RE: Case No. 2022-00221
Northeast Woodford County Water District
Correction to Response to Request for Information #1 Question #3

Dear Ms. Bridwell:

Elizabeth Stefanski detected a discrepancy in the response by Northeast Woodford County Water District to Request for Information #1 Question #3. In that response, Northeast Woodford District reported that they had 37 occurrences of Reconnection Fees totaling \$2,590; however, the Trial Balance that they had submitted reported Miscellaneous Income in the amount of \$2,450. Ms. Stefanski asked that this discrepancy be investigated and corrected.

Ms. Mary Routh at Northeast Woodford District confirmed by email today that the response to Request for Information #1 Question #3 should be changed to:

Response:	Occurrences	Amount Collected
Reconnection Fee	35	\$2,450.00

Thank you for the opportunity to correct this discrepancy.

Sincerely,

Robert K. Miller
