MOTION FOR INFORMAL CONFERENCE

Comes now Sebree Solar II, LLC (“Sebree II”), by and through the undersigned counsel, pursuant to 807 KAR 5:001 Section 9 and other applicable law and does hereby submit its request to conduct an informal conference in this case. Sebree II requests to hold this conference virtually on or before **April 30, 2026**. In support of this motion, Sebree II respectfully states as follows:

1. On October 12, 2023, Sebree II was granted a Construction Certificate for a 150 MW merchant solar electric generating facility in Henderson County, Kentucky. Mitigation Measure 15 in the October 12, 2023 Order permits construction activity, process, and deliveries between the hours of 8:00 a.m. – 6:00 p.m., Monday through Saturday. Non-noise causing and non-construction activity may take place between 7:00 a.m. – 10:00 p.m., Monday through Sunday.

2. Sebree II was granted authority to interconnect with a nonregulated transmission line approved for the Sebree Solar, LLC (“Sebree I”).¹ Sebree I has completed construction and has begun commercial operations.²

2. Sebree II is being constructed and needs to begin the electrical work to interconnect with the nonregulated transmission line already in operation for Sebree I. Sebree II believes an informal conference with Siting Board Staff will provide assistance and clarity regarding Mitigation Measure 15 and the process of interconnecting Sebree II.

For the foregoing reasons, Sebree II respectfully requests that the Siting Board schedule an informal conference to discuss the issue at an Informal Conference before **April 30, 2026**.

This the 23rd day of April 2026.

Respectfully submitted,
