**JOINT MOTION TO AMEND THE SCHEDULE AND REQUEST FOR  
EXPEDITED TREATMENT**

---

Duke Energy Kentucky, Inc. (Duke Energy Kentucky or Company), along with Louisville Gas and Electric Company (LG&E) and Kentucky Utilities Company (KU), East Kentucky Power Cooperative, Inc. (EKPC), and Kentucky Power Company (Kentucky Power), (collectively, Joint Movants) respectfully move the Kentucky Public Service Commission (Commission) pursuant to 807 KAR 5:001, Section 4(5), to issue an order amending the schedule in this proceeding, which was established on March 10, 2026, and corrected on March 12, 2026.<sup>1</sup> As demonstrated below, good cause exists to amend the established schedule to allow the Company and all parties additional time to file comments on the proposed changes to 807 KAR 5:056, as well as the multiple sets of alternative fuel adjustment clause calculations, as directed in the March 10, 2026 Order (March 10 Order).

In support of this motion, Joint Movants state as follows:

1. The Commission initiated this proceeding on November 2, 2022 “to

investigate the FAC regulation, 807 KAR 5:056, purchased power costs, and related cost recovery mechanisms.”<sup>2</sup> In its November 2, 2022 Order, the Commission directed jurisdictional electric utilities to respond to fifteen questions and to “identify and explain the provisions in their tariffs that allow the recovery of fuel costs, purchased power costs, and related expenses that occur outside of the FAC.”

2. On December 2 and December 5, 2022, utilities and other parties filed initial comments.

3. In Paragraph 4 of the Order, the Commission allowed reply comments within 15 days following the deadline for initial comments. In accordance with the Order, utilities and other parties submitted reply comments on December 19 and December 20, 2022.

4. On March 10, 2026, the Commission issued an order directing “Kentucky Power, EKPC, LG&E, KU, BREC, and Duke Kentucky [to] file responses to the Commission’s proposed changes to the FAC adjustment factor and other topics,” and to “utilize [the Commission’s] proposed formula . . . to calculate the FAC factor for 2024 and 2025” for several of the proposed changes.<sup>3</sup>

5. On March 12, 2026, the Commission issued an order clarifying that the deadline for submitting the comments and calculations required by the March 10 Order was 30 days from the March 10 Order, and not 60 days.<sup>4</sup>

6. It has been over three years since the parties initially submitted comments in this proceeding, during which time relevant legislative changes have occurred, among other things.<sup>5</sup> Additionally, the alternative calculations requested by the Commission will require considerable time and effort to perform and validate. The Joint Movants commend the Commission on its thoughtful consideration and proposed changes to the FAC in the March 10 Order. In order to thoughtfully and completely address the Commission's order in this important matter, because of the effort required for the calculations that the Commission has directed, given the time that has passed since the earlier comments, and the legislative changes that have occurred in the meantime, Joint Movants request that the Commission extend the deadline to submit the responses and calculations directed in the March 10 Order to be within 60 days of the date of the service of the March 10 Order so that the deadline for filing responses and calculations would be Monday, May 11, 2026.

7. Joint Movants respectfully request expedited treatment of their Motion to Amend the Schedule. Said expedited treatment will enable Joint Movants and all parties sufficient time to finalize their comments, as well as to perform and validate all of the required calculations for 2024 and 2025, which will create the most accurate and complete record for the Commission's review.

WHEREFORE, Duke Energy Kentucky, Inc., Louisville Gas and Electric Company and Kentucky Utilities Company, East Kentucky Power Cooperative, Inc., and Kentucky Power Company, respectfully request that the Commission grant their Joint Motion to Amend the Schedule and Request for Expedited Treatment.
