Frankfort, KY 40602-0615

RE: Case No. 2022-00301  
Big Sandy Water District

Dear Ms. Bridwell:

Please see the attached summaries for the Water Loss Surcharge Fund.

On May 1, 2025, the Commission approved the District's request to use \$101,528.89 to purchase ten (10) additional zone meters for the purpose of creating additional District Metered Areas (DMAs).

As reflected in the District's bank statements, the following invoices were paid for the approved zone meters. As reflected in the bank statement, \$71,189.62 has been expended on the authorized materials. General Manager James Blanton has indicated that additional parts were required and have been ordered. Those expenditures will be reflected in the June 2026 report.

**Invoices Paid:**

- Consolidated Pipe & Supply: \$69,165.17
- Jabo Supply Corporation: \$35.52
- Consolidated Pipe & Supply: \$1,755.00
- Consolidated Pipe & Supply: \$233.93

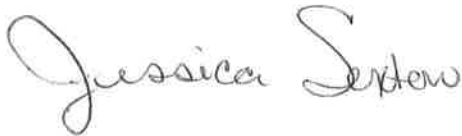

**Total Expended:** \$71,189.62

On May 15, 2026, the Commission authorized the District to use \$105,000 in water loss surcharge funds for the emergency water line relocation project on U.S. Highway 23.

The District's bank statement reflects a reimbursement of \$13,927.39 to the General Fund for materials and supplies associated with the project. The original invoice had been paid prior to receiving Commission authorization; therefore, reimbursement was made from the water loss surcharge account to the General Fund. Additionally, \$3,858.15 was transferred back to the General Fund as reimbursement for water loss associated with the incident.

If you have any questions or concerns, please do not hesitate to contact me for additional information.

Sincerely,

A handwritten signature in cursive script that reads "Jessica Sexton". The signature is written in black ink and is positioned above the typed name.
