On or about July 8, 2022, Northern Kentucky Water District will file an application with the Kentucky Public Service Commission for authority to adjust its rates for water service in two phases. Northern Kentucky Water District proposes to place the Phase I rates into effect on but no sooner than August 7, 2022 or a date determined by the Public Service Commission and the Phase II rates into effect on but no sooner than August 7, 2023 or a date determined by the Public Service Commission. The proposed rates will produce total additional annual revenues of \$4,540,195.

The percentage of increase will be an overall increase of 15.5% to Northern Kentucky Water District. The percentage increase is 7.8% on current revenues upon the Phase II rates becoming effective, and an increase of 7.7% on current revenues upon the Phase II rates becoming effective. The average residential* customer bill will be adjusted approximately 10 cents per day, or \$3.01 per month from \$38.78 to \$41.79, or \$9.03 per quarter from \$116.34 per quarter to \$125.37 per quarter from \$125.37 to \$134.22 upon Phase

NORTHERN KENTUCKY WATER DISTRICT NOTICE TO CUSTOMERS WATER RATE ADJUSTMENT

On or about July 8, 2022, Northern Kentucky Water District will file an application with the Kentucky Public Service Commission for authority to adjust its rates for water service in two phases. Northern Kentucky Water District proposes to place the Phase I rates into effect on but no sooner than August 7, 2022 or a date determined by the Public Service Commission, and the Phase II rates into effect on but no sooner than August 7, 2023 or a date determined by the Public Service Commission. The proposed rates will produce additional annual revenues of \$4,511,007. The Phase II rates will produce additional annual revenues of \$4,540,195. The percentage of increase will be an overall increase of 15.5% to Northern Kentucky Water District. The percentage increase is 7.8% on current revenues upon the Phase I rates becoming effective, and an increase of 7.7% on current revenues upon the Phase I rates becoming effective. The average residential customer bill will be adjusted approximately 10 cents per day, or \$3.01 per month from \$41.79 to \$44.74 or \$8.85 per quarter from \$125.37 to \$134.22 upon Phase I rates becoming effective. Il rates becoming effective.

NORTHERN KENTUCKY WATER DISTRICT NOTICE TO CUSTOMERS WATER RATE ADJUSTMENT

On or about July 8, 2022, Northern Kentucky Water District will file an application with the Kentucky Public Service Commission for authority to adjust its rates for water service in two phases. Northern Kentucky Water District proposes to place the Phase I rates into effect on but no sooner than August 7, 2022 or a date determined by the Public Service Commission, and the Phase II rates into effect on but no sooner than August 7, 2023 or a date determined by the Public Service Commission. The proposed rates will produce additional annual revenues of \$4,511,007. The Phase II rates will produce additional annual revenues of \$4,540,195. The percentage of increase will be an overall increase of 15.5% to Northern Kentucky Water District. The percentage increase is 7.8% on current revenues upon the Phase I rates becoming effective, and an increase of 7.7% on current revenues upon the Phase I rates becoming effective. The average residential customer bill will be adjusted approximately 10 cents per day, or \$3.01 per month from \$41.79 to \$44.74 or \$8.85 per quarter from \$125.37 to \$134.22 upon Phase I rates becoming effective. Il rates becoming effective.
