NOTICE OF FILING

LaRue County Water District No. 1 (“LaRue District”) gives notice of the Filing of Revised Exhibit 14 to the Joint Application. An explanation of the need to file a Revised Exhibit 14 is set forth below:

- 1. When LaRue District was preparing the detailed Depreciation Schedule, which was filed as Attachment 14 to the Response of LaRue District to Commission Staff’s First Request for Information (“LaRue District’s Response”), it realized that the information that had been provided to it when it prepared Exhibit 14 to the Joint Application was incomplete.

2. **Exhibit 14** to the Joint Application is a summary of the book value of the property (water assets) to be acquired by LaRue District from New Haven arranged according to the USoA.

3. The Depreciation Schedule which was filed as Attachment 14 to LaRue District's Response is more detailed and is based on more complete information provided by the Auditor for New Haven.

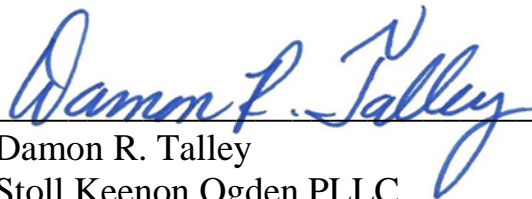

4. Some of the minor differences between some of the items listed on the original **Exhibit 14** and the Depreciation Schedule is attributable to rounding.

5. LaRue District represents that to the best of its information and belief the information contained in the Depreciation Schedule and **Revised Exhibit 14** is true and correct.

6. The original **Exhibit 14** should be disregarded and replaced with **Revised Exhibit 14**, which is attached hereto and incorporated herein by reference.

Dated: August 29, 2022

Respectfully submitted,
