

Test drive a Kentucky fishing license the first weekend in June

Free fishing weekend is June 3-4

Gather the family and go fishing the first weekend in June for free in Kentucky.

Fishing is good, clean outdoor fun that everyone can enjoy with a minimal investment in gear and time. Hundreds of public sites with robust populations of fish statewide make fishing accessible to all.

Free fishing weekend is June 3-4. It's an annual celebration that allows anyone to fish without a license or trout permit during the first consecutive Saturday and Sunday in June. Consider it a test drive before you buy a license, which entitles you to a full year of fishing enjoyment.

Kentucky welcomes resident and nonresident anglers to enjoy the free fishing weekend. As always, anglers are required to obtain landowner permission before entering private property to fish.

sizes and numbers of different fishes that you can keep still apply. Some waterbodies have daily catch and fish size limits that are applicable statewide, whereas other lakes or streams have their own specific requirements. You'll find all these regulations in the online fishing and boating guide (para Espanol). Printed versions of these guides produced by the Kentucky Department of Fish and Wildlife Resources are also available at most places that sell fishing licenses.

Sharing Christ's Love with Children for 87 Years

When I was young, plans for the summer always included Camp Lewis. I loved camp, it was a place where I could make new friends, and also a place where I could grow stronger in my spiritual walk. As an adult, I like to pray over the upcoming year, the campers and the lives that will be changed and drawn closer to God. Camp isn't just a place that I go to meet old friends and make new friends, it's also a place that I like to call my Home. While at Camp, I'm the closest to God that I can be here on Earth.
