RE: Case No. 2022-00301  
Big Sandy Water District

Dear Ms. Bridwell:

Please see the attached summaries for the Water Loss Surcharge Fund. At this time, the District has not received any further documentation or reimbursements from KIA. The District will file copies of any correspondence regarding the Cleaner Water Program Grant Funds within seven days of any decision or disbursement made by KIA when it becomes available. We are told it will be very soon.

The District ordered 500 Mach-10 meters in March 2024. These meters and invoice should arrive next month. The District will be advertising for a full time leak detection employee. This employee's wages will also be paid for out of the Surcharge funds.

If you have any questions or concerns, please do not hesitate to contact me for further information.

Sincerely,

Jessica Sexton
