RE: Case No. 2022-00275
Black Mountain Utility District
Response to Second Request for Information

Dear Ms. Bridwell:

Black Mountain Utility District has been working diligently to comply with the Commission staff's Second Request for Information by the extended deadline of December 14, 2022.

However, despite our best efforts, we are unable to respond to Questions #1e-f, #1h, #4a, #7a-f, #8, #9b, #9d, #9f, #10, and #13b-c. We are not confident that a further extension would provide for a meaningful likelihood to produce the information required.

The commissioners and staff of Black Mountain Utility District recognize its duty to comply with Kentucky Public Service Commission requirements and do not want to appear non-responsive to these duties. Given the recent complete turnover of management and commissioners, the District is significantly hampered in its ability to produce reliable information on transactions that occurred prior to assignment to their roles.

Black Mountain Utility District is willing to meet with Commission staff to review the information available to us in order to provide assurance that the Alternative Rate Filing application is reasonable and appropriate.

Please do not hesitate to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Grant Cooper".
