11.6 **Fences and Gates.** At Owner's request, Operator shall repair or replace any fences, gates or cattle guards damaged or removed in connection with Operator's activities on the Owner's Property. Fences removed from the Owner's Property, if replaced, shall be re-built by Operator at its expense in mutually agreeable locations. All fence repair and construction shall be substantially similar to the construction of existing fences and cattle guards on Owner's Property. Any gates opened for access to Owner's Property by either Party shall be closed immediately after passing through so that livestock may not pass through. Once completed, all replacement fences, gates and cattle guards shall be owned and maintained by Owner. Upon abandonment or termination of the rights granted to Operator in this Agreement, any fences, gates and cattle guards installed by Operator shall remain and become the property of Owner. To minimize the need for temporary fencing, Owner will cooperate with Operator to avoid pasturing animals on or near the Improvements during periods of construction, maintenance or removal activity by Operator. Owner will discuss with Operator what temporary fencing is necessary during the periods of construction, maintenance or removal activity by Operator.

11.7 **Roadway Maintenance and Repairs.** Operator agrees to maintain and repair all Roadway Improvements located on the Operator Property; provided, however, Owner shall reimburse Operator for any costs and expenses incurred by Operator to repair any damage or

perform any special maintenance of the Roadway Improvements caused by Owner or any person using the Roadway Improvements with Owner's permission, other than Operator.

12. **Taxes.**

12.1 **Owner's Taxes.** Owner covenants and agrees to pay prior to delinquency all real and personal property and other taxes, general and special assessments, and other charges of every description ("Taxes") levied or assessed against the Owner's Property and all improvements thereon by governmental authorities, other than Operator's Taxes referenced in Section 12.2 (Taxes, excepting Operator's Taxes, are hereinafter referred to as "**Owner's Taxes**").

12.2 **Operator's Taxes.**

12.3 **Failure to Pay.** In the event either Party fails to pay their share of Taxes prior to delinquency, the other Party shall have the right to pay such Taxes and any accrued penalties or interest, which payments shall increase or be offset against other Payments due under this Agreement.

12.4 **Operator's Right to Contest.** Operator may contest the legal validity or amount of any Operator's Taxes for which it is responsible under this Agreement, and may institute such proceedings as it considers necessary, provided that Operator shall bear all expenses in pursuing such contest or proceeding. With respect to any Taxes which may constitute a lien on the Owner's Property, Operator shall promptly pay such Taxes unless the proceeding in which it contests such Taxes shall operate to prevent or stay the collection of the Taxes so contested or unless Operator removes any such lien by bonding or otherwise. Owner agrees to render to Operator all reasonable assistance in contesting the validity or amount of any such Taxes, with the exception of Taxes levied by Owner, including joining in the signing of any reasonable protests or pleading which Operator may deem advisable to file; provided, however, that Operator shall reimburse Owner for its reasonable out-of-pocket expenses, including reasonable attorneys' fees incurred in connection with providing such assistance.

13. **Mortgage of Operator Property.**

13.1 **Right to Mortgage.** Operator may, upon written notice to Owner, but without requiring Owner's consent or approval, mortgage, collaterally assign, or otherwise encumber and grant security interests in all or any part of its interest in this Agreement and the Operator Property, but not in Owner's interest therein. These various security interests in all or a part of this Agreement and the Operator Property are collectively referred to as an "**Operator Mortgage**" and holder of such security interest, an "**Operator Mortgagee**". Any Operator Mortgagee shall use the Operator Property only for the uses permitted under this Agreement. Whenever Operator has granted a security interest under this Section 13, it will give Owner notice of the Operator Mortgage (including the name and address of the Operator Mortgagee for notice purposes) to Owner within thirty (30) days; provided that failure to give this notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner to provide such Operator Mortgage notice until the Operator and its address is given to Owner.

13.2 **Notice of Default and Opportunity to Cure.** As a precondition to exercising any rights or remedies related to any alleged default by Operator under this Agreement, Owner shall give written notice of the default to each Operator Mortgagee at the same time it delivers notice of default to Operator, specifying in detail the alleged event of default and the required remedy. Each Operator Mortgagee or its designee shall have the right, but not the obligation, to cure any default as Operator, and/or the right, but not the obligation, to remove any Improvements or other property owned by Operator or such Operator Mortgagee located on the Owner's Property to the same extent as Operator. The cure period for any Operator Mortgagee shall be the later of (i) the end of the Operator cure period under Section 18; (ii) thirty (30) days after such Operator Mortgagee's receipt of the default notice; or (iii) if applicable, the extended cure period provided for in Section 13.3. Failure by Owner to give an Operator Mortgagee notice of default shall not diminish Owner's rights against Operator, but shall preserve all rights of the Operator Mortgagee or its designee to cure any default and to remove any Improvements or other property of Operator or the Operator Mortgagee located on the Owner's Property.

13.3 **Extended Cure Period.** If any default by Operator under this Agreement cannot be cured without the Operator Mortgagee obtaining possession of all or part of the Operator Property, then any such default shall be deemed remedied if an Operator Mortgagee: (i) within sixty (60) days after receiving notice from Owner as set forth in Section 13.2, acquires possession of all or part of the Operator Property, or begins appropriate judicial or nonjudicial proceedings to obtain the same; (ii) diligently prosecutes any such proceedings to completion; and (iii) after gaining possession of all or part of the Operator Property performs all other obligations as and when the same are due in accordance with the terms of this Agreement. If an Operator Mortgagee is prohibited by any court or by operation of any bankruptcy or insolvency laws from commencing or prosecuting the proceedings described above, the sixty (60) day period specified above for commencing proceedings shall be extended for the period of such prohibition.

13.4 **Operator Mortgagee Liability.** Any Operator Mortgagee whose interest in the Operator Property is held solely for security purposes, shall have no obligation or liability under this Agreement unless and until the Operator Mortgagee succeeds to absolute title to the

Operator Property and the rights of Operator under this Agreement. An Operator Mortgagee shall be liable to perform obligations under this Agreement only for and during the period it directly holds such absolute title.

13.5 **Certificates.** Owner shall execute any estoppel certificates (certifying as to truthful matters, including without limitation that no default then exists under this Agreement, if such be the case), consents to assignment and non-disturbance agreements as Operator or any Mortgagee may reasonably request from time to time. The Parties shall negotiate in good faith any amendment to this Agreement from time to time to include any provision that may be reasonably requested by Operator or any Operator Mortgagee to implement the provisions contained in this Agreement or to preserve an Operator Mortgagee's security interest.

13.6 **Operator Mortgagee's Right to Enforce Mortgage and Assign.** Each Operator Mortgagee shall have the right, in its sole discretion: (i) to assign its Operator Mortgage; (ii) to enforce its lien and acquire title to all or any portion of the Operator Property by any lawful means; (iii) to take possession of and operate all or any portion of the Operator Property and to perform all obligations to be performed by Operator under this Agreement, or to cause a receiver to be appointed to do so; and (iv) to acquire all or any portion of the Operator Property by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer all or any portion of the Operator rights under this Agreement to a third party in accordance with Section 14. Any Operator Mortgagee or other party who acquires Operator's interest in all or a portion of the Operator Property pursuant to foreclosure or assignment in lieu of foreclosure shall not be liable to perform the obligations imposed on Operator by this Agreement, which are incurred or accruing after such Operator Mortgagee or other party no longer has ownership or possession of the Operator Property.

13.7 **New Agreement.**

13.7.1 If the Operator Property is foreclosed upon or there is an assignment in lieu of foreclosure, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditor's rights and, within ninety (90) days after such event, Operator or any Operator Mortgagee or other purchaser at a foreclosure sale shall have arranged to the reasonable satisfaction of Owner to cure any material defaults under this Agreement, and for the payment of all Annual Installment Payments or other charges due and payable by Operator as of the date of such event, then Owner shall execute and deliver to Operator or such Operator Mortgagee or other purchaser at a foreclosure sale, or to a designee of one of these parties, as the case may be, a new agreement ("**New Agreement**") which (i) shall be for a term equal to the remainder of the Term of this Agreement before giving effect to such rejection or termination; (ii) shall contain the same covenants, agreements, terms, provisions and limitations as this Agreement (except for any requirements that have been fulfilled by Operator or any Operator Mortgagee or other purchaser at a foreclosure sale prior to rejection or termination of this Agreement); and (iii) shall include that portion of the Operator Property in which Operator or such other Operator Mortgagee or other purchaser at a foreclosure sale had an interest on the date of rejection or termination.

13.7.2 If more than one Operator Mortgagee makes a written request for a New Agreement pursuant to this provision, the New Agreement shall be delivered to the Operator

Mortgagee requesting such New Agreement whose Operator Mortgage is prior in time, and the written request of any other Operator Mortgagee whose lien is subordinate shall be void and of no further force or effect. The provisions of this Section 13 shall survive the termination, rejection or disaffirmation of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 13 were a separate and independent contract made by Owner, Operator and each Operator Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such New Agreement, such Operator Mortgagee or other purchaser at a foreclosure sale may use and enjoy the Operator Property without hindrance by Owner or any person claiming by, through or under Owner; provided that all of the conditions for the New Agreement as set forth above are complied with.

13.8 Operator Mortgagee's Consent to Amendment, Termination or Surrender. Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as any Operator Mortgage remains outstanding, this Agreement shall not be modified or amended, and Owner shall not accept a surrender, cancellation or release of all or any part of the Operator Property from Operator, prior to expiration of the Term of this Agreement, without the prior written consent of the Operator Mortgagee holding such Operator Mortgage. This provision is for the express benefit of and shall be enforceable by each Operator Mortgagee as if it were a party named in this Agreement.

14. Assignment and Sublease. Operator shall have the right, without Owner's consent, to sell, convey, lease, or assign all or any portion of this Agreement or the Operator Property, on either an exclusive or a non-exclusive basis, or to grant subeasements, co-easements, easements, licenses or similar rights with respect to the Operator Property (collectively, "**Assignment**"), to one or more persons or entities (collectively "**Assignee**"). Each Assignee shall use the Operator Property only for the uses permitted under this Agreement. When Operator makes any Assignment under this Section 14, Operator shall give written notice to Owner of such Assignment (including the interest conveyed by the Assignment and address of the Assignee for notice purposes) to Owner; provided Operator's failure to give such notice shall not constitute a default under this Agreement, but rather shall only have the effect of not binding Owner with respect to such assignment or conveyance until such notice is given. Any Assignment by Operator shall release Operator from obligations subject thereof accruing after the date that liability for such obligations is assumed by the Assignee.

15. Hazardous Materials.

15.1 Owner's Covenants Regarding Hazardous Materials. Owner represents and warrants that, to the best of Owner's knowledge, the Owner's Property is not and has not been in violation of any federal, state or local environmental health or safety laws, statute, ordinance, rule, regulation or requirement ("**Environmental Laws**"), and Owner has not received any notice or other communication from any governmental authorities alleging that the Owner's Property is in violation of any Environmental Laws. "**Hazardous Materials**" shall mean any asbestos containing materials, petroleum, explosives, toxic materials, or substances regulated as hazardous wastes, hazardous materials, hazardous substances, or toxic substances under any

federal, state, or local law or regulation. Owner warrants that Owner has done nothing to contaminate the Operator Property with Hazardous Materials or wastes.

15.2 **Operator's Covenants Regarding Hazardous Materials.** Operator shall, at Operator's sole cost and expense, promptly take removal or remedial action required by Environmental Law with regard to any material violation of any Environmental Law with regard to any Hazardous Materials brought onto the Owner's Property by Operator or its employees, agents, or contractors. Owner shall cooperate with Operator with regard to any scheduling or access to the Owner's Property in connection with any action required hereunder.

15.3 **Operator's Indemnity Regarding Hazardous Materials.** Operator shall indemnify, defend, protect and hold Owner harmless from any liability based on: (i) the release of Hazardous Materials in, on, under or about the Owner's Property caused by Operator or its employees, agents, or contractors, or (ii) the violation by Operator or its employees, agents, or contractors of any Environmental Law. The indemnity obligations set forth herein shall survive termination of this Agreement.

16. **Insurance and Indemnity.**

16.1 **Insurance.** At all times during which Operator is conducting any activities on the Property and at all times during the Term of this Agreement, Operator shall maintain in effect (1) commercial General Liability Insurance, including bodily injury and property damage coverage with minimum limits of \$1 Million Dollars per occurrence and \$2 Million Dollars aggregate and (2) Umbrella Liability Insurance with minimum limits of \$5 Million Dollars per occurrence and \$5 Million Dollars aggregate. Operator shall name Owner as additional insured on such insurance policy and provide Owner with a certificate of such insurance.

16.2 **Indemnity by Operator.** Operator shall defend, indemnify, protect and hold Owner harmless from and against all liabilities, costs, expenses, obligations, losses, damages, claims, (collectively "**Claims**") resulting from the negligence, willful misconduct, or breach of this Agreement by Operator, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Owner, its agents, contractors or employees, invitees, licensees or permittees.

16.3 **Indemnity by Owner.** Owner shall defend, indemnify, protect, and hold Operator harmless from and against all Claims resulting from the negligence, willful misconduct, or breach of this Agreement by Owner, its agents, contractors or employees, invitees, licensees and permittees; provided, however, that such Claims are not due to the sole negligence, willful misconduct, or breach by Operator, its agents, contractors, employees, invitees, licensees, or permittees.

16.4 **Survival.** The obligations of the Parties under this Section 16 shall survive expiration or other termination of this Agreement.

17. **Confidentiality.** This Agreement includes confidential and proprietary information relating to Operator and the Project. Owner agrees not to provide copies of the Agreement or

disclose the terms of the Agreement to any unauthorized person or entity. Operator authorizes Owner to provide copies of the Agreement and disclose the terms thereof to Owner's family ("family" shall be deemed to include all devisees or descendants of owner by will or intestacy), attorney, accountant, financial advisor and any existing or prospective mortgagee, lessee, or purchaser for the sole purpose of evaluating and advising Owner and for no other purpose, so long as such authorized parties agree in writing to become subject to the confidentiality provisions hereto and not to provide copies of the Agreement or disclose the terms thereof to any unauthorized person or entity. Any Owner and party shall return all material containing any confidential information to Operator immediately upon its request. Any party agrees to destroy immediately upon request by Operator such analyses, compilation, studies or other documents, and any oral information will continue to be subject to the terms of this Agreement. Owner agrees that Operator will have no adequate remedy at law if any party violates any of the terms of this Agreement. In such event Operator will have the right, in addition to any other rights Operator may have, to obtain injunctive relief to restrain any breach or threatened breach by third party or specific enforcement of such terms plus reimbursement of attorneys' fees, court costs and all associated expenses. No party shall publish, file for public record, reproduce, or otherwise disseminate this document or any of the terms and provisions hereof to any party, other than the Parties set forth above without the prior written consent of Operator, which consent may be withheld for any reason and in Operator's sole discretion.

19. Condemnation.

19.1 Complete Taking. If, at any time, any authority having the power of eminent domain shall condemn all or substantially all of the Operator's Property, or all of the Improvements thereon, for any public use or otherwise, then the interests and obligations of

Operator under this Agreement in or affecting the Operator's Property shall cease and terminate upon the earlier of (i) the date that the condemning authority takes physical possession of the Operator's Property or the Improvements thereon, (ii) the date that Operator is, in its sole judgment, no longer able or permitted to operate the Project on the Operator's Property in a commercially viable manner, or (iii) the date of the condemnation judgment. Operator shall continue to pay all amounts payable hereunder to Owner until the earlier of such dates, at which time the Parties shall be relieved of any and all further obligations and conditions to each other under this Agreement.

19.2 **Partial Taking.** If, at any time during the term of this Agreement, any authority having the power of eminent domain shall condemn one or more, but not all, of the Solar Panels, or any portion of the Improvements or the Operator's Property, then the interest and obligations of Operator under this Agreement as to those Solar Panels or any portion of the Improvements or the Operator's Property so taken shall cease and terminate upon the earlier of (i) the date that the condemning authority takes possession of such Solar Panels or any portion of the Improvements or the Operator's Property, (ii) the date that Operator is, in its reasonable judgment, no longer able or permitted to operate the Project on the Operator's Property, or any portion thereof, in a commercially viable manner, or (iii) the date of the condemnation judgment; and, unless this Agreement is terminated as hereinafter provided, this Agreement shall continue in full force and effect as to the remainder of the Solar Panels, Improvements and the Operator's Property. If the remainder of the Solar Panels or any other portion of the Improvements or the Operator's Property is or becomes insufficient or unsuitable for Operator's purposes hereunder, as determined by Operator in its sole discretion, then, subject to the rights of any Operator Mortgagee under Section 13, Operator shall have the right to terminate this Agreement as to the portion of the Operator's Property to which Operator continues to hold the rights, at which time the Parties shall be relieved of any further obligations and duties to each other under this Agreement.

19.3 **Apportionment, Distribution of Award.** On any taking, all sums awarded, including damages and interest, shall be paid as follows:

(a) Any portion of the award by the court on account of any cost or loss that Operator may sustain in the removal and relocation of Operator's Improvements, to Operator;

(b) Any portion of the award by the court for Operator's anticipated or lost revenues or profits, to Operator;

(c) Any portion of the award by the court for Owner's lost revenues, to Owner;

REQUEST 11

RESPONSIBLE PARTY: Jason Andrews

Request 11. Provide any overlaps in the projected construction schedules of the four projects in Henderson County, Kentucky.

Response 11.

Based on information from publicly available documents Sebree Solar II, LLC does not anticipate an overlap in construction with the three other projects in Henderson County, Kentucky. Listed below are the projected construction schedules of the additional projects in Henderson County, Kentucky. Sebree Solar II has attempted to contact the project developers to inquire about updated construction schedules. At the time of this Data Request, Sebree Solar II has not received any additional information to confirm updated construction schedules.

- Henderson County Solar project – According to [https://psc.ky.gov/pscecf/2020-00391/kristen%40gossamfordlaw.com/08272021113201/Final Responses to Data Requests.pdf](https://psc.ky.gov/pscecf/2020-00391/kristen%40gossamfordlaw.com/08272021113201/Final%20Responses%20to%20Data%20Requests.pdf), Henderson County Solar is scheduled to be in the final phase of construction with a October 31, 2023 COD. However, Sebree Solar II is not aware that construction has begun for this project and Sebree Solar II does not have additional information to confirm the updated construction schedule.

Siting Board Request 11

Page 2 of 2

- Unbridled Solar project – According to <https://nationalgridrenewables.com/unbridled/> Unbridled Solar has an anticipated COD of May 31, 2024 and should be under construction at this time. Sebree Solar II is not aware that the construction phase on Unbridled Solar has begun and Sebree Solar II does not have additional information to confirm the updated construction schedule.
- Sebree Solar project – Construction is anticipated to begin in late 2023 with an anticipated COD of year end 2025. Depending on when Unbridled Solar begins construction, there may be some construction overlap between Sebree Solar and Unbridled Solar. Unbridled Solar’s construction timeline is not known to Sebree Solar II at this time.
- Sebree Solar II project – Construction is anticipated to begin in early 2025 with an anticipated COD of mid 2026. Sebree Solar II does not anticipate any construction overlap with the three additional projects in Henderson County, Kentucky.

REQUEST 12

RESPONSIBLE PARTY: Brian Bartels

Request 12. Describe the potential for cumulative effects on noise from construction activities of the four projects, and any steps to minimize these effects.

Response 12.

The Sebree Solar II project Sound Assessment, provided as an exhibit with the Site Assessment Report, considered both the Sebree Solar project and the Sebree Solar II project in the assessment of operational sound based on the assumption that both phases will be in operation concurrently. However, the Sound Assessment did not assess cumulative effects on noise from construction activities due to the assumption that the construction activities for the Sebree Solar and Sebree Solar II projects will not run concurrently.

Based on information publicly available, the Henderson County Solar project, which is mapped approximately 4.4 miles away from the Sebree Solar II project, is expected to be under construction from January 2023 through October 2023. Also based on publicly available information, the Unbridled Solar project, which is mapped adjacent to the southeastern portion of the Sebree Solar II project, is expected to be under construction from mid-year 2023 through May 2024. However, Sebree Solar II is not aware that construction has begun on either of these projects. With the uncertainty of the construction schedule of Henderson County Solar and Unbridled Solar, Sebree

Siting Board Request 12

Solar II cannot determine the cumulative noise impacts from the projects. Sebree Solar II is not scheduled to overlap with any of the remaining projects in Henderson County. Request 13. Describe the potential for cumulative effects on traffic and roadways from construction activities of the four projects, and any steps planned to minimize these effects.

Response 13.

The Traffic and Dust Study did not assess cumulative effects on construction activities between the Sebree Solar and Sebree Solar II projects due to the assumption that the construction activities for these projects will not run concurrently. REQUEST 14

RESPONSIBLE PARTY: **Andrew Lines**

Request 14. Describe the potential for cumulative effects on property values and land uses from the construction and operation of the four projects.

Response 14.

CohnReznick has prepared a Property Value Impact Study report, provided in the Application as Exhibit 12, Attachment A, Exhibit 1. In summary, the report includes the following conclusions: Based on a review of other academic studies noted within the Report, as well as interviews with assessors and market participants familiar with sales of property adjacent to solar farms, and the conclusions of the eleven solar farm studies CohnReznick conducted and summarized within the Report, CohnReznick concludes that there is no measurable and consistent evidence that solar farms are negatively impacting adjacent real estate property values. Given this conclusion, and CohnReznick's review of elements of the application of Sebree Solar II, LLC, CohnReznick does not expect there to be any negative impact to the real estate surrounding the applicant's Proposed Project.

REQUEST 15

RESPONSIBLE PARTY: Jason Andrews

Request 15. Describe what steps have been taken, or will be taken, to communicate with the developers of Unbridled Solar, LLC and Henderson County Solar, LLC.

Response 15.

Sebree Solar II has taken the initial steps to open communication with the developers of both Unbridled Solar, LLC and Henderson County Solar, LLC. Phone messages and emails were sent to the perspective project website and directly to program managers to initiate communication. Sebree Solar II will establish and maintain communication with the developers from both projects to update them on project status and construction timelines.

Separately, Sebree Solar (first phase) has executed a crossing agreement with Unbridled Solar where the two transmission lines cross on land owned by Big Rivers Electric Corporation. This includes engineering drawings of how the two transmission lines will accommodate the other crossing the same land. Specific construction timelines were not included in this crossing agreement.

REQUEST 16

RESPONSIBLE PARTY: Jason Andrews

Request 16. Refer to the Application, Exhibit 12, Site Assessment Report (SAR), Attachment 3. Provide if access to Cherry Hill Church will be impacted due to construction or operation of the Project. If yes, explain mitigation measures planned to alleviate impacts to Cherry Hill Church.

Response 16.

The Cherry Hill Church parcel is mapped adjacent to the Project Area. Several setbacks were applied to this parcel and the church building itself when developing the preliminary site plan, including a 100ft occupied structure setback from the building and a 25ft non-participating parcel setback from the parcel line. Based on the preliminary site plan, the closest Project infrastructure is a fence line of an array area, mapped approximately 110ft from the church building. Approximately 350 feet of visual screening/vegetative screening is also shown on the preliminary site plan to screen the church building from the Project infrastructure proposed to the south. Visual screening/vegetative screening is also shown to the west-northwest of the church parcel where Project infrastructure is proposed, approximately 400 feet from the church building. Construction and operation activities of the Project will not impact access to Cherry Hill Church.

RESPONSIBLE PARTY: Jason Andrews

Request 17. Refer to the Application, Exhibit 12, SAR, Attachment 3. Provide if access to the Spencer Cemetery will be impacted due to construction or operation of the Project. If yes, explain mitigation measures planned to alleviate impacts to the Spencer Cemetery.

Response 17.

Spencer Cemetery was identified during the initial development of the Project constraints and a 100-foot setback was applied as an avoidance buffer to eliminate potential impacts to the cemetery. A preliminary access road is mapped to the southwest of the cemetery entrance, on the opposite side (west side) of Route 1299 for the Project. Construction and operation activities of the Project will not impact access to Spencer Cemetery.

RESPONSIBLE PARTY: Joshua Crawford

Request 18. Refer to the Application, Exhibit 10, Attachment A, Secondary Economic Impacts, page 11. Explain if secondary impact is equivalent to induced impact in reference to the 58 jobs that will be created by the Project.

Response 18.

The secondary impact is the total estimated economic impact of the 58 jobs created as a result of the direct investment made as a part of the Sebree Solar II project. This is the same as the induced impact of the direct investment.

Request 19. Refer to the Application, Exhibit 10, Attachment A, Secondary Economic Impacts, page 11. Clarify whether the total 258 construction jobs created by the project are full-time equivalent jobs.

Response 19.

200 of the 258 jobs are construction jobs resulting from the construction phase and direct investment. The remaining 58 are those created because of that investment. In both case the jobs are full-time equivalent.

REQUEST 20**

RESPONSIBLE PARTY: Joshua Crawford

Request 20. Refer to the Application, Exhibit 10, Attachment A, Secondary Economic Impacts, page 11.

- a. Explain whether the employment of people who reside in counties other than Henderson County was considered in the economic impact analysis.
- b. If yes, provide a calculation of jobs created and the associated payroll for the project for the multi-county area.

Response 20.

The employment impact is measured based on the investment, not necessarily the county of residence from which the employee will come. In more rural, less integrated economies it is anticipated that some of the total employment will come from outside the county, but it is unknown exactly how much. The secondary economic impact is specific to Henderson County in its employment and economic impact.

- a. Explain if income tax or net profit tax were calculated for the project. If calculated, provide.
- b. If not calculated, explain the reasoning why the tax information was not calculated.

Response 21.a and 21.b.

Income and net-profit taxes were not calculated as a part of the economic impact. These taxes represented a relatively small and uncertain amount of money. This is especially true in the case of income taxes, which are currently being phased to zero as a result of action by the Kentucky General Assembly.
