Kentucky Power Company)	

Non-Party Motion For An Informal Conference

Kentucky Power Company moves the Commission pursuant to 807 KAR 5:001, Section 9(4) to schedule an informal conference in this matter at the Commission Staff's earliest convenience. Kentucky Power acknowledges that it is not yet a party to this proceeding, and that 807 KAR 5:001, Section 20(4) provides that the Commission will first examine the complaint to determine whether it establishes a prima facie case.

Time is of the essence in this proceeding. Biofuel's complaint on its face is meritless. Biofuel's complaint appears to be little more than a last-ditch effort by Biofuel at delay so as to prevent Kentucky Power from serving a second customer using the limited capacity available to Gateway Industrial Park.

The purpose of the informal conference would be to establish an expedited procedural schedule or otherwise resolve the complaint at the earliest possible time.

This motion shall not be deemed an admission that the complaint states a prima facie case.

Wherefore, Kentucky Power Company respectfully requests that the Commission issue an order establishing an informal conference at the Commission Staff's earliest convenience.

Respectfully submitted,

Katie M. Glass
