RE: Breathitt County Water District, Case No. 2022-00136

Dear Ms. Bridwell,

This letter is in response to the Kentucky Public Service Commission's Order on July 25, 2022, in which the commission directed Breathitt County Water District (Breathitt County) to file status updates every two months to report on its efforts to cure its filing deficiencies.

The flooding in Eastern Kentucky and RCAP's current workload resulted in adding time to updating the current rate case documentation. RCAP and Breathitt County Water District have since resumed working to finalize the updated information in order to cure the filing deficiencies. RCAP anticipates presenting the results of the updated financial documentation to Breathitt County's Board at their December board meeting and filing the updated documentation shortly thereafter.

Thank you,

Estill McIntosh, Manager
