RE: Formal Application to Increase Rates Pursuant to
Purchased Water Adjustment Regulation 807 KAR 5:068

Dear Ms. Bridwell:

The Marion County Water District respectfully requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment clause.

The District was recently notified by its supplier, Campbellsville Municipal Water & Sewer, that it will increase the District's wholesale rate by \$0.41 per 1000 gallons. This increase will become effective on August 1, 2022. The result of the increase is \$1,436.64 in additional annual supply cost for the District. This translates into \$0.01 per 1000 gallons of water sold to our customers. Therefore, we propose to increase our rates by that amount.

The following supporting documentation is enclosed for your review:

Exhibit A – Purchase Water Rate Adjustment

Exhibit B – Copy of Campbellsville Water & Sewer's Notice of an Increase in Wholesale Rates

Exhibit C – Statement of Water Purchased

Exhibit D – Statement of Water Sold

Exhibit E – Notice to Customers

Exhibit F – Revised Tariff Sheet

Exhibit G – Resolution of the Board of Commissioners formally authorizing the proposed rates.

The Notice to Customers will be published in accordance with Commission regulations and verification of its publication will be provided to the Commission.

Should you have any questions please contact Lee Mudd at (502) 839-1310, as he is handling this matter on behalf of the District.

Sincerely,

Earl Sandusky, Chairman
