**PSC CASE NO. 2022-00252**  
**RESPONSE TO REQUEST FOR INFORMATION**

**PSC'S REQUEST FOR INFORMATION DATED 09/30/22**  
**REQUEST 1**

**RESPONSIBLE PARTY: 1a-1b. Robyn Roush**  
**1c., 1e-1j Jerry Patrick**  
**1d. Peggy Stinson;**

**Request 1.** Provide copies of each of the following, and when appropriate, provide in Excel spreadsheet format with all formulas, rows, and columns unprotected and accessible:

- a. The general ledger and trial balance for the calendar years 2020, 2021 and 2022 to date;
- b. The trial balance for the calendar years 2020, 2021 and 2022 to date;
- c. General Liability Insurance policies for 2020 and current period if available;
- d. Hours worked by each employee, separated by regular hours worked, overtime hours worked, and any other form of hourly wage for the calendar years 2020, 2021, and 2022 to date;
- e. A document detailing the names, job titles, job description, and pay rates for each employee on December 31, 2019, December 31, 2020, December 31, 2021, and for those currently employed;
- f. A description of all employee benefits other than salaries and wages, paid to, or on behalf of, each employee for each of the previous five years;
- g. State whether Rowan Water employees participate in County Employee Retirement System (CERS). If confirmed, provide a statement from CERS that reflects the actual monthly payments remitted in 2020;

h. Minutes from Rowan Water commissioner meetings for the calendar years 2020 and the current period;

i. A document listing the name of all commissioners for each of the five previous years, and state, individually, the total amount of each benefit paid to, or on the behalf of, each commissioner during each year (i.e., wages, health insurance premiums, life insurance premiums, FICA taxes, etc.); and

j. Fiscal Court minutes approving each commissioner's appointment and compensation.

**Response 1a.** Please see attached for the 2021 and 2022 information requested. Rowan Water changed to a new software program and is unable to retrieve an electronic version of the 2020 requested information. Rowan Water may have a complete hard copy of the requested information but it would be several thousands of pages. Each month for the 2020 year would be approximately a 2.5" binder.

**Response 1b.** See response to 1a. above.

**Response 1c.** Please see attached.

**Response 1d.** Please see attached.

**Response 1e.** Please see attached. This attachment is being filed under seal pursuant to a Motion for Confidential Treatment.

**Response 1f.** Please see attached.

**Response 1g.** Rowan Water employees do not participate in the CERS.

**Response 1h.** Please see attached.

**Response 1i.** Please see attached for the requested information for Rowan Water's board members.

**Response 1j.** Rowan Water's board members are not approved by the fiscal court.

**ROWAN WATER, INC.  
PSC CASE NO. 2022-00252  
RESPONSE TO REQUEST FOR INFORMATION**

**PSC'S REQUEST FOR INFORMATION DATED 09/30/22**

**REQUEST 2**

**RESPONSIBLE PARTY: Jerry Patrick**

**Request 2.** Refer to the Application, Excel file labeled SAO\_RR\_Ins.\_SalaryA. For each adjustment proposed in the Schedule of Adjusted Operations, provide detailed support in the form of documentation and work papers used in the calculation of each adjustment.

**Response 2.** Please see the Excel file labeled SAO\_RR\_Ins\_SalaryA that was filed with the Application, tab labeled Insurance and the tab labeled Salary for the calculations for the pro forma adjustments for Salaries and Wages – Employees and for Employee Pension and Benefits. Also, please see the Application – Exhibit labeled Information for pro forma adjustment on materials and the Exhibit labeled Information for pro forma adjustment on truck leases. See Response 1d above for the proforma adjustment for increased salary and wages.

Please see attached additional information on the insurance and pension benefits proforma adjustment. Also see attached the letter from the Morehead Plant Board for the purchased water increase. The purchased power adjustment is a result of the rate increases from all of the electricity suppliers for Rowan Water which were all cases before the Commission.

Dear Holly,

Please find attached the final reports for 2022 water rates for Rowan and Bath water which can be forwarded to Rowan and Bath water.

Following are a summary of observations regarding the change in the rates:

- Overall gallons of water billed slightly increased (2%)
- There was an increase in water operating expenses of about 2.6% with about 26% increase in administrative costs. The administrative costs reflect additional payroll with related benefits, but also a significant amount of the unfunded pension audit adjustment is recorded in the administrative costs as well.
- With constant billed gallons and an increase in both water utility operating expenses and general/administrative expense, the overall per 1,000 gallons rate increased by 8.3 cents which is overall a 5.2% per thousand-gallon increase which would appear to be reasonable.
- Rowan and Bath Water experienced increases in billed gallons of 6.1% and 1.7% respectively while MUPB's billed gallons decreased 3.3%.

Combining these changes resulted in an increase in the per thousand gallon charge for water from \$1.595 per 1,000 gallons to \$1.678 per 1,000 gallons (5.2%). The increase in the per 1,000 charge should result in additional combined revenue from both Rowan and Bath water of about \$91,000. Rowan and Bath Water combined account for about 70% of the total billed gallons in FYE 6/30/21. In addition to the change in the per thousand gallon rate for the current year, the fixed charges were adjusted as follows:

- There was one debt service payment that matured as of December 2021 and has been reduced by \$3,378.78 and \$1,822.25 respectively for Rowan and Bath Water.
- The unfunded capital expenditure monthly payment increased to \$4,774.33 and \$3,649.19 respectively.
- Overall there is a net reduction of the monthly capital costs of \$3,033.49 which will offset the increased revenue listed above in the amount of about \$36,000 for the year.

If you need any additional information, please contact us at your convenience.

Sincerely,

RESPONSE TO REQUEST FOR INFORMATION**

**PSC'S REQUEST FOR INFORMATION DATED 09/30/22**

**REQUEST 4**

**RESPONSIBLE PARTY: Jerry Patrick**

**Request 4.** Refer to Rowan Water's Application, Attachment labeled Loans and Amortization Schedules. For each debt instrument, provide a summary of the institution to who the debt is owed, its original purpose, and the Case Number of the case in which it was authorized by the Public Service Commission.

**Response 4.** Please see Case Nos. 2007-00385, 2012-00189, 2017-00250, 2019-00411 and 2021-00042 for Commission authorization of the debt instruments. Each of the Applications in these cases identify the institution to whom the debt is owed and what projects the proceeds were used for.

**ROWAN WATER, INC.**

**RESPONSE TO REQUEST FOR INFORMATION**

**PSC'S REQUEST FOR INFORMATION DATED 09/30/22**

**REQUEST 5**

**RESPONSIBLE PARTY: Jerry Patrick**

**Request 5.** State when the last time Rowan Water performed a cost of service study (COSS) to review the appropriateness of its current rates and rate design.

- a. Explain whether Rowan Water considered filing a COSS with the current rate application and the reason for not filing one;
- b. Explain whether any material changes to Rowan Water's system would cause a new COSS to be prepared since the last time it has completed one;
- c. If there have been no material changes to the Rowan Water's system, explain when Rowan Water anticipates completing a new COSS; and
- d. Provide a copy of the most recent COSS that has been performed for Rowan Water's system in Excel spreadsheet format with all formulas, rows, and columns fully accessible and unprotected.

**Response 5a.** To the best of my knowledge Rowan Water has never conducted a full COSS that would typically be prepared in a full general rate proceeding. Rowan Water has not filed a general rate proceeding, it has only filed Alternate Rate Filings ("ARF") pursuant to 807 KAR 5:078 or adjustments in rates pursuant to KRS 278.023. It is my understanding that a COSS is not required for an ARF proceeding so Rowan Water did not consider taking on the cost to perform a COSS in this proceeding. However, each time a new Rural Development project is undertaken a partial COSS is performed and the rates filed with the Commission for approval.

**Response 5b.** Each time a new project is undertaken that would cause a material change to Rowan Water's system, a partial COSS is performed for that particular project. The rates are filed with the Commission pursuant to KRS 278.023.

**Response 5c.** Rowan Water does not have a date contemplated to do a full COSS. Please see the responses to 5a. and 5b. above.

**Response 5d.** Rowan Water has not performed a full COSS. Please see attached the latest partial COSS that was conducted by Bluegrass Engineering for an RD project.

**RESPONSE TO REQUEST FOR INFORMATION**

**PSC'S REQUEST FOR INFORMATION DATED 09/30/22**

**REQUEST 7**

**RESPONSIBLE PARTY: Peggy Stinson**

**Request 7.** Provide Rowan Water's nonrecurring charges, a schedule listing the number of occurrences during the test year for each of the charges, and the total dollar amount billed, and the total dollar amount collected during the test year.

**Response 7.** Please see attached. Please note that Rowan Water no longer accepts credit card payments in office. Rowan Water has outsourced credit card payments and this service is now provided by a third-party vendor, Next Bill. Next Bill charges customers a \$2.75 service charge for all credit card transactions. Rowan Water will file a tariff update to delete the credit card service charge when it files its updated rate schedules at the conclusion of this proceeding.

**PSC CASE NO. 2022-00252**  
**RESPONSE TO REQUEST FOR INFORMATION**

**PSC'S REQUEST FOR INFORMATION DATED 09/30/22**  
**REQUEST 10**

**RESPONSIBLE PARTY: Jerry Patrick**

**Request 10.** Refer to Rowan Water's Customer Notice. Rowan Water proposes to raise its monthly water service rates by an across-the-board percentage amount.

- a. Provide an explanation of how the across-the-board percentage method to increase monthly water service rates was chosen; and
- b. Provide a list of alternative methods Rowan Water considered and an explanation as to why each alternative was not chosen to increase its monthly water service rates.

**Response 10a.** Rowan Water determined the percentage of increase needed with the ARF forms provided on the Commission's website. After reviewing several ARF filings, Rowan Water determined that an across the board increase was the most fair way to increase the customer rates. Rowan Water took each of the charges listed in each customer class and multiplied it by the calculated percentage increase.

**Response 10b.** Rowan Water did not consider any other alternative methods to increase its rates. Rowan Water believed that increasing each customer class's rates by the same percentage was the most reasonable way to implement the rate increase.

**RESPONSE TO REQUEST FOR INFORMATION**

**PSC'S REQUEST FOR INFORMATION DATED 09/30/22**

**REQUEST 11**

**RESPONSIBLE PARTY:**                    **Peggy Stinson**

**Request 11.**                    Refer to Rowan Water's Application, Billing Analysis.

- a.            Provide the billing analysis in Excel spreadsheet format with all formulas, rows, and columns unprotected and fully accessible;
- b.            Provide the source of the 2021 usage data presented in the Billing Analysis, and state whether any adjustments were made to the data;
- c.            Provide an itemized listing of the Leak Adjustments as well as any other adjustments made to the data and include an explanation of each adjustment;
- d.            Provide monthly billing registers for water customers in Excel spreadsheet format with all formulas, rows, and columns unprotected and fully accessible for the calendar year 2021.

**Response 11.**

- a.            Rowan Water filed the Billing Analysis in Excel spreadsheet format with its Application. Rowan Water is also uploading the Billing Analysis in Excel spreadsheet format with this filing separately into the Commission's electronic filing system.
- b.            Rowan Water filed the usage report from its software system, Amstun, that was used in the calculation with its Application. It can be found as Exhibit titled Usage Report in the Application. No adjustments were made.
- c.            Please see attached.
- d.            Please see the Excel spreadsheets that have been uploaded separately into the Commission's electronic filing system. Please note that each month of calendar year 2021 is its own separate Excel spreadsheet.

Hi Jerry:

As we discussed on the phone earlier today, I am not aware of any "Debt Ratio" that RD requires for their new or existing borrowers as a condition of RD Funding. RD does monitor via annual audit review the "Debt Service Coverage Ratio" for each of our borrowers with loans in repayment, as a measure of financial sustainability. Basically the "Debt Service Coverage Ratio" is a commonly used financial ratio that compares a company's operating income to the company's debt payments. The ratio can be used to assess whether a company will be able to use income to meet its principal and interest obligations.

RD calculates the "Debt Service Coverage Ratio" with the following financial ratio formula:

$$\text{Debit Service Coverage Ratio} = \text{Net from Operations} + \text{Depreciation} / \text{Total}$$

Debt Service

RD likes to see a Debt Service Coverage of at least 1.1 for all of our customers that have loans in repayment with RD. I have attached to this email a copy of the audit analysis that RD completed for Rowan Waters FY 2020 Audit. This analysis shows a Debit Service Coverage Ratio of 1.62.

For customers like Rowan Water, Inc., who are legally organized as a non-profit organization, RD utilizes a Promissory Note and Mortgage as the security for our loan funding. With each new project, RD analyzes through a "Loan Underwriting" process how much of a loan a customer can afford. Current and historical financial information is reviewed, along with current budget, current asset and liability information, cash flow, rate structure, and total debt service. If a potential borrower cannot afford the amount of loan funds needed for a project, then RD will look at eligibility for RD Grant Funding. Basically RD Grant Funds are only awarded, if a funding applicant cannot afford to take on the required amount of additional debt in order to fully finance a project.

RD Funding is officially obligated through a "Letter of Conditions" process that outlines what the borrower agrees to as a condition for receiving RD Funding. I have attached to this email a copy of the Letter of Conditions for the current project Rowan Water has ongoing with RD. This document outlines the legal, financial, and environmental requirements that must be met as a condition of the

RD Funding.

RD requires that borrowers of RD Loan Funding establish three separate bank accounts in which they accumulate funds for the purpose of debt service and financial reserves. These accounts are commonly referred to as the "Sinking Fund Account", the "Debt Service Reserve Account" (also sometimes called the Depreciation Reserve Account), and on newer RD Loans the "Short-Lived Asset Reserve Account". The Sinking Fund Account is basically the account from which RD Loan Payments are debited. Borrowers are requested to set aside each month the amount necessary to make either their annual or semi-annual principal and interest loan payments. The Debt Service Reserve Account is an account that is used to set aside funding for unexpected expenses or if necessary funds to make a loan payment. The Debt Service Reserve Account is a restricted account, in that borrowers must request permission of RD in order to take funds from this account to use to make necessary repairs that might be needed by the system. The Short-Lived Asset Reserve Account is basically used to set aside funds for the replacements of short lived assets, such as computer equipment, vehicles, etc. The Letter of Conditions list the amount that must be set aside in the Debt Service Reserve Account and the Short Lived Asset Reserve Account. This information can be found on Page Six of the attached Letter of Conditions for Rowan Water's current project with RD.

RD keeps a "Debt Service Reserve Account" spreadsheet that lists the cumulative amount that is required for all RD Loans in repayment. I will be back in the Morehead Office on Friday and I will get that spreadsheet information and email it to you.

Hope this information is what you are needing for your work with PSC. If you or your attorney working with you has any questions or needs any further information, please let me know.

Have a good afternoon.  
Teresa

**SUBJECT:** Letter of Conditions  
Recipient Name: Rowan Water, Inc.  
Project Name: FY22 Improvements  
CFDA NUMBER – 10.760

RUS Loan: \$1,120,000  
RUS Grant: \$ 380,000

Dear Chairman Johnson:

This letter establishes conditions which must be understood and agreed to by you before further consideration may be given to your application. The loan and grant will be administered on behalf of the Rural Utilities Service (RUS) by the State and Area staff of USDA Rural Development (RD), both of which are referred to throughout this letter as the Agency. Any changes in project cost, source of funds, scope of project, or any other significant changes in the project or applicant must be reported to and concurred with by the Agency by written amendment to this letter. This includes any significant changes in the Applicant's financial condition, operation, organizational structure, or executive leadership. Any changes made without Agency concurrence shall be cause for discontinuing processing of the application.

This letter does not constitute loan and grant approval, nor does it ensure that funds are or will be available for the project. The funding is being processed on the basis of a loan not to exceed \$1,120,000 and a grant not to exceed \$380,000. The loan and grant will be considered approved on the date Form RD 1940-1, "Request for Obligation of Funds" is signed by the Agency approval official.

The applicant will ensure projects are completed in a timely, efficient, and economical manner. You must meet all conditions set forth under Section III – Requirements Prior to Advertising for Bids within 1 year of this letter.

If you do not meet the conditions of this letter, the Agency reserves the right to withdraw Agency funding.

If you agree to meet the conditions set forth in this letter and desire further consideration be given to your application, please complete and return the following forms within 240

Form RD 1942-46, "Letter of Intent to Meet Conditions"  
Form RD 1940-1, "Request for Obligation of Funds"

All parties may access information and regulations referenced in this letter at our website located at <https://www.rd.usda.gov/programs-services/water-environmental-programs/water-waste-disposal-loan-grant-program>.

The conditions are as follows:

### **SECTION I - PROJECT SCOPE**

**1. Project Description** – Funds will be used to replace 6,000 L.F. of PVC water main, replace US 60 P.S. and new P.S. at Christy Creek. The project will also include a new storage facility for equipment at the existing office site.

Facilities will be designed and constructed in accordance with sound engineering practices and must meet the requirements of Federal, State, and local agencies. The proposed facility design must be based on the Preliminary Engineering Report (PER), prepared by Bluegrass Engineering, PLLC. Dated March 2021, as concurred with by the Agency.

**2. Project Funding** – The Agency is offering the following funding for your project:

RUS Loan -	\$ 1,120,000
RUS Grant -	\$ 380,000
<b>TOTAL PROJECT COST -</b>	<b>\$ 1,500,000</b>

Any changes in funding sources following obligation of Agency funds must be reported to the processing official. Prior to loan closing, any increase in non-Agency funding will be applied first as a reduction to Agency grant funds, up to the total amount of the grant, and then as a reduction to Agency loan funds.

The applicant must certify that they have exhausted all other funding avenues and have no pending funding considerations from any other sources. Further, the applicant must certify that they do not intend to apply anywhere else for funding for this project. If, after obligation of Agency funds, other funding becomes available, the Agency reserves the right to deobligate any and all funding for this project and to re-underwrite. This may result in the offering of a different funding package to for this project.

Prior to advertisement for construction bids, you must provide evidence of applicant contributions and other funding sources. This evidence should include a copy of the commitment

letter. Agency funds will not be used to pre-finance funds committed to the project from other sources.

**3. Project Budget** – Funding from all sources has been budgeted for the estimated expenditures as follows:

<b><u>Project Costs:</u></b>	<b><u>Total Budgeted:</u></b>
Development	1,208,000
Contingency	120,000
Engineering Fees	
Includes:	
Design	137,000
Interest - Interim	5,000
Legal Fees - Local Attorney	30,000
<b>TOTAL</b>	<b>1,500,000</b>

Project feasibility and funding will be reassessed if there is a significant change in project costs after bids are received. Obligated loan and/or grant funds not needed to complete the proposed project will be deobligated. Any reduction will be applied to Agency grant funds first. If actual project costs exceed the project cost estimates, an additional contribution by the Owner may be necessary. An “Amended Letter of Conditions” will be issued for any changes to the total project budget.

**4. Project Timeline** – To ensure that the project proceeds in a timely manner, key processing milestones have been established in accordance with the PER or other Agency approved documentation. **Projects should be completed and Agency funds fully disbursed within three years of obligation.** By agreeing to the terms herein, you agree to comply with the milestones identified below. If, for any reason, one or more of the milestones cannot be met, you must notify the Agency in writing at least 30 days prior to the referenced date. Should your final completion date become more than three years after obligation the written request will follow the procedures outlined in Section VI of this letter, including the submission of not less than 90 days prior to the benchmark. The correspondence must contain a valid explanation as to why the milestone cannot be met and include a proposed revised project completion schedule. If the Agency agrees to the modification, a written confirmation will be issued. The Agency reserves the right to de-obligate loan and/or grant funds, or take other appropriate action, if the established or amended deadlines are not met.

<u>Milestone</u>	<u>Date</u>
Land & Easement Acquisition	6-21-22
Plans & Specifications, and Design Complete	2-18-22
Permits Acquisition Complete	2-25-21
Initial Advertisement for Bids	8-1-22
Award Contract(s)/Initiate Construction	11-1-22
Substantial Completion	5-27-23
Final Completion	6-27-23

**SECTION II – RATES & TERMS**

**5. Rates and Charges:**

Rates and charges for facilities and services rendered by the Corporation must be at least adequate to meet cost of maintaining, repairing and operating the water system and meeting required principal and interest payments and the required deposits to debt service and/or depreciation reserve.

Water rates will be at least:

**6. Interest Rates and Loan Terms** – The interest rate will be the lower of the rate in effect at the time of loan approval or the time of loan closing, unless you request otherwise. Should the interest rate be reduced, the payment will be recalculated to the lower amount. The payment due date will be established as the day that the loan closes.

Your loan will be scheduled for repayment over a period of 40 years. Payments will be equal annual amortized installments, beginning one year after closing date. For planning purposes, use a 2% interest which provides for an annual payment of \$40,948. The precise payment amount will be based on the interest rate at which the loan is closed and may be different than the one above.

**7. Security** – The loan must be evidenced by Form RD 440-22, “Promissory Note” and secured with a first real estate mortgage on all real property related to the facility, currently owned or to be acquired and a Financing Statement and a pledge of gross water revenue.

The Agency must review and concur in a draft of all security instruments prior to advertising for bids. The Loan Resolution must be duly adopted and executed prior to loan closing or the start of construction, whichever occurs first.

Form UCC-1, “Financing Statement,” with Form UCC-1Ad, “UCC Financing Statement Addendum,” as appropriate, or other action as allowed by State statute, must be filed to perfect a security interest in collateral, including fixtures.

Additional security requirements are contained in RUS Bulletin 1780-12, “Water and Waste System Grant Agreement”/Form RD 1942-8, “Resolution of Members or Stockholders”/RUS Bulletin 1780-28, “Loan Resolution Security Agreement,” which also serves as an assignment of income.

The Grant Agreement will be executed prior to the first disbursement of grant funds. The grantee understands that any property acquired or improved with Federal grant funds may have use and disposition conditions which apply to the property as provided by 2 CFR part 200 in effect at this time and as may be subsequently modified. The grantee understands that any sale or transfer of property is subject to the interest of the United States Government in the market value in proportion to its participation the project.

**8. Reserves** – Reserves must be properly budgeted and set aside to maintain the financial viability and sustainability of any operation. Reserves are important to fund unanticipated emergency repairs, to assist with debt service should the need arise, and for the replacement of assets which have a useful life less than the repayment period of the loan. The following reserves are required to be established as a condition of this loan:

- a. **Debt Service Reserve** – As a part of this Agency loan proposal, you must establish a debt service reserve fund equal to at least one annual loan installment that accumulates at the rate of 10% of one annual payment per year for ten years or until the balance is equal to one annual loan payment.

For planning purposes, 10% of the proposed loan installment would equal \$345 per month; this amount should be deposited monthly until a total of \$42,000 has accumulated.

Prior written concurrence from the Agency must be obtained before funds may be withdrawn from this account during the life of the loan. When funds are withdrawn during the life of the loan, deposits will continue as designated above until the fully funded amount is reached.

- b. **Short-Lived Asset Reserve** – In addition to the debt service reserve fund, you must establish a short-lived asset reserve fund. Based on the PER, you must deposit at least \$41,000 into the short-lived asset reserve fund annually for the life of the loan to pay for repairs and/or replacement of major system assets. It is your responsibility to assess your facility's short-lived asset needs on a regular basis and adjust the amount deposited to meet those needs.

### **SECTION III – REQUIREMENTS PRIOR TO ADVERTISING FOR BIDS**

**9. Organization** – Your Articles of Incorporation must be filed with the Secretary of State. Articles of Incorporation and Bylaws must be submitted and approved by the Office of General Counsel. Your organization must have the authority to own, construct, operate, and maintain the proposed facility, as well as to borrow money, pledge security and raise revenues. The organizational structure must establish significant ties to the local rural community for a broad base of support, service, and membership.

**10. Suspension and Debarment Screening** – You will be asked to provide information on the principals of your organization. Agency staff must conduct screening for suspension and debarment of the entity, as well as its principals through the Do Not Pay Portal.

- a. Principal –

- i. An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or
- ii. A consultant or other person, whether or not employed by the participant or paid with federal funds, who –
  1. Is in a position to handle federal funds;
  2. Is in a position to influence or control the use of those funds; or,
  3. Occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction. (2 CFR §180.995)

**11. Environmental Requirements** – At the conclusion of the proposal’s environmental review process, specific action(s) were determined necessary to avoid or minimize adverse environmental impacts. As outlined in the Environmental Report (ER) dated February 11, 2022, the following actions are required for successful completion of the project and must be adhered to during project design and construction:

Mitigation Measures – As required by RD the following mitigation measures will be made a part of the project and RD Letter of Conditions:

- 1.The project shall be in compliance with requirements as noted in the Governor’s Office for Local Government (A-95) letter of **3/9/21**.
- 2.Any excavation by the Contractor that uncovers or disturbs a historical or archaeological artifact shall be immediately reported to the Owner and a representative of this agency. Construction shall be halted pending the notification process and further directions issued by this agency after consultation with the State Historical Preservation Officer.
- 3.The design and construction of the project shall be accomplished with all local, state and federal statutes, regulations and permits in affect.
- 4.Best Management Practices shall be incorporated into the project design, construction and maintenance.
- 5.All requirements stated in the USFWS letter of **6/7/2021** shall be made a part of the project design, construction and maintenance.

The project, as proposed, has been evaluated to be consistent with the National Environmental Policy Act. Other Federal, State, tribal, and local laws, regulations and/or permits may apply or be required. If the project or any project element deviates from or is modified from the originally approved project, additional environmental review may be required.

**12.Engineering Services** – You have been required to complete an Agreement for Engineering Services, which should consist of the Engineers Joint Contract Documents Committee (EJCDC) documents as indicated in RUS Bulletin 1780-26, “Guidance for the Use of EJCDC Documents on Water and Waste Projects with RUS Financial Assistance,” or other approved form of

agreement. The Agency will provide concurrence prior to advertising for bids and must approve any modifications to this agreement.

**13. Contract Documents, Final Plans, and Specifications-** All development will be completed by contract in accordance with applicable provisions of RUS Instruction 1780, Subpart C – Planning, Designing, Bidding, Contracting, Constructing and Inspections, (copy available upon request), and in compliance with all statutory requirements. You are responsible to share this with your engineer before pre-design.

- a. The plans and specifications and all proposals required by law must be approved by Kentucky Division of Water.
- b. In preparing final design and providing service to the planned project area, you and your engineer will comply with all zoning and planning requirements of the appropriate governing bodies where service is to be provided.
- c. The Agency will need to concur in the plans and specifications prior to advertising for bids. The Agency may require an updated cost estimate if a significant amount of time has elapsed between the original project cost estimate and advertising for bids.
- d. The use of any procurement method other than competitive sealed bids must be requested in writing and approved by the Agency.
- e. The contract documents must consist of the EJCDC construction contract documents as indicated in RUS Bulletin 1780-26 or other Agency-approved forms of agreement.
- f. American Iron and Steel Requirements. Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies the American Iron and Steel (AIS) requirement to obligations made after May 5, 2017:
  - (1) No Federal funds made available for this fiscal year for the rural water, wastewater, waste disposal, and solid waste management programs authorized by the Consolidated Farm and Rural Development Act (7 U.S.C. 1926 et seq.) shall be used for a project for the construction, alteration, maintenance, or repair of a public water or wastewater system unless all of the iron and steel products used in the project are produced in the United States.
  - (2) The term “iron and steel products” means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.
  - (3) The requirement shall not apply in any case or category of cases in which the Secretary of Agriculture (in this section referred to as the “Secretary”) or the designee of the Secretary finds that—
    - (a) applying the requirement would be inconsistent with the public interest;

- (b) iron and steel products are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or
  - (c) inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent.
- (4) Owners are ultimately responsible for compliance with AIS requirements (as defined in RUS Bulletin 1780-35).
- (a) **Sign** loan resolutions, grant agreements and letters of intent to meet conditions which include AIS language, accepting AIS requirements in those documents and in the letter of conditions.
  - (b) **Sign** agreements for engineering services, executed construction contracts and all other appropriate and necessary documents which include AIS language.  
Change Orders and Partial Payment Estimates: **Acknowledge** responsibility for compliance with AIS requirements by signing change orders (EJCDC C-941) and partial payment estimates (EJCDC C-620).
  - (c) Substantial completion of project: **Obtain** the certification letters from the consulting engineer and **maintain** this documentation for the life of the loan.
  - (d) Special Cases
    - i. Where Owner provides their own engineering, the Owner's responsibilities will include items listed in Section 5 of RUS Bulletin 1780-35.
    - ii. Where Owner performs their own construction, the Owner's responsibilities will include items listed in Section 6 of RUS Bulletin 1780-35.
    - iii. Where Owner directly procures AIS products, Owner must **utilize** EJCDC Procurement Series standard contract documents following RUS Bulletin 1780-26 Exhibit D and **obtain** manufacturers' certifications and provide copies to Engineer and Contractor.

**14. Legal Services** –A legal services agreement is required with your attorney and bond counsel, if applicable, for any legal work needed in connection with this project. The agreement should stipulate an hourly rate for the work, with a “not to exceed” amount for the services, including reimbursable expenses. RUS Bulletin 1780-7, “Legal Services Agreement,” or similar format may be used. The Agency will provide concurrence prior to advertising for bids. Any changes to the fees or services spelled out in the original agreement must be reflected in an amendment to the agreement and have prior Agency concurrence.

**15. Property Rights** - Prior to advertising for bids, you and your legal counsel must furnish satisfactory evidence that you have adequate continuous and valid control over the lands and rights-of-way needed for the project. Acquisitions of necessary land and rights must be accomplished in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act. Such control over the lands and rights will be evidenced by the following:

- a. **Right-of-Way Map** – Your engineer will provide a map clearly showing the location of all lands and rights-of-way needed for the project. The map must designate public and private lands and rights and the appropriate legal ownership thereof.
- b. **Form RD 442-20, “Right-of-Way Easement”** – This form, or similar format, may be used to obtain any necessary easements for the proposed project.

- c. **Form RD 442-21, "Right-of-Way Certificate"** – You will provide a certification on this form that all right-of-way requirements have been obtained for the proposed project.
- d. **Form RD 442-22, "Opinion of Counsel Relative to Rights-of-Way"** – Your attorney will provide a certification and legal opinion on this form addressing rights-of-way, easements, and title.
- e. **Preliminary Title Work (Title Opinion)** – When applicable, your attorney or title company will provide a preliminary title opinion for any property related to the facility, currently owned and to be acquired, along with copies of deeds, contracts, or options for purchasing said property. Form RD 1927-9, "Preliminary Title Opinion," may be used.

The approving official may waive title defects or restrictions, such as utility easements, that do not adversely affect the suitability, successful operation, security value, or transferability of the facility. Any such waivers must be provided by the approving official in writing prior to closing or the start of construction, whichever occurs first.

You are responsible for the acquisition of all property rights necessary for the project and for determining that prices paid are reasonable and fair. The Agency may require an appraisal by an independent appraiser or Agency employee in order to validate the price to be paid.

**16. System Policies, Procedures, Contracts, and Agreements** – The facility must be operated on a sound business plan which involves adopting policies, procedures, and/or ordinances outlining the conditions of service and use of the proposed system. Mandatory connection policies should be used where enforceable. The policies, procedures, and/or ordinances must contain an effective collection policy for accounts not paid in full within a specified number of days after the date of billing. They should include appropriate late fees, specified timeframes for disconnection of service, and reconnection fees. A draft of these policies, procedures, and/or ordinances must be submitted for Agency review and concurrence, along with the documents below, before closing instructions may be issued unless otherwise stated.

- a. **Conflict of Interest Policy** – Prior to obligation of funds, you must certify in writing that your organization has in place up-to-date written standards of conduct covering conflict of interest. The standards of conduct must include disciplinary actions in the event of a violation by officers, employees, or agents of the borrower. The standards identified herein apply to any parent, affiliate or subsidiary organization of the borrower that is not a state or local government, or Indian Tribe. Policies and accompanying documents shall be furnished to Rural Development upon request.

You must also submit a disclosure of planned or potential transactions related to the use of Federal funds that may constitute or present the appearance of personal or organizational conflict of interest. Disclosure must be in the form of a written letter signed and dated by the applicant's official. A negative disclosure in the same format is required if no conflicts are anticipated.

Sample conflict of interest policies may be found at the National Council of Nonprofits website, <https://www.councilofnonprofits.org/tools-resources/conflict-of-interest>, or in Internal Revenue Service Form 1023, Appendix A, "Sample Conflict of Interest Policy,"

at <http://www.irs.gov/pub/irs-pdf/i1023.pdf>. Though these examples reference non-profit corporations, the requirement applies to all types of Agency borrowers.

Assistance in developing a conflict of interest policy is available through Agency-contracted technical assistance providers if desired.

- #b. Water Purchase Contract** – You propose to purchase water from Morehead Utility Plant Board. This purchase arrangement must be evidenced by a water purchase contract or an Interlocal Agreement. A draft of the proposed/amended contract must be submitted to the Agency for review and concurrence prior to advertising for bids. The draft contract must meet the requirements of RUS Instruction 1780.62.
- #c. Water User Agreement** – Projects not involving mandatory connection require users to execute a Water Users Agreement. The draft agreement must receive Agency concurrence prior to advertising for bids. RUS Bulletin 1780-9, “Water Users Agreement,” or similar format may be used.
- #d. Contracts for Other Services/Lease Agreement** – Drafts of any contracts or other forms of agreements for other services, including audit, management, operation, and maintenance, or lease agreements covering real property essential to the successful operation of the facility, must be submitted to the Agency for review and concurrence prior to advertising for bids.
- #f. Other agreements** with governments or other entities regarding joint operation of facilities, granting authority to Agency borrower for providing service within another entity’s service area, etc. – Interlocal Agreement between Morehead Utility Plant Board and Rowan Water, Inc.- need the initial and all amendments and/or extensions – The draft agreement must receive Agency concurrence prior to advertising for bids.

Fully executed copies of any policies, procedures, ordinances, contracts, or agreements above must be submitted prior to loan closing, with the exception of the conflict of interest policy, which must be in place prior to obligation of funds.

**17. Closing Instructions** – The Agency will prepare closing instructions as soon as the requirements of the previous paragraphs are complete, as well as a draft of the security instrument(s). Both your bond and legal counsel must comply with these instructions when closing the Agency loan/grant. will change over each successive year and user rates will need to be adjusted on a regular basis.

**18. System Users** – This letter of conditions is based upon your indication at application that there will be at least 6,612 residential users, 651 non-residential users, and 6 wholesale users on the existing system when construction is completed.

Before the Agency can agree to the project being advertised for construction bids, you must certify that the number of users indicated at application are currently using the system or signed up to use the system once it is operational.

If the actual number of existing and/or proposed users that have signed up for service is less than the number indicated at the time of application, you must provide the Agency with a written plan

on how you will obtain the necessary revenue to adequately cash flow the expected operation, maintenance, debt service, and reserve requirements of the proposed project (e.g., increase user rates, sign up an adequate number of other users, reduce project scope, etc.). Similar action is required if there is cause to modify the anticipated flows or volumes presented following approval.

- a. **Positive Program to Encourage Connections** – You must provide a positive program to encourage connection by all users as soon as service is available. The program will be reviewed by the Agency prior to advertising for bids. A guide for developing your positive program is available from the Agency.
- b. **Water User Agreements** – New users will be required to execute a Water Users Agreement prior to advertising for construction bids. The amount of cash contributions required will be set by you and concurred with by the Agency.

Contributions should be an amount high enough to indicate sincere interest on the part of the potential user, but not so high as to preclude service to low-income families and must have a deadline for the contribution to be used or forfeited. RUS Bulletin 1780-9, “Water Users Agreement,” or similar agreement may be used.

- c. **Service Declination Statement** – Each potential user who is located along planned lines and declines the offered service will be provided an opportunity to sign a “Service Declination Statement.”

**19. Construction Account** – A separate construction account, subject to Agency audit, will be established for deposit of all project funds. These funds must be deposited in a bank with Federal Deposit Insurance Corporation (FDIC) insurance coverage. **If the balance in the account containing these funds exceeds the FDIC insurance coverage, the excess amount must be collaterally secured.** A separate account will not be required for Federal funds and other funds; however, the recipient must be able to separately identify, report and account for all Federal funds, including the receipt, obligation, and expenditure of funds. Financial institutions or depositories accepting deposits of public funds and providing other financial agency services to the Federal Government are required to pledge adequate, acceptable securities as collateral, in accordance with 202.6, 31 CFR Part 202. All funds in the account will be secured by a collateral pledge equaling at least 100 percent of the highest amount of funds expected to be deposited in the construction account at any one time.

**20. Interim Financing** – The Agency’s policy is to utilize interim financing for all loans exceeding \$500,000. Prepayment penalties on interim financing are not allowed. Borrowers are required to seek interim financing initially from private or cooperative lenders if funds can be borrowed at reasonable interest rates on an interim basis from those sources for the construction period. The fact that a commercial lender’s rates are higher than current Agency interest rates does not necessarily mean that the commercial rate is not reasonable.

**21. Proposed Operating Budget** – You must establish and/or maintain a rate schedule that provides adequate income to meet the minimum requirements for operation and maintenance (O and M), debt service, and reserves. Prior to advertising for bids, you must submit a proposed

annual operating budget to the Agency, as well as your proposed rate schedule. The operating budget should be based on a typical year cash flow after completion of the construction phase and should be signed by the appropriate official of your organization. Form RD 442-7, "Operating Budget," or similar format may be utilized for this purpose. It is expected that O and M expenses will change over each successive year and user rates will need to be adjusted on a regular basis.

Technical assistance is available at no cost to help you evaluate and complete a rate analysis on your system. This assistance is available free to your organization. If you are interested, please contact our office for information.

**22. Permits** –The owner or responsible party will be required to obtain all applicable permits for the project, prior to advertising for bids. The consulting engineer must submit written evidence that all applicable permits required prior to construction have been obtained with submission to the Agency of the final plans, specifications, and bid documents.

**23. Risk and Resilience Assessment/Emergency Response Plan (RRA/ERP)** – The Agency requires all financed water and wastewater systems to have a RRA/ERP in place. New water or wastewater systems must provide a certification that an ERP is complete prior to the start of operation, and a certification that an RRA is complete must be submitted within one year of the start of operation. Borrowers with existing systems must provide a certification that an RRA/ERP has been completed prior to advertising for bids. Technical assistance is available in preparing these documents at no cost to you.

The RRA/ERP documents themselves are not submitted to the Agency. The RRA/ERP must address potential impacts from natural disasters and other emergency events. It should include plans to address impacts of flash flooding in areas where severe drought or wildfires occur. The documents should be reviewed and updated every five years at a minimum.

**24. Bid Authorization** - Once all the conditions outlined in Section III of this letter have been met, the Agency will authorize you to advertise the project for construction bids. Such advertisement must be in accordance with applicable State statutes.

#### **SECTION IV - REQUIREMENTS PRIOR TO START OF CONSTRUCTION**

**25. Disbursement of Agency Funds** - Agency funds will be disbursed electronically into the construction account as they are needed. SF 3881, "ACH Vendor/Miscellaneous Payment Enrollment Form," must be completed and submitted to the Agency prior to commencement of construction.

The order of disbursement is as follows: 1) Applicant contribution, 2) other funding sources, 3) interim financing or Agency loan funds, and 4) Agency grant funds. Interim financing or Agency loan funds will be expended after all other funding sources unless a written agreement is reached with all other funding sources on how funds are to be disbursed prior the first disbursement. Interim financing funds or Agency loan funds must be used prior to the use of

Agency grant funds. Agency Grant funds must not be disbursed prior to loan funds except as authorized in 7 CFR 1780.45(d).

Grant funds are to be deposited in an interest-bearing account (exception provided below) in accordance with 2 CFR Part 200 and interest in excess of \$500 per year remitted to the Agency. The funds should be disbursed by the recipient immediately upon receipt, and there should be little interest accrual on the Federal funds. Recipients shall maintain advances of Federal funds in interest-bearing accounts, unless:

- The recipient receives less than \$120,000 in Federal awards per year.
- The best reasonably available interest-bearing account would not be expected to earn interest in excess of \$500 per year on Federal cash balances.
- The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.
- A foreign government or banking system prohibits or precludes interest-bearing accounts.

**26. Bid Tabulation** – Immediately after bid opening, you must provide the Agency with the bid tabulation and your engineer's evaluation of bids and recommendations for contract awards. If the Agency agrees that the construction bids received are acceptable, adequate funds are available to cover the total project costs, and all the requirements of Section III of this letter have been satisfied, the Agency will authorize you to issue the Notice of Award.

- a. Cost Overruns** – If bids are higher than expected, or if unexpected construction problems are encountered, you must utilize all options to reduce cost overruns. Negotiations, redesign, use of bidding alternatives, rebidding or other means will be considered prior to commitment of subsequent funding by the Agency. Any requests for subsequent funding to cover cost overruns will be contingent on the availability of funds. Cost overruns exceeding 20 percent of the development cost at time of loan or grant approval or where the scope of the original purpose has changed will compete for funds with all other applications on hand as of that date.
- b. Excess Funds** - If bids are lower than anticipated at time of obligation, excess funds must be deobligated prior to start of construction except in the cases addressed in this paragraph. In cases where the original PER for the project included items that were not bid, or were bid as an alternate, the State Office official may modify the project to fully utilize obligated funds for those items. Amendments to the PER, ER, and Letter of Conditions may be needed for any work not included in the original project scope. In all cases, prior to start of construction, excess funds will be deobligated, with grant funds being deobligated first. Excess funds do not include contingency funds as described in this letter.

**27. Suspension and Debarment Screening** – In accordance with 2 CFR Part 180, Subpart C, as a condition of the transaction and the responsibilities to persons at the next lower tier with whom you enter into transactions, you must conduct screening for suspension and debarment of lower tier recipients (e.g., vendors, contractors, etc.).

**28. Contract Review** – Your attorney will certify that the executed contract documents, including performance and payment bonds, if required, are adequate and that the persons executing these documents have been properly authorized to do so in accordance with 7 CFR 1780.61(b).

Once your attorney has certified that they are acceptable, the contract documents will be submitted to the Agency for concurrence. Construction cannot commence until the Agency has concurred in the construction contracts.

**29. Final Rights of Way** – Your attorney or title company must furnish a separate final title opinion or Title Insurance Policy on all real property related to the facility, now owned and to be acquired for this project, as of the day of loan closing or start of construction, whichever occurs first. Form RD 1927-10, “Final Title Opinion” may be used.

If any of the right-of-way forms listed previously in this letter contain exceptions that do not adversely affect the suitability, successful operation, security value, or transferability of the facility, the approving official must provide a written waiver prior to the issuance of the Notice to Proceed.

**30. Insurance and Bonding Requirements** - Prior to the start of construction or loan closing, whichever occurs first, you must acquire and submit to the Agency proof of the types of insurance and bond coverage for the borrower shown below. The use of deductibles may be allowed, providing you have the financial resources to cover potential claims requiring payment of the deductible. The Agency strongly recommends that you have your engineer, attorney, and insurance provider(s) review proposed types and amounts of coverage, including any exclusions and deductible provisions. It is your responsibility and not that of the Agency to assure that adequate insurance and fidelity bond coverage is maintained.

- a. **General Liability Insurance** – Include vehicular coverage.
- b. **Workers’ Compensation** – In accordance with appropriate State laws.
- c. **Guaranty or Fidelity Insurance**–Coverage for all persons who have access to funds, including persons working under a contract or management agreement. Coverage may be provided either for all individual positions or persons, or through “blanket” coverage providing protection for all appropriate employees. Each position is to be insured in an amount equal to the maximum amount of funds expected to be under the control of that position at any one time. The minimum coverage allowed will be an amount equal to the total annual debt service payment on the Agency loans. The coverage may be increased during construction based on the anticipated monthly advances.
- d. **National Flood Insurance** - If the project involves acquisition or construction in a designated special flood area, the community in which the acquisition or construction is situated must be currently participating in the national flood insurance program. Additionally, if the project involves acquisition or construction in designated special flood or mudslide prone areas, a flood insurance policy must be in place at the time of loan closing.
- e. **Real Property Insurance** – Fire and extended coverage will normally be maintained on all structures except reservoirs, pipelines, and other structures if such structures are not

normally insured, and subsurface lift stations except for the value of electrical and pumping equipment. The Agency will be listed as mortgagee on the policy when the Agency has a lien on the property. Prior to the acceptance of the facility from the contractor(s), you must obtain real property insurance (fire and extended coverage) on all facilities identified above.

The Agency is to be listed as "Other Insured" so as to receive notifications on all insurance, regardless of security. Insurance types described above are required to be continued throughout the life of the loan. See Section VII.

**31. Initial Civil Rights Compliance Review** – The Agency will conduct an initial civil rights compliance review of the borrower prior to loan closing or start of construction, whichever occurs first, in accordance with 7 CFR 1901, Subpart E. You are expected to comply with the completion of the review, including the furnishing of any documents, records, or other applicable material.

## **SECTION V – REQUIREMENTS PRIOR TO CLOSING**

**32. Interim Financing**. Interim financing is being used. Generally, loan closing will occur near the end of construction when interim funds are fully disbursed. Documents detailed above from Sections II and III regarding security, electronic payments (Form 3550-28), and system policies, procedures, contracts, and agreements must be adopted and/or executed and submitted to the Agency prior to loan closing.

**33. Electronic Payments** – Payments will be made through an electronic preauthorized debit system. You will be required to complete Form RD 3550-28, "Authorization Agreement for Preauthorized Payments," for all new and existing indebtedness to the Agency prior to loan closing.

**34. Other Requirements** – All requirements contained in the Agency's closing instructions, as well as any requirements of your bond counsel and/or attorney, must be met prior to loan closing.

- a. **System for Award Management**. You will be required to maintain a Unique Entity ID (UEI) and maintain an active registration in the System for Award Management (SAM) database. Renewal can be completed online at: <http://sam.gov>. This registration must be renewed and revalidated every 12 months for as long as there is an active loan, grant, or guaranteed loan with the Agency.

To ensure the information is current, accurate and complete, and to prevent the SAM account expiration, the review and updates must be performed within 365 days of the activation date, commonly referred to as the expiration date. The registration process may take up to 10 business days. (See 2 CFR Part 25 and the "Help" section at <http://sam.gov>).

- b. **Litigation**. You are required to notify the Agency within 30 days of receiving notification of being involved in any type of litigation prior to loan closing or start of

construction, whichever occurs first. Additional documentation regarding the situation and litigation may be requested by the Agency.

- c. **Certified Operator**. Evidence must be provided that your system has or will have a certified operator, as defined by applicable State or Federal requirements, available prior to the system becoming operational, or that a suitable supervisory agreement with a certified operator is in effect.

## **SECTION VI – REQUIREMENTS DURING CONSTRUCTION AND POST CONSTRUCTION**

**35. Construction Completion Timeframe** – Following the benchmarks established in Section I, Item 4, Project Timeline, all projects should be completed, and Agency funds fully disbursed within three years of the date of obligation. If funds are not disbursed within three years of obligation and you have not already done so per Section I, Item 4, you must submit a written request for extension of time to the Agency with adequate justification of the circumstances, including any beyond your control.

The request must be submitted at least 90 days prior to the end of the three-year timeframe and include a revised estimated date of completion. The Agency will typically only allow one extension. Subsequent requests for waivers beyond the initial extension or requests that exceed five years from the initial date of obligation will be submitted to the RUS, Water and Environmental Programs for consideration. The Agency retains the right to de-obligate any loan and/or grant monies, or take other appropriate action, related to unliquidated funds that exceed the timeframes above and are not under an active extension.

**36. Resident Inspector(s)** – Full-time inspection is required unless you request an exception. Such requests must be made in writing and the Agency must provide written concurrence. Inspection services are to be provided by the consulting engineer unless other arrangements are requested in writing and concurred with by the Agency. A resume of qualifications of any resident inspector(s) will be submitted to the owner and Agency for review and concurrence prior to the pre-construction conference. The resident inspector(s) must attend the preconstruction conference.

**37. Preconstruction Conference** – A preconstruction conference will be held prior to the issuance of the Notice to Proceed. The consulting engineer will review the planned development with the Agency, owner, resident inspector, attorney, contractor, other funders, and other interested parties, and will provide minutes of this meeting to the owner and Agency.

**38. Inspections** - The Agency requires a preconstruction conference, pre-final, final, and warranty inspections. Your engineer will schedule a warranty inspection with the contractor and the Agency before the end of the one-year warranty period to address and/or resolve any outstanding warranty issues. The Agency will conduct an inspection with you of your records management system at the same time and will continue to inspect the facility and your records system every three years for the life of the loan. See Section VII of this letter.

**39. Change Orders** – A Change Order must be submitted for all modifications to the approved scope of work, including existing contracts. This includes non-physical modifications such as any time extension requests. Prior written Agency concurrence is required for all Change Orders.

**40. Payments** – Prior Agency concurrence is required for all invoices and requests for payment before Agency funds will be released. Requests for payment related to a contract or service agreement will be signed by the owner, project engineer, and contractor or service provider prior to Agency concurrence. Invoices not related to a construction contract or service agreement will include the owner's written concurrence.

**41. Use of Remaining Funds** – As stated above, applicant contribution and connection or tap fees will be the first funds expended in the project. Funds remaining after all costs incident to the basic project have been paid or provided will be handled as follows:

- a. Funds remaining after the applicant contribution and connection fees may be considered in direct proportion to the amounts of funding obtained from each source. The use of Agency funding will be limited to eligible loan and grant purposes, provided the use will not result in major changes to the original scope of work and the purpose of the loan and grant remains the same.
- b. Any reductions in the Agency funding will be first applied to the grant funds.
- c. Grant funds not expended for authorized purposes will be cancelled (de-obligated) within 180 days of final completion of project. Prior to actual cancellation, you, your attorney, and engineer will be notified of the Agency's intent to cancel the remaining funds and given appropriate appeal rights.
- d. Under no circumstances is it appropriate to use remaining funds as contributions to a new project outside the scope of the funded project.
- e. Loan funds that are not needed will be cancelled (de-obligated) prior to loan closing.

**42. Technical, Managerial and Financial Capacity** - It is required that members of the Board of Directors, City Council members, trustees, commissioners, and other governing members possess the necessary technical, managerial, and financial capacity skills to consistently comply with pertinent Federal and State laws and requirements. It is recommended members receive training within one year of appointment or election to the governing board, and a refresher training for all governing members on a routine basis. The content and amount of training should be tailored to the needs of the individual and the utility system. Technical assistance providers are available to provide this training for your organization, often at no cost. Contact the Agency for additional information.

**43. Reporting Requirements Related to Expenditure of Funds** -- An annual audit under 2 CFR 200 is required if you expend \$750,000 or more in Federal financial assistance per fiscal year. The total Federal funds expended from all sources shall be used to determine Federal financial assistance expended. Expenditures of interim financing are considered Federal expenditures.

All audits are to be performed in accordance with 2 CFR Part 200, as adopted by USDA through 2 CFR Part 400. Further guidance on preparing an acceptable audit can be obtained from the Agency. The audit must be prepared by an independent licensed Certified Public Accountant, or a State or Federal auditor if allowed by State law and must be submitted within 9 months of your fiscal year end. Both the audit and accompanying management report must be submitted for review.

If an audit is required, you must enter into a written agreement with the auditor and submit a copy of that agreement to the Agency prior to the advertisement of construction bids. The audit agreement may include terms and conditions that the borrower and auditor deem appropriate; however, the agreement should include the type of audit to be completed, the time frame in which the audit will be completed, and how irregularities will be reported.

## **SECTION VII – SERVICING REQUIREMENTS DURING THE TERM OF THE LOAN**

**44. Prepayment and Extra Payments** - Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of borrower, with no penalty.

Security instruments, including bonding documents, must contain the following language regarding extra payments, unless prohibited by State statute:

*Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of borrower. Refunds, extra payments, and loan proceeds obtained from outside sources for the purpose of paying down the Agency debt, shall, after payment of interest, be applied to the installments last to become due under this note and shall not affect the obligation of borrower to pay the remaining installments as scheduled in your security instruments.*

**45. Annual Financial Reporting/Audit Requirements** – You are required to submit an annual financial report at the end of each fiscal year. The annual report will be certified by the appropriate organization official, and will consist of financial information, a current rate schedule, and listing of board members with their terms. Financial statements must be prepared on an accrual basis of accounting in accordance with generally accepted accounting principles (GAAP). The annual report will include separate reporting for each water and waste disposal facility, and itemized cash accounts by type (debt service, short-lived assets, etc.) under each facility. All records, books and supporting material are to be retained for three years after the issuance of the annual report. Technical assistance is available, at no cost, with preparing financial reports.

The type of financial information that must be submitted is specified below:

- a. **Audits** – An audit under the Single Audit Act is required if you expend \$750,000 or more in Federal financial assistance per fiscal year. The total Federal funds expended from all sources shall be used to determine Federal financial assistance expended. Expenditures of interim financing are considered Federal expenditures.

See Section VI for additional information regarding audits.

- b. **Financial Statements** – If you expend less than \$750,000 in Federal financial assistance per fiscal year, you may submit financial statements in lieu of an audit which include, at a minimum, a balance sheet and an income and expense statement. You may use Form RD 442-2, “Statement of Budget, Income and Equity,” and 442-3, “Balance Sheet,” or similar format to provide the financial information. The financial statements must be signed by the appropriate borrower official and submitted within 60 days of your fiscal year end.

**46. Annual Budget and Projected Cash Flow** - Thirty days prior to the beginning of each fiscal year, you will be required to submit an annual budget and projected cash flow to this office. The budget must be signed by the appropriate borrower official. Form RD 442-2, “Statement of Budget, Income and Equity,” or similar format may be used.

Technical assistance is available at no cost to help you evaluate and complete a rate analysis on your system, as well as completing the annual budget.

**47. Graduation** - By accepting this loan, you are also agreeing to refinance (graduate) the unpaid loan balance in whole, or in part, upon request of the Government. If at any time the Agency determines you can obtain a loan for such purposes from responsible cooperative or private sources at reasonable rates and terms, you will be requested to refinance. Your ability to refinance will be assessed every other year for those loans that are five years old or older.

**48. Security/Operational Inspections** – The Agency will inspect the facility and conduct a review of your operations and records management system and conflict of interest policy every three years for the life of the loan. You must participate in these inspections and provide the required information.

**49. System for Award Management**. You will be required to maintain a Unique Entity ID (UEI) and maintain an active registration in the System for Award Management (SAM) database. Further information can be found at paragraph 34 of this letter.

**50. Risk and Resiliency Assessment/Emergency Response Plan (RRA/ERP)** – The RRA/ERP is further outlined under Section III of this letter. You will be required to submit a certification to the servicing office every five years that the RRA/ERP is current and covers all sites related to the facility. The RRA/ERP documents themselves are not submitted to the Agency. The RRA/ERP must address potential impacts from natural disasters and other emergency events. It should include plans to address impacts of flash flooding in areas where severe drought or wildfires occur. Technical assistance is available in preparing these documents at no cost to you.

**51. Insurance**. – Insurance requirements are further outlined in Section IV of this letter. You will be required to maintain insurance on the facility and employees as previously described in this letter for the life of the loan.

**52. Statutory and National Policy Requirements** – As a recipient of Federal funding, you are required to comply with U.S. statutory and public policy requirements, including but not limited to:

- a. **Section 504 of the Rehabilitation Act of 1973** – Under Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), no handicapped individual in the United States shall, solely by reason of their handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Agency financial assistance.
- b. **Civil Rights Act of 1964** – All borrowers are subject to, and facilities must be operated in accordance with, Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and 7 CFR 1901, Subpart E, particularly as it relates to conducting and reporting of compliance reviews. Instruments of conveyance for loans and/or grants subject to the Act must contain the covenant required by Paragraph 1901.202(e) of this Title.
- c. **The Americans with Disabilities Act (ADA) of 1990** – This Act (42 U.S.C. 12101 et seq.) prohibits discrimination on the basis of disability in employment, State and local government services, public transportation, public accommodations, facilities, and telecommunications.
- d. **Age Discrimination Act of 1975** – This Act (42 U.S.C. 6101 et seq.) provides that no person in the United States shall on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.
- e. **Limited English Proficiency (LEP) under Executive Order 13166** - LEP statutes and authorities prohibit exclusion from participation in, denial of benefits of, and discrimination under Federally-assisted and/or conducted programs on the ground of race, color, or national origin. Title VI of the Civil Rights Act of 1964 covers program access for LEP persons. LEP persons are individuals who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English. These individuals may be entitled to language assistance, free of charge. You must take reasonable steps to ensure that LEP persons receive the language assistance necessary to have meaningful access to USDA programs, services, and information your organization provides. These protections are pursuant to Executive Order 13166 entitled, “Improving Access to Services by Persons with Limited English Proficiency” and further affirmed in the USDA Departmental Regulation 4330-005, “Prohibition Against National Origin Discrimination Affecting Persons with Limited English Proficiency in Programs and Activities Conducted by USDA.”
- f. **Controlled Substances Act** - Even though state law may allow some activities, as a recipient of Federal funding, you are subject to the Controlled Substances Act. Specific questions about the Controlled Substances Act should be directed to the Servicing Official who will contact the Office of General Counsel, as appropriate.

**53. Compliance Reviews and Data Collection** – Agency financial programs must be extended without regard to race, color, religion, sex, national origin, marital status, age, or physical or mental handicap. You must display posters (provided by the Agency) informing users of these requirements, and the Agency will monitor your compliance with these requirements during regular compliance reviews.

The Agency will conduct regular compliance reviews of the borrower and its operation in accordance with 7 CFR Part 1901, Subpart E, and 36 CFR 1191, Americans with Disabilities Act (ADA) Accessibility Guidelines for Buildings and Facilities; Architectural Barriers Act (ABA) Accessibility Guidelines. Compliance reviews will typically be conducted in conjunction with the security inspections described in this letter.

If beneficiaries (users) are required to complete an application or screening for the use of the facility or service that you provide, you must request and collect data by race (American Indian or Alaska Native, Asian, Black, or African American, White); ethnicity (Hispanic or Latino, Not Hispanic or Latino); and by sex. The Agency will utilize this data as part of the required compliance review.

#### **SECTION VIII – REMEDIES FOR NON-COMPLIANCE**

Non-compliance with the conditions in this letter or requirements of your security documents will be addressed under the provisions of Agency regulations, statutes, and other applicable policies.

We look forward to working with you to complete this project. If you have any questions, please contact the Morehead Area Office at 606-784-6647 X 4.

Sincerely,

THOMAS E. CAREW  
State Director

**Appendix A**  
**(INSTRUCTIONS TO FIELD)**

**A. Reporting Total Compensation of Recipient Executives**

In the rare instance in which all of the following apply, please contact your POB Specialist for language to include in the LOC:

1. The total Federal funding authorized to date under this award is \$30,000 or more;
2. In the preceding fiscal year, the applicant received—
  - (A) 80 percent or more of their annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards); and
  - (B) \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards); and
3. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/excomp.htm>.)

**B. Subaward and Subrecipients**

In the rare instance in which there is a subrecipient in the project, please contact your POB Specialist for language to include in the LOC:

Subrecipient means an entity that:

- i. Receives a subaward from the recipient under this award; and
- ii. Is accountable to the recipient for the use of the Federal funds provided by the subaward.
  - a. Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program.
