

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF UNION COUNTY)	CASE NO.
WATER DISTRICT FOR AN ADJUSTMENT OF RATES)	2022-00160

MOTION FOR CONFIDENTIALITY

COMES the Union County Water District (UCWD) by and through Counsel and moves the Commission for an Order pursuant to 807 KAR 5:001, Section 13 and all other applicable law, for confidential treatment of Exhibit 1D, 1F, and 1G provided in response to the Commission's Request for Information and contains salary and compensation studies completed by third party vendor.

KRS Chapter 61 requires information filed with the Commission to be available for public inspection unless specifically exempted by statute. Exemptions from public disclosure of the information relevant to this matter are provided in KRS 61.878(1)(a) and KRS 61.878(1)(c)(1).

Specifically, KRS 61.878(1)(a) exempts:

Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy.

KRS 61.878(1)(c)(1) further exempts:

Records confidentially disclosed to an agency or required by an agency to be disclosed to it, generally recognized as confidential or proprietary, which if openly disclosed would permit an unfair commercial advantage to competitors of the entity that disclosed the records;

See In the Matter of: Electronic Application of Northern Kentucky Water District for an Adjustment of Rates; Issuance of Bonds; Financing; and Tariff Revision, Case No. 2018-00291, (Order of March 13, 2019); see also In the Matter of: Application of Cumberland Valley Electric,

Inc. for an Adjustment of Rates, Case No. 2014-00159, (Order of May 7, 2015); In the Matter of: Application of Columbia Gas of Kentucky, Inc. for an Adjustment of Rates for Gas Service, Case No. 2013-00167, (Order of October 29, 2013).

The information for which UCWD is seeking confidential treatment is generally recognized as confidential and proprietary information in the industry. If competitors were able to access the information contained in Exhibit 1D, 1F, and 1G, competitors would have an unfair commercial advantage in hiring away current and future UCWD employees. These studies assist UCWD in developing and updating its compensation packages. Moreover, the studies contain position-specific information that would enable competitors to readily determine individual non-executive employee compensation. Competitors having access to this information would have a competitive advantage of knowing compensation levels and underlying information supporting those levels.

If the Commission disagrees with this request for confidential protection, UCWD requests in the alternative to hold an evidentiary hearing (a) to protect UCWD's due process rights and (b) to supply the Commission with a complete record to enable it to reach a decision with regard to this matter. See Utility Regulatory Commission v. Kentucky Water Service Company, Inc., 642 S.W.2d 591, 592-94 (Ky App. 1982).

UCWD requests that the information be kept confidential for an indefinite period. The statutes cited above do not allow for disclosure at any time. Given the competitive employment market in Western Kentucky and the efforts of non-regulated companies to hire trained, skilled employees, it is imperative that regulated information remain protected.

For these reasons, UCWD petitions the Commission to treat as confidential, indefinitely, the information referenced in the Application in its entirety.

Respectfully Submitted,
