Dear Ms. Bridewell,

This is to formally request an extension of time within which Commissioner Zachary McCord may complete the required 12-hour new Commissioner training. Commissioner McCord was appointed to the Board in August 2021. He was unable to attend the first available training session in December 2021 due to commitments made prior to his appointment.

The 2022 training sessions were made available only last week, and Commissioner McCord is unable to attend the July training session on such short notice.

We had anticipated that training options would be available earlier in the year so that he could have completed his training as required by law. However, that plan appears to be unavailable.

Your favorable consideration of granting an extension through December 31, 2022, to allow him to attend one of the remaining training sessions would be most appreciated.

Very truly yours,

Stephen P. Huddleston
Attorney for Gallatin Co. Water District
