

**Sebree Solar II, LLC**

**Case No. 2022-00131**

**Application – Exhibit 6**

**Kentucky State Board on Electric Generation and Transmission Siting  
Sebree Solar II, LLC – Case No. 2022-00131  
Application – Exhibit 6**

Filing Requirement

*A complete report of the applicant's public involvement program activities undertaken prior to the filing of the application, including: 1. The scheduling and conducting of a public meeting in the county or counties in which the proposed facility will be constructed at least ninety (90) days prior to the filing of an application, for the purpose of informing the public of the project being considered and receiving comment on it; 2. Evidence that notice of the time, subject, and location of the meeting was published in the newspaper of general circulation in the county, and that individual notice was mailed to all owners of property adjoining the proposed project at least two (2) weeks prior to the meeting; and 3. Any use of media coverage, direct mailing, fliers, newsletters, additional public meetings, establishment of a community advisory group, and any other efforts to obtain local involvement in the siting process (KRS 278.706(2)(f))*

**Respondents: Jason Andrews**

Sebree II has undertaken an extensive public outreach effort that exceeds the minimum requirements of the statute. As detailed below, this effort includes numerous in-person meetings with landowners, local officials and community leaders, a public meeting, office hours, and establishing a Project website and Facebook page to enable continued communication with the local community.

In July 2022, Sebree II established a shared website for the Sebree and Sebree II Projects. The website includes information concerning the description of the Project, an overview of solar power generation, frequently asked questions, contact information, and a means by which individuals could seek additional information about the Project. The Project's website is:

<https://www.nexteraenergyresources.com/sebree-solar.html>

Sebree II also established a shared Facebook page with Sebree in July 2022 to provide more frequent updates and developments on the Project and to address questions and comments from the public. The Project's Facebook page is:

<https://www.facebook.com/SebreeSolar/>

In adherence to Sebree II's commitment to transparent communication, the Project held multiple local events, public meetings, and sponsorships with the local community. Sebree II conducted an in-person public meeting that was held at Atkinson Park, Henderson Kentucky from 5:00 p.m. to 8:00 p.m. on July 27, 2022.

Additionally, in support of a request from the Mayor of Robards, Kentucky, Sebree II conducted a public in-person office hours event at the City Hall in Robards, Kentucky from 10:00 a.m. to 7:00 p.m. on September 14, 2022. This was noticed according to *KRS 278.706(2)(f)* requirements. It was also advertised on the City of Robards electronic noticing board a week in advance, the City of Robards Facebook page, and the Project's Facebook page. The in-person office hours event at the City Hall in Robards, Kentucky was well-attended with approximately 20-25 people attending throughout the day.

During and following the public office hours held in the City Hall of Robards, KY on September 14, 2022, several landowners expressed interest in including their land in the Project and subsequent negotiations were successfully concluded or are expected to conclude in the first half of 2023 on six additional parcels. Sebree II has elected to include these six additional parcels in the Construction Certificate application. In doing so, Sebree II attests that the new adjoining property owners to these newly added project parcels were not individually notified of the public meeting events, as the public meeting occurred prior to the inclusion of the property in the project.

However, Sebree II attests that all owners of property adjoining the project area, including those adjoining these six additional parcels, have been notified via certified mail on the Public Notice of Intent to File Application in accordance with *KRS 278.706(2)(c)*. Additionally, Sebree II sent hand-written cards to the new adjoining property owners, notifying them of the Project and providing direct contact information of the project manager. The new adjoining property owners that were not notified of the Public Meeting events are listed below:

Parcel Number	Landowner
60-30.1	Denton, Mary Aleda
61-12	Duncan, Heather
61-5	Elder Bros LLC
61-17 /61-17.1	Hester James Ford
61-11	Jordan, Doris
60-30.2	Konsler Farms LLC
61-23.1	Logsdon, Stephen D & Taylor D
61-13	Preston Farms LTD Partnership
61-10	Walters Christopher D & Jerri
61-9	Royster David C & Paul B
61-30.1	Roland Scott Et Al
50-27.2	Cates Family Trust (C/o) Nancy Brown

Finally, Sebree II has taken a proactive stance on meeting with local leaders on the Project. Specifically, Sebree II representatives have met with the County Judge Executive and Planning & Zoning Administration within Henderson County on multiple occasions. Individual meetings have been held with state and local government officials, and community leaders, including the following:

Date	Local Official / Community Contact	Topic of Discussion
27 July 22	Public Meeting – Various Members of the Community, Henderson, KY	Discussed background on NextEra and project plans.

28 July 22	State of the County / State of the City Event – Brian Bishops and Jennifer Marks (Planning & Zoning- Henderson County), Henderson County Judge Executive Brad Schneider, Whitney Risley and Missy Vanderpool (Henderson County- Economic Development); Henderson, KY	Introduction briefly discussed Sebree II project scope and updates.
