KENTUCKY FRONTIER GAS, LLC
PSC CASE NO. 2022-00238
RESPONSE TO REQUEST FOR INFORMATION

PSC'S POST FORMAL CONFERENCE REQUEST FOR INFORMATION - 10/18/22
REQUEST 1

RESPONSIBLE PARTY: Joel Shute

Request 1. Provide the GIS coordinates for Kentucky Frontier's 1600 customers in the area formerly served by Public Gas and Jefferson Gas.

Response 1. Please see the confidential Excel spreadsheet attachment which is being filed under seal pursuant to a Motion for Confidential Treatment. Please note that the GIS points provided in the confidential attachment are for meters operated by Kentucky Frontier formerly served by Public Gas and Jefferson Gas. These include Farm Taps and Distribution meters. Kentucky Frontier staff has worked to geo-confirm locations for all these points in the recent weeks. Kentucky Frontier has geo-confirmed all but a few of the Farm Tap meters and believes that approx. 90% of the distribution meters are accurate. There may be some outliers and duplicate meters due to landlord accounts which would display more meters than actually exist in the system. This is an ongoing study and staff is working on geo-confirming all locations in order to have accurate data on file. Kentucky Frontier believes that the data provided portrays a general picture of the Kentucky Frontier and EKM system areas for the purposes of this investigation.
