Free setup includes leveling the building to the specifications on our blocking diagram (customer may request a copy from dealer) starting with the high corner at ground level or one four inch concrete block high. Buildings may then be leveled to a maximum of 3 feet at the highest corner. If leveling requires one (1) foot or less, pressure treated wood may be used. Otherwise, customer may supply concrete blocks which are placed on top of the ground, or driver can supply concrete blocks for \$3.00 each. In very rare cases, underground footers may be required by local building codes. Old Hickory Buildings does not offer digging or footer services, and these services are not included in free setup. However, we can work with Customer or a contractor when required for an additional cost. Free delivery covers one trip up to thirty (30) miles one way. Trips over thirty (30) miles are subject to a \$2.00/mile (8ft, 9ft, & 10ft wide) or \$3.50/mile (12ft & 14ft wide) or \$4.50/mile (16ft wide) charge one way. Customer will be responsible for any additional mileage charge as well as the cost of any additional trips. * A non-refundable fee will be charged on cancellations or revisions of custom orders as follows: 10% on cash sales of 8ft, 10ft, & 12ft wide buildings, 20% on cash sales of 14ft & 16ft wide buildings, up to 50% on any build on site order; or, on rent to own sales, the security deposit plus first month's rent.

5/8" flooring with joists at 12 inches OC will not support point loads of more than 450 lbs. (spread evenly over an area no less than 5 in. x 5 in.)
