

# **EXHIBIT 2**

**Donna McNeil** is a Research Engineer with the UK Kentucky Water Resources Research Institute (KWRRRI). Prior to joining KWRRRI, Donna was the Executive Director of the Kentucky Infrastructure Authority, during which she served on two Legislative Task Forces focused on Public Water and Wastewater Infrastructure and the Private Wastewater Systems. Her experience includes working as a compliance specialist with the Kentucky Rural Water Association and managing the Kentucky drinking water program at the Kentucky Division of Water. Donna has over 30 years of service helping drinking water and wastewater utilities staff, decision-makers, and consultants. Donna received a Bachelor of Science Degree in Civil Engineering from the University of Kentucky and has an Engineer-In-Training Certification in Kentucky.

---

**Valerie Lucas** is the Executive Director of Clean Water Professionals of Kentucky and Tennessee. Prior to serving as CWP-KT Executive Director, Valerie spent over a decade in the water sector as a consulting engineer. She is a licensed professional engineer in the state of Kentucky and holds a Bachelor and Master of Science in Civil Engineering from the University of Kentucky.

**Gerald E. Wuetcher**

Jerry is Counsel to the Firm and a member of the Utility & Energy practice. He brings to Stoll Keenon Ogden more than 25 years of experience working at the Kentucky Public Service Commission, where he served as a staff attorney, deputy general counsel and executive advisor. He frequently appeared before the Commission in administrative proceedings involving electric, natural gas, water and sewer utility issues and represented the Commission in state and federal courts. Jerry also served as the Commission's representative in a number of interagency groups addressing water and wastewater issues. Between 2009 and 2013, he was the Commission's representative on the Board of the Kentucky Infrastructure Authority. Jerry developed and implemented the Commission's training program for water utility officials and served as an instructor for that program. He is frequent speaker on utility and local government issues before such organizations as the Kentucky Rural Water Association, Kentucky League of Cities, the Kentucky Association of Counties, and the Utility Management Institute.

Jerry served for 27 years in the United States Army as a judge advocate before retiring at the rank of Colonel in 2011. His service encompassed numerous roles on active duty and in a reserve status.

Jerry received his J.D. from Emory University in 1984, and earned his B.A. in History with Honors in 1981 from Johns Hopkins University. Jerry also serves as a member of Board of Trustees of the Woodford County Library and has previously served as an adjunct professor at the University of Louisville Brandeis School of Law.

**Work Highlights**

Attorney, Kentucky Public Service Commission (1987-2014). Served as a staff attorney, deputy general counsel and executive advisor. Frequently appeared before the Commission in administrative proceedings involving electric, natural gas, water and sewer utility issues and represented the Commission in state and federal courts. Responsible for drafting and revising the Commission's regulations. Served as the Commission's representative in various interagency groups addressing water and wastewater issues. Served

as the Commission's representative on the Kentucky Infrastructure Authority's Board of Directors (2009-2014). Developed the Public Service Commission's water training program for water utility officials.

Judge Advocate, U.S. Army (1984 – 2011). Served as a judge advocate in the U.S. Army on active and reserve status in numerous roles. Retired at the rank of Colonel.

Adjunct Professor of Law, University of Louisville (2011)

LOUISVILLE | LEXINGTON | INDIANAPOLIS | EVANSVILLE | FRANKFORT

**Danielle Day** is an Associate in Stoll Keenon Ogden's Lexington office. She joined the firm in 2020 and contributes to the Labor, Employment, & Employee Benefits Practice Group. A former Stoll Keenon Ogden Summer Associate, Danielle returned to the firm after law school.

Danielle brings to Stoll Keenon Ogden a rich background in sports. An eight-time NCAA All-American and a national champion in the 200-yard backstroke, she has also interned with the NCAA's Office of the Committee on Infractions and written on sports-related legal matters.

After graduating from the University of Kentucky, Danielle earned her J.D. at the University of Florida Levin College of Law, where she served as deputy executive articles editor for the University of Florida Journal of Law & Public Policy and as secretary of both the Law Association for Women and Gators for Alternative Dispute Resolution.

**Russ Rose** has been in the water industry since 1997. He served as Assistant Manager for the North Shelby Water Company and the U.S. 60 Water District, Director for the LaGrange Utilities Commission, and has been the Chief Executive Officer for the Oldham County Water District since 2006. Oldham County Water has 21 employees, a 13 million gallon per day water treatment plant, serving over 8400 customers, and wholesaling water to the City of LaGrange.

Russ serves as the President for the Kentucky Rural Water Association Board of Directors, on the Board for the KY Infrastructure Authority, chair of the KIPDA Regional Water Management Council, and is a member of the AWWA. He also serves on several committees locally and statewide for the Division of Water, KY Rural Water Association, and the KY Chamber of Commerce.

Russ holds a Utility Management Certification from the National Rural Water Association, and a Utility Management Professional designation from the Utility Management Institute (KRWA). He is a certified water operator, licensed in Kentucky.

---

**David Peterson** has been employed with Caveland Environmental Authority, Inc. since 1989. His present position with the corporation is CEO.

Duties over the past years have included being Head Wastewater Operator for Horse Cave and Cave City plants and the Pretreatment Coordinator. David holds a Class III Wastewater Operator license (#6132) and is a certified Wastewater Lab Analyst (#1-91-14).

In the past he has taken Water Environment Federation Courses in Activated Sludge Process Control, Filamentous Microorganisms, and Filament Identification Lab. Additional continuing education in the area of wastewater includes in-depth study of the California state University Vols. I & II Treatment Plants, Pretreatment Inspection; Volume I Collection Systems; and Advanced Waste Treatment.

David currently sits on the Board of Directors for Kentucky Rural Water Association and serves on the Executive Board for National Rural Water Association.

**David W. Baird**, President, National Rural Water Association, is a Local Government, Conservation and Utility Management Professional with over 25 years of experience in providing solutions to rural communities and agricultural producers in the areas of Public Policy, Regulatory & Legislative Affairs, Conservation Practices, Water Quality, Water, Sewer and Electric Utilities, Land Use/Zoning, Financial Management and Budgeting, Public Works, Economic Development, Strategic Planning, and Community Relations.

In his current capacity as District Coordinator for the Sussex Conservation District, David leads the District's policy development, legislative strategy, maintains and grows relationships with District partners and provides management and oversight of all of the District's operations (Agricultural, Sediment & Stormwater, Heavy Equipment, and Finance & Administration). During the past year, SCD has provided over \$2.5 million in technical and financial assistance to agricultural producers, and developed relationships between both the point source and non-point source communities to improve water quality throughout the region.

As a City Manager, he successfully led the development of organizational strategic plans, community comprehensive plans and economic development strategies. Through his thorough knowledge of State and Federal legislative process, the State Revolving Fund (SRF), and EPA & USDA Loan & Grant Programs, he has secured millions of dollars for community improvements and the maintenance/expansion of water and wastewater systems, including leading a \$9 million Wastewater Treatment Facility Expansion that was the first to comply with the TMDL requirements for Delaware's Inland Bays Watershed.

David has served on numerous boards and committees including EPA's Federal Advisory Committee for the Revised Total Coliform Rule. He currently is active with both the National and Delaware Association of Conservation Districts (NACD & DACD) and serves as a board member of the Delaware Center for the Inland Bays (CIB), Delaware Rural Water Association (DRWA) and the National Rural Water Association (NRWA) where he serves as President. He holds a Certificate in Local Government Leadership from the University of Delaware/IPA/DLLG and is a graduate of East Carolina University (BA) and the University of Baltimore (MPA).

**Carey Johnson** is the Director of the Kentucky Division of Water, a position he has held since May of 2021. Carey has over 20 years of experience with the Kentucky Division of Water, previous positions include that of Assistant Director and as an Environmental Scientist Consultant within the Directors office. Carey has both a BS and an MS from the University of Kentucky.

---

**Kent A. Chandler** was appointed to the Public Service Commission by Governor Andy Beshear on July 6, 2020. His term expires June 30, 2024.

Prior to his appointment, he served as Executive Director of the PSC since February of this year, and will serve as acting Executive Director until a replacement is named. Prior to becoming Executive Director, he was an advisor to the commissioners, focusing on federal issues surrounding the wholesale gas and electricity markets, including FERC-regulated regional electric transmission operators.

Before coming to the PSC, Commissioner Chandler advocated for Kentucky ratepayers as an attorney in the Kentucky Attorney General's Office of Rate Intervention. During his four years at the Kentucky Office of Attorney General, he appeared before state, federal and local boards and courts. In that position he regularly represented consumers before the PSC in electric, gas, water and sewer utility cases. While at the Attorney General's Office, he also served on the executive committee of the Consumer Advocates of the PJM States, which includes other utility consumer advocates from jurisdictions in the Midwest and Mid-Atlantic regions.

Commissioner Chandler, a native of Providence, Kentucky, earned a Bachelor of Science in finance from Murray State University. He received a Juris Doctor from Northern Kentucky University's Salmon P. Chase College of Law. He and his wife Kimberly reside in Georgetown.

---

**Sandy Williams** is Executive Director of Kentucky Infrastructure Authority. Sandy has been in public service with the Commonwealth of Kentucky for many years, serving in the Office of Financial Management, as a Financial Analyst for the Commonwealth, and with over 11 years with the Kentucky Infrastructure Authority. Before entering public service, she enjoyed a 9-year career in the Commercial Lending Department at Bank One. Sandy holds a Bachelor of Science in Accounting and a Master of Business Administration with a concentration in Finance both from the University of Kentucky.

**Sandra K. Dunahoo's** experience spans over 3 decades of working with federal, state and local governments from the executive, legislative and local levels to the private professional consulting arena. During her consulting tenure, Ms. Dunahoo has supported communities in securing public funding for critical community projects, earning a stellar reputation for compliance and integrity. Her experience encompasses a wide range of knowledge regarding community and business needs, as well as, developing the necessary infrastructure for robust economic development. Offering a broad understanding of Kentucky's rural economy, Ms. Dunahoo has developed a successful approach to strategic funding and is proficient in identifying and procuring federal, state and local funding for a variety of projects. Her demonstrated ability with public relations and familiarity with legislative issues allows her to effectively coordinate governmental and private agency resources to the advantage of communities throughout Kentucky.

Recognized for her thorough understanding of state and federal programs, Ms. Dunahoo was tapped to lead the Kentucky Department for Local Government from 2015 to 2019. As Commissioner of the Department, Ms. Dunahoo served in a senior staff/cabinet level capacity overseeing the investment of over \$700,000,000. During her tenure, Ms. Dunahoo served as the Governor's representative on 18 boards and commissions, including the Governor's Alternate and Designee to the Delta Regional Authority, Alternate to the Appalachian Regional Commission and Chairman of the Kentucky Infrastructure Authority. As Commissioner of the Department for Local Government and State and Local Finance Officer, Ms. Dunahoo was responsible for the review of 118 Annual County Budgets. In her capacity as the State and Local Debt Officer, Ms. Dunahoo was responsible for the local government debt hearing process and providing oversight regarding compliance for the issuance of new debt.

Prior to joining the private sector, Ms. Dunahoo served for 10 years as Projects Manager in the Office of Congressman Harold Rogers in Washington, DC and manager of a US Army Library at Edwards Kaserne in Frankfurt, Germany.

**Randall Kelley** has been with Kentucky Rural Water Association (KRWA) since January, 2006. Since joining KRWA, Randall has held the positions of Wastewater Circuit Rider, ARRA Circuit Rider and Training Specialist. In his current position, he serves as Education Director.

Prior to joining KRWA, Randall worked for the University of Louisville at the Center for Watershed Research as a Research Biologist. He participated in numerous projects on small headwater streams, stream restorations, Tri-halomethane formation in natural waters, and numerous other projects. Randall's experience also includes working for a contractor to the USEPA in Cincinnati, Ohio as an aquatic macroinvertebrate taxonomist.

Randall received a B.S. in both Biology and Environmental Science from Western Kentucky University and an M.S. in Biology from the University of Louisville. Before entering college, Randall served in the United States Air force (Security Police) from April 1988 to April 1994.
